GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 23rd September 1907.

No.—R.C. No. 1833.

With reference to the enclosed copy of a letter from the Accountant-General, No. P. A. 922/20088, dated 12th March 1907, I have the honour to request the sanction of Government to the payment of a remuneration of Rs. 50 to Dr. P. S. Chandrasekhar, the Assistant to the Professor of Hygiene in the Medical College, for out-door work done by him during the session ending with 31st March 1907 in connection with the Sanitary Inspectors' class. Under resolution (4) of the scheme approved in G.O., No. 1914 M., dated 10th March 1894, these out-door excursions have to be carried out by the Professor of Hygiene, and as Captain Justice could not do the work last session, owing to his having been engaged with a special class of temporary Sanitary Inspectors at Guindy, his assistant had to be deputed to do the work. As the work does not form part of the legitimate duties of the latter officer I request that the payment of the remuneration may be sanctioned. The charge can be met from the provision for the Sanitary Inspectors' class in the Medical College budget.

2. In this connection I beg to submit that these excursions had, prior to last year, been undertaken by the Professor of Hygiene with the help of the Assistant Professor and that the Principal, Medical College, now reports that it will not be possible for the Professor of Hygiene to undertake the excursions in future as the time taken up in out-door classes could not possibly be spared by a person in the position of the Resident Medical Officer, General Hospital, who under G.O., No. 655, Public, dated 6th September 1906, now performs the duties of the above office and as he should, to be available in cases of emergency, be within the reach of the telephones. The work in question will therefore have to be performed by the Assistant Professor and as it does not fall within the scope of his legitimate duties, he may have to be remunerated for the extra work annually in future, unless the out-door work is treated as part of the assistant's duties.

ENCLOSURE.

Letter—from W. DOBBIE, Esq., Accountant-General, Madras.

To—the Director of Public Instruction.

Dated—Madras, the 12th March 1907.

No.—P. A. 922/20088.

Referring to your Proceedings, No. 1149, dated 2nd March 1907, sanctioning the payment of a remuneration of Rs. 50 to the Assistant Professor of Hygiene of the Madras Medical College for his duties in connection with the Sanitary Inspectors' class, I have the honour to inform you that in their orders quoted in the margin Government declined to grant any honorarium for his work in connection with the Sanitary Inspectors' class, and ruled that the course of lectures must be considered a part of the Assistant's regular duties. I would therefore request you to be so good as to obtain the orders of Government if the out-door work for which you have now sanctioned an honorarium of Rs. 50 may be considered to fall outside the ordinary scope of the assistant's duties with reference to article 72 (a), Civil Service Regulations.

2. I may add that if the remuneration is a recurring one, i.e., if it is to continue also next year, it will require the sanction of the Government of India under the provisions of articles 72 (b) note and 76 (1) of the Civil Service Regulations.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 24th October 1907.

No.—Ref. on Cur. No. 1853.

I have the honour to request the favour of early orders on my letter Ref. on C. No. 1833, dated 27th September 1907, regarding the payment of extra remuneration to the Assistant to the Professor of Hygiene, Medical College, for his work in connection with the Sanitary Inspectors' class.

2. As the practical excursions in connection with this class for the current session have already been delayed and as the Professor of Hygiene who is the Resident Medical Officer, General Hospital, is reported not to be available for the work, I have, in anticipation of the orders of Government on the above reference, instructed the Principal, Medical College, to depute the Assistant Professor to conduct the excursions without prejudice to the question of extra remuneration.

Order—No. 751, Educational, dated 12th November 1907.

The Assistant to the Professor of Hygiene, Medical College, will in future be required to perform the out-door work connected with the training of the Sanitary Inspectors' class as part of his regular duties. The Government are, however, pleased to sanction the payment of a remuneration of Rs. 50 to Dr. P. S. Chandrasekhar, Assistant to the Professor of Hygiene, Medical College, for the work done by him in that connection during the session ending with 31st March 1907.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Accountant-General.
" Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 751, EDUCATIONAL,
DATED 12TH NOVEMBER 1907.

[SUBJECT.—*Payment of a remuneration of Rs. 50 to Dr. Chanārāsekhar, Assistant Professor of Hygiene and Bacteriology, Medical College.*]

From the Director of Public Instruction, dated 23rd September 1907, No. 1833.

A scheme for the training of Sanitary Inspectors was sanctioned in G.O., No. 1914 M., dated 10th December 1894.

2. Under this scheme the training of the Sanitary Inspectors was entrusted to the Professor of Hygiene, Medical College, who was required to deliver to the Sanitary Inspectors' class a course of forty lectures in Hygiene and to take them to various localities in Madras and elsewhere to give them practical training in their work and to enable them to observe and describe accurately the defects discoverable in dwelling-houses, streets, etc. For this work the Professor was paid an honorarium of Rs. 700 and his Assistant Rs. 75—*vide* recommendation (2) in paragraph 2 of the Surgeon-General's letter, dated 10th July 1894, on page 4 of G.O., No. 1914 M., dated 10th December 1894.

