GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 18th January 1908.

No.—Cur. 368.

In my remarks on the educational portion of the budget estimates of the several Local fund boards for 1908–1909 I have given under revised estimates for 1907–1908, (1) the total expenditure required under Grant II, (2) the amount of provincial contribution from the special grant already sanctioned by Government to meet the additional cost of the revision of establishments of old schools and of the maintenance of the new schools, and (3) the balance required. I have stated further that the balance so required should be met from—

(i) local funds,

(ii) further contribution from Provincial funds.

In calculating the amount of this further contribution from Provincial funds, for the distribution of the allotment under “Adjusting heads” in the current year's civil budget estimate, I have assumed that the total provided under Grant II in the sanctioned budgets of the several District Boards for the current year *minus* the amount of Provincial contribution for Board schools, etc., and for payment of teaching grants, for which credit has been taken therein, represents the amount to be met from Local funds, and that only such portion of the balance as cannot be met by Local fund expenditure should be given as a further contribution or subsidy from Provincial funds for the current year. The amount of subsidy required for the current year for each District Board calculated on the above basis is shown in column 2 of the accompanying statement, and I have the honour to request that payment to the boards concerned of the amounts mentioned therein may be sanctioned.

2. The total amount required according to this statement is Rs. 6,37,470. The sum available for the purpose under “Adjusting heads” in the sanctioned budget for the current year is Rs. 5,64,000 which with the sum of Rs. 32,253 sanctioned from the special grant of 5 lakhs in G.O., No. 834, Educational, dated 14th December 1907, amounts to Rs. 5,96,253. The balance still required is Rs. 41,217. In paragraph 2 of G.O., No. 834, Educational, dated 14th December 1907, it was stated that separate orders would issue with regard to the proposal in my letter Cur. No. 8361, dated 16th November 1907, for utilizing under “Adjusting heads” the balance of Rs. 56,900 from the lump allotment of 83 lakh and for an additional allotment of Rs. 50,000 then requested. As the additional amount required is only Rs. 41,217 according to the present calculation, I request that Rs. 41,500 in round sum may be sanctioned from the sum of Rs. 56,900 mentioned above. No further allotment is required.

3. The total amount of teaching grants payable by the Local fund boards in each district for the current year has been shown under revised estimates for 1907–1908 in my remarks on the budget estimate of the District Boards for 1908–1909,

and the amounts are given for facility of reference in column 3 of the statement now submitted. The subsidy now asked for should be made payable to each board on the understanding that these amounts noted in column 3 are made available for payment of teaching grants.

4. In my letter Cur. No. 8361, dated 16th November 1907, the total amount of subsidy for the current year for Local fund boards was roughly estimated at Rupees 7,07,000, while the actual amount required according to the present calculation is Rs. 6,37,470. The large difference is due to the fact that the former estimate of Rs. 7,07,000 was based on a consideration of the sanctioned budgets for the current year, consideration of revision of establishments and opening of schools during the current year together with special grants from the Government of India's allotments to meet the extra cost involved thereby being intentionally excluded, while the present estimate of Rs. 6,37,470 is based on a consideration of the revised estimates (since received) wherein account is taken *inter alia* both of the additional expenditure and of the special grants alluded to above. In several cases the amount of special contribution from the special grant of 5 lakhs seems to have exceeded the actual additional cost it was supposed to meet.

5. I request the favour of *very early orders* on this letter in order to enable the inspecting officers to issue the grant bills of elementary schools as soon as possible. I was not able to submit this statement earlier owing to the fact that the calculation of the subsidy could not be completed until all the District Board budgets for 1908–1909 had been scrutinized. The late receipt of some of these budgets has entailed serious delay.

NOTES CONNECTED WITH G.O., No. 79, EDUCATIONAL,
DATED 30TH JANUARY 1908.

[SUBJECT.—*Proposals for the distribution of subsidy to Local Boards for the year 1907-1908.*]

From the Director of Public Instruction, dated 18th January 1908, No. 368.

In the Civil Budget estimate for the current year, the amount provided under "Adjusting heads—Contribution from Provincial to Local" for subsidy to Local Boards towards the payment of teaching grants to elementary schools was Rs. 5,64,000. In his letter, No. 8361, dated 16th November 1907, on page 2 of G.O., No. 834, Educational, dated 14th December 1907, the Director of Public Instruction (Dr. Bourne) stated that from statistics then available, he made out that the contribution which would be required in the current year was Rs. 7,07,000 and he accordingly proposed to increase the budget allotment for the purpose—

(1) by allotting the balance of Rs. 32,253 out of the allotment of five lakhs for elementary education under "Adjusting heads—Contributions to Local Boards" for subsidy to the Boards;

(2) by transferring the unallotted balance of Rs. 56,900 from the lump allotment of 83 lakh for elementary education; and

(3) by an additional allotment of Rs. 50,000 under "Adjusting heads—Contribution from Provincial to Local".

2. In G.O., No. 834, Educational, dated 14th December 1907, sanction was accorded to the allotment of Rs. 32,253 for subsidy to Local Boards for payment of teaching grants, and it was stated that separate orders would issue in the Financial Department for the transfer of Rs. 56,900 out of the lump provision for elementary education and for an additional allotment of Rs. 50,000.

