GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Telegram—from His Majesty's Secretary of State for India.
To—His Excellency the Governor of Madras.
Dated—the 3rd September 1907.

Your Educational despatch No. 6, dated 22nd May last. Professor of Engineering Officer selected cannot arrive earlier than 1st November next.

II

Telegram—from H. D. TAYLOR, Esq., I.C.S., Acting Secretary to Government, Educational Department.
To—the Director of Public Instruction.
Dated—the 6th September 1907.

Secretary of State telegraphs that officer selected to fill vacancy on Love's retirement in Engineering College cannot arrive before 1st November. What temporary arrangement do you suggest ?

III

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—the 14th September 1907.
No.—R. Cl. 79/07.

In reply to your telegram, dated 6th instant, regarding arrangements to be made in the College of Engineering, Madras, on Colonel Love's retirement, I have the honour to submit the enclosed copy of a letter from the Principal of the College, No. 914-C., dated 9th instant, suggesting that either the services of a suitable officer should be obtained from the Public Works Department for temporary employment in the College or the Principal's successor should also be placed in charge of the duties of the Professor of Mechanical Engineering until the new Professor arrives from England. I beg to recommend that, if possible, the former alternative be adopted.

ENCLOSURE.

Letter—from Colonel H. D. LOVE, R.E., Principal, College of Engineering, Madras.
To—the Director of Public Instruction.
Dated—the 9th September 1907.
No.—914-C.

Adverting to your Official Memorandum R.Cl. No. 79/07, dated 7th September 1907, I have the honour to state that the unfortunate delay in filling up the appointment of Professor of Mechanical Engineering can best be met by the transfer of a suitable officer from the Public Works Department for the period 17th September to 1st November.

2. If this course cannot be adopted, I can only suggest that my successor in the Principalship should also hold the appointment of Professor of Mechanical Engineering and be desired to make the best arrangement he can for the conduct of the work of the college until the new Professor arrives. In the interval, the new Principal could not be expected to do more than the bare routine work of his office as his time would be fully occupied with his duties as Professor.

3. Should this plan be adopted, I recommend that an instruction be given to the President of the Board of Examiners to modify the standard of examination of December. Owing to the vacation, the Survey camp and his duties as Foreman of the jury in an important case now being tried, Mr. James has delivered no lectures since April, and the instruction of his classes must certainly be inadequate whichever of the modes suggested above be carried into effect.

IV

G.O., No. 1011 W., dated 16th September 1907.

Read—the following papers :—

Telegram—from F. J. WILSON, Esq., Secretary to Government, Public Works Department.
To—the Superintending Engineer, II Circle.
Dated—the 13th September 1907.

Temporary vacancy Professor [of] Mechanical Engineering, Madras College, [from] 17th September [to] 1st November. Would Morgan suit. Could you spare him.

Telegram—from Lieut.-Col. W. M. ELLIS, R.E., Superintending Engineer, II Circle.
To—the Secretary to Government, Public Works Department.
Dated—the 14th September 1907.

Cannot spare Morgan for temporary post Engineering College.

Telegram—from F. J. WILSON, Esq., Secretary to Government, Public Works Department.
To—the Superintending Engineer, II Circle.
Dated—the 15th September 1907.
No.—1304-D.

Your wire 14th. Government understands Morgan has been lecturer, Mechanical Engineering, in England. Wire whether this is so or what professorial experience he has held.

Telegram—from Lieut.-Col. W. M. ELLIS, R.E., Superintending Engineer, II Circle.
To—the Secretary to Government, Public Works Department.
Dated—the 16th September 1907.

Morgan was four years Birmingham Municipal Technical school lecturer in Applied Mechanics, Practical Mathematics, Structural Design, Surveying, Mechanical and Steam Laboratories.

Order—No. 1011 W., dated 16th September 1907.

The services of Mr. F. E. Morgan, Covenanted Temporary Engineer, will be placed at the disposal of the Educational Department, as a temporary measure, for employment as Professor of Mechanical Engineering in the College of Engineering, Madras. He will be directed by telegraph to report himself forthwith for duty.

(True Extract.)

F. J. WILSON,
Secretary to Government.

To the Superintending Engineer, II Circle.
" Examiner, Public Works Accounts.
" Educational Department, with notes in original.

V

Letter—from A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—the 19th September 1907.
No.—R. Cl. 79/07.

I have the honour to submit for the approval of His Excellency the Governor in Council the enclosed minute proposing the appointment of Mr. F. E. Morgan of the Public Works Department to act as Professor of Mechanical Engineering in the College of Engineering, Madras, in the Indian Educational Service, *vice* Mr. James, who has been promoted to the Principalship of the College. Mr. Morgan's appointment is only temporary and will continue till the new officer selected for the Professor's post arrives from England.

