EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O., No. 709, Educational, dated 19th October 1907.

ABSTRACT.—Approving the proposals of the Director of Public Instruction to incur certain items of expenditure out of the lump provision of Rs. 83 lakh for primary education made in the Civil budget estimate for the current year and requesting him to submit definite proposals for allotting the unexpended balance towards rebuilding or improving the existing buildings for elementary schools or for any other object connected with elementary education.

II

G.O., No. 736, Educational, dated 4th November 1907.

ABSTRACT.—Distributing a sum of Rs. 1,95,745 to District Boards for the maintenance of existing elementary schools, the construction, completion and equipment of elementary school buildings and payment of grants to aided schools, and requesting the Director of Public Instruction to submit proposals for the utilization of the balance of Rs. 32,253.

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 25th October 1907.

No.—Ref. on C. No. 7812.

With reference to G.O., No. 709, Educational, dated 19th October 1907, I have the honour to state that in my proposals made for the distribution of the balance out of the five lakhs reserved in the local section of the budget estimates for 1907–1908, I recommended for the construction of new buildings certain allotments which represented the full demand in the case of the Nilgiri district, about 75 per cent. of the demand in the case of certain necessitous Boards and about 35 per cent. in the case of the other Boards except Salem. I propose that the unallotted balance of Rs. 56,900 out of the one lakh in the Provincial section may be utilized in enhancing the allotments to District Boards for new buildings for existing Board schools so as to meet in full the demands of the necessitous districts and about 60 per cent. of the demands of the other Boards. The figures originally recommended and those now proposed are given in the accompanying statement.

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 16th November 1907.

No.—Cur. 8361.

With reference to the closing paragraph of G.O., No. 736, Educational, dated 4th November 1907, asking me to make proposals for the utilization of the balance of Rs. 32,253 still remaining for distribution out of the provision of five lakhs for elementary education, I have the honour to propose that the amount in question be utilized for supplementing the sum of Rs. 5,64,000 provided in the Civil Budget Estimate for current year under "Adjusting Heads—Contributions to District Boards". A certain portion of this, which has been already fixed, is required for the upkeep of Board schools, the balance is to be devoted to the payment of teaching grants to elementary schools. In the revised estimate recently submitted, the amount was raised to Rs. 5,88,000.

2. From information now received from Inspecting officers, I find that the total amount required as contribution to the District Boards for the above-mentioned purposes during the current year is (in round figures) Rs. 7,07,000—assuming that the District Board allotments for education and the proposed contributions for upkeep of Board schools remain as they stand in the sanctioned budgets for the year. The total contribution for these purposes sanctioned by Government in 1906–1907 was Rs. 5,87,170. The reasons for the large increase this year are as follows :—

	RS.	
* 1906–1907	2,77,790	(a) The total * allotment from District Board funds for teaching grants for the current year is somewhat smaller than that for 1906–1907.
1907–1908	2,64,720	
+ 1906–1907	7,00,068	(b) The total † amount required for payment of teaching grants from or through District Board funds for the current year is very much larger than the amount actually so paid in 1906–1907. The reasons for this increase are—
1907–1908	8,25,000	

(1) Large increase in the number of schools admitted to aid.

(2) Transfer of schools from the list of secondary schools aided from Provincial funds to the list of elementary schools aided from or through Local funds.

(3) Inadequacy, in some districts, of amount actually provided in 1906-1907 for payment of elementary school teaching grants.

(4) Uniform approximation to the scale of grant allowed in Chapter III of the Grant-in-aid Code. In 1906-1907 the grants paid were based on those previously paid as "Results Grants" in accordance with the note to Chapter III of the Code. This year, Inspecting officers were ordered to calculate grants according to a uniform principle of approximation to the Code Grant with a view to payment of Code Grants next year.

3. I propose further that the balance of Rs. 56,900 remaining from the special provision of '83 lakh (G.O., No. 709, Educational, dated 19th October 1907) be devoted to supplementing this amount. The total amount available for "Contributions" would then be—

	Rs. 5,64,000 Civil Budget Estimate.
	„ 32,253 from the 5 lakhs.
	„ 56,900 from the '83 lakh.
Total .. „	6,53,153

My proposal regarding the utilization of the Rs. 56,900 made in my R. on C. No. 7812, dated 25th October 1907, may be regarded as cancelled in view of the fresh proposal now made.

