Director of Public Instruction,

To The Chief Secretary to the Government of Madras.

Educational Department

Sir,

I have the honour to request that sanction of Government may be obtained for the publication by Abdul Azizkhan Sahib, B.A. acting Sub Assistant Inspector of Muhammadan Schools, Rajahmundry Muhammadan Range of a book in Hindustani entitled "Methods of teaching the new Curricula" for the use of the Muhammadan teachers of elementary schools. The Inspector of Schools, First Circle, says that there is an undoubted need of some good book for Muhammadan teachers and that the proposed work seems to be quite on the right lines. I consider that attempts of this kind are worthy of encouragement.

The work, it is ^{reported} requested, was undertaken outside the Sub Assistant Inspector's office hours and without prejudice to his legitimate duties.

The Sub Assistant is prepared to sell his copy

right

right in the book to a private publisher.

I have the honour to be,

No. 428

FROM

SIR HAROLD STUART, K.C.V.O., C.S.I.,
Offg. Secretary to the Government of India,

TO

*The Secretary to the Govt of Madras,
Educational Dept.*

Home Department.
Education.

Simla, the 22nd May 1908.

SIR,

I AM directed to refer to your letter no. 223, dated the 23rd March 1908, and to state for the information of the Governor in Council that the Government of India have recently had under their consideration article 14 of the Code for European Schools, which is as follows :—

" Local Governments may, with the previous approval of the Governor General in Council, cancel or modify any articles or schedules of this Code, or may introduce new articles. "

These orders have been correctly understood by local Governments as precluding them from altering the Code or Schedules without the previous approval of the Governor General in Council, and the consequence has been that it has been necessary for them to refer to the Government of India for approval every proposed alteration, however small, and to explain the reasons for wishing to adopt it.

2. The general principles which the Government of India had in view in the preparation of the Code were explained in the Home Department letters dated the 27th November 1901, the 14th July 1903, the 14th August 1905 and the 8th June 1907. A separate Code for European schools has now been introduced wherever one was not already in existence; these schools have been brought under the inspection of a special inspector; a beginning has been made in the training of teachers; the public examinations have been reduced in number; scholarships have been improved; more liberal scales have been laid down for grants-in-aid and the Education Departments of the various provinces have devoted much care to devising suitable curricula and syllabuses for these schools. All schools, whether in receipt of aid or not, have been brought under inspection as a condition of recognition, and recognition is refused to such schools as are considered to be unnecessary or inefficient.

3. The Governor General in Council trusts that the efforts which are now being made for the improvement of the system of European education will be in no way relaxed, but that on the contrary they will be increased, especially in the direction of improving the qualifications of teachers by enabling the schools to offer them better rates of pay. But His Excellency in Council is of opinion that the continuance of the rule requiring every proposed amendment to the European Code to be submitted for his sanction will now tend rather to impede than to promote the objects in view, since the Code deals with a large number of details in

2

which uniformity in each province is unnecessary. Every reference to the Government of India for sanction to some small alteration, which local circumstances render desirable, involves useless labour and delay.

4. I am therefore to request that

with the permission of H. E. the Governor

article 14 of the European Schools Code may now be amended by the omission of the words "with the previous approval of the Governor General in Council." It is requested that local Governments will continue to refer for the previous sanction of the Government of India any proposed amendment of the Code which, in their opinion, involves a fundamental departure from the general principles on which the Code has been constructed, but that they will, in all other cases, amend it on their own responsibility as they think proper, merely forwarding a copy of the revised articles for the information of the Government of India.

5. I am to add that these orders may be applied in the case of the amendment of article 56 of the Code, to which sanction was asked in your letter no. 223, dated the 23rd March 1908.

I have the honour to be,

SIR,

Your most obedient servant,

H. A. STUART,

Offg. Secretary to the Government of India.