2. The minute is submitted with reference to the Private Secretary's letter of the 17th instant.

— — —
 ENCLOSURE.

Minute.

The President proposes the following appointment :—

Mr. Francis Edward Morgan to act in the Indian Educational Service.

VI

Telegram—from H. D. TAYLOR, Esq., I.C.S., Acting Secretary to the Government of Madras, Educational Department.
To—the Secretary to the Government of India, Home Department.
Dated—the 26th September 1907.
No.—45.

James, Professor, Mechanical Engineering, succeeded Love retired as Principal, Madras Engineering College, 17th instant. In despatch 6, dated 22nd May last, Madras Government requested Secretary of State to appoint successor to James in Indian Educational Service. Secretary of State wires that officer selected cannot arrive before November 1st. An immediate appointment being necessary to secure continuity in College courses, Madras Government have in anticipation of sanction appointed temporarily Mr. F. E. Morgan, covenanted Engineer, Public Works Department, to carry on the duties which are of a very special character. There being no one in the Provincial Educational Service capable of discharging these duties Madras Government have been obliged to make this appointment of the only qualified person available. Government propose to give Morgan while acting as Professor the pay he is now drawing, namely, Rupees six hundred, in addition to Presidency allowance Rupees one hundred and house-rent Rupees forty-five. Madras Government would be glad if approval could be communicated by telegram.

VII

Telegram—from the Secretary to the Government of India, Home Department.
To—the Secretary to the Government of Madras, Educational Department.
Dated—the 2nd October 1907.

Number 793, Education. Your telegram 45 of 26th September. Government of India sanction appointment of Morgan temporarily as Professor, Mechanical Engineering, Madras Engineering College, on terms stated subject to approval of Secretary of State who will be addressed.

Order—No. 688, Educational, dated 10th October 1907.

The Governor in Council is pleased to appoint, with the sanction of the Government of India and subject to the approval of the Secretary of State, Mr. F. E. Morgan of the Public Works Department to act as Professor of Mechanical Engineering, as a temporary measure, until the 1st November 1907 or until the candidate selected for the place arrives from England, whichever is earlier.

2. Mr. Morgan will, during the period of his employment at the Engineering College and subject to the approval of the Secretary of State, receive a salary of Rupees 600 per mensem, a Presidency allowance of Rs. 100 and a house rent allowance of Rs. 45 per mensem.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.
 " Public Works Department.
 " Accountant-General.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 688, EDUCATIONAL, DATED
10TH OCTOBER 1907.

[SUBJECT.—*Appointment of Professor of Engineering, College of Engineering.*]

From His Majesty's Secretary of State for India, dated 3rd September 1907.

The telegram from the Secretary of State, as recodified, stands as follows:—

“Your Educational despatch No. 6, dated 22nd May last, Professor of Engineering. Officer selected cannot arrive earlier than 1st November next.”

A copy of Educational despatch No. 6, dated 22nd May 1907, is put up.

K. RANGASWAMI AYYANGAR—5-9-07.

C. A. SOUTER—5-9-07.

The vacancy in question is in connection with Colonel Love's retirement on 17th September and to replace Mr. James. There will thus be an interval of six weeks. Some temporary arrangement will be necessary. The Director of Public Instruction may be asked to suggest an arrangement. Gnanaprakasam Pillai has apparently reverted to the Madras Railway, and it would not seem possible to extend Colonel Love's service, even if he were willing to stay on without reference to the Military Department.

The following telegram may be sent to the Director of Public Instruction:—

A “Secretary of State telegraphs that officer selected to fill vacancy on Love's retirement in Engineering College cannot arrive before 1st November. What temporary arrangement do you suggest?”

Nothing has as yet been heard about the successor to Mr. Ryves who should arrive by 11th October next.

H. D. TAYLOR—5-9-07.

It is too late now to get sanction of Military Department (only ten days) even if Colonel Love should agree. The telegram to the Director of Public Instruction may issue.

G. S. F[ORBES]—6-9-07.

A. L[AWLEY]—6-9-07.

Issue as at A.

H. D. TAYLOR—6-9-07.

Colonel Love, Principal, College of Engineering, retires on 17th instant and will be succeeded by Mr. James. The Secretary of State has telegraphed that the person selected to succeed James as Professor of Mechanical Engineering cannot arrive before 1st November.

Can Public Works Department lend temporarily the services of Mr. Tressler or of any other suitable officer for duty as Professor of Mechanical Engineering for the period—17th September to 1st November 1907.

H. D. TAYLOR—12-9-07.

To the Chief Engineer (*Public Works Department*).

