GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from P. W. MONIE, Esq., Officiating Under Secretary to the Government of India.
To—the Chief Secretary to the Government of Madras.
Dated—Calcutta, the 18th January 1908.
No.—102.

I am directed to say that the Government of India have arranged that the "report on sanitary measures in India" which was formerly compiled in the India Office and presented annually to Parliament, should in future be prepared by the Sanitary Commissioner with the Government of India.

2. As the report will contain a prefatory note compiled by the Director-General, Indian Medical Service, giving information regarding medical institutions in India, I am to request that, with the permission of the Governor in Council, the Director-General may, in future, be supplied with a copy of the annual report on the medical schools in Madras.

Order—No. 104, Educational, dated 10th February 1908.

A copy each of the reports of the medical schools in Madras for the year 1906–1907 will be furnished to the Director-General, Indian Medical Service.

2. The Director of Public Instruction will be requested to supply the Director-General, Indian Medical Service, direct, with a copy of the future annual reports of the medical schools in Madras.

3. The following letter will be despatched to the Director-General, Indian Medical Service.

To

THE DIRECTOR-GENERAL, INDIAN MEDICAL SERVICE,

Dated Fort St. George, the 10th February 1908.

SIR,

As desired by the Government of India in their letter No. 102, Home Department, Medical, dated 18th January 1908, I am directed to forward a copy each of the annual reports of the medical schools in this Presidency for the year 1906–1907.

I am to add that the Director of Public Instruction, Madras, has been instructed to forward to you direct a copy of all future annual reports on the medical schools.

I have the honour to be,

Sir,

Your most obedient servant,

H. D. TAYLOR,
Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 104, 105, EDUCATIONAL,
DATED 10TH FEBRUARY 1908.

[SUBJECT.—Supply of a copy of the annual report on the medical schools to the Director-General, Indian Medical Service.]

From the Government of India, dated 18th January 1908, No. 102.

The Government of India request that the Director-General, Indian Medical Service, may, in future, be supplied with a copy of the annual report on the medical schools in this Presidency.

2. With regard to this, it is submitted, that besides the Medical College, the institutions maintained by Government are the medical schools at Rayapuram, Tanjore and Vizagapatam. The Director of Public Instruction submits a separate annual report on the working of the Medical College only which is also usually printed in the Medical College calendar for the succeeding year. The report on the working of the other medical schools is incorporated in the annual report on Public Instruction. There is no separate report for them.

3. The Director-General, Indian Medical Service, will be able to gather the information he requires from the Medical College calendar and the report on Public Instruction, a copy of each of which may be sent to him. If this is approved, it is for orders whether the Government of India may be informed of this.

India's letter does not refer to the report of the Medical College, but only to the reports of medical schools.

K.R.—30-1-08.

P.R.—30-1-08.

The Government of India only ask that the Director-General may be supplied with a copy of the annual report on the *medical schools* in Madras. No separate report is submitted to Government on the working of the medical schools, but some information regarding them is contained in the Public Instruction report—Cf. paragraphs 97 and 98 on pages 40 and 41 of Volume I of the last quinquennial report. Apparently the Director of Public Instruction gets annual reports on the working of each of the schools. It is for consideration whether the Director of Public Instruction may be asked to furnish the Director-General of the Indian Medical Service with copies of the annual reports of the medical schools, if any, received by him. The papers may first be sent to the Director of Public Instruction u.o. for remarks.
