Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 17th December 1907.
No.—8289/07.

With reference to G.O., No. 512, Educational, dated 7th August 1907, I have the honour to request that I may now be permitted to pay the building grant on account of St. Ebba's girls' school, Royapettah, originally sanctioned in G.O., No. 583, Educational, dated 20th September 1904.

2. The manager reported that the latrines had been reconstructed in accordance with the proposals of the Sanitary Commissioner. So I visited the school myself and made a thorough inspection. The latrines are now in very good order and the plan furnished with G.O., No. 512, Educational, dated 7th August 1907, has been carried out.

3. I also visited the dormitories; a series of ventilation holes have been constructed in the wall at the floor level, chicks have been put up along the verandah and except on rainy nights a number of girls can now sleep in the verandah and although my visit was paid without any previous notice the air seemed quite fresh and good.

4. The bath rooms have been provided with chatties and seem quite suitable. The manager showed me the arrangements proposed for the construction of a sick room and these will be carried out as soon as funds are available which they will be when the grant is paid.

5. The whole building seems to be in very good condition and the children appeared happy and well-cared for. The accounts of the actual disbursements will be carefully scrutinized before any payment is made.

Order—No. 14, Educational, dated 8th January 1908.

In the circumstances stated, the Director of Public Instruction will be authorized to disburse the grant of Rs. 10,000 in aid of the building constructed for the St. Ebba's girls' school, Royapettah, which was sanctioned in G.O., No. 583, Educational, dated 20th September 1904.

NOTES CONNECTED WITH G.O., No. 14, EDUCATIONL, DATED
8TH JANUARY 1908.

[SUBJECT.—*Requesting permission to pay the building grant of Rs. 10,000 to the
St. Ebba's girls' school, Royapettah.*]

From the Director of Public Instruction, dated 17th December 1907, No. 8289.

Please see G.O., No. 512, Educational, dated 7th August 1907, and the notes connected with it.

2. The Director of Public Instruction (Dr. Bourne) states that on the report of the manager that the latrines had been reconstructed in accordance with the proposals of the Sanitary Commissioner, he visited the St. Ebba's girls' school, Royapettah, himself without any previous notice and found that the latrines were in very good order, that the ventilation of the dormitories had been greatly improved by means of a series of ventilation holes and chicks and that the bath rooms had been provided with chatties and seemed quite suitable. The Director adds that the whole building seemed to be in very good condition and that the children appeared happy and well-cared for.

3. The Director of Public Instruction therefore requests that he may be permitted to pay the building grant of Rs. 10,000 originally sanctioned in G.O., No. 583, Educational, dated 20th September 1904. He adds that the arrangements proposed for the construction of a sick room will be carried out as soon as the grant is paid.

4. It is for consideration whether the Director may be authorized to disburse the grant or whether the Sanitary Commissioner may be requested to inspect the building and to report whether the recommendations contained in his letter No. 1982-S., dated 11th July 1907, have been carried out by the management.

P.R.—2-1-08.

In G.O., No. 273, Educational, dated 8th May 1907, the Sanitary Commissioner was asked to inspect the building, as the Director of Public Instruction recommended that another inspection by the Sanitary Commissioner was necessary. Dr. Bourne now says that he is satisfied with the present state of the building. Perhaps it is unnecessary that the Sanitary Commissioner should inspect the building again.
