To the Secretary to the Government of Madras,
Educational Department

Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for working the Government Lower Secondary School at Gumma in the Ganjam Agency as a higher elementary school.

2. Mr. Yates, Inspector of Schools, First Circle, wrote to me as follows on the subject:-

"My reasons are as follows:-

Out of the total of 70 boys only ten boys are at present reading English in the school: This, too, in spite of the fact that no fees are charged. Of the 3 boys reading English in Form II, who are now doing the 4th standard course in English, one comes from the Chinnakimedi Maliahs, the other two are sons of Paikos/ hereditary peons of the Bissoyi/ in Gumma. Of the other 7 boys two are sons of the Bissoyi. But the Bissoyi has already sent two of his sons to Parlakimedi and is ready to send the other two.

education and would be glad if the school were raised to the 7th standard as an Elementary school and if English were taught as an optional object.

Gumma though an Agency town /or rather village/ is on quite a different footing from Jeypore. There, there is a possibility of a secondary school flourishing and it may pay Government from educational stand point to run a secondary school. Here there is no material: the greater part of the population is Savara, with very little desire for even the simplest Primary education and of the Uriya inhabitants very few are desirous of sending their children to school for higher education and still fewer to pay for such education.

The present building is quite insufficient for a secondary school. Moreover the apparatus is altogether inadequate even for an elementary school."

3 The present scale of establishment sanctioned in G.O. No. 944 Financial dated 17th November 1902 consists of

Headmaster	Rs	25
1st Assistant	"	15
2nd Assistant	"	10
3rd Assistant	"	10
Sweeper	"	2

62

4 In view, however, of the school being situated in an Agency tract and of the desirability of its being worked as a fully equipped and efficiently conducted higher elementary school the Inspector has suggested the following scale which has been approved by the Government agent.

Headmaster	Rs	40 - 2 - 50	- 46 2/3
1st Assistant	"	25 - 1 - 30	- 28 1/3
2nd Assistant	"	20 - 1 - 25	- 23 1/3
3rd Assistant	"	15 - 1 - 20	- 18 1/3
4th Assistant	"	10 - 1 - 15	- 13 1/3

similar reason the provision made for a school may be struck out. With this modification the cost of the staff proposed will be Rs 130 a month against Rs 60 the present cost. But considering the advantages likely to result by working the school on the lines sketched out the additional expenditure is recommended to be incurred.

6 The proposal, if it meets with the approval of Government, may have effect from 1st March 1908 so as to admit of the necessary provision being made in the budget estimates for 1908-1909. The necessary proposition statement will be submitted on receipt of orders on it.

I have the honour to submit the proposition statement called for in Memorandum No. 1430-2, Educational, dated 10th October 1907. There are at present 7 standards in the school and the strength is expected to average between 70 and 80. As another teacher will, therefore, be necessary, I have, in accordance with the orders of Government, provided for an appointment on Rs. 10-1-15 in lieu of the one on Rs. 40-2-50 proposed.

2. The Inspector again urges that if the school is to be raised to the standard of a complete elementary institution by the addition of a 7th standard, a trained Matriculate Headmaster would be desirable and that to get a man to serve in the Parlakimedi Agency, particularly as Uriya Matriculates are scarce, a salary of Rs. 40-2-50 is not too much to offer.

In the budget proposals for 1908-09, a lump provision of Rs. 900 has been proposed for the revision of the establishment of this school on the assumption that a salary of Rs. 40-2-50 would be provided for the Headmaster. The extra cost of the present proposals if they are given effect to from 1st March next will be only Rs. 672 or 670 in round figures.

No. 2840, dated 12th June 1907.

SUBJECT.

Reorganization of the Govt. Lower Secondary School at Summa in the Sanjam Agency as a higher elementary school.

The D.P.I. requests the sanction of Govt. for working the Govt. Lower Secondary School at Summa in the Sanjam Agency as a higher elementary school.