PUBLIC WORKS DEPARTMENT.

Is not Tressler on leave? If so, when due?

F. J. WILSON—12-9-07.

Tressler is on leave and is due to return on 16th October.

A. G. ROMILLY—12-9-07.

As will be seen Mr. Tressler is not available, I am unable to name any other Assistant of whose qualifications I have sufficient knowledge to recommend for the post. Mr. W. M. Griffith a Temporary Engineer, is spoken of as having mechanical tastes but so far as I can discover has not taken any special degree.

F. J. WILSON—12-9-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Mr. W. M. Griffith may be nominated if Public Works Department can spare him.

H. D. TAYLOR—12-9-07.

Mechanical "tastes" won't enable a man to lecture on a subject which requires mathematical attainments! If he is at all a likely candidate further inquiries should be made about him.

G. S. F[ORBES]—13-9-07.

Will the Chief Engineer (Public Works Department) kindly make further inquiries.

H. D. TAYLOR—13-9-07.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

For orders. Griffith is in the V Circle, perhaps Mr. Pears can give some information.

A. G. ROMILLY—13-9-07.

I now conclude that Mr. Griffith would not suit. Wire as follows to Superintending Engineer, II Circle.

"Temporary vacancy, Professor Mechanical Engineering, Madras College, 17th September 1st November. Would Morgan suit? Could you spare him?"

F. J. WILSON—13-9-07.

Telegram from the Superintending Engineer, II Circle, dated 14th September 1907.

Submitted.

The Superintending Engineer states that Mr. Morgan cannot be spared.

T.S.R.—14-9-07.

To Educational u.o.

2. I would suggest a reference to Colonel Love who might be able to name a suitable candidate.

F. J. WILSON—14-9-07.

EDUCATIONAL DEPARTMENT.

I understand that Mr. Morgan, Temporary Engineer, Public Works Department, has had considerable experience as lecturer Mechanical Engineering, having lectured in that subject for two years at Birmingham.

I do not think that the matter depends on whether the Superintending Engineer is willing to spare him or not. The matter should be viewed in a broader light. The question of the efficiency of the College is at stake, and if an inadequate supply of subordinates is available for want of a sufficient staff of lecturers for this short period, this must eventually react upon the subordinate Public Works Department service.

I think that the Public Works Department should spare Mr. Morgan or some other suitable officer, even at some slight temporary inconvenience, for this short period. It is useless to suggest a reference to Colonel Love, or to hope to obtain a qualified lecturer from outside the Public Works Department. I understand that Mr. Morgan's engagement is up in January. The Director of Public Instruction's letter has not yet been received.

H. D. TAYLOR—15-9-07.

As the period is so short and the circumstances so exceptional perhaps the Public Works Department could spare Mr. Morgan, if it is true he has been a lecturer on Mechanical Engineering. If so orders might go by telegram. I have no doubt Mr. James would let him have his lecture notes.

G. S. F[ORBES]—15-9-07.

PUBLIC WORKS DEPARTMENT.

Our records are defective in respect of information as to previous history and qualifications of some of the Engineers sent out to us. I have already spoken about this which should be remedied. Wire as follows to Superintending Engineer, II Circle:—

"Your wire 14th. Government understands Morgan has been lecturer Mechanical Engineering in England. Wire whether this is so or what professorial experience he has held.

F. J. WILSON—15-9-07.

Telegram from the Superintending Engineer, II Circle, dated 16th September 1907.
Submitted.

T.S.R.—16-9-07.

In a telegram Superintending Engineer, II Circle, says he cannot spare Mr. Morgan. As however he appears to have the necessary qualifications *perhaps* a wire may go to Superintending Engineer, II Circle, informing him that Mr. Morgan's services are urgently required and that he must make arrangements to relieve him.

A. G. ROMILLY—16-9-07.

As it has now been ascertained that Mr. Morgan has the qualifications referred to by the Hon'ble Mr. Forbes and in the absence on tour of His Excellency the following telegraphic order should issue to the Superintending Engineer, II Circle:—

"Your wire 16th. As period short and circumstances exceptional Government directs Morgan should be relieved and report himself forthwith Principal, Engineering College, for duty, Professor, Mechanical Engineering."

To Educational u.o. for acceptance and for formal orders to Principal of the College.

F. J. WILSON—16-9-07.

EDUCATIONAL DEPARTMENT.

Accepted. The word "immediately" may perhaps be added.

Need not have come back to me before issue. The telegram may issue at once. In His Excellency's absence the file is circulated to the Honourable Members. The Director of Public Instruction's letter has been received this morning and is added to the current file.

