G.O., No. 828, 11th December 1907.

St. Joseph's Industrial School, Coimbatore.

Declining to sanction a grant-in-aid towards the purchase of an oil-engine and saw-mill for the — .

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from A. G. BOURNE, Esq., D.Sc., F.R.S., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 27th December 1907.
No.—Ref. on Cur. 5390.

I have the honour to submit an application for grant-in-aid of the purchase of an oil-engine and saw-mill for St. Joseph's Industrial School, Coimbatore, and to recommend that an amount not exceeding Rs. 3,534 or one-half of the entire cost of the articles, whichever may be less, may be sanctioned under articles 57 and 60 of the Grant-in-Aid Code.

2. The school has 39 pupils in the carpentry section and Mr. Chatterton through whom the application has been submitted states as follows :—

“At Coimbatore there is a considerable demand for wood-work and there is no doubt that the installation of this plant will enable material economy being effected in cutting up timber and probably lead to an extensive development of the wood-working business of the school.”

3. It is impossible to guarantee payment of the grant from the allotment in the current year's budget. The grant may be made payable when funds are available.

4. It is requested that the enclosures may be returned when no longer required.

Order—No. 828, Educational, dated 11th December 1907.

The Government see no sufficient reason to sanction a grant-in-aid towards the purchase of an oil-engine and saw-mill for the St. Joseph's Industrial School, Coimbatore.

(True Extract.)

H. D. TAYLOR,
 Ag. Secretary to Government.

To the Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 828, EDUCATIONAL,
DATED 11TH DECEMBER 1907.

[SUBJECT.—Furniture grant of Rs. 3,534 for the St. Joseph's Industrial School, Coimbatore.]

From the Director of Public Instruction, dated 27th September 1907, No. 5390.

A draft order sanctioning a grant of Rs. 3,534 towards the cost of purchasing an oil-engine and a saw-mill for the St. Joseph's Industrial School, Coimbatore, is submitted for approval. As desired by the Director of Public Instruction, the grant is made payable when funds are available. Please see article 57 of the Grant-in-Aid Code, under which “grants not exceeding one-half of the total cost may be given for the plant, materials and tools needed in industrial and technical schools.”

P.R.—12-10-07.

K. RANGASWAMI AYYANGAR—12-10-07.

C. A. SOUTER—14-10-07.

H. D. TAYLOR—15-10-07.

This institution seems to be merely a place for giving apprenticeship instruction in a common industry. What technical instruction is imparted, and what masters with what qualifications are employed so as to entitle the institution to be recognized as an educational institution entitled to aid from the educational budget? It seems to be rather on the footing of weaving classes, etc., which are under the Revenue Department.

G. S. F[ORBES]—17-10-07.

Please put up any papers in connection with this school. The condition of this school was, I think, brought to His Excellency's notice in October 1906.

H. D. TAYLOR—18-10-07.

It is submitted that no papers are forthcoming regarding the St. Joseph's Industrial School, Coimbatore.

Col. 9 (d) and 9 (f) of statement on page 81 of the sub-tables, Vol. II of Public Instruction report 1905-1906.

2. The school has an establishment of four teachers, of whom two have passed the Government Intermediate Technical examinations while the other two hold no certificate (General or Professional).

3. Instruction is imparted in carpentry, rattan work and carpet weaving. Please see statements on pages 13, 15 and 120 of Vol. II of Public Instruction Report, 1905-1906.

The total number on the rolls on 31st March 1906 was 57, of whom 26 were in the carpentry class, 10 in the rattan work class and 21 in the carpet-weaving class.

4. The approximate value of the work turned out in the industrial branches of this school amounted to Rs. 8,757, while the amount actually realized during 1905-1906 from the sale-proceeds of school manufactures was Rs. 2,112.

P.R.—24-10-07.

K. RANGASWAMI AIYANGAR—30-10-07.

The papers may perhaps be sent *u.o.* to the Director of Public Instruction for favour of remarks.

C. A. SOUTER—31-10-07.

H. D. TAYLOR—1-11-07.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I enclose the last inspection report of the school for favour of return when done with. A list of the teachers showing the certificates they possess is given on page 8. The remarks on page 18 show that there is an attempt to give instruction on rational lines. The school complies with the rules or it would not have been recognized.

A. G. BOURNE—5-11-07.

The Director of Public Instruction informs me that all Industrial and Technical schools aided by the department are practically on the same basis as that at Coimbatore, and that it is undesirable for that reason to treat the Coimbatore school, as regards aid, differently from other schools of the same nature. While the schools are not, in a proper sense, technical schools, the same treatment should be accorded to all alike and if aid is refused to one it should be refused to all. Dr. Bourne informs me that this school does very useful work in its way.

H. D. TAYLOR—6-11-07.

The last sentence of Secretary's note gives the fallacious principle on which these schools are apparently being treated if they are not really educational institutions.

Many things are useful and are pressing to be done; but our question is whether they should be carried out from funds earmarked for a specific purpose.

What other institutions besides Coimbatore are on the "same lines"?

G. S. F[ORBES]—7-11-07.

Please put up a list of Technical and Industrial Institutions aided or recognised by the department.

H. D. TAYLOR—8-11-07.

A list of technical and industrial schools in the Presidency, recognized and aided, is submitted. The list has been prepared from the Public Instruction Report, 1906-1907, Appendix D on pages 14 to 27 of Vol. II of the Report. The amount of grant-in-aid paid to these institutions in 1906-1907, is not available as the "Subsidiary tables" for this year have not yet been received. The grants paid in 1905-1906 are therefore entered in the list below. These figures have been taken from statement 6 (b) of the subsidiary tables—pages 81 to 87, in Vol. II of Public Instruction Report for 1905-1906.

Station Madras, Dated the 27th September 1907.

From (Name) A. G. Bourne Esquire, D. Sc., F. R. S.,

(Designation) Director of Public Instruction,
Madras.

To the Secretary to the Government of Madras,
Educational Department

Su,

I have the honour to submit an application for grant in aid of the purchase of an Oil Engine and Saw-mill for St. Joseph's Industrial School, Coimbatore and to recommend that an amount not exceeding Rs. 3,534 or one half of the entire cost of the articles, whichever may be less may be sanctioned under articles 57 and 60 of the Grant-in-Aid Code.

2 The school has 39 pupils in the carpentry section and Mr. Chatterton through whom the application has been submitted states as follows :--

"At Coimbatore there is a considerable demand for wood work and there is no doubt that the installation of this plant will enable material economy being effected in cutting up timber and probably lead to an extensive development of the wood-working business of the School".
