C.No.2622, from the Director of Public Instruction, Cur.No.7887 d/28-10-07

Subject.

Recommending that the request of the Bursar, Madras Christian College to begin the work of extending a portion of the College building may be granted.

The grant for University will not be under the Grant-in-Aid Code.

The Bursar of the Madras Christian College, submits the specifications and estimates, for the proposed extension of the College buildings. The estimate consists of the following items:-

	Rs.
Site	74,100
Building	1,47,012
Apparatus & plant	38,500
Total	<u>2,59,612</u>

2. The Bursar states that it is urgently necessary to carry out at least a part of the scheme, if the College is to be in a position to take up the new courses for the Intermediate examination in January 1909, and requests that he may be permitted, without prejudice to the claim of the College to a grant from Government, to put part of the work in hand forthwith. The Director of Public Instruction recommends that the permission may be granted on the most

distinct understanding that it is without prejudice as regards any particular amount of grant or indeed any grant whatever.

3. A draft order allotting a grant of Rs.50,000 to the Christian College and sanctioning a grant of Rs.10,000 in the current year was sent to the Financial Department for acceptance on 7th November 1907 and has not yet returned.

It is not clear whether the plans and estimates for the building for which grants are sanctioned out of the University grant should be sent to the Public Works Department for scrutiny as in the case of applications for building grants. Such a course will only tend to delay the commencement of the buildings for which the grants are given. It will of course rest with the Director to see, in making the disbursements of the grants, that the buildings constructed are on approved design and that the grants are utilised for the purposes for which they are given.

4. There appears to be no objection to grant the permission asked for in the present case.

If permission is granted it should, I submit, be on the distinct understanding that Govt. thereby makes no promise of any kind to give a grant. The question of a grant depends on the state of funds to which cannot

this understanding, there seems no
reason why they should not start at

The plans & estimates appear to have
been drawn up by Mr G. S. J. Harris, &
that should suffice.

Any contribution paid out of the
University fund will be entirely outside
the purview of the G. S. Aid Code. The
plans will not require approval and
all that is necessary is that the
objects should be approved & the
details of final expenditure contained
by him.

No agreement will be necessary.
It is presumed that in addition to the
special fund referred to it is
not intended to give any grant
under the G. S. Aid Code.

In no case can the provisions of
the G. S. Aid Code confer any
claim as a matter of right
to any grant. All grants are