4. I do not anticipate any savings under any head in the current Educational budget from which the deficit which still remains can be met and unless a further provision of at least Rs. 50,000 can be made it will be necessary to reduce the grants-in-aid. It is now clear that the amount entered in the budget estimate for 1908-1909 will be insufficient and I am addressing Government in a separate communication with a view to its enhancement.

Order—No. 834, Educational, dated 14th December 1907.

In the circumstances represented by the Director of Public Instruction in his letter of the 16th November 1907 read above, the balance of Rs. 32,253 out of the provision of five lakhs for elementary education under "Adjusting Heads—Contributions from Provincial to Local" made in the Civil Budget Estimate for the current year may be allotted for subsidy to District Boards for the payment of teaching grants to elementary schools.

2. Separate orders will issue on the proposals of the Director of Public Instruction for utilizing for this purpose the balance of Rs. 56,900 from the lump allotment of '83 lakh for elementary education and for an additional allotment of Rs. 50,000 under "Adjusting Heads—Contributions from Provincial to Local."

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 834, EDUCATIONAL, DATED 14TH DECEMBER 1907.

[SUBJECT.—Additional allotments to District Boards for the construction of new buildings for existing Board schools.]

From the Director of Public Instruction, dated 25th October 1907, No. 7812.

In paragraph 2 of G.O., No. 709, Educational, dated 19th October 1907, the Director of Public Instruction was requested to submit definite proposals for allotting the balance of Rs. 56,900, left out of the lump provision of '83 lakh for Primary education made in the Civil Budget estimate of the current year, towards rebuilding or improving the existing buildings for elementary schools "in such of the District Boards as are in need of funds for the purpose" or for any other object connected with elementary education on which additional funds could be usefully expended by the District Boards in the current year.

2. The Director of Public Instruction proposes the following further assignments to District Boards, except Salem and the Nilgiris, for construction of new buildings for existing Board schools:—

	RS.
Ganjām	730
Vizagapatam	2,000
Godāvari	4,330
Kistna	2,000
Guntūr	2,000
Kurnool	7,250
Bellary	2,540
Anantapur	3,630
Cuddapah	4,395
Nellore	1,580
Chingleput	2,100
North Arcot	1,500
South Arcot	1,750
Tanjore	5,500
Trichinopoly	1,750
Madura	4,500
Tinnevely	750
Coimbatore	1,750
Malabar	2,995
South Canara	3,850
Total	56,900

3. The proposals of the Director of Public Instruction may be accepted. This sum of Rs. 56,900 will first have to be transferred from "22. Education" to the head "Adjusting heads—Contributions from Provincial to Local"; but even if it is so transferred, it will not be available for expenditure under Local in the current year, unless Local and Municipal can reappropriate within the total budget grant on the Local side or unless India's sanction is obtained to an additional allotment in that section. For orders whether before deciding to address India for an additional allotment

Impossible.

in the Local section, Local and Municipal may be asked u.o. to state whether any reappropriation is possible.

K. RANGASWAMI AYYANGAR—9-11-07.

C. A. SOUTER—12-11-07.

I do not understand this building mania in Kurnool which has already received Rs. 12,000 for the purpose. I do not think that an additional Rs. 7,250 is required or can be spent usefully in the current year.

Since he sent in these proposals the Director of Public Instruction informed me that in revised estimates received from Inspecting officers, an additional sum of Rupees 1,30,000 was required in the current year for subsidy to enable Local Boards to pay grants in full. He intended to deal with them in submitting proposals for distribution of the balance of Rs. 32,000 odd in the Local section.

Have the Director of Public Instruction's proposals in that regard been received? If so the file should be linked. It would be better to spend the Rs. 56,900 on subsidies which we know are required, rather than on buildings which may be productive of waste and extravagance.

