NOTES CONNECTED WITH G.O., No. 821, EDUCATIONAL,
DATED 10TH DECEMBER 1907.

[SUBJECT.—*Exclusion of the Reformatory School from the inspection of the Inspector of Technical and Industrial Schools.*]

In his letter, dated 8th November 1907, No. 8132, the Director of Public Instruction (Dr. Bourne) requested that the School of Arts and the Reformatory School might be omitted from the list of schools to be inspected by Mr. Chatterton. Orders in regard to the School of Arts have issued in G.O., No. 786, Educational, dated 23rd November 1907.

2. Dr. Bourne's proposal to exclude the Reformatory School from the scope of Mr. Chatterton's inspection has now to be considered. The reasons urged by Dr. Bourne in support of this proposal are—

(1) that there is no question of developing an industry in the Reformatory School and that it is not a suitable place to experiment upon;

(2) that it is better that the Director of Public Instruction should get when necessary what might be called a "trade" opinion upon the way in which the boys of the Reformatory have succeeded in acquiring a knowledge of the trade they selected.

3. The Hon'ble Mr. Forbes accepted the proposal.
Page 1 of K.W. G.O., No. 786, Educational, dated 23rd November 1907.

4. But the Hon'ble Mr. Stokes observed—

"I do not see why the Reformatory should be removed from the list. It must I think remain under the Inspector of Technical Schools."

5. The Secretary noted—

"Issue orders at once please as to School of Arts, the question of the Reformatory School can be settled afterwards."

"There was some friction last year about examination of the Reformatory School. Please put up those papers when the question comes round again."

6. Orders as regards the School of Arts have issued—*vide* G.O., No. 786, Educational, dated 23rd November 1907. With reference to the Secretary's remarks in paragraph 5 above, attention is solicited to the papers with G.O., No. 394, Educational, dated 4th June 1906. The question as to the inspection of Reformatory School, Chingleput, is now submitted for orders.

K. RANGASWAMI AIYANGAR—27-11-07.

The question now to be decided is whether Mr. Chatterton shall cease to have any control over the Reformatory School. The Director of Public Instruction apparently thinks that he should not have any control. It is to be remembered that the School of Arts and the Reformatory are absolutely different in their aims. The former is, what its name suggests, a place where the artistic is taught; the latter is a place where an art is taught from a purely material point of view. In it boys are trained to some trade or calling which is likely to benefit them when they are released. This seems a subject on which Mr. Chatterton is peculiarly capable of advising.

Copy of a letter from the Director of Public Instruction,
Cur.No.8132 dated 8th November 1907:--

With reference to G.O. No.302 Educational, dated 20th
May 1907, I have the honour to request that the School of Arts
and the Reformatory School, Chingleput, may be omitted from the
list of schools inspected by Mr. Chatterton as Inspector of
Technical and Industrial schools. The work to be carried on
in the School of Arts is outside Mr. Chatterton's present
sphere of action. The Superintendent may furnish the Director
with a report just as the Principal of a Government first grade
college does and the latter will visit the school whenever it
seems to him desirable to do so. In regard to the Reformatory
School there is no question of developing an industry in it
and it is not a suitable place to experiment upon. The trades
at present taught ~~at school~~ in the school are weaving, wood work,
masonry work, Blacksmiths' and metal work, Tailoring and Band
playing and it would, I think, be better that the Director
should get when necessary what may be called a "trade" opinion
upon the way in which the boys have succeeded in acquiring a
knowledge of the trade selected.

? Have any
Control

For over whether the Reformatory school
should remain under Mr Chatterton
as Inspector of Technical Schools.
If so it seems unnecessary that all
correspondence or any correspondence other than
that relating to technical matters should
pass through Mr Chatterton. In all
other matters ~~the~~ such as discipline
or the like the Sup^r of the Reformatory
should be permitted to correspond
with ~~the~~ the D.P.D. direct.

Mr Brune has been to
see me about this. He is
entirely opposed to Mr
Chatterton's interference in
the Reformatory. I entirely
agree with him. The industries
taught are of ~~the~~ ~~an~~
an elementary character
the D.P.D. has no difficulty
in getting practical men
to come & inspect the various
classes, which are of very
varied character. Mr Chatterton
must have plenty of work

of a higher character. His inter-
-ference only leads to friction
and neither the D.P. I nor I
see any need for the keeping the
Reformatory being on the
list of institutions under
W.C. control. All industrial
institutions are not on that
list.
