Letter—from F. A. COLERIDGE, Esq., I.C.S., President, District Board, Tinnevely.
To—the Secretary to Government, Educational Department.
Dated—the 27th August 1907.
No.—Ref. on Cur. 1023 of 1907.

In resolution No. 16, dated 22nd August 1907, the District Board have sanctioned the purchase of a new habitation for the Board Technical Institute, Tinnevely. The estimated cost is Rs. 10,000 including such additions as may have to be made after the acquisition. I have the honour to request that Government will be pleased to sanction a grant for the purchase of the building.

2. In G.O., No. 635, Educational, dated the 12th October 1889, a contribution of Rs. 5,000 was sanctioned for the construction of a building at an estimated cost of Rs. 10,000 but the amount was never drawn as the building was not constructed as intended.

3. For one reason or another the provision of suitable premises for the school has been delayed ever since. The building now selected has the approval of the Inspector of Technical Schools in his letter No. 57 L, dated the 25th January 1907.

4. A copy of the District Board's resolution is enclosed.

Letter—from ALFRED CHATTERTON, Esq., Director of Industrial and Technical Inquiries in the Madras Presidency.
To—the Director of Public Instruction.
Dated—the 18th September 1907.
No.—582-L.

I have the honour to forward Ref. on C. No. 1023 of 1907, dated 27th August 1907, from the President of the District Board, Tinnevely, requesting that Government may be pleased to sanction a grant for the purchase of a building for the Board Technical Institute, Tinnevely.

2. During my last visit to Tinnevely I inspected the premises which it is proposed to acquire for the school in company with the Treasury Deputy Collector. The buildings are not very convenient for a Technical school but they may be made to do. Considering the difficulties about acquiring a site I recommend that sanction be accorded to the purchase of that now selected. I am told that most of the boys who attend the school come from Palamecottah and not from Tinnevely and, if this is so, the new site is certainly more convenient for them.

N. Ref. on Cur. No. 7046, dated 16th December 1907.

Submitted to Government, Educational Department.

2. In the present Grant-in-aid Code, there is no provision under which the grant applied for can be sanctioned. In view of the remarks made by the Inspector of Technical Schools, the President's request deserves consideration. One-third of the actual cost of purchase of the building might perhaps be sanctioned as contribution to the Board payable with the usual annual contribution to the Board from Provincial Funds, when funds become available under "Adjusting Heads" in the Civil Budget Estimates.

3. Funds are not likely to be available for payment of the contribution during the current year.

A. G. BOURNE,
Director of Public Instruction.

Order—No. 84, Educational, dated 1st February 1908.

The Government are pleased to sanction the payment to the District Board of Tinnevely of a grant of Rs. 5,000 towards the cost of purchasing a building for the Technical Institute. This sum will be met from the balance of Rs. 66,530 available under the head "CONTRIBUTIONS FROM PROVINCIAL TO LOCAL".

2. The Director of Public Instruction will be requested to bring the curriculum of the Board Technical Institute under review in order to see whether it requires revision so as to secure that the instruction is given on proper technical lines and that a suitable educational test is prescribed as a condition of admission.

EDUCATIONAL DEPARTMENT.

Please put up G.O., No. 635, Educational, dated 12th October 1889. Was this grant a grant made under the Grant-in-Aid Code, or from Provincial Funds? If the former, can the Director of Public Instruction provide funds from his current budget?

What work is done by the Board Technical Institute, Tinnevely, and what is the nature of the instruction imparted therein.

H. D. TAYLOR—4-1-08.

Please see G.O., No. 635, Educational, dated 12th October 1889, put up. In that order sanction was accorded for a grant of Rs. 5,000 or one-half of the estimated cost (Rs. 10,000) towards the construction of a building for the Industrial Institution, Viraraghavapuram. Of this grant of Rs. 5,000, Rs. 3,333-5-4, representing one-third * of the estimated cost, was sanctioned as a building grant under the Grant-in-Aid Code out of the balance (Rs. 1,666-10-8) as a contribution from Provincial to Local funds. The President, District Board, Tinnevely (Mr. Coleridge) states that this grant was never drawn as the building was not constructed as proposed.

* This is maximum building grant admissible under the Grant-in-Aid Code.

provision in the Educational budget and
Vide G.O., No. 635, Educational, dated 12th October 1889.

2. The President of the District Board now requests that Government may be pleased to sanction a grant towards the purchase of a building for the Technical Institute, the cost of which is estimated at Rs. 10,000. The Director of Public Instruction (Dr. Bourne) recommends that one-third of the actual cost of the purchase of the building may be sanctioned as contribution to the Board "payable with the usual annual contribution to the Board from Provincial funds, when funds become available under Adjusting Heads" in the Civil Budget Estimates.

