Letter—from R. B. CLEGG, Esq., Collector of Nellore.
To—the Secretary to Government, Educational Department.
Dated—the 19th October 1907.
No.—2595 D./Ver.

With reference to G.O., No. 636, Educational, dated 24th September 1907, I have the honour to invite attention to G.O., No. 832 W., dated 20th September 1907, approving and ordering the publication in the *Fort St. George Gazette* of the notification for the acquisition of land required for the Government Girls' school, Nellore town, and to state that no further selection of site is necessary now as a majority of the joint owners of the land in question who are present in the village have consented to part with it on payment of compensation.

Order—No. 771, Educational, dated 20th November 1907.

With reference to the notification of the Public Works Department, dated 20th September 1907, published at pages 996 and 997 of Part I of the *Fort St. George Gazette*, dated 24th September 1907, G.O., No. 636, Educational, dated 24th September 1907, will be cancelled. The Public Works Department, the Director of Public Instruction and the Collector of Nellore will be requested to return the copies of that order despatched to them.

NOTES CONNECTED WITH G.O., No. 771, EDUCATIONAL,
DATED 20TH NOVEMBER 1907.

[SUBJECT.—*Land Acquisition Notifications.*]

PUBLIC WORKS DEPARTMENT.

From the Educational Department, No. 636, dated 24th September 1907.

The Government Order read above vetoes the acquisition of certain site for the Government Girls' school at Nellore and directs that another site be selected for the purpose and a draft declaration submitted for its acquisition at a very early date. It will be seen from G.O., R. No. 832 W., dated 20th September 1907, that a notification for acquiring certain alternative site has already been approved; and it has been published in the *Fort St. George Gazette* of the 24th ultimo. The notes connected with the Government Order above named show that the site therein approved is the "alternative" site for which a draft notification was ordered, in memorandum No. 2029, Educational, dated 21st January 1907, to be submitted.

Under the circumstances, the order for the selection of a fresh site, now issued in Educational, would appear to be unnecessary. Submitted that the case may be sent to Educational for remarks.

C.V.G.—12-10-07.

A. G. ROMILLY—14-10-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

As the point involved in this case is somewhat complicated, it is considered necessary to give a brief resumé of the correspondence on the subject.

2. In July 1906, the Collector of Nellore (Mr. Morris) submitted a draft declaration for the acquisition of 50-523 cents of land, being village site, Field No. 1538, in Nellore village, for the construction of the Government Girls' school, Nellore. One of the owners having objected to the acquisition of the land which formed the backyards of their houses, the Collector was requested in Memorandum No. 416, Educational, dated 28th August 1906, to report whether the proposal was to acquire only the backyard of the petitioner's house and not the house itself and whether, in that case, the petitioner desired that his house also should be acquired.

3. The acting Collector (Mr. Cotton) then stated that the owner was not willing to part with the site already selected for acquisition, that the Divisional Officer had pitched upon another site close by, which was equally good and cheaper. But as the Inspectress of Schools, whom he consulted in the matter, desired that the site already selected should be acquired, the objections of the owner being overlooked, he submitted a revised notification for the acquisition of the site originally selected.

4. In Memorandum No. 2029-1, Educational, dated 21st January 1907, the Government declined to approve the acquisition of this site and requested the Collector to submit a draft notification for the acquisition of the alternative site which was said to have been reported upon by the Divisional Officer as being equally good and cheaper.

5. Reminders were issued in Educational to Memorandum No. 2029-1, dated 21st January 1907, to expedite the draft notification for the alternative site. The Collector thereupon submitted a copy of his letter to the Public Works Department, R. No. 310-Ver., dated 30th August 1907, in which he stated that "it has been now ascertained that the land in respect of which a draft notification was already submitted is the same as that referred to towards the close of the Government Memorandum No. 2029-1, Educational, dated 21st January 1907". The notification referred to in the Collector's letter as having been already submitted was understood to be the one submitted with the Collector's letter of 1st December 1906 as this was the latest notification received in this Department, and having regard to the objections raised by the owners, orders were issued refusing again to sanction the acquisition of the land in question and requesting the Collector to select another suitable site for the purpose and to submit a draft notification for its acquisition at a very early date—*vide* G.O., No. 636, Educational, dated 24th September 1907.

6. From G.O., No. 832 W., dated 20th September 1907, however, it is observed that soon after the issue of Educational Memorandum No. 2029-1, dated 21st January 1907, the Collector of Nellore submitted a draft notification for the acquisition of the alternative site referred to in that Memorandum with his letter No. 756-Ver. of 29th March 1907, to the Public Works Department. As regards the owners' objections, he stated that "a majority of the joint owners present in the town have consented to part with the land . . . and it is immaterial whether the consent of the other joint occupiers is obtained or not." The Public Works Department doubted thereupon whether the land referred to in the draft notification was the same as the alternative site specified at the end of the Educational Memorandum of 21st January 1907 and asked the Collector to report upon the point—*vide* Public Works Department Memorandum No. 2476 C., dated 26th April 1907. Copy of the Collector's letter of 29th March 1907 was not sent to Educational, nor was the Public Works Department Memorandum issued thereon sent to Educational for acceptance.

