GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 17th January 1908.
No.—Ref. on C. 9110 of 1907.

I have the honour to state that the President, District Board, Trichinopoly, in forwarding proposals for the distribution of the special grant, for the extension of elementary education, applied for funds for providing suitable buildings for the Secondary schools at Ariyalūr and Lalgudi. He was informed that the utilisation of any portion of this grant for Secondary school buildings could not be recommended to Government and was asked to state how much the Taluk Boards in question would be able to provide, with a view to seeing whether the remaining amount could be met from any saving in the Provincial educational budget. He now states in his letter R.C. No. 904, dated 10th December 1907 (copy submitted) that an estimate for Rs. 3,050 for improving the Secondary school building at Lalgudi and another for Rs. 7,500 for constructing a new building for the Lower Secondary school at Ariyalūr have been prepared and requests payment of a third grant of Rs. 1,017 for the Lalgudi school during the current year and of a third grant of Rs. 2,500 for the Ariyalūr school in the beginning of the next official year. As there are no funds available for the purpose under "Adjusting heads", I beg to recommend that a sum of Rs. 1,017 required for the Lalgudi school may be sanctioned for payment during the current year from the savings of Rs. 1,472 anticipated in the provision for "salaries" under College of Engineering in the current year's budget. The necessary reappropriation statement will be submitted on receipt of orders of Government.

2. The question of providing for the payment next year of a grant of Rs. 2,500 for the Ariyalūr school may be considered by Government in connection with the budget proposals for 1908-1909 for the District Board, and the amount may be added to the Provincial contribution for which credit is taken in the budget, if this can be done without detriment to the interests of elementary education.

ENCLOSURE.

Letter—from A. BUTTERWORTH, Esq., I.C.S., President, District Board, Trichinopoly.
To—the Director of Public Instruction.
Dated—the 10th December 1907.
No.—R.C. 904.

With reference to your R.C. No. 8961 of 1906, dated 30th September 1907, I have the honour to state that an estimate for Rs. 3,050 for improving the Secondary school building at Lalgudi and another for Rs. 7,500 for constructing a new building for the Lower Secondary school at Ariyalūr have been prepared. The Trichinopoly Taluk Board has allotted for the former Rs. 2,000 in the next year's budget and the Ariyalūr Taluk Board has allotted for the latter Rs. 5,000 in the current year by transfer from its closing balance, anticipating the balances in both cases to be met from the Provincial aid promised by you. The Lalgudi school work though urgent, cannot be started unless the Provincial grant is made available for expenditure in the current year. I, therefore, request that the one-third Provincial grant of Rs. 1,016-10-8

for this school may be sanctioned as early as possible in the current year. In the case of the Ariyalūr school, however, the work will be started with the available grant. As it does not seem probable that more than Rs. 5,000 can be spent by the end of the current official year I request that the Provincial grant of Rs. 2,500 for this school may be made available for expenditure at the beginning of the next official year.

Order—No. 145, Educational, dated 26th February 1908.

The Government are pleased to sanction the payment in the current year to the District Board of Trichinopoly of a grant of Rs. 3,517 towards the cost of improving the Secondary school building at Lalgudi and of constructing a Lower Secondary school at Ariyalūr.

2. The Accountant-General is requested to make the necessary adjustments in the accounts at an early date and report the fact to Government.

NOTES CONNECTED WITH G.O., No. 145, EDUCATIONAL,
DATED 26TH FEBRUARY 1908.

[SUBJECT.—*Submitting an application for building grants on behalf of the Board Lower Secondary schools at Lalgudi and Ariyalūr.*]

From the Director of Public Instruction, Madras, dated 17th January 1908, No. 9110.

The Director of Public Instruction in his current letter makes two proposals, namely—

(1) That a sum of Rs. 1,017 being one-third of the estimated cost (Rs. 3,050) of the building for the Board Lower Secondary school at Lalgudi in the Trichinopoly district may be sanctioned in the current year, and

(2) that a grant of Rs. 2,500 or one-third of the estimated cost (Rs. 7,500) of the Lower Secondary school at Ariyalūr in the same district may be sanctioned for payment in the beginning of the next official year.

2. Under the new Grant-in-aid Code, Local and Municipal schools have been removed from the scope of the Code and building grants to board schools have to be given only as a subsidy from Provincial funds and not under the Grant-in-aid Code.
Vide paragraph 3 of G.O., No. 356, Educational, dated 21st May 1906.