H. D. TAYLOR—16-9-07.

The following telegram may be sent to the Director of Public Instruction :—
"No. 42. Your letter Cl. 79, dated September 14th. Morgan, covenanted Engineer, Public Works Department, directed to join Engineering College immediately for temporary duty as Professor, Mechanical Engineering."

H. D. TAYLOR—16-9-07.

Issue the telegrams at once. The file need not have returned to me. It is pure routine after it was settled to get Morgan. The appointment is also purely temporary.

If you think Hon'ble Mr. Stokes should see the file, please send it to him after issue!

G. S. F[ORBES]—16-9-07.

Issue telegram in Educational at once and return file to me. I will take it to the Chief Engineer.

An order in the Public Works Department will be required placing Mr. Morgan's services at the disposal of the Educational Department when a formal minute of appointment will issue.

H. D. TAYLOR—16-9-07.

The telegram in Educational has issued. The file is resubmitted.

K. RANGASWAMI AIYANGAR—16-9-07.

PUBLIC WORKS DEPARTMENT.

Telegram to Superintending Engineer, II Circle, to issue at once, urgent, and draft order placing Mr. Morgan's services at disposal of the Educational Department.

F. J. WILSON—16-9-07.

Attended to.

R. PARSONS—16-9-07.

EDUCATIONAL DEPARTMENT.

The file will be sent to the Private Secretary to His Excellency the Governor u.o. for perusal with the request that the Director of Public Instruction may be asked in anticipation of His Excellency's approval to submit a minute for the appointment of Mr. F. E. Morgan to act as Professor of Mechanical Engineering in the College of Engineering until Mr. James' successor arrives.

Mr. Morgan's present pay is Rs. 600. Presumably he will receive Rs. 600 + the usual Presidency house-rent allowance of Rs. 60 granted to Public Works Department officers. This point will be settled subsequently in consultation with the Financial Department.

H. D. TAYLOR—17-9-07.

To the Private Secretary to His Excellency the Governor.

OFFICE OF THE PRIVATE SECRETARY TO H. E. THE GOVERNOR.

I have asked Mr. Logan to submit a minute in anticipation of His Excellency's approval.

A. Y. G. CAMPBELL—17-9-07.

Proposal of the Director of Public Instruction approved.

A. L[AWLEY]—18-9-07.

EDUCATIONAL DEPARTMENT.

The file will now be sent to the Public Works Department for remarks as to the pay and allowances to be given to Mr. Morgan while on temporary duty at the Presidency

H. D. TAYLOR—19-9-07.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

There are some precedents I think. Does not an officer deputed in this way usually get the pay of the next grade above that he is holding. What did Mr. Keeling get with reference to his departmental pay when he acted as Professor at the College?

F. J. WILSON—20-9-07.

The rule is that an officer gets acting allowance (20 per cent.) on the pay of the appointment. This is what Mr. Keeling got. In the case of Mr. Morgan, his grade pay Rs. 600 is in excess of the minimum pay Rs. 500 of the Professorship. All that he can get therefore in the shape of allowances are Presidency allowance Rs. 100, and house-rent Rs. 45.

Mr. Davidson got the pay of the next higher rank, but the sanction of the Secretary of State had to be obtained.

R. PARSONS—20-9-07.

A I would propose that Mr. Morgan be paid the salary he now draws Rs. 600 and Rs. 100 and Rs. 45 for Presidency allowance and house-rent as do Engineers of his rank serving in the Presidency town.

F. J. WILSON—20-9-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Accountant-General u.o. for remarks as to whether any objection exists to the payment to Mr. Morgan of the scale of salary and allowances proposed at A while holding a temporary post as Professor of Mechanical Engineering in the Civil Engineering College.

It is requested that the reference may be returned if possible so as to reach Government on Tuesday evening 24th instant.

H. D. TAYLOR—21-9-07.

ACCOUNTANT-GENERAL'S OFFICE.

Under paragraph 16 of the Government of India resolution, Home Department, No. 4 Educational, 204-215, dated 23rd July 1896, and Government of India letter Home Department, No. 409, dated 30th November 1898, Government can provide for temporary vacancies in posts ordinarily filled by officers of the Indian Educational Service by appointing members of the Provincial Educational Service, or of the Subordinate Educational Service. As Mr. Morgan does not belong to either of these

services, his appointment to act as Professor of Mechanical Engineering in the Civil Engineering College will require the sanction of the Government of India and the Secretary of State, as also the proposal to allow him to draw for the officiating period his salary of Rs. 600 per mensem with Presidency allowance at Rs. 100 per mensem and house-rent Rs. 45.