Please note the total assignment to each District Board for building purposes in each year since the grant commenced and the total of such grant.

H. D. TAYLOR—13-11-07.

The following statement shows the amount of grants sanctioned from the special assignment of six lakhs for primary education, for building purposes, to District Boards in the years 1905-1906, 1906-1907 and 1907-1908. The figures for 1905-1906 represent the grants given for new buildings, while those for 1906-1907 and 1907-1908 represent the grants sanctioned for the construction of new buildings and also for the completion of buildings commenced in the preceding year:—

2. With reference to the Secretary's question at A on page 2 *supra*, it is submitted that the proposals of the Director of Public Instruction on the subject therein referred to have not yet been received.

K. RANGASWAMI AIYANGAR—15-11-07.

C. A. SOUTER—15-11-07.

I think we had better wait till we get the other file back. Please remind the Director of Public Instruction by telephone to expedite his proposals.

H. D. TAYLOR—15-11-07.

From the Director of Public Instruction, dated 16th November 1907, No. 8361.

The proposals called for from the Director of Public Instruction in paragraph 6 of G.O., No. 736, Educational, dated 4th November 1907, have been received.

2. The Director of Public Instruction cancels his original proposal to distribute to District Boards the balance (Rs. 56,900) of the grant of Rs. 83 lakh provided in the Provincial section of the budget for building purposes. He states that according to recent statistics available as much as Rs. 7,07,000 is required for subsidy to District Boards towards payment of teaching grants to aided elementary schools, and the upkeep of their own schools, as against the budget provision of Rs. 5,64,000 and accordingly proposes to add to the above allotment the balance of Rs. 32,253 out of the provision of five lakhs and also the sum of Rs. 56,900 above referred to. He also requests an additional allotment of Rs. 50,000, so as to raise the provision under Contribution to Local Boards as nearly as possible to the amount required (Rs. 7,07,000). He observes that, if the additional sum of Rs. 50,000 is not sanctioned, the grant-in-aid will have to be reduced. If the additional sum of Rs. 50,000 is sanctioned and the sum of Rs. 56,900 is transferred from Provincial to the Local section of the budget, then the total provision under Contributions to District Boards will be—

RS.
5,64,000 budget allotment,
32,253 balance under the provision of 5 lakhs,
56,900 balance under Rs. 83 lakh,
50,000 additional allotment,

Total .. 7,03,153

against an estimated demand of Rs. 7,07,000.

3. The first thing to be done seems to be to ask Financial if they will agree to the transfer of the sum of Rs. 56,900 from "22. Education" to "Adjusting Heads—Contribution to Local Boards" and if they will allot the additional sum of Rs. 50,000 asked for by the Director of Public Instruction.

4. The Government of India will then have to be addressed for sanction to an additional allotment of Rs. 1,06,900 under Education in the Local section of the budget

K. RANGASWAMI AIYANGAR—18-11-07.

C. A. SOUTER—18-11-07.

The balance of Rs. 32,253 out of the provision of Rs. 5 lakhs out of the special grant in the Local section may be allotted for subsidy, and Financial Department may be asked as at B *supra*.

It seems very undesirable that in the first year of the new Grant-in-Aid Code it should be found necessary to cut down the grants below the full amount admissible.

H. D. TAYLOR—18-11-07.

G. S. F[ORBES]—18-11-07.

Please draft as at C and send to Financial for acceptance.

Further orders with reference to paragraph 3 of the office-note will issue in Financial. Perhaps the orders of India could be obtained by telegram on any proposals which may be accepted by Financial Department.

H. D. TAYLOR—19-11-07.

The draft order placed below is for approval. If approved, it may be sent to the Financial Department for acceptance.