3. Dr. Bourne now states that the actual amount required in the current year for subsidy to Local Boards on account of teaching grants, calculated with reference to the revised estimates of the several Local Boards, is Rs. 6,37,470 and requests that it would be sufficient if only a sum of Rs. 41,500, in round figures, were transferred from the balance of Rs. 56,900 referred to in the preceding paragraph. He also observes that the additional allotment of Rs. 50,000 asked for is not necessary and requests sanction for the distribution of the subsidy to District Boards as given in column 2 of the statement.

4. In G.O., No. 53, Financial, dated 20th January 1908, the Financial Department have sanctioned an additional allotment of Rs. 1,06,900 to the head "Adjusting heads—Contributions from Provincial to Local", the unexpended balance of the lump provision of 83 lakh for elementary education having been resumed.

RS.	RS.

32,253	6,37,470
1,06,900	—
7,03,153	66,530

The total amount available under this head is thus Rs. 7,03,153* or Rs. 7,04,000 in round figures, and if the distribution of the subsidy now proposed by the Director of Public Instruction is sanctioned, there will still be left Rs. 66,530†, available for allotment for other purposes.

5. A draft order is placed below for approval. If approved, it may be sent to the Local and Municipal Department for acceptance.

K. RANGASWAMI AIYANGAR—23-1-08.

C. A. SOUTER—23-1-08.

The revised figures may be accepted: but the Financial Department will have to be informed as to the Rs. 66,530. It will be possible, with the concurrence of that department, to reappropriate Rs. 40,000 towards equipment of secondary schools, proposals for which have gone to that department in a separate file.

The question of grants to the Corporation for elementary school buildings is also under consideration.

I understand from Director of Public Instruction that the reduction in his revised estimate for subsidy will not in any way effect his Budget estimate for 1908-1909.

H. D. TAYLOR—23-1-08.

To the Local and Municipal Department for acceptance or remarks.

LOCAL AND MUNICIPAL DEPARTMENT.

The draft order may, it is submitted, be accepted in this department. A note has been made as to the amount of subsidy payable to each District Board, for incorporation in the draft reviews of the Revised estimates for 1907-1908 and Budgets for 1908-1909 of the District Boards. The file may be passed on to the Financial Department u.o.

FINANCIAL DEPARTMENT.

As Educational say that Rs. 66,530 will not be required out of the allotment of Rs. 1,06,900 sanctioned by G.O., No. 53, Financial, dated 20th January 1908, it seems best to withdraw from this allotment the portion not required, viz., Rs. 66,530, an order to this effect being issued in modification of G.O., No. 53, Financial, dated 20th January 1908. This procedure would not perhaps contravene the orders in G.O., No. 185, Financial, dated 8th March 1906, and would secure the advantage of utilising the amount (Rs. 66,530) for other purposes.

C. M. SCHMIDT.

It is somewhat upsetting to have additional allotments surrendered in the manner within a few days of their being made.

C. M. SCHMIDT—25-1-08.

Draft accordingly please.

H. BRADLEY—27-1-08.

The sum of Rs. 66,530 above referred to is now available under the head Contributions from Provincial to Local. In another case it has been decided to give grants of (a) Rs. 5,000 to the Tinnevely Technical Institute* and of (b) Rs. 40,000 for the equipment of secondary schools under Private Municipal or District Board management.

* G.O., No. 84, Educational, dated 1st February 1908.

2. The grant of Rs. 5,000 will be disbursed to the Tinnevely District Board and is, therefore, debitable to the head "Adjusting heads—Contributions from Provincial to Local."

3. As regards the grant of Rs. 40,000 a portion of this sum intended for the secondary schools under Board management is debitable to the head "Adjusting heads" and the balance for the schools under the Private and Municipal management will be debited to the head—"22. Education".

4. In the linked case it has been proposed to ask the Educational department to give particulars of the grant of Rs. 40,000. On receipt of this information orders as to the reappropriation of the sum of Rs. 66,530 available under the head—"Contributions from Provincial to Local" may issue in Financial.

With reference to G.O., No. 79, Educational, dated 30th January 1908, sanctioning distribution of subsidy to District Boards may I assume that these amounts are made payable on the understanding that each Board allots for payment of teaching grant the amount entered in column 3 of the statement submitted with my letter, C No. 368, dated 18th January 1908, read in the Government Order under reference? Please see paragraph 3 of the same letter. I must tell Inspecting officers to-day, if possible, exactly what total amount is available for distribution in each district as teaching grant; are the amounts entered in column 3 of my statement referred to above available?

Telephonic message from the Secretary to Government, Educational Department, to the Director of Public Instruction, dated 31st January 1908.

The subsidies referred to in G.O., No. 79, Educational, dated 30th January 1908, should be made payable on the understanding that the amount made available for teaching grants by District Boards is as given in column 3 of the statement forwarded with your letter. The figures there given are available and a copy of the statement is being sent to you.

To the Secretary to the Government of Madras,
Educational Department.

Sir,

In my remarks on the educational portion of the
budget estimates of the several Local Fund Boards for 1908-1909
I have given under Revised estimates for 1907-1908 , (1) the
total expenditure required under Grant II, (2) the amount of
provincial contribution from the special grant already sanctioned
by Government to meet the additional cost of the revision of
establishments of old schools and of the maintenance of the new
schools and (3) the balance required. I have stated further
that the balance so required should be met from

(i) Local funds

(ii) Further contribution from Provincial
funds.

18th Jan. 1908. Read in the Ho. under reference.
Please see Para. 3 of the same letter. I must tell
the Inspecting Officers today, if possible, exactly what
total amount is available for distribution in each
district as teaching grant; are the amounts entered
in Col. 3 of my Statement referred to above available?