Moreover, the pay of officers holding regular appointments in the Indian Educational Service being fixed on a personal basis, there is no pay of the appointment within the meaning of article 105, Civil Service Regulations, on which acting allowances can be calculated. The precedents quoted in the Secretariat notes had reference to the appointment of Principal of the College of Engineering, which is not one of the regular appointments in the Indian Educational Service, but whose pay has been definitely fixed.

Again, Mr. Morgan is an Engineer under covenant for five years and in the absence of a copy of his agreement, it is not possible to say whether he is entitled to Presidency allowances, if posted to any duty in Madras, and whether the change of duties entitles him to any higher allowance than that agreed upon in the agreement. The Examiner of Public Works Accounts should be consulted on this point.

W. DOBBIE—23-9-07.

EDUCATIONAL DEPARTMENT.

The scale of pay or allowances proposed is that suggested by the Chief Engineer (Public Works Department) and seems equitable enough. From the portion of the Accountant-General's note marked **B** *supra* it appears that the sanction of the Secretary of State will be necessary in any case.

H. D. TAYLOR—25-9-07.

There have been, so far as it was possible to trace, no cases of Public Works Department officers who were appointed to the Indian Educational Service. The appointments of Messrs. Davidson and Keeling as Acting Principal of the College of Engineering are not similar, as they were not appointed to the Indian Educational Service, the post of Principal being a special appointment outside the cadre of that service.

2. Attention is solicited to paragraph 16 of the Government of India letter, dated 23rd July 1896, No. 4, Education—204-215, from which it will be observed that the Local Government can appoint only members of the Provincial Educational Service to fill temporary vacancies in the Indian Educational Service. Please also see the Accountant-General's remarks in paragraph 2 of his letter to the Director of Public Instruction, No. 965/7070-G., dated 15th September 1906, in which he expressed the opinion, with reference to the case of Miss Krishnamma, that no one who was not a member of the Provincial or Subordinate Educational services could be appointed to act in the Indian Educational service without the sanction of the Secretary of State. In the present case the sanction of the Secretary of State to the appointment of Mr. Morgan to the Indian Educational service appears to be necessary.

I do not remember any reference.

G. S. F[ORBES].

K. RANGASWAMI AIYANGAR—22-9-07.

3. This paper may lie over until the Accountant-General's remarks are received on the u.o. reference despatched on 21st September 1907.

C. A. SOUTER—23-9-07.

It is easy enough to telegraph to the Secretary of State to sanction this temporary arrangement which has to be made owing to the delay in arrival of Secretary of State's candidate.

The following telegram may be despatched to Secretary of State:—

With reference to your telegram, dated 3rd September 1907 we have as a temporary measure, pending arrival of candidate selected [by you] posted as Professor of Mechanical Engineering, College of Civil Engineering, Madras, Mr. Morgan covenanted Engineer, Public Works Department, on pay and allowances of his rank aggregating Rs. 745 per mensem. No other suitable person available. Please telegraph your approval.

Please codify above.

H. D. TAYLOR—23-9-07.

From Governor of Madras to
Secretary of State
Your telegram No. , dated
pending arrival of
Candidate
Selected for appointment of
Professor of Engineering
we have appointed
as a temporary measure

Mr. Morgan
Covenanted
Engineer
Public Works Department, Madras
[on] pay of rank [and]
allowances
Please telegraph your approval

K. RANGASWAMI AIYANGAR—24-9-07.

For approval.

The appointment is in accordance with orders, but the main file has not yet returned from the Accountant-General.

H. D. TAYLOR—24-9-07.

There is no need to ask the Secretary of State's approval of a temporary appointment when an officer is lent by one department to another. The appointment is **A** not necessarily in the Indian Educational Department; is it? If not there is no need to have a minute appointing him to act in the Indian Educational Department, only a minute to act temporarily as Professor of Mechanical Engineering?

Several officers of the Public Works Department have acted at the College on former occasions.

G. S. F[ORBES]—24-9-07.

The question at "**A**" was raised by me on receipt of the minute from the Director of Public Instruction. I considered it unnecessary and intended to note on it before circulating the minute for approval. The present file was circulated with reference to the proposed telegram to the Secretary of State.

The post of Professor of Mechanical Engineering is included in the cadre of the Indian Educational Department. Office are unable to quote any precedents in which a Public Works Department officer has acted in such a post before. The post of *Principal*, College of Engineering, is not included in the cadre of the Indian Educational service.

Personally I consider that a formal minute of appointment to the Indian Educational service is unnecessary, but the Accountant-General is of opinion that the sanction of the Secretary of State is necessary to the scale of pay and allowances proposed for Mr. Morgan.

It appears desirable to make the reference to the Secretary of State so as to avoid audit objection. The Secretary of State is not likely to raise any objection. I have made a slight addition to the draft telegram.