2. The reasons for the proposal are -

- (1) Out of a total of 70 boys in the School only ten are at present reading English.
- (2) The inhabitants of the place do not care for higher Secondary education and wish that the School should be raised to the Seventh Standard and that English should be taught as an optional subject.
- (3) There is no material in the place for a Secondary School.
- (4) The building is quite insufficient for a Secondary School and the apparatus altogether inadequate.

3. The present scale of establishment of the School, the scale now proposed by the D.P.I. and the scale suggested in rule 82 of the Educational Rules are compared below: -

Vide paragraph 2 of the D.P.I.'s letter - pp 1 & 2 of cf.

Vide paragraphs 3 & 4 of the D.P.I.'s letter - pages 2 & 3 of cf.

Sweepers	2	2. 2	—
Total	Rs 62	138	73

Increase in cost is thus Rs 76 a month or Rs 912 a year.

4. The Director states that the scale proposed has in view the fact that the school is situated in an Agency tract and the desirability of ^{working} the school's being ~~run~~ as a fully equipped & efficiently conducted higher elementary school.

5. Drawing and Gymnastics will be taught by teachers on the staff. The appointment of a separate Drawing master or Gymnastics Instructor is therefore not necessary.

6. The proposal, if approved, will have effect from 1st March 1908.

7. It is for consideration whether the proposal may be approved.

to the 5th and 6th Standards in an Elementary
School. It is now proposed to open a 7th
Standard also, and to work the School
"as a fully equipped and efficiently conducted
higher elementary school."

Q. The number of teachers proposed, namely
five, against or one more than the present number,
appears to be necessary, as there will be eight
Classes in all, and 'Drawing' & 'Gymnastics' will
have to be taught by these Teachers themselves.
The scale of salaries proposed for the Teachers
seems, however, to be excessive, and to be generally
double what it ought to be under Rule 89
of the Educational Rules & unless it is pro-
posed to give the increased rates of pay to better
qualified Teachers than those at present
employed, the proposed scale of pay should not
it is submitted, be sanctioned. The scale of
pay now suggested is stated to have been
approved by the Govt. Agent.

25-6-07

Sec.

The proposal to constitute
the School a higher elementary

The scale of fees proposed
seems altogether excessive if
the present staff is to remain.

They have been working on the present pay since 1902 & as regards them personally there seems no justification in suddenly raising their pay. However, it is intended to import new & better material the scale proposed can be considered. Perhaps the D. P. D. may be asked to explain.

11 Guma is a very small village comparatively. The school was raised to the status of a L.S. school because the Province wanted to get education at home for its own boys. That necessity has now ceased. It is only 16 miles from Palanpur. The Government allows the school only 5000 in consideration of old relationship and of batta given to them by the Province. The standard may be raised to that of a complete elementary school.

2 The climate of Guma is not exceptionally unhealthy for the natives. The number of pupils is never likely to exceed 70. I think that 4 teachers will suffice. - the pay of the headmaster may be fixed at Rs 25-1-30. The provision

 The present 1st Asst. or R 15 might become

In submitting the proposition statement called for in Memorandum No. 1430-2 dated 10th October 1907, the Director of Public Instruction states that the ^{of Schools} Inspector again urges that if the school is to be worked as a complete elementary school by the addition of a seventh standard a trained Matriculate will be desirable, to whom a salary of Rs. 40-2-50 is not too much

much to offer, particularly as Uriya Matriculates are scarce. The school now contains seven standards (including the infant standard, apparently).

2. Dr. Bourne points out that the lump provision of Rs.900, in the C.B.E. for 1908-09 was made on the assumption that the pay of the headmaster would be Rs.40-2-50; but in the proposition statement, provision is made only for an additional teacher on Rs.10-1-15, the salaries of the other teachers being retained as in the scale originally proposed. It is submitted that sanction may be accorded to the proposals as contained in the proposition statement. The question of fixing a higher rate of salary for the headmaster, which has been raised by the Director of Public Instruction in paragraph 2 of his letter, may be reserved for consideration ^{if and when a} ~~later~~ seventh standard ^{is} ~~was~~ opened in the school.
