Ref on Cur NO - 8363/07

Station Madras, Dated the 25th March 1908.

From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,
(Designation) Director of Public Instruction

To the Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to submit the enclosed plan with estimate amounting to Rs 12,500/- for the construction of a building for the Sivaprakasa Vidyasala, Chidambaram, and to recommend that under Rule 51 of the Grant-in-Aid Code, a grant of Rs 4,166/- be sanctioned to be paid during 1908-1909.

2. The institution which was founded about 40 years ago by one Arumuga Navalar of Jaffna is mainly intended to promote the study of Tamil. The courses of studies followed in the five lower classes which are recognized and inspected by the Department is on the same lines as that followed in Elementary School. In the two higher classes, instruction is imparted in more advanced Tamil literature. I shall take steps to have these two classes placed under Departmental supervision.

Sanskrit

~~Sanskrit~~ is also taught in the school. During the past five years the average number of pupils on its rolls was as shown below:-

Year	Strength		Total
	Elementary	Advanced	
1902	156	12	168
1903	183	17	200
1904	162	24	186
1905	140	18	158
1906	138	13	151

The building in which the institution is now held is reported to be in a dilapidated condition and hence the proposed building has been found an absolute necessity.

3 Out of the income derived from the estate of the founder a sum of Rs 200 per annum is set apart for the upkeep of the school which is under the management of Mr. Sadasiva Pillai who is reported to be the trustee and manager of the late Founder's estate.

4. The inspecting officers report favourably on the school and the local Sub Assistant Inspector says that in his opinion, its permanency is assured and recommends sanction of the grant applied for.

The estimate is larger than is customary for Elementary schools under private Management and it has been suggested to the manager that it might be reduced. This he is not willing to do. The estimate need not, I think, be regarded as an obstacle to the sanction of at least a portion of the grant applied for.

5. The Manager certifies that he has the necessary funds at its disposal to begin and carry to completion the work soon after the grant has been promised and is prepared to execute the necessary mortgage.

I have the honour to be,
Sir,
Your most obedient servant
Arthur Dwyer
To Director of Public Instruction

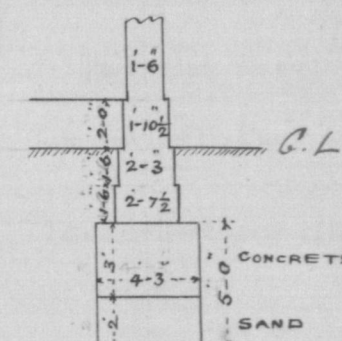

Note by the Chief Engineer, P.W.D./-

From the Director of Public Instruction, Ref. on C.No.8363/07, dated 25-3-08 submitting a plan and an estimate of Rs.12,500, for the construction of a Saivaprakasa Vidyasala, Chidambaram.

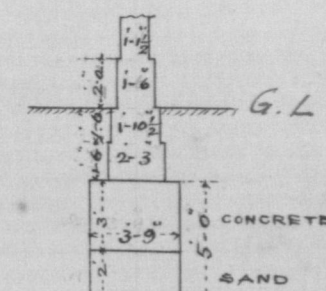

The plan and estimate require alterations with reference to the following remarks:-

- There is no necessity for making the outerwalls of the building 2 ft. $1\frac{1}{2}$ ft. is ample.
- The dimensions of the walls are not multiples of a brick and they may be altered as follows:-

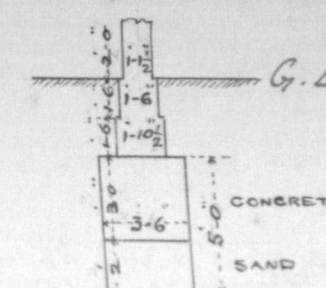

Section of wall
outer all round.

Section of partition
walls.

Section of retaining
wall of verandah.

Instead of beams in the hall-marked A above- rolled
^{beams}
 steel ~~girders~~ 15" x 5" x 42" lbs. may be used; and
 instead of bressummers- marked B above- rolled steel
^{beams}
~~girders~~ 8" x 5" x 28 lbs. may be used.

Pics
 6.5.8

Wye
 for EW

(c) Provision is made in the estimate for...
 pillars in the Hall of entrance to six places.
 Cast iron columns would be better. Right cast
 from pillars are sufficient for the Hall, no
 being necessary against the walls at any one
 where 1'-3" piers projecting 1'-8" from the
 wall will do.

(d) The interior bressummers and beams may be of
 steel instead of cast.

(e) The nature of the soil and subsoil should be
 reported so that it may be ascertained whether the foundations allowed
 suitable and sufficient.

(f) The rates for the undermentioned items are given
 and may be reduced or added against each item.

Item	Rate provided	Reduced rate
(1) Cornice work plaster 8 as per foot.		6 as per ft.
(2) Flooring with 2" Gouddapan on 4" concrete pointed with cement.	Rs. 29 per 100 sq. ft.	Rs. 28-2-0 per 100 sq. ft.
(3) Pattern windows with iron bars and ventilators with iron bars.	Rs. 2-0-0 per 100 sq. ft.	Rs. 1-5-0 per 100 sq. ft.
(4) Painting two coats	Rs. 3-0-0 per 100 sq. ft.	Rs. 2-8-0 per 100 sq. ft.

(g) The scantlings of roof timbers require alteration as below:-
