*To the Secretary to the Government of Madras,
Educational Department*

Sir,

I have the honour to submit for favour of orders copy of a letter dated 26th March 1908 from Mr. Robert Stanes, one of the Trustees of the Stanes' High School, Coonoor, in which he points out the need for a new building for the school and requests that in view of the urgency of the matter and pending the submission of a formal application for grant, sanction may be given to proceed with the work towards the cost of which a grant from Government is required. The Inspector recommends that in the circumstances stated, the new building may be approved and that permission to commence work may be granted under Article 51 of the Code of Regulations for European Schools without prejudice to eligibility for a grant for which an application will shortly be submitted. I have informed the Correspondent of the school to the following effect :-

2
W
"In the circumstances stated, the Director will raise no objection to the new building being commenced, at once, without prejudice to the claim for a grant.

The matter will be reported to Government without delay, and if the Manager commences before orders are received, he must understand that the Director can accept no responsibility in the matter."

2. The plan, estimate and specification of the work are submitted herewith, and it is requested that they may be returned when orders are communicated on the present reference. My recommendation in regard to the building grant for the work will be submitted on receipt of the application from the management and after the plan and estimate have been approved by the officers of the Public Works Department.

I have the honour to be,

S i r,

Your most obedient servant,

Arthur Hastings

for Director of Public Instruction.

GH.

M.S.S.

3
Coimbatore,

26th March 1908.

E. W. Middlemast Esq.,

Inspector of European

and Training Schools,

M a n g a l o r e.

Sir,

As one of the trustees of the Stanes' High School, Coonoor, I have the honour to inform you that the Government has decided to take over the present building under the Land Acquisition Act for Municipal purposes for the sum of Rs. 8,000/-, and, therefore, it has become necessary for the Trustees and Committee to erect a new building as soon as possible.

2 A fine site of 3 acres has been secured which cost Rs. 3000 and will be presented to the school by the Union Church as a contribution which is allowed to use the Hall on Sundays.

3 I now beg to enclose plan of the proposed building drawn up by Mr. Dwyer, retired engineer, together with estimates and Specifications.

A // 4 As the Municipal Council wish to take over the building in 6 months' time, there is very little time to lose, so I would urge that sanction may be given at once to commence the building and I propose to hand over a copy of the plan and estimate &c. to the D.P.W. Engineer of this place with your approval, in order that he might criticise and pass the same.

// 5 The estimate you will observe comes to Rs. 13,600/-, and we think may run up to Rs. 14,000/- with little extras, so that there will be Rs. 6,000/- to provide for in addition to the money received from the Municipality. May I ask you kindly to obtain sanction for a grant towards this building as soon as possible.

4/6
6. The formal application signed by all the members of the Committee will be sent to you in due course, but as the matter is very urgent, there being so little time to erect the building, I trust you will push the matter forward and obtain sanction from the Director so that we may be able to proceed with the building without any further delay.

1 The Trustees and managing Committee will be willing to conform to all the terms laid down in the Code relating to the building grant.

I have the honour to be,

S i r,

Your obedient servant,

/Sd/ Robery Stanes,

Trustee.

M.S.S.

NOTE BY THE CHIEF ENGINEER, P.W.D.

Plans & Specifications
The estimate, amounting to Rs. 13,600, for constructing a new building for the Stanes' High School, Coonoor, ^{are} is recommended for approval subject to the following remarks and modifications:-

(1) Cutstone templates should be placed under the bearings of the trusses and girders.

(2) In the specification headed "Specification, Method of construction and Materials to be used", the brick pillars are shown by mistake as 3½" diameter. This should be 13½".

(3) The rolled beams and scantlings should be altered as shown below:-

Central room. |
Ground floor. |

As shown in the As recommended
estimate. to be altered.

Venteak

Joists 15" centres 3" x 6" 3" x 9"

Girders 12 x 5 x 32 lbs. 14 x 6 x 46 lbs.

Rear verandah |
or passage. |

Joists 15" centres 3" x 6" 3" x 9"

Girders 6" x 4½" x 20 lbs. 8" x 5" x 25 lbs.

Front verandah. |

Joists 15" centres 3" x 6" 2½" x 8"

Bressummers 5½" x 8" 6" x 11"

Upper floor, |
Central Hall- |
Mangalore tiles |
on corrugated |
iron, ½ pitch- |
Trusses 10 feet |
centres. |

Purlins..... 6" x 6" 4" x 7"
Principal rafter 5" x 7½" 5" x 8"
Struts 5" x 5½" 5" x 5"
Kingpost 5" x 5½" 9" x 5"

Verandah-Mangalore
tiles and Henkies
ceiling tiles-
+ pitch.