H. D. TAYLOR—25-9-07.

The Accountant-General says that the sanction of the Government of India and of the Secretary of State is needed. The telegram should therefore go to the Government of India, and it should explain that we have addressed the Secretary of State and

that as the appointment by him has been delayed, etc., we have in anticipation of sanction appointed Mr. Morgan, etc., that the duties being of a very special character and there being no one in the Provincial Service capable of discharging them we have been obliged to make this appointment of the only qualified person we could find; also explaining that an immediate appointment was necessary to save the College courses: and that we propose to give him the pay he is drawing *plus* Presidency allowance of Rs. 100 and house-rent of Rs. 45.

G. S. F[ORBES]—25-9-07.

The following telegram will be despatched to the Government of India:—

No. 45. James, Professor, Mechanical Engineering, succeeded Love retired as Principal, Madras Engineering College, 17th instant. In despatch 6, dated 22nd May last, Madras Government requested Secretary of State to appoint successor to James in Indian Educational Service. Secretary of State wires that officer selected cannot arrive before November 1st. An immediate appointment being necessary to secure continuity in College courses, Madras Government have in anticipation of sanction appointed temporarily Mr. F. E. Morgan, covenanted Engineer, Public Works Department, to carry on the duties which are of a very special character. There being no one in the Provincial Educational Service capable of discharging these duties Madras Government have been obliged to make this appointment of the only qualified person available. Government propose to give Morgan while acting as Professor the pay he is now drawing, namely rupees six hundred, in addition to Presidency allowance rupees one hundred and house-rent rupees forty-five. Madras Government would be glad if approval could be communicated by telegram.

H. D. TAYLOR—26-9-07.

Shown to His Excellency the Governor on 26th September 1907.

H. D. TAYLOR—26-9-07.

Issue sharp.

H. D. TAYLOR—26-9-07.

Telegram from the Government of India, Home Department, dated 2nd October 1907.

The Government of India approve the proposals regarding Mr. Morgan's pay and allowances subject to Secretary of State's approval.

Order may now issue on the point. Communicate to Director of Public Instruction, Public Works Department and Financial Department. Please draft. (Please consolidate these two files).

H. D. TAYLOR—3-10-07.

The files have been consolidated.

2. A draft order is placed below for approval.

Yes. Circulate separately please.

3. May the minute of appointment be now submitted for approval?

H. D. TAYLOR—5-10-07.

R.CI.No.79/07.

Station Madras , Dated the 14th September 1907.

From (Name) The Hon'ble Mr. T.T. Logan, B.A.,

(Designation) Ag: Director of Public Instruction.

To the Secretary to the Government of Madras,
Educational Department.

Sir,

In reply to your telegram, dated 6th instant, regarding arrangements to be made in the College of Engineering, Madras, on Col. Love's retirement, I have the honour to submit the enclosed copy of a letter from the Principal of the College, No. 914-C, dated 9th instant, suggesting that either the services of a suitable officer should be obtained from the Public Works Department for temporary employment in the college or the Principal's successor should also be placed in charge of the duties of the Professor of Mechanical Engineering until the new Professor arrives from England. I beg to recommend that, if possible, the former alternative be adopted.

I have the honour to be,
Sir,
Your most obedient servant,

T. T. Logan
Ag: Director of Public Instruction -
14.9.7

No. 914-C

Dated 9th September 1907.

From,

Colonel H.D. Love, R.E.,

Principal, College of Engineering, Madras,

To,

The Director of Public Instruction,

M a d r a s.

Sir,

Adverting to your Official Memorandum R.Cl.No.79/07, dated, 7th September 1907, I have the honour to state that the unfortunate delay in filling up the appointment of Professor of Mechanical Engineering can best be met by the transfer of a suitable officer from the Public Works Department for the period 17th September to 1st November.

2. If this course cannot be adopted, I can only suggest that my successor in the Principalship should also hold the appointment of Professor of Mechanical Engineering and be desired to make the best arrangement he can for the conduct of the work of the college until the new Professor arrives. In the interval, the new Principal could not be expected to do more than the bare routine work of his office as his time would be fully occupied with his duties as Professor.

3. Should this plan be adopted, I recommend that an instruction be given to the President of the Board of Examiners to modify the standard of examination of December. Owing to the vacation, the Survey Camp and his duties as Foreman of the Jury in an important case now being tried, Mr. James has delivered no lectures since April, and the instruction of his classes must certainly be inadequate whichever of the modes suggested above be carried into effect.

I have &c

SUBJECT.

Appointment of Professor of
Engineering, College of Engineering

The telegram from the Secretary of
State, as recodified, stands as follows.