3. As regards the sum of Rs. 1,017 required for the Lalgudi school in the current year, the Director of Public Instruction recommends that this sum may be sanctioned from the savings of Rs. 1,472 anticipated in the provision for "salaries" under the College of Engineering in the current year's budget.

4. He also suggests that the question of providing for the payment next year of a grant of Rs. 2,500 for the Ariyalūr school, may be considered by Government in connection with the budget proposals of the Trichinopoly District Board in 1908-1909 and that the amount may be added to the Provincial contribution for which credit is taken in the budget, if this can be done without detriment to the interests of elementary education.

5. The proposed payment of a grant of Rs. 1,017 in the current year to the Lalgudi Board Secondary school may be approved. But the Director of Public Instruction has not submitted the plans and estimates, nor does he say by whom these were prepared and whether they have been approved by the Public Works Department.

6. The question of providing for a grant of Rs. 2,500 for the Ariyalūr school

Perhaps the grant of Rs. 1,017 may be approved. An estimate has been prepared, presumably by the District Board Engineer (?)

C. A. SOUTER—28-1-08.

A grant of Rs. 1,000 may be approved with the concurrence of Financial. There is a sufficient provision under adjusting heads. But Local and Municipal may be asked first whether the District Board has made, or can make, provision for the balance in 1908-1909 in its budget.

H. D. TAYLOR—29-1-80.

To the Local and Municipal Department.

LOCAL AND MUNICIPAL DEPARTMENT.

From the letter of the President, District Board, Trichinopoly, it appears that out of the sum of Rs. 3,050 required for improving the secondary school building at Lalgudi, Rs. 2,000 have been allotted in 1908-1909 and that the sum of Rs. 1,017 which is applied for as a grant from Provincial funds in 1907-1908 will, if made, be spent at once in the current year (1907-1908).

2. As regards the sum of Rs. 7,500 required for constructing the secondary school building at Ariyalur, the Board has allotted Rs. 5,000 in 1907-1908 and proposes to go on with the work to this extent, and the sum of Rs. 2,500 which is asked for as a grant from Provincial funds in 1908-1909 is required for completing the work in that year. For orders whether in view of the fact that the budget for 1908-1909 as revised in the office-note on the subject is expected to close with a

I have found it necessary to reduce the provision to Rs. 2,000 but the Board would ordinarily receive one-third grant.

H. D. TAYLOR.

balance of Rs. 3,640 in excess of the prescribed balance of 5 per cent. of the receipts, an allotment of Rs. 2,500 may be made for the work without a corresponding credit from Provincial funds.

N. CHENGAL RAO—8-2-08.

Question of special grant for buildings must be dealt with separately and apart from the budget. The special grant is not intended for secondary school buildings and there will now be no more special allotment for that grant.

A reappropriation from salaries to adjusting heads cannot be made without the sanction of the Financial Department. I understand that there is now provision available under adjusting heads in the current year from which the provision for Lalgudi can be made. Director of Public Instruction may be asked u.o.

The question of a building grant for Ariyalur secondary school may be considered on its merit on the analogy of rules governing building grant to aided institutions. If there is no sufficient provision under "adjusting heads," the grant cannot be made.

It seems desirable to enter separate provision in future in the Civil Budget Estimate under adjusting heads for—

- (a) Subsidy or grants-in-aid.
- (b) Building grant to local bodies.

H. D. TAYLOR—8-2-08.

To the Director of Public Instruction u.o.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

[Un-official No. 29, dated 17th February 1908.]

There is, so far as I know, a balance of Rs. 33,430 under adjusting heads (1907-1908). There was Rs. 5,64,000 in the Civil Budget Estimate, to this Rupees 1,06,900 was added (G.O., No. 53, Financial, dated 20th January 1908), while

That has been sanctioned.

H. D. TAYLOR.

Rs. 6,37,470 has been sanctioned for payment. Hence balance Rs. 33,430. I have, however, submitted a proposal for special apparatus grants to secondary schools which would absorb this balance.

That will be so for next year, I think. Please verify.

H. D. TAYLOR.

With reference to the Secretary's general remark I thought "adjusting heads" were to be abolished.

That is not the case at present, I think, though it is proposed to make the grant direct for Provincial in future to the institutions.

H. D. TAYLOR.

Now that we pay the whole amount required for teaching grant, the subsidy question requires reconsideration but pending this it seems hardly worth while making any change.

A. G. BOURNE—15-2-08.

EDUCATIONAL DEPARTMENT.