K. RANGASWAMI AIYANGAR—19-11-07.

9. As to the additional allotment of 50 lakh under ADJUSTING HEADS, if Government decide to make the grant—and there is a good case for it—it may be met from—

to local boards. The Director places the grants this year (exclusive of this special subsidy) at 7.07 lakhs—a total of 10.89 lakhs. The settlement figure under contribution to Local for Education was 3.55 lakh, and since the settlement the new Grant-in-aid Code has necessitated the transfer from EDUCATION to CONTRIBUTIONS, of a sum (taking the budget estimate figure for 1906–1907, which is the only figure available) of 1.92 lakhs, representing what were formerly treated as grants-in-aid to local boards. If to these two sums there is added the 6 lakhs grant, we have 11.47 lakhs to work against. Portion of the 6 lakhs grant for primary education was intended to be expended by Provincial direct, but this portion is not large. There are also grants to Municipalities, but these are not heavy. We may, it is submitted, accept the proposal. But Educational would save time if they give us some idea of the future recurring expenditure involved in such proposals.

C. M. SCHMIDT—9-12-07.

For orders. We may accept the above proposals.

H. BRADLEY—10-12-07.

Yes. We may accept the proposals. Please fix as accurately as possible in communication with Local and Municipal how much of the 6 lakhs grant has been appropriated to recurring expenditure. I presume Financial will have to address India for the extra grant of 1,06,900 to local funds involved in these proposals.

Issue.

H. D. TAYLOR—14-12-07.

Presumably the draft is accepted in Financial department.

The Chief Secretary has not come yet. Perhaps Mr. Schmidt will let me know if the Educational draft is accepted and may issue.

H. D. TAYLOR—14-12-07.

The Honourable Member accepted the proposals and so far as Financial is concerned the draft may, it is submitted, issue.

C. M. SCHMIDT—14-12-07.

EDUCATIONAL DEPARTMENT.

After issue take up the question at "K" on page 7 *supra* sharp. It is impossible to fore see the amount of expenditure required for *subsidy*. This is constantly growing and will never be less than the total now asked for. As to the 6 lakhs grant we have for future years earmarked about Rs. 4 lakhs—3.82 for District Boards and 17 for Municipalities. Revision of supervisors' establishment will cost an extra 22.

Ref. No. 7812/07

Station Madras, Dated the 25 October 1907.

From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,
(Designation) Director of Public Instruction,

To the Secretary to the Government of Madras,
Educational Department

Su,

With reference to G.O. No. 709, Educational,
dated 19th October 1907, I have the honour to state that in my
proposals made for the distribution of the balance out of the
five lakhs reserved in the local section of the budget estimates
for 1907-08 I recommended for the construction of new buildings
certain allotments which represented the full demand in the case
of the Nilgiris District, about 75 per cent. of the demand in the
case of certain necessitous Boards and about 55 per cent. in the
case of the other Boards except Salem. I propose that the
unallotted balance of Rs. 56900 out of the 1 lakh in the
provincial section may be utilized in enhancing the allotments
to District Boards for new buildings for existing board schools
so as to meet in full the demands of the necessitous Districts
and

2 10 38

and about 60 per cent of the demands of the other Boards. The figures originally recommended and those now proposed are given in the accompanying statement.

I have the honour to be,

Sir,

Your most obedient servant,

II Current No. 8361 of 1907
Station Madras, Dated the 16th November 1907.

From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,

(Designation) Director of Public Instruction,

To the Secretary to the Government of Madras,
Educational Department

Sir,

E With reference to the closing paragraph of G.O. No. 736, Educational, dated 4th November 1907 asking me to make proposals for the utilization of the balance of Rs. 32253 still remaining for distribution out of the provision of five lakhs for elementary education, I have the honour to propose that the amount in question be utilized for supplementing the sum of Rs. 5,64000 provided in the Civil Budget Estimate for current year under "Adjusting Heads-Contributions to District Boards". A certain portion of this, which has been already fixed, ~~fixed~~ is required for the upkeep of Board Schools, the balance is to be devoted to the payment of teaching grants to elementary schools. In the Revised Estimate recently submitted the amount was raised to Rs. 5,88,000.