"Your Educational Despatch No. 6
dated 22nd May last, Professor of
Engineering. Officer Selected Cannot
arrive earlier than 1st November next."

A copy of 20th Despatch No. 6, dated
22nd May 1907, is put up.

20th Despatch No. 6
5.9.07
Lie
Col. Love
5.9.7.

The vacancy in question is in connection
with Col. Love's retirement on 17th Sept. - to
replace Mr. James. There will thus be an
interval of six weeks. Some temporary
arrangement will be necessary. The D.P.O.
may be asked to suggest an arrangement.
Gratia Melanar Pillai has apparently
reverted to the Madras Railway - it
would not seem possible to select Col. Love's
successor, even if he were willing to resign.

I now conclude that Mr. J. would not suit - write as follows to S.E. II -

"Temporary vacancy professor mechanical engineering Madras College 17th September 18th November ~~could you spare~~ ~~Mr. Morgan~~ would Morgan suit could you spare him ~~very much~~

13/8/07

Telegram from the S.E. II Circle 8/14-9-07

W Submitted
The S.E. states that Mr. Morgan cannot be spared.

TBN
14-9-07. Educational
Dr. L. W. S. would suggest a reference to Col. Coo who might be able to name a suit able candidate.

14/8/07

I understand that Mr Morgan, Lectr Eng.
P.W.D. has had considerable experience as
lecturer in Mechanical Engg. Having
lectured in that subject for 2 years at
Birmingham.

Reference
has been
made to
J.F.F.

I do not think that the matter
depends on whether the S.E. is willing
to spare him or not. The matter should
be viewed in a broader light. The question
of the efficiency of the College is at stake,
and if there is an inadequate supply of
Subordinates is available for want of
a sufficient staff of lecturers for this
short period, then must eventually
rest upon the Subordinate P.W.D.
service.

I think that P.W.D. should spare
Mr Morgan or some other suitable
officer, even at some slight temporary
inconvenience, for the short period.

It is useless to suggest a reference to
Col. Love, or to hope to obtain a

The difficulty is rather // qualified lecturer from outside the
that we do not P.W.D. I understand that Mr
know where to find but Morgan's engagement is up in
the out hand upon January. The P.W.D. letter has not yet
been received.

J.F.F.

R.M.

15.9.07

As the period

72 378

is so short & the circ. so ex-
-ceptional perhaps to H. D.
space Mr. Morgan, if it is
true he has been a lecturer
on Mech. Engg. & so orders
might go by telegram.
I have no doubt Mr. Jones
w^d let him have his
lecture notes.

Ed No. 10, 2182-7

19-9-07
P.W. No. RNO 1065
21-9-07

Shelton Mr F. Wilson.

R.
Here are some precedents I think - does
not an officer deputed in this way
usually get the pay of the next
grade above that he is holding - what
did Mr. Keeling get with respect to his
deputing? Any when he acted as
Professor at the college?

20/9/07

20 percent.

W.
The rule is that an officer gets acting
allowance on the pay of the appointment.
This is what Mr. Keeling got. In the
case of Mr. Morgan, his grade pay - \$600 -
is in excess of the minimum pay \$500 -
of the Professorship. All that he can
get therefore in the shape of allowances
are Presidency allowance \$100, and
House rent \$45.

R.A.
20.9.07

Mr. Davidson got the pay of the next
higher rank - but the sanction of the
Secretary of State had to be obtained.
R.A.

I would propose that Mr. Morgan be paid the salary he now draws Rs 600 and Rs 100 and Rs 45 for Pres? Allowance & House rent as do Engineers of his rank serving at the Pres? town.

Ed. no

20/9/07

As G. Gov. foresees as to whether any objection exists to the proposal to Mr. Morgan of the scale of salary & allowance proposed at "A" while holding a temporary post as Professor of Mech. Eng in the Cent Eng. College.

21.9.07

It is requested that the reference may be returned if possible so as to reach J. P. on Tuesday eve. 24th inst.

21.9.07

Under para 16 of the Government of India Resolution, Home Department, No. 4 Edl. 204-215, dated 23rd July 1896, and Government of India letter, Home

Ed. no 2184-2
21.9.07

23.9.07

not 688888
10-10-07

28 148

Home Department, No.409, dated 30th November 1898,
Government can provide for temporary vacancies in
posts ordinarily filled by officers of the Indian
Educational Service by appointing members of the Pro-
vincial Educational Service, or of the Subordinate
Educational Service. As Mr. Morgan does not belong
to either of these services, his appointment to act
as Professor of Mechanical Engineering in the Civil
Engineering College will require the sanction of
the Government of India and the Secretary of State,
as also the proposal to allow him to draw for the
officiating period his salary of Rs.600 per mensem
with Presidency allowance at Rs.100 per mensem and
house-rent Rs.45.