7. On receipt of the Collector's letter R. No. 310-Ver., dated 30th August 1907, the Public Works Department issued an order authorising the publication of the notification for acquisition, but now also, the file was not shown to Educational. Had the Public Works Department file come to Educational at least for perusal, G.O., No. 636, Educational, dated 24th September 1907, would not have issued. The Collector is also to blame for not having sent us a copy of his letter, dated 30th August 1907, which was in reply to Educational Memorandum No. 2029-1, dated 21st January 1907. Had he done so, the present mistake could have been avoided.

8. The Public Works Department now points out that the "order for the selection of a fresh site (G.O., No. 636, Educational, dated 24th September 1907) would appear to be unnecessary. The Collector also invites attention to the Public Works Department's order directing publication of the necessary notification and states that no further selection of site is necessary now, as a majority of the joint owners of the land in question . . . have consented to part with it on payment of compensation.

9. As already pointed out above, G.O., No. 636, Educational, dated 24th September 1907, would not have issued—

Page 3 of G.O., No. 832 W., dated 20th September 1907. (1) if copy of the draft notification and letter, dated 29th March 1907, had been sent to Educational by the Collector or

(2) if the Public Works Department had consulted Educational before issuing their Memorandum No. 2476-C., dated 26th April 1907, or their order R. No. 832 W., dated 20th September 1907, or have communicated a copy of the same to Educational.

10. In the circumstances now explained, it is submitted that G.O., No. 636, Educational, dated 24th September 1907, may be cancelled and the Public Works Department, the Director of Public Instruction and the Collector of Nellore asked to return the copies of the Government Order sent to them.

H. D. TAYLOR.

11. In this connection, it is respectfully suggested that in the case of land acquisition notifications in which the Educational Department has an interest or has previously issued orders, the Public Works Department may be requested to forward drafts of further orders or files connected therewith u.o. for acceptance in Educational. Such a procedure will avoid mistakes of the kind now brought to notice.

Reference is requested to G.O., R. No. 832 W., dated 20th September 1907, and G.O., No. 636, Educational, dated 24th September 1907. It seems desirable that in cases in which action is taken in the Public Works Department in regard to the acquisition of lands for educational purposes, the Educational Department should be invariably consulted before *final* orders are issued for acquisition. Such a procedure will prevent the issue of conflicting orders in the two departments. If there is not sufficient time to consult the Educational Department before issuing orders, the orders may, at least, be forwarded for *perusal* after issue. The Public Works Department may be requested to be kind enough to see that this procedure is invariably followed for the future.

1907, however, it is observed that soon after the issue of Educational Memorandum No. 2029-1 dated 21st January 1907, the Collector of Nellore submitted a draft notification for the acquisition of the alternative site referred to ^{in that Memorandum} with his letter No. 756 Ver. of 29th March 1907, ~~which~~ ^{was addressed} to the Public Works Department. As regards the owners' objections, he stated that "a majority of the joint owners present in the town have consented to part with the land x x" and it is immaterial whether the consent of the other joint occupiers is obtained or not." The Public Works Department doubted thereupon whether the land referred to in the draft notification was the same as the alternative site specified at the end of the Educational Memorandum of 21st January 1907 and asked the Collector to report upon the point - Vide Public Works Department Memorandum No. 2476 C. dated 26th April 1907. Reference is requested to G.O. R.No.832-W dated 20th September 1907 and G.O. No.636 Educational, dated 24th September 1907. It seems desirable that in cases in which action is taken in the Public Works Department in regard to the acquisition of lands for educational purposes, the Educational Department ^{should be} ~~is~~ invariably consulted before final orders are issued for acquisition. Such a procedure will prevent the issue of conflicting orders ~~almost at the same time~~ in the two departments. If there is not sufficient time to consult ^{the Pub. Dept.} before issuing orders, the orders may at least be forwarded for perusal after issue.

The Public Works Department may be requested to be kind enough to see ~~see~~ that this procedure is invariably followed for the future.

For D.O.

A perusal of the ^{old} notes in this file seems to show that, in the opinion of that ~~Department~~ Department, a mistake was committed in the P.W.D. in not having sent to them for acceptance the draft of G.O.R. No. 832 W dated 20th September 1907, and the procedure now suggested by them is based on the above supposition.

The facts however are that the Notification published under order in the P.W.D. related to a site which had been definitely approved by the Educational Department in Memo No. 2029 dated 21st January 1907. There was nothing ^{here} to show that Educational were simultaneously considering the very same question ~~in this Department~~ and were besides acting under a misapprehension. The draft of G.O. No. 832 W dated 20th September 1907 was therefore, as usual under such circumstances, not sent to that Department for acceptance.

On the other hand it would appear that ^{the} "conflicting order" referred to would not have issued if Educational, who received a copy of the last letter ^{from the collector} addressed to the P.W.D., had only inquired of the P.W.D. as ought to have been done as

as a matter of course, what was being done here on the collector's original letter, before passing their orders on the copy of that letter.

There seems however to be no necessity to pursue the above point further. The procedure now suggested by Educational will prevent the possibility of similar mistakes in the future and may be accepted