3. At the reorganization of the staff of the Medical College in 1901, the Professorship of Hygiene was attached to the office of the Deputy Sanitary Commissioner, and in G.O., No. 718, Educational, dated 21st November 1902, the honorarium of Rs. 700 paid to the Professor of Hygiene on account of the lectures delivered to the Sanitary Inspectors' class was discontinued, as it was considered that "the duty of lecturing to the Sanitary Inspectors' class" should be undertaken by that officer (the Deputy Sanitary Commissioner) as part "of his regular duties."

4. In 1903 the pay of the Assistant Professor of Hygiene was raised from Rs. 100—10—200 to Rs. 200—20—300 *vide* G.O., No. 98, Educational, dated 4th March 1903. a month, mainly in consideration of the introduction of bacteriology into the curriculum of the Medical College which had caused an increase in his duties—*vide* paragraph 3 of letter No. 761, Educational, dated 11th December 1902, on page 8 of G.O., No. 98, Educational, dated 4th March 1903.

5. In G.O., No. 522, Educational, dated 22nd August 1904, the Government refused to grant an honorarium of Rs. 300 to the Assistant Professor of Hygiene for making demonstrations on bacteriology to the Sanitary Inspectors' class, although that subject was newly introduced into the curriculum for the Sanitary Inspectors and said that the course of lectures on bacteriology must be considered a part of the Assistant's regular duties.

6. In 1905 the Accountant-General pointed out that as the pay of the Assistant Professor of Hygiene had been raised to Rs. 200—20—300, the sanction of the Government of India was necessary for the continuance of the allowance of Rs. 75 per annum sanctioned to the Assistant Professor in G.O., No. 1914 M., dated 10th December 1894, for his work in connection with the training of Sanitary Inspectors and raised the question whether the work in question could not be regarded as part of the duties of the Assistant Professor and whether any separate remuneration was necessary for it. The Government thereupon directed that the allowance should cease from the date on which the Assistant Professor's pay was raised to Rs. 200—20—300.

7. Captain Justice, Deputy Sanitary Commissioner and Professor of Hygiene at the Medical College, having been engaged with a special class of temporary Sanitary Inspectors at Guindy last year, he was unable to take the students of the Sanitary Inspectors' class at the Medical College to different localities in Madras and elsewhere to give them practical training. The Assistant Professor of Hygiene, Dr. Chandrasekhar, was therefore deputed to do the work and the Director of Public Instruction sanctioned the payment of a remuneration of Rs. 50 to him for the work.

8. The Accountant-General has objected to the payment of the remuneration and has requested the Director of Public Instruction to obtain the orders of Government as to whether the out-door work for which a remuneration of Rs. 50 has been sanctioned to Dr. Chandrasekhar falls outside the ordinary scope of his (Chandrasekhar's) duties—*vide* Accountant-General's letter No. P.A. 922/20088, dated 12th March 1907.

9. The Director of Public Instruction states that the out-door work of giving practical training to the Sanitary Inspectors' class does not form part of the legitimate duties of the Assistant Professor of Hygiene and requests that sanction may be accorded to the payment of the remuneration of Rs. 50.

10. The Director also points out that under paragraph 3 of G.O., No. 655, Public, dated 6th September 1906, the Resident Medical Officer, General Hospital, has been appointed Professor of Hygiene and Bacteriology, and that since as Resident Medical Officer he should be available in cases of emergency and be within the reach of the telephones, he could not undertake the out-door work connected with the Sanitary Inspectors' class. He therefore considers that this out-door work in future will have to be entrusted to the Assistant Professor of Hygiene and that as it does not fall within the scope of his legitimate duties, he (the Assistant Professor) may have to be remunerated, unless it is treated as part of his duties.

11. It is for consideration whether the remuneration of Rs. 50 recommended by the Director of Public Instruction to Dr. Chandrasekhar for out-door work done last year may be sanctioned or whether such work may be considered as part of the Assistant Professor's work.

12. It may be noted that in G.O., Nos. 621, 622, Educational, dated 18th September 1907, the Government of India have been requested to sanction the inclusion of the post of Assistant Professor of Hygiene in the cadre of the Provincial Educational Service.

T.K.—14-10-07.

K. RANGASWAMI AIYANGAR—15-10-07.

H. D. TAYLOR. | Perhaps the remuneration may be given this year as the work actually done does not seem to have been part of the Assistant's ordinary work. It is for consideration, however, whether if this post is brought on to the Provincial Educational Service cadre, it should not be decided that the Assistant Professor should as a regular part of his duties do this out-door

work. It certainly seems better that he should do it than that the *Resident* Professor should. This question may, however, await the orders of India on letter No. 622, Educational, dated 18th September 1907.

C. A. SOUTER—18-10-07.

757 Edl
12/11/07
C. No.2375, from the Director of Public Instruction, No.1833, d/23-9-1907.

18
Subject.

Payment of a remuneration of Rs.50 to Dr. Chandrasekhar, Assistant Professor of Hygiene and Bacteriology, Medical College.

A scheme for the training of Sanitary Inspectors was sanctioned in G.O. No.1914 M., dated 10th December 1894.