As shown in the
estimate. As recommended
to be altered.

Common rafters 1½' centres.	3" x 5"	2" x 6½"
Bressummers, 10 feet	5½" x 7½"	5" x 7"

(4) The masonry of the rear wall is presumably intended to be coursed rubble, the rate allowed being Rs.23.

(5) In the absence of a detailed schedule of quantities, the cost of the above alterations has not been calculated, *the sum can not be checked.*

NOTES.

W 3.6.08

W

C.No. 1081 From the S. P. I. No. 2792, dated 6. 5. 1908.

SUBJECT. Permission to begin the work of constructing a new building for the Stanes' High School, Coonoor.

It is a correct statement of facts. The building was of poor quality & the management of the house named J. P. I.

The Government having decided that the building in which the Stanes' High School, Coonoor, is now held should be taken under the Land Acquisition Act for Municipal purposes for a sum of Rs 8,000 the authorities of the School are obliged to construct a new building for the School at a cost of Rs 14,000. The Committee of the School intend applying for a building grant in aid of the ^{proposed new} building, but as the time within which the Municipality will take over the building is too short, Mr. Stanes, one of the trustees of the School requested the S. P. I. for permission to proceed with the work pending submission of a formal application for a grant. The Inspector of European and Training Schools recommended the grant of the concession, but the S. P. I. while informing the Correspondent of the School that he will raise no objection to the new building being commenced, at once, pending the submission by the Committee of a formal application, has stated, "The matter will be reported to Govt without delay and if the manager commences before orders are received he must understand that the Director can accept no responsibility in the matter."

2. It is submitted, however, that before permission

permission is granted to Commence the work
of. four. 245 Edly 18.5.06. the plans and estimates should be approved by the
... 767 ... 12.11.07 I. P. W. D. The file may, it is submitted, be forwarded
unofficially to that department with the request
that the matter may be treated as urgent.

The Committee of the School may then be
authorized to begin the work on the understanding
that the question of the grant will be considered
later on.

12-5-08

The point for Consideration in this
Case is whether permission should be granted
to Commence the construction of the School
building in advance of the submission of
an application for building grant. The
Case seems to be really urgent as the
acquisition of the existing School-building
has been sanctioned by Govt and the draft
declaration under sec. 6 of the Land Acqui-
sition Act has been ordered to be published.
In the Case of the Mysore Girls School
and the Venkataswamy High School,
the Govt. permitted the management to
Commence the work in advance, before
the plans & estimates had been scrutinized
by the P.W. Department, without prejudice
to their claim for a building grant. But
in connection with a similar request in the
Case

Case of the Kallikola College, Berhampur,
the Secretary (Mr. H. D. Taylor) observed, & the
Hon (The Honble Mr. Bradley) agreed in the
view, that it was undesirable to multiply
precedents of this nature. The ordinary pro-
cedure should be adopted. It should not
take long for the Committee to arrange
for the preparation of, or for the P.W.D.
to check estimates for the work specified
+ + +

2. In the present case, the plan estimates
of the proposed building, have been forwarded
with the D.P.D.'s letter and it does not ap-
pear that there will be much delay in
getting them approved by the Public Works
Department, before sanction is accorded
to ~~the~~ commence the work.

The draft order placed below is submitted for approval

7.6.08
16.6.08

The draft may be approved - but I desire to

point out as a warning in the foot

part of the office note at it is a hole!

There was no compulsory acquisition

in this case. My recollection is that

the old slaves' school building was

voluntarily offered to the Council by the

Maroon settlement, the said W, which

refers to acquisition of the

pp 546 of N.7.

The time required, to be filled in by D.W.

W

erroneous impression that the acquisition
 was compulsory. The fact that the
 acquisition notice issued in order
 to under secure the title of the
 2^d Council to a ~~private~~ purchase
 exclusively private negotiation, will
 not entitle the Management to
 any special consideration with
 matter of fact. It looks very
 much as if a claim was being
 asserted by the Management on
 this ground. The certificate taken
 No. he obtained from L.H. before
 any claim is considered
 Govt. made a present of Rs 5000
 to the Council to purchase the
 building
