Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 8th November 1907.

No.—8132.

With reference to G.O., No. 302, Educational, dated 20th May 1907, I have the honour to request that the School of Arts and the Reformatory School, Chingleput, may be omitted from the list of schools inspected by Mr. Chatterton as Inspector of Technical and Industrial Schools. The work to be carried on in the School of Arts is outside Mr. Chatterton's present sphere of action. The Superintendent may furnish the Director with a report just as the Principal of a Government first grade college does and the latter will visit the school whenever it seems to him desirable to do so. In regard to the Reformatory School there is no question of developing an industry in it and it is not a suitable place to experiment upon. The trades at present taught in the school are weaving, woodwork, masonry work, blacksmiths' and metal work, tailoring and band-playing and it would, I think, be better that the Director should get when necessary what may be called a "trade" opinion upon the way in which the boys have succeeded in acquiring a knowledge of the trade selected,

Order—No. 786, Educational, dated 23rd November 1907.

In modification of G.O., No. 333, Educational, dated 20th May 1905, and G.O., No. 302, Educational, dated 20th May 1907, the Government are pleased to direct that the Inspector of Technical and Industrial Schools shall in future have no control over the School of Arts and that the institution be removed from the list of schools to be inspected by that officer.

2. Separate orders will issue on the proposal of the Director of Public Instruction regarding the Reformatory School.

NOTES CONNECTED WITH G.O., No. 786, EDUCATIONAL, DATED
23RD NOVEMBER 1907.

[SUBJECT.—*Omission of the School of Arts and the Reformatory School from the
list of schools to be inspected by Mr. Chatterton.*]

From the Director of Public Instruction, dated 8th November 1907, No. 8132.

Under G.O., No. 302, Educational, dated 20th May 1907, Mr. Chatterton, as Inspector of Technical and Industrial Schools, is required to inspect annually the School of Arts and the Reformatory School, Chingleput.

I had just raised this question separately as to
School of Arts.

H. D. TAYLOR.

2. The Director of Public Instruction now requests that the School of Arts and the Reformatory School may be omitted from the list of schools to be inspected by Mr. Chatterton.

3. The reasons for the proposal are—

School of Arts.

(1) The work to be carried on in the School of Arts is outside Mr. Chatterton's present sphere of action.

(2) The Superintendent of the School of Arts will furnish the Director of Public Instruction with a report just as the Principal of a Government College does.

(3) The Director of Public Instruction will visit the school whenever it seems to him desirable to do so.

Reformatory School.

(4) There is no question of developing an industry in the Reformatory School and it is not a suitable place to experiment upon.

(5) It is better that the Director of Public Instruction should get when necessary what may be called a "trade" opinion upon the way in which the boys of the Reformatory have succeeded in acquiring a knowledge of the trade they selected.

4. According to G.O., No. 524, Educational, dated 3rd August 1905, the scope of the School of Arts is to be confined to the teaching of design and decoration. As such, the school will be outside the sphere of Mr. Chatterton's present duties. The Director of Public Instruction's proposal to remove the school from Mr. Chatterton's control may therefore be accepted.

5. As regards the Reformatory School, there does not appear to be much force in the arguments adduced for its removal from the list of schools inspected by Mr. Chatterton and it is for consideration whether the Director of Public Instruction's proposal in respect of this school also may be accepted.

Reformatory School. ~~Mr. Chatton~~
The D.P.I. apparently thinks that
he should not. It is to be remembered
that the School of Arts & the Reformatory
are absolutely different in their
aims. The former is what its name
suggests, a place where the artistic
is taught; the latter is a place
where an art is taught from a
purely material point of view. In it
boys are trained to some trade & calling
which is likely to benefit them
when they are released. This seems a
subject on which Mr. Chatton is
peculiarly capable of advising.
