EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 758, EDUCATIONAL, DATED
13TH NOVEMBER 1907.

[SUBJECT.—Construction of a central office building for educational officers in the
Presidency Town.]

Extract from the Secretary's notes on the file regarding the application of the
Inspectress of Girls' Schools, Central Circle, for increased rent allowance.

2. As a rule "rent allowances" are only given when no other suitable accommodation is available. It would be a good thing to construct a suitable central office building for all the educational officers on duty at the Presidency town. The system of house-rent "allowances" is not to be encouraged.

H. D. TAYLOR—9-9-07.

It is submitted that the Director of Public Instruction may be requested u.o. to specify the several Educational officers in the Presidency town to whom rent allowances are now given and to report on the desirability of constructing a central office for all Educational officers on duty at the Presidency town.

K. RANGASWAMI AYYANGAR—13-9-07.

C. A. SOUTER—14-9-07.

H. D. TAYLOR—15-9-07.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The following rent allowances are now being paid :—

	RS.
Inspectress of Girls' Schools, Central Circle	25
Assistant Inspectress of Girls' Schools, Madras Girls' range	20
Sub-Assistant Inspector, Madras Muhammadan range	2
Do. Georgetown range	2
Do. Triplicane range	2
Supervisor of Muhammadan Schools, Madras	1½

As regards the last four officers it is probably cheaper and better to leave matters as they stand. For the Georgetown and Triplicane men Nungumbaukum would be far away from both their work and from any place where they could live.

Government may agree as regards these four.

C. A. SOUTER—1-10-07.

H. D. TAYLOR—1-10-07.

They all four have very small establishments and few records and should do as little office work as possible and during ordinary office hours should be doing inspection work.

For the Inspectress and Assistant Inspectress offices might well be constructed in the Old College compound where there is plenty of room.

H. D. TAYLOR—21-9-07.

A. G. BOUENE—19-9-07.

It is for consideration whether the Public Works Department may be asked to prepare plans and estimates for a joint office for the offices of the Inspectress and the Assistant Inspectress of Girls' Schools. The total rent allowances paid on account of these offices is Rs. 45 per mensem or Rs. 540 per annum.

K. RANGASWAMI AIYANGAR—30-9-07.

C. A. SOUTER—1-10-07.

To the Public Works Department.

H. D. TAYLOR—1-10-07.

PUBLIC WORKS DEPARTMENT.

The total rent allowances now paid on account of these offices is Rs. 540 per annum. Taking this as the basis, the capital expenditure on the construction of a new building, allowing $3\frac{1}{2}$ per cent. for interest and 2 per cent. for maintenance and repairs, would amount to Rs. $\frac{540 \times 100 \times 2}{11}$ or Rs. 9,818. Adding one-ninth of this for site, wall, etc., the total cost works out to Rs. 10,900 in round figures. The Consulting Architect may be asked to prepare a design and rough estimate.

C.V.G.—5-10-07.

It is not much good asking Consulting Architect to draw up a design without knowing the accommodation required. The file had better go back to Educational with the request that they will kindly furnish this department with the necessary information as to the number and size of rooms required and the purpose to which they will be put.

A. G. ROMILLY—8-10-07.

Will the Director of Public Instruction please furnish the information required. The sanctioned strength of the establishment in each case should be noted.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The sanctioned strength of the Inspectress's establishment is head, second, third and fourth clerk, two peons and an attender.

That of the Assistant Inspectress is head and second clerk and two peons.

There are in the compound the offices of two Inspectors (III Circle and European and Training schools) and the office of an Assistant Inspector. If whoever comes to look into the matter will be good enough to make an appointment with me or the Deputy Director if I am on tour, it will be very easy to decide upon a general plan and the site.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I saw Miss Arnold (Inspectress, Central Circle) yesterday and told her that as she had not been content with the present rent allowance it was proposed to build an office for her. She tells me that she would much prefer the present arrangement and as I think her reasons have considerable weight I venture to ask that the matter may be reconsidered before it goes further.

She is in Madras for about one-third of the year only, and when in Madras has much inspection work which of course has to be done during school hours which are also ordinary office hours. She can easily do the necessary office work in the morning early or in the evening if it is at her house, but it would be very hard upon her and a waste of time to expect her to drive to the office before or after (or both) going to an inspection. Apart from this she would be sure to come up with a more or less legitimate claim for carriage allowance. She lives in Royapettah. Many of her schools are in Georgetown, Royapettah and Nungumbaukum; to deal with her tappal thence to the school and back and finally back home is rather a serious journey.

Another reason she urged was that so many of her visitors—female teachers—would come to see her at her house but would not come to a public office.

The life is a hard one for a woman and there are many days when all extra exertion counts. I am, after discussing the matter with her, convinced that the change would be a hardship.

I have not seen the Assistant Inspectress, but similar arrangements apply in her case.

Papers please. No further notes.

H. D. TAYLOR—1-11-07.

If it is decided to build perhaps simple residential quarters as an upper storey could be added this would get rid of all difficulty.