3 Local and Municipal schools having been withdrawn from the operation of the new Grant-in-Aid Code (1906 Edition), the payment of any grants towards the cost of the proposed building will have to be made as a "subsidy" and not as a grant under the Grant-in-Aid Code. The Director of Public Instruction says that funds are not likely to be available for payment of the contribution during the current year. If, however, it is decided that a contribution should be paid, funds may probably be found from the large Provincial surplus available with the Financial department.

But it has been held that in the case of buildings grants the same system may apply.

H. D. TAYLOR. The Director of Public Instruction says that funds are not likely to be available for payment of the contribution during the current year. If, however, it is decided that a contribution should be paid, funds may probably be found from the large Provincial surplus available with the Financial department.

4. The Board Technical Institute, Tinnevely, is one of the Technical schools which receive aid from public funds. In 1905-1906, the amount of grant paid was Rs. 988. The figures for 1906-1907 are not available as the subsidiary tables for the year have not yet been received. The subjects taught in this institution are—

Vide page 31, Appendix E., of Vol. II, Public Translation Report, 1906-1907.

- (1) carpentry.
- (2) blacksmith's work.
- (3) metal work.
- (4) rattan-work.
- (5) drawing.

The number of boys on the rolls of the institution on the 31st March 1907 was 104. No further details are available as to the nature of the instruction imparted in this institution.

K. RANGASWAMI AIYANGAR—5-1-08.

If a grant is paid at all, it will have to be as a "subsidy." Perhaps the Director of Public Instruction's recommendation that one-third of the actual cost of the purchase of the building may be given may be accepted. Mr. Chatterton thinks the purchase advisable.

C. A. SOUTER—6-1-08.

A grant of Rs. 3,333-5-4 may be given as a building grant under the provision under that head in the Educational budget, on the analogy of article 51 of the Grant-in-Aid Code, and the Financial Department may be asked to place an additional sum of Rs. 1,666-10-8 on the disposal of the Board from its general balance. This will practically reaffirm G.O., No. 635, Educational, dated 12th October 1889.

But first telephone to Director of Public Instruction or ascertain if he has Rs. 3,333 available in the current year under the provision for building grants.

H. D. TAYLOR—7-1-08.

The following telephone may issue to the Director of Public Instruction:—

"Your Endorsement N. Ref. on Cur. No. 7046, dated 16th December 1907, regarding a grant for the purchase of a building for the Board Technical Institute, Tinnevely. Please say if Rs. 3,333 is available in the current year under the provision for 'building grants' in the Educational Budget."

FINANCIAL DEPARTMENT.

The revised estimate under 22. Education shows an excess over the budget estimate and reappropriation from the grant under 22 is therefore inadmissible.

C. M. SCHMIDT—20-1-08.

The grant of Rs. 5,000 which it is proposed to sanction to the District Board, Tinnevely, is debitable to the head "ADJUSTING HEADS—CONTRIBUTIONS FROM 'PROVINCIAL TO LOCAL—To Local funds (Act V of 1884)—for Education."

2. The grants under this head are as follows:—

Major head.	Lakhs.
Budget grant	26-95
Altered grant	28-02
(including the 1-07 lakhs for subsidy which is being allotted).	
Revised estimate	28-02

3. The additional allotment of Rs. 5,000 now required under the head "Contributions from Provincial to Local—To Local Funds (Act V of 1894)" can be sanctioned from the balance * of the sum of Rs. 3,61,661 resumed by G.O., No. 592, Financial, dated 3rd December 1907.

4. It is not known if a corresponding allotment of .05 lakh is required in 1907-1908 in the local section under 45. CIVIL WORKS. If it is required, it can be met from the budget grant of 70 lakhs under 45. CIVIL WORKS—LOCAL which shows a saving of 8-18 lakhs, the latest revised estimate for 1907-1908 being placed by the Accountant-General at 61-82 lakhs.

5. Orders as at A can issue in Financial on receipt of the Local and Municipal Department proceedings that will be passed on this case.

V.G.K.—18-1-08.

C. M. SCHMIDT—20-1-08.

For orders. A grant can be provided if it is considered desirable to make one.

H. BRADLEY—21-1-08.

This seems a grant which should be made from the Educational budget. If this kind of grant is to be made as subsidy, "subsidy" will soon absorb our whole growth of revenue. I think if the grant cannot be found from the Educational budget it is not an object for which the general resources should be drawn on.

G. S[TOKES]—21-1-08.

H. BRADLEY—22-1-08.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Submitted to the Secretary.

2. In his note, dated 7th January 1908, the Secretary suggested that Rupees 3,333-5-4 of the proposed grant of Rs. 5,000 might be given as a building grant from the Educational budget and that the balance of Rs. 1,666-10-8 might

be sanctioned from the surplus balance at the disposal of the Financial Department. The Hon'ble Mr. Stokes has expressed the opinion that if the grant cannot be found from the Educational budget, it is not an object for which the general resources should be drawn on.