The balance under adjusting heads is, I think, now as follows:—

Grant for Tinnevely Technical Institute		RS. 65,683 5,000
Grant for Secondary schools		60,683 40,000
Balance		20,683

Of this Rs. 1,017 may be given as a grant for the Lalgudi school building, or Rs. 2,500 to Ariyalur or a total grant of Rs. 3,517 to the District Board, Trichinopoly.

Please verify.

H. D. TAYLOR—17-2-08.

Demi-official from A. J. Mayhew, Esq., Deputy Director of Public Instruction, to the Secretary to Government, Educational Department, dated 17th February 1908.

In the u.o. reply which is now sent to you the Director assumes that the total amount now available under adjusting heads is only Rs. 33,430. From the figures on which he based this assumption the sum of Rs. 32,253 transferred from the special grant of 5 lakhs in G.O., No. 834, Educational, dated 14th December 1907, was excluded by clerical oversight.

As the Director is now in camp and as I presume that the return of the u.o. file should no longer be delayed, I have thought it well to point out in this demi-official that the balance available under adjusting heads appears to be Rs. 65,683 and not Rs. 33,430, instead of sending the file back to the Director to permit of his altering the figures himself.

P.S.—I shall send a copy of this letter to the Director.

The figures given in the Secretary's note on page 2 have been verified and are correct.

2. The provision made in the Civil Budget Estimate for the current year under "Adjusting heads—Contributions from Provincial to local" for subsidies to local boards was Rs. 5,64,000. To this was added Rs. 32,253 by transfer from the provision of 5 lakhs for elementary education under "Adjusting heads—Contributions to local boards" and Rs. 1,06,900 by means of an additional allotment sanctioned by Financial. The total sum available under this head is Rs. 7,03,153. Out of this sum, the following allotments have been sanctioned or will be sanctioned:—

NOTES.

C.No.135, from the Director of Public Instruction, No.9110 dated 17-1-1908.

Subject.

Submitting an application for building grants on behalf of the Board Lower Secondary Schools at Lalgudi and Ariyalur.

The Director of Public Instruction in his current letter makes two proposals, namely,

- (1) That a sum of Rs.1,017 being one-third of the estimated cost (Rs.3,050) of the building for the Board Lower Secondary School at Lalgudi ^{in the Trincomalee District} may be sanctioned in the current year, and
- (2) That a grant of Rs.2,500 or one-third of the estimated cost (Rs.7,500) ^{from the same school} Lower Secondary School at Ariyalur may be sanctioned for payment in the beginning of the next official year.

2. Under the new Grant-in-Aid Code, Local and Municipal Schools have been removed from the scope of the Code and building grants to Board Schools have to be given only as a subsidy from Provincial ^{fund} and not under the Grant-in-Aid Code.

3. As regards the sum of Rs.1,017 required for the Lalgudi school in the current year, the Director of Public Instruction recommends that this sum may be sanctioned from the savings of Rs.1,472 anticipated in the provision for "salaries" under the College of Engineering in the current year's Budget.

4. He also suggests that the question of providing

providing for the payment next year of a grant of Rs.2,500 for the Ariyalur school, may be considered by Government in connection with the budget proposals of the ^{Trichy} District Board in 1908-1909 and that the amount may be added to the Provincial contribution ^{for} ~~of~~ which credit is taken in the budget, if this can be done without detriment to the interests of elementary education.

5. The proposed payment of a grant of Rs.1017 in the current year to the Lalgudi Board Secondary School may be approved. But the Director of Public Instruction has not submitted the plans and estimates, nor does he say by whom these were prepared and whether they have been approved by the Public Works Department.

6. The question of providing ^{of Rs 2500} for a grant for the Ariyalur school in the District Board's Budget for 1908-09 is one for consideration in the Local and Municipal Department.

Dear Mr. Taylor,

In the U.O. reply which is now sent to you the Director assumes that the total amount now available under Adjusting Heads is only Rs. 33,430. From the figures on which he based this assumption the sum of Rs. 32,253, transferred from the special grant of 5 lakhs in G.O. No. 834, Educational, dated 14th December 1907, was excluded by clerical oversight.

As the Director is now in camp and as I presume that the return of the U.O. File should no longer be delayed, I have thought it well to point out in *this* D.O. that the balance available under Adjusting Heads appears to be Rs. 65,683 and not Rs. 33,430, instead of sending the File back to the Director to permit of