Q From information now received from Inspecting Officers, I find that

13 58
3.
that the total amount required as contribution to the District Boards for the above mentioned purposes during the current year is (in round figures) Rs. 7,07,000 - assuming that the District Board allotments for education and the proposed contributions for upkeep of Board Schools remain as they stand in the sanctioned Budgets for the year. The total contribution for these purposes sanctioned by Government in 1906-07 was Rs. 5,87,170. The reasons for the large increase this year are as follows:-

1906-7 - Rs. 2,77,790 } (a) The total allotment from
1907-8 - Rs. 2,64,720 } District Board Funds for teaching grants for the current year is

somewhat smaller than that for 1906-07.

1906-7 - Rs. 7,00,068 } (b) The total amount required
1907-8 - Rs. 8,25,000 } for payment of teaching grants from or through District Board Funds for the current year is very much larger than the amount ^{actually} paid in 1906-07. The reasons for this increase are-

- (1) Large increase in the number of schools admitted to aid.
- (2) Transfer of schools from the list of secondary schools aided from Provincial Funds to the list of elementary schools aided from or through Local Funds.
- (3) Inadequacy, in some districts, of amount actually provided in 1906-07 for payment of elementary school teaching grants.
- (4) Uniform approximation to the scale of grant allowed in Chapter III of the Grant-in-aid Code. In 1906-7 the grants paid were based on those previously paid as "Results Grants" in accordance with the note to Chapter III of the Code. This year Inspecting Officers were ordered to calculate grants according to a uniform principle of approximation to the Code Grant with a view to payment of Code Grants next year.

3. I propose further that the balance of Rs. 56,900 remaining from

14 74

✓

from the special provision of .83 lakh (G.O. No. 709^{1/2} Educational, dated 19th October 1907) be devoted to supplementing this amount. The total amount available for "Contributions" would then be

Rs. 5,64,000 Civil Budget Estimate.

Rs. 32,253 from the 5 lakhs.

Rs. 56,900 from the .83 lakh.

Total Rs. 6,53,153

My proposal regarding the utilization of the Rs. 56,900 made in my R. on C. No. 7812/07 dated 25th October 1907 may be regarded as cancelled in view of the fresh proposal now made.

4 I do not anticipate any savings under any Head in the current Educational Budget from which the deficit which still remains can be met and unless a further provision of at least Rs. 50,000 can be made it will be necessary to reduce the grants-in-aid. It is now clear that the amount entered in the Budget Estimate for 08-09 will be insufficient and I am addressing Government in a separate communication with a view to its enhancement.

I have the honour to be,

Sir,

Your most obedient servant,

Arthur Heyland

Additional allotments to District Boards for the construction of new buildings for existing Board schools.

D
In paragraph 2 of G.O. No.709 Educational, dated 19th October 1907, the Director of Public Instruction was requested to submit definite proposals for allotting the balance of Rs.56,900, left out of the lump provision of 83 lakhs for Primary Education made in the Civil budget estimate of the current year, towards rebuilding or improving the existing buildings for elementary Schools "in such of the District Boards as are "in need of funds for the purposes" or for any other object connected with elementary education on which additional funds could be usefully expended by the District Boards in the current year.

2. The Director of Public Instruction proposes the following further assignments to District Boards, except Salem and the Nilgiris, for construction of new buildings for existing Board Schools:-

3. The proposals of the Director of Public Instruction may be accepted. This sum of Rs. 56,900 will first have to be transferred from "22 Education ² Provincial" to the head "Adjusting heads - contributions from Provincial "to Local"; but even if it is so transferred, it will not be available for expenditure under Local in the current year, unless Local and Municipal can reappropriate within the total budget grant on the Local side or unless India's sanction is obtained to an additional allotment in that section. For orders whether before deciding to address India for an additional allotment in the Local section, Local and Municipal may be asked u.o. to state whether any reappropriation is possible.

The proposals called for from the Director Of Public Instruction in paragraph 6 of G.O. No. 736 Educational, dated 4th November 1907 have been received.