2. Under this scheme the training of the Sanitary Inspectors was entrusted to the Professor of Hygiene, Medical College, who was required to deliver to the Sanitary Inspectors' class a course of forty lectures in Hygiene and to take them to various localities in Madras and elsewhere to give them practical training in their work and to enable them to observe and describe accurately the defects discoverable in dwelling houses, streets, etc. For this work the Professor was paid an honorarium of Rs.700 and his assistant Rs.75.-Vide recommendation (2) in para.2 of the Surgeon General's letter dated 10th July 1894 on page 4 of G.O. No.1914 M., dated 10th December 1894.

3. At the reorganization of the staff of the Medical College in 1901, the professorship of Hygiene was attached to the office of the Deputy Sanitary Commissioner, and in G.O. No.718, Edl., dated 21st November 1902, the honorarium of Rs.700 paid to the Professor of Hygiene on account of the lectures delivered to the Sanitary Inspectors' class

was

Vide recommendations (2) to (4) of the Committee on pages 5 and 6 of G.O. No. 1914 M. dated 10th December 1894 - IV

G.O. no. 371 Edl
9-2-7-01-para.4 I
page 3. S

was discontinued, as it was considered that "the
"duty of lecturing to the Sanitary Inspectors"
"class should be undertaken by that officer (the
"Deputy Sanitary Commissioner) as part of his
"regular duties."

4. In 1903 the pay of the Assistant Professor of Hygiene was raised from Rs.100-10-200 to Rs.200-20-300 a month, mainly in consideration of the introduction of bacteriology into the curriculum of the Medical College which had caused an increase in his duties - vide para.3 of letter No.761, Edl., dated 11th December 1902 on page 8 of G.O. No.98, Edl., dated 4th March 1903.

5. In G.O. No.522, Edl., dated 22nd August 1904, the Government refused to grant an honorarium of Rs.300 to the Assistant Professor of Hygiene for making demonstrations on bacteriology to the Sanitary Inspectors' class, although ~~that~~ subject was newly introduced into the curriculum for the Sanitary Inspectors and said that the course ^{of lectures} on bacteriology must be considered a part of the Assistant's regular duties.

6. In 1905 the Accountant-General pointed out that as the pay of the Assistant Professor of Hygiene had been raised to Rs.200-20-300, the sanction of the Government of India was necessary for the continuance of the allowance of Rs.75 per annum sanctioned to the Assistant Professor in G.O. No. 1914 M., dated 10th December 1894 for his work in connection with the training of Sanitary Inspectors and raised the question whether the work in question could not be regarded as part of the duties of the Assistant Professor and whether any separate remuneration was necessary for it. The Government thereupon

3.

13 30

thereupon directed that the allowance should cease from the date on which the Assistant Professor's pay was raised to Rs.200-20-300.

7. Captain Justice, Deputy Sanitary Commissioner and Professor of Hygiene at the Medical College, having been engaged with a special class of temporary Sanitary Inspectors at Guindy last year, he was unable to take the students of the Sanitary Inspectors' class at the Medical College to different localities in Madras and elsewhere to give them practical training. The Assistant Professor of Hygiene, Dr. Chandrasekhar, was therefore deputed to do the work and the D.P.I. sanctioned the payment of a remuneration of Rs.50 to him for the work.

8. The Accountant General has objected to the payment of the remuneration and has requested the D.P.I. to obtain the orders of Government as to whether the outdoor work for which a remuneration of Rs.50 has been sanctioned to Dr. Chandrasekhar falls outside the ordinary scope of his (Chandrasekhar's) duties - vide Accountant General's letter No.P.A.922/20088, dated 12th March 1907.

9. The D.P.I. states that the outdoor work of giving practical training to the Sanitary Inspectors' class does not form part of the legitimate duties of the Assistant Professor of Hygiene and requests that sanction may be accorded to the payment of the remuneration of Rs.50.

10. The Director also points out that under para.3 of G.O. No.655, Public, dated 6th September 1906, the Resident Medical Officer, General Hospital, has been appointed Professor of Hygiene and

Page 2 of C.F

4. 19 48

and Bacteriology, and that since as Resident Medical Officer he should be available in cases of emergency and be within the reach of the telephones, he could not undertake the outdoor work connected with the Sanitary Inspectors' class. He therefore considers that this outdoor work in future will have to be entrusted to the Assistant Professor of Hygiene and that as it does not fall within the scope of his legitimate duties, he (the Assistant Professor) may have to be remunerated, unless it is treated as part of his duties.

11. It is for consideration whether the remuneration of Rs.50 recommended by the D.P.I. to Dr. Chandrasekhar for outdoor work done last year may be sanctioned ~~or~~ whether such work ~~may~~ ^{may} ~~be~~ be considered as part of the Assistant Professor's work ~~or whether he should be remunerated~~ ~~separately therefor.~~

y 12. It may be noted that in G.O. Nos.621-622, Edl., dated 18th September 1907, the Government of India have been requested to sanction the inclusion of the post of Assistant Professor of Hygiene in the cadre of the Provincial Educational Service.
