G.O., No. 302, Educational, dated 20th May 1907.

ABSTRACT.—Informing the Director of Public Instruction, with remarks, that Mr. Chatterton as Inspector of Technical and Industrial Schools should be entrusted with the work of inspecting schools where technical instruction is given in engineering and certain other subjects, and stating that officers in Government service deputed for inspection of technical and industrial schools will be paid travelling allowance according to their rank and other experts, such honorarium as may be fixed by Government.

II

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 24th August 1907.

No.—R.C. 9262 of 1906.

Government in their Order No. 302, Educational, dated 20th May last, resolved that Mr. Chatterton as Inspector of Technical and Industrial Schools should be entrusted only with the work of inspecting schools where technical instruction is given in engineering subject, in wood and metal work and in the preparation of textile fabrics and accordingly limited his inspection work to eighteen schools in all. Further it was stated that of the schools mentioned in the Government Order quoted above ten might be inspected annually and the remaining eight biennially. Mr. Chatterton now requests that five of the schools put down for biennial inspection may be eliminated and their place taken up by four others which he considers more important. An extract from Mr. Chatterton's letter in which he names the schools to be omitted and to be substituted and gives reasons therefor is submitted :—

“The Madras Industrial school and the St. Patrick's Orphanage, Adyar, are more manual training than industrial schools and might well be dealt with by the Inspector of European Schools. The Madras Telegraph school is a private institution of much less importance than the technical classes in Y.M.C.A. and Pachaiyappa's Commercial school. The continued existence of the Vetapalam Weaving school is still doubtful as the proposals of the Guntur District Board were not sanctioned by Government. The Bezwada Industrial school has practically ceased to exist, as there is now only a farm there, and if any special officer is to inspect it, it should, I think, be done in the Agricultural Department. I would therefore suggest that these schools should be omitted from my list and that the following should be included :—

“1. The London Mission Industrial school, Salem.

“2. The St. Joseph's Industrial school, Nayudupet.

“3. The Industrial school, Tindivanam.

“These three schools are practically of the same standing as the Boys' Industrial school, Puttur, and it is possible that in the future they may develop considerably. I would also suggest the addition of the Agricultural school at Mélrósapuram as it is intimately associated with the irrigation experiments which have been going on there under my charge for the last four or five years.”

I recommend that the proposals now submitted by Mr. Chatterton be sanctioned.

Order—No. 633, Educational, dated 23rd September 1907.

The proposals of the Director of Public Instruction are approved.

2. The following will be substituted for the list of schools selected for biennial inspection in paragraph 2 of G.O., No. 302, Educational, dated the 20th May 1907 :—

Biennial inspection.

- (1) Christian Industrial school, Ongole.
- (2) Boys' Industrial school, Puttur.
- (3) Anjuman Industrial school, Vellore.
- (4) London Mission Industrial school, Salem.
- (5) St. Joseph's Industrial school, Nayudupet.
- (6) Industrial school, Tindivanam.
- (7) Agricultural school, Mélrósapuram.
