READ—the following papers:—

I

G.O., No. 498, Educational, dated 2nd August 1907.

ABSTRACT.—Sanctioning an allotment of Rs. 12,845 from the lump provision of Rs. 83,000 for primary education to enable certain Municipal Councils to revise the establishments of their elementary schools in accordance with rules 81 and 82 of the Educational Rules.

II

G.O., No. 629, Educational, dated 21st September 1907.

ABSTRACT.—Indicating the sources from which the additional allotment of Rs. 15,000 required by the Director of Public Instruction for stipends in Training Schools may be met.

Order—No. 709, Educational, dated 19th October 1907.

Of the lump provision of Rs. 83 lakh for primary education made in the Civil budget estimate for the current year, a sum of Rs. 12,845 has been allotted to Municipal schools for revision of the establishments of their elementary schools and Rs. 10,000 for stipends in training schools. The Director's proposals to incur out of this lump provision the following items of expenditure are approved:—

	RS.
(1) The extra cost on account of Gunnairbeed school	55
(2) The cost of pianos for the Government Training school for Mistresses at Calicut and Coimbatore.	1,200
(3) The cost of the special furniture, magic lantern and slides for the Training College, Rajahmundry.	2,000
Total .. .	3,255

2. The balance that will still be left for allotment is Rs. 56,900. The Government consider that it is much too late now to hope to be able to spend the money this year on elementary schools in the Madras City, as the Corporation will have to be consulted before any proposals can be formulated. The Director of Public Instruction is therefore requested to submit at an early date definite proposals for allotting the balance towards rebuilding or improving the existing buildings for elementary schools in such of the District Boards as are in need of funds for these purposes or for any other object connected with elementary education on which additional funds can be usefully expended by District Boards in the current year.

NOTES CONNECTED WITH G.O., No. 709, EDUCATIONAL,
DATED 19TH OCTOBER 1907.

[SUBJECT.—Distribution of the balance of Rs. 1 lakh out of the special assignment of Rs. 6 lakhs made by the Government of India in aid of elementary education, which has been reserved in the Provincial section of the Civil Budget Estimate.]

The six lakhs grant for primary education has been exhibited in the Budget Estimate for 1907-1908 under the following heads:—

	LAKHS.
(i) Adjusting Heads—Contributions from Provincial to Local.—To Local Funds (Act V of 1884) for Education—Grants-in-aid .. .	5.00
(ii) 22-I.—Education—Government Schools—Special—Training Schools.—Lump provision for the reorganization of Training schools for Teachers .. .	15
(iii) 22-I.—Education—Miscellaneous—Contribution to Municipal Funds for Educational Museum, Karur .. .	02
(iv) 22. Education—Lump Provision for primary education (improvement of scale of salaries for school mistresses in Muhammadan (elementary) girls' schools, and the provincialization of the staff of supervisors in elementary schools .. .	83
Total .. .	6.00

2. Item (i).—The Director of Public Instruction has been asked in a separate note to submit proposals for the distribution of the balance of the Rs. 2.28 lakhs still available after providing for revision of establishments, and for the staff of new rural schools.

Item (ii)—has been already allotted—G.O., No. 498, Educational, dated 2nd August 1907.

Item (iii).—Orders are now under issue allotting Rs. 5,000 for stipends in training schools (Director of Public Instruction's letter No. 4466, dated 1st July 1907), the balance of Rs. 10,000 being required for expenditure on reorganization of staff of the training schools as provided in the budget.

Item (iv).—Rs. 83,000.

G.O., No. 629, Educational, dated 21st September 1907. RS. 10,000, under the order last mentioned now under issue, is being allotted for stipends for training schools. 12,845, has been allotted to Municipal Councils for revision of their establishments in elementary schools (G.O., No. 498, dated 2nd August 1907).

3. The balance unallotted is Rs. 60,155 and it is not likely that the scheme for the provincialisation of the supervisors' establishment will come into force in the current year. No expenditure will be incurred on that account. Of this a small portion will be required in the current year for revision of establishments of Muhammadan girls' schools (*vide* G.O., No. 515, dated 8th August 1907). The Director of Public Instruction may be asked to state what will be the extra cost involved in this proposal in the current year, including retention of a girls' elementary school at Gunnairbeed, Waltair.

4. The Director of Public Instruction is requested to state whether there are any schemes of non-recurring expenditure on which expenditure of the balance of Rs. 60,000 approximately can be spent in the current year on the Provincial side. A small allotment might perhaps be made to District Municipalities, if really needed, for equipment of elementary schools.

5. If, however, the Director of Public Instruction is unable to indicate any such items of expenditure either in whole or in part for the balance of Rs. 60,000, he is requested to state separately whether in addition to the proposals called for in the separate note for the distribution of the balance of Rs. 5 lakhs in the Local section, he can indicate any objects on which additional expenditure within the limit specified in this note can be usefully spent by District Boards within the current year.

6. It is observed that the sanction of India will be necessary for a transfer of any such sum from the Provincial to the Local section unless Local Boards can provide for an additional allotment within the total budget grants under other heads, which does not appear to be at all likely.

H. D. TAYLOR—21-9-07.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I am not quite sure about the Muhammadan girls' schools. I have written to ascertain. It is not likely that any money will be wanted this year. The capitation allowance estimated at Rs. 1,900 will be paid after 1st May next and will therefore be a charge against next year. The Gunnairbeed school will cost Rs. 55 extra this year.

2. Rupees 1,200 might be spent upon pianos for the Government Training Schools for Mistresses at Calicut and Coimbatore.

Rupees 2,000 might be spent upon special furniture, magic lantern and slides for the Training College, Rajahmundry.

Both these proposals are made for the improvement of elementary education.

3. I have carefully considered other possibilities and suggest that the balance could be spent by the Madras Corporation on school buildings and play grounds.

The City has as yet had no share of the grant.

It stands in greater need than almost any other Municipality of suitable schools of an elementary character. One new building has recently been put up in Teynampet, but many more are needed. Sites are, as a rule, very expensive. In some cases a common drill and play ground for several schools might be obtained.

I have consulted Mr. Mayhew, who knows the Madras schools; he is strongly in favour of the scheme and thinks that the money could be spent before 31st March. If the scheme is approved, will Government call upon the Corporation for very early proposals and we will advise as to details.

4. If this scheme is not approved, the best plan will, I think, be to transfer the balance to Local. As will be seen from my note in regard to the balance of the 5 lakhs, most of the Boards have affirmed the possibility of spending larger amounts than have been allotted to them on new buildings for existing Board schools.

For orders whether a reference may be made to the Corporation with reference to the proposal made in the Director of Public Instruction's note, or whether the proposals should be limited to any and, if so, to what sum. By the time we receive the Corporation's proposals, it will probably be too late for District Boards to spend any additional grants.
