From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,

Educational Local and Municipal Department

In, Through The Accountant-General/

I have the honour to request that Government may be pleased to sanction the opening of a Government Elementary School for the benefit of Muhammadan girls in the town of Trichinopoly.

2. There is a large Muhammadan population in this town, but there is absolutely no provision for the systematic education of Muhammadan girls in it. The Sub Assistant Inspector of Schools, Trichinopoly Muhammadan Range, having failed in his attempts to have a girls' school started by the Muhammadan community, suggested to the Municipal Council the desirability of opening a Municipal school for Muhammadan girls. The Council

u
though willing to aid a school started by the community has expressed its inability to bear the full cost of the maintenance of the proposed school. In these circumstances, the Inspectress recommends that a school be opened and maintained by the Department.

3. No doubt elementary education is a legitimate charge on Municipal funds and the Council may legitimately be required to establish the proposed school, but I doubt whether it is desirable to do this, seeing that a grant is already paid from provincial funds towards the cost of the revision of establishments in Municipal schools. If, therefore, provision is to be made for the education of Muhammadan girls, either the Municipality should be required to maintain a school on a promise of the contribution being increased or the school must be run under departmental control. I consider the latter course more satisfactory.

4. There is no provision for the charge in the Budget for 1908-1909, and I beg, therefore, to propose that the school be started in March next and to request that permission *may* be granted for the necessary provision being made in the budget for the ensuing year. The school may begin work with a single teacher on Rs 12 per mensem, and additional teachers may be appointed as the institution develops. A proposition statement, in duplicate, is herewith submitted for sanction.

I have the honour to be,

S i r ,

Your most obedient servant,

B. Krishnaswami
For Director of Public Instruction.

NOTES.

C No. 1253, from the Director of Public Instruction, No.1304, d/20-5-19

Subject.

Opening of a Muhammadan elementary school in the town of Trichinopoly.

The D.P.I. requests the sanction of Government to the opening of a Government elementary school for Muhammadan girls in the town of Trichinopoly with effect from March 1909 with a single teacher on Rs.12 per mensem to begin with.

2. The reasons for the proposal are--

(1) that there is absolutely no provision for the systematic education of Muhammadan girls in the town which has a large Muhammadan population,

(2) that all attempts to induce the Muhammadan community to open a school have failed, and

(3) that the Municipal Council has expressed its inability to open and maintain a school.

3. The Municipal Council of Trichinopoly now maintains one Lower Secondary school and nine Primary schools. Four of these - one Lower Secondary and three Primary schools - are intended for Muhammadans (boys apparently) and

the remaining six for Panchamas. In 1906-07 the net charge to the municipality on account of education was Rs.11,134 being 8.4 per cent. of the receipts from taxation. The municipality is now in receipt of a grant of Rs.628 per annum from Government towards the cost of establishment of its schools. If therefore, the

municipality is required to open a school, the contribution paid to it from Provincial funds should be increased, but the D.P.I. considers that it is more satisfactory to run a school under departmental control than to require the municipality to maintain one on a promise of increased Provincial contribution.

4. It is for consideration whether the Director's proposal may be approved.

I submit that the proposal may be appd. If Govt. now start this school, which is of a special nature, it is probable that the Municipality will take it over in time especially if it is a success.

It seems likely that it is
at all probable.

Under the revised grant-in-aid Code elementary education, whether of boys or girls is a proper charge upon local funds. Though formerly grant-in-aid of female elementary education was paid from Provincial funds. Still the Govt. continues to maintain a large number of girls schools, and especially Kulaswadai girls schools.

Thichonoly is a centre where one of these schools may well be established, but

I do not think it at all probable that the
 Mr. will be able to take over the school
 eventually, even if it proves successful.

The S.P.S. proposes to take the school
 from March 1909. This proposal was,
 with the concurrence of the P.T. Dept., he