3. It is for consideration whether the whole of the grant of Rs. 5,000 may be sanctioned out of the Educational budget, Rs. 3,333-5-4 being paid in the current year and the balance next year. It is however observed that there will be a saving of Rs. 66,530 in the amount allotted for subsidy to Local Boards, under Adjusting heads, from which the small sum of Rs. 1,666-10-8 may be met in the current year.

Proposals have gone to Financial to utilise Rs. 40,000 of this on equipment of secondary schools.

H. D. TAYLOR.

Note—

The file on this subject is now with Local and Municipal. Apparently the whole Rs. 5,000 will have to go to this head?

H. D. TAYLOR.

K. RANGASWAMI AIYANGAR—24-1-08.

C. A. SOUTER—24-1-08.

It was only proposed to reaffirm the orders passed in G.O., No. 635, Educational, dated 12th October 1889, which have lapsed.

The grant may now be made in full out of the provision for "building grants" in the current year. The difficulty is that as the payment is to a Local Board it has to be transferred to "Adjusting Heads."

Board and Municipal schools have been taken out of the Grant-in-Aid Code and hence arises the necessity for making these building grants by way of subsidy. The Director of Public Instruction has already stated that he can spare Rs. 3,333 from the allotment under "building grants", but this apparently will have to be shown as a payment under "Adjusting Heads" also if it is a payment to a Local Board.

Financial may be asked if this view is correct, or if the Director of Public Instruction can provide the full amount of Rs. 5,000 under his revised budget and whether the payment may be sanctioned. It is really a matter of adjustment.

H. D. TAYLOR—24-1-08.

To the Financial Department.

Remarks of the Hon'ble Mr. G. Stokes, c.s.i., dated 27th January 1908, on the file relating to the allotment of a grant of Rs. 40,000 for Secondary schools—

"As there is money in the Educational budget, Rs. 5,000 may be given to the Tinnevely Technical Institute and Rs. 40,000 from the Rs. 66,530 available in Educational."

FINANCIAL DEPARTMENT.

As pointed out in paragraph 1 of Financial note, dated 18th January 1908, the grant of Rs. 5,000 to the Tinnevely District Board is debitable to the head "CONTRIBUTIONS FROM PROVINCIAL TO LOCAL—To Local Funds (Act V of 1884)—for

Cost of the proposed building will have
to be made ~~as a~~ as a 'subsidy' & not
as a grant under the Grant-in-aid Code.
The D.P.D. says that funds are not likely
to be available for payment of the contribution
during the current year. If, however, it is
decided that a contribution should be
paid, funds may probably be found from
the large Provincial ^{surplus} ~~balance~~ available
with the Financial Dept.

receive aid from public funds. In 1905-06,
the amount of grant paid was Rs 988, in
approx. The figures for 1906-07 are not available
as the subsidiary tables for that year have
not yet been received. The subjects taught
in this institution are

- (1) Carpentry
- (2) Blacksmith's work
- (3) Metal work
- (4) Rattan-work
- (5) Drawing.

The number of boys on the rolls of the
institution on the 31st March 1907 was 104.

If a grant is paid at all, it will have to be as a 'subsidy.' Perhaps the D.P.D.'s recommendation that $\frac{1}{3}$ of the actual cost of the purchase of the building may be given may be accepted. Mr. Chatterton p.c.f. thinks the purchase advisable.

pp. 4 & 5 of note file

Submitted to the Secretary -
2. In his note dated 7.1.08, the Secretary suggested that Rs 3333-5-4, of the proposed grant of Rs 5000 might be given as a building grant from the Educational Budget and that the balance of Rs 1666-10-8, might be sanctioned from the surplus balance at the disposal

disposal of the Financial Department. The Hon'ble Mr. Stokes has expressed the opinion that if the grant cannot be found from the Educational budget, it is not an object for which the general resources should be drawn on.

3. It is for consideration whether the whole of the grant of Rs 5000 may be sanctioned out of the Educational budget, Rs 3333-5-4, being paid in the Current Year & the balance next year. It is however observed that there will be a saving of Rs 66530 in the amount allotted for subsidy to Local Boards, under Adjusting heads, from which the small sum of Rs 1666-10-8 may be met in the Current year.

Leads:

~~Local~~ Board & Municipal School have been late out of the fact which is a consequence of the necessity for making these building grants by way of subsidy. The B.P. has already stated that he can spare Rs 3333 for the allotment under building grants but this apparently will have to be shown as a payment under advertising leads also. If it is a payment to Local Board.

Int. may be asked if this need is correct. If the B.P. can provide the full amount of Rs 5000 under the revised Budget, is better the payment may be sanctioned. It is really a matter of adjustment.