2. The Director of Public Instruction cancels his original proposal to distribute to District Boards the balance (Rs. 56,900) of the grant of .83 lakh provided in the Provincial Section of the budget for building purposes. He states that according to recent statistics available as much as Rs. 707,000 is required for subsidy to District Boards towards payment of teaching grants to aided elementary schools and the upkeep of their own schools, as against the budget

provision of Rs.5,64,000 and accordingly proposes to add to the above allotment the balance of Rs.32,253 out of the provision of five lakhs and also the sum of Rs.56,900 above referred to. He also requests an additional allotment of Rs.50,000, so as to raise the provision ~~for~~ under Contribution to Local Boards as nearly as possible to the amount required (Rs.7,07,000). He observes that if the additional sum of Rs.50,000 is not sanctioned, the Grant-in-Aid will have to be reduced. If the additional sum of Rs.50,000 is sanctioned and the sum of Rs.56,900 is transferred from Provincial to the Local Section of the budget, then the total provision under Contributions to District Boards will be,

Rs.5,64,000	Budget allotment.

" 56,900	Balance under .83 lakh
" 50,000	Additional allotment

Total Rs.7,03,153	

against an estimated demand of Rs.7,07,000.

3. The first thing to be done seems to be to ask Financial if they will agree to the transfer of the sum of Rs.56,900 from '22 Education' to 'Adjusting Heads - Contribution to Local Boards' and if they will allot the additional sum of Rs.50,000 asked for by the Director of Public Instruction.

4. The Government of India will then have to be addressed for sanction to an additional allotment of Rs.1,06,900 under Education in the

It seems very unreasonable that in the first year of the new grant in the Code it should be found necessary to cut down the grant below the full amount admissible.

leaving a balance of Rs.32,253.7 The Director of Public Instruction has been requested to submit proposals for the utilization of this grant.

4. The Director of Public Instruction has proposed that "the balance of Rs.32,253 still remaining for distribution out of the provision of five lakhs for elementary education" and "the balance of Rs.56,900 remaining from the special provision of .83 lakh should be utilised for supplementing the sum of Rs.5,64,000 provided in the Civil Budget estimate for current year under 'Adjusting Heads-Contributions to District Boards'".

The Director of Public Instruction states "a certain portion of this, (Rs.5,64,000), which has been already fixed, is required for the upkeep of Board Schools, the balance is to be devoted to the payments of teaching grants to elementary schools."

8. The proposal to transfer a sum of Rs.56,900 from 22-EDUCATION-Lump provision for Primary Education to ADJUSTING HEADS may be accepted in Financial. It will then be necessary to restore to the head 22 EDUCATION- the allotment of .06 lakh under the 22-EDUCATION-MISCELLANEOUS for a subsidy to Dr. Pope's Tamil Lexicon which has been resumed by Government.

9. As to the additional allotment of .50 lakh under ADJUSTING HEADS, if Government decide to make the grant - and there is a good case for it - it may be met from

(a) Balance of Rs.18,300 available from the provision of Rs.34,300 under CONTRIBUTIONS FROM PROVINCIAL TO LOCAL FUNDS- to Local Funds (Act V of 1884) For Public Works, made for the district Boards of Koraput, Vizagapatam and Bellary, which is not to be disbursed, and

(b) from the reserve with Financial.

There will be no difficulty in finding funds this year and Financial can allot the .50 lakh, but the principal point for consideration here is as to the amount of recurring expenditure involved. So far as can be gathered from the information supplied by the Educational Department 3.82 lakhs of the 6 lakhs grant for Primary Education has been pledged for subsidies to Local Boards. The Director places the grants this year (exclusive of this special subsidy) at 7.07 lakhs, a total of 10.89 lakhs. The settlement figure under contribution to Local for Education was 3.55 lakh, and since the settlement the new Grants-in-aid Code has necessitated the transfer from Education to Contributions of a sum (taking the B, E. figure for 1906-07, which is the only figure available) of 1.92 lakhs, representing what were formerly treated as grants-in-aid to local boards. If to these two sums there is added the 6 lakhs grant, we have 11.47 lakhs to work against. Portion of the 6 lakhs grant for primary education was intended to be expended by Provincial direct, but this portion is not large. There are also grants to municipalities but these are not heavy. We may, it is submitted, accept the proposal. But Educational would save time if ~~in this matter~~ they gave us some idea of the future recurring expenditure involved in such proposals.