Moreover, the pay of officers holding regular
appointments in the Indian Educational Service being
fixed on a personal basis, there is no pay of the
appointment within the meaning of Article 105,
Civil Service Regulations, on which acting allow-
ances can be calculated. The precedents quoted in
the Secretariat notes had reference to the appoint-
ment of Principal of the College of Engineering,
which is not one of the regular appointments in the
Indian Educational Service, but whose pay has been
definitely fixed.

Again, Mr. Morgan is an Engineer under covenant
for five years and in the absence of a copy of his
agreement, it is not possible to say whether he is
entitled to Presidency allowances, if posted to any
duty in Madras, and whether the change of duties
entitles him to any higher allowance than that
agreed upon in the agreement. The Examiner of P.W.
Accounts should be consulted on this point.

Ag's h.o. no. 83
23-9-07

B.D.
23.9.07
A. G.

29 158

The scale of pay & allowances proposed is
that suggested by the C. & (M.D.) - and seems
equitable enough. From the portion of
the A. Q.'s note headed "A" on page 14 supra
it appears that the sanction of the S. of
State will be necessary in any case.

W.D.
25.9.07

1/11

C. No. 2339, From the S.P.D., Dated 21-9-1907.

SUBJECT.

Minute of appointment of Mr. F.E. Morgan of the P.W.D. to act as Professor of Mechanical Engineering, College of Engineering.

There have been, so far as it was possible to trace, no cases of P.W.D. officers who were appointed to the Indian Est. Service. The appnts of messrs. Davidson and Keeling as acting Principals of the College of Engineering are not similar, as they were not appointed to the Indian Est. Service, the post of Principal being a special appointment outside the cadre of that Service.

2. Attention is solicited to paragraph 16 of the Govt. of India, dated 23rd July 1896, No. 4 Est. - 204-215, from which it will be observed that the Local Govt. can appoint only members of the Provincial Est. Service to fill temporary vacancies in the Indian Est. Service. Please also see the Accountant General's remarks in paragraph 2 of his letter, No. 965/7070, dated 15th September 1906, in which he expressed the opinion, with reference to the case

Case of Miss Krishnamma, that no one who was not a member of the Prov. or Subordinate Ed. Services could be appointed to act in the Indian Ed. Service & without the sanction of the Secretary of State. In the present case, the sanction of the S. of S. to the appt of Mr. Morgan to the Indian Educational Service appears to be necessary -

Office

There is no need to ask the I. of States approval of a temporary appt. when an officer is lent by one dept to another. The appt. is not necessarily in the Ind. Educatl. Dpt. is it?

A | If not then is no need to put have a Minute appt. him to act in the I. E. Dpt. only a minute to act temporarily as Prof. of Mech. Engg. ? Several officers of D.D.O. have acted at the college on former occasions

J. H. S. 24/5

The question at it was raised by me on receipt of the minute from the D.P.D. I considered it unnecessary and intended to note on it and before circulating the minute for approval. The present file was circulated with reference to the proposed telegram to the

Secretary of State

The post of Professor of Mechanical Engineering is included in the cadre of the Indian Ed. Dept. Officers are unable to quote any precedents in which a P.W.D. Officer has acted as such a post before. ~~to the~~ The post of Principal College of Engg. is not included in the cadre of the Indian Ed. service.

Personally I consider that a formal minute of appointment to the Indian Ed. service is unnecessary, but the Secy. is of opinion that the sanction of the Secy of State is necessary to the scale of pay and allowances proposed for Mr Morgan. [There are listed file, in which a no. reference was made to the Secy. as to whether it was in the power of the Local Govt to sanction the scale proposed by the P.W.D. (P.W.D.), which is in excess of the scale ~~proposed~~ sanctioned for the Indian Ed. service, without the approval of the Secy of State.]

It appears desirable to make the reference to the Secy of State so as to avoid any objection. The Secy of State is unlikely to cause any objection. I have made a slight addition to the ^{Staff} telegram on p. 2.

The act. Gen. says that the sanction
of the Gov. of India and of the S. of S. is
needed. The telegram ^{is}
therefore go to the S. of S. & it
is explained that we have
added to the S. of S. & that as the
appt. by him has been delayed
he, we have in anticipation of
sanction appt. Mr. Napier &c;
that the duties being of a
very special character & there being
no one in the Prov. Service
capable of discharging them
we have been obliged to make
this appt. of the only ^{qualified} person
we can find: also explain
that an immediate appt. was
necessary to save the college
courses: & that we propose
to give him the pay he is
drawing plus ^{the} allowance of Rs 100
th. r. of Rs 45
