G.O., No. 497, 3rd July 1908.

Oriental Manuscripts Library.

Recording report on the working of the — during 1907-1908.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper:—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 22nd June 1908.

No.—Ref. on C. 3399.

I have the honour to submit herewith three copies of my Proceedings, Dis. No. 4472, dated 17th June 1908, reviewing the report on the working of the Oriental Manuscripts Library during 1907–1908.

ENCLOSURE.

Proceedings of the Director of Public Instruction, dated 17th June 1908, Dis. No. 4472.

Read—the following paper:—

Letter—from M.R. Ry. Rao Bahadur M. RANGACHARIAN Aiyangar, M.A., Curator, Government Oriental Manuscripts Library.

To—the Director of Public Instruction, Madras.

Dated—the 7th May 1908.

No.—104.

I have the honour to submit the report on the working of the Government Oriental Manuscripts Library during the year 1907–1908.

2. *Staff*.—T. S. Rangachari, B.A., the permanent vernacular munshi here, was transferred as the 7th clerk to the office of the Director of Public Instruction on the 23rd July 1907; and his place was filled up by the appointment of R. Ramaswami Aiyangar, B.A., who was a clerk in the Sub-Collector's office at Negapatam. K. Venkateswara Sastrigal, the assistant librarian, who was on privilege leave about the end of the previous year, joined his appointment after the expiry of the leave on the 6th of April 1907; and D. S. Sadagopachariar, the junior pandit in the library, who was acting for him, reverted to his permanent post. K. Gopala Row, the temporary clerk appointed in connection with the preparation of slips for the descriptive catalogue of Telugu manuscripts, took leave without allowance for one month and fifteen days from the 10th November 1907; and one Prabhakara Sastri was appointed to act in his place during the period.

3. *Contingent and travelling expenses*.—As I was not able to go out on anything like a long tour for the collection of manuscripts, the amount sanctioned under "Travelling allowances" could not be fully utilized; hence a sum of Rs. 100 was transferred by the Director of Public Instruction to the "office of the Assistant Inspector of Schools", Madras division. The sum of Rs. 650 originally allotted for the transcription of manuscripts was found insufficient, as a large number of manuscripts in bad condition had to be restored, and as also a large number of manuscripts obtained on loan had to be transcribed for the library. Consequently an additional allotment of Rs. 150 was applied for for this purpose; and it was sanctioned by the Director by transferring to this head Rs. 52 from the allotment for the purchase of manuscripts, etc., and Rs. 98 from the provision for "Carts to Hobart School" under "Training School for Mistresses." Out of the sum of Rs. 160 shown in statement No. 1 against "the preparation of manuscripts for the Press", a sum of Rs. 100 was utilized in connection with the *Ganitasāra saṅgraha* and the *Sarasidhānta saṅgraha*, and the remaining Rs. 60 in connection with the revision of slips for the descriptive catalogue of the Tamil manuscripts in the library.

4. *Visitors and Manuscripts consulted*.—Though there has been some decrease in the number of visitors, there has been a noticeable increase in the number of manuscripts consulted. This shows that the library has been put to good use during the year under report by the public, for whose benefit it is being maintained by Government. Some of the visitors who come there appreciate its usefulness sometimes so well that they sit there for almost the whole day, and go on consulting work after work dealing with the various subjects in which they are interested. Professor Macdonell of the University of Oxford, and Dr. David Eugene Smith, of the Teachers' College of the Columbia University, in New York, were also among the visitors to the library; and both of them appreciated our large collections of valuable manuscripts and the good work that was being done with them here.

In addition to the copying work done by the visitors for their own use, nearly 40,000 *granthas* of manuscript matter have been supplied by the library to scholars and to publishers of oriental works. The usefulness of the library has therefore been well enough maintained in this direction also. The local records kept in the library were again found to be required in deciding certain law suits in the District Court at Vizagapatam, and they were accordingly sent for by the District Judge. The Assistant Librarian was sent there with the required manuscripts to comply with the requisition of the Court.

5. *Tours for the collection of manuscripts*.—In the beginning of the year under report, I returned from a tour to Conjeevaram, where I succeeded in obtaining on loan from the family of a Pandit some rare manuscripts of value. About the middle of December last, I went on a short tour to Vellore, where also I arranged to get on loan some rare manuscripts to be transcribed for the library. R. Ramaswami Aiyangar, the vernacular Munshi was sent out on tour to Kumbakonam, Timmagudi and Negapatam; and he was able to bring with him 102 manuscripts, most of which were purchased for the library. A few among them were received as presents; and some were also received on loan for transcription. D. S. Sadagopachari was also sent out on tour to some villages in the Chingleput and the North Arcot districts, and was able to procure 35 manuscripts for purchase and 15 manuscripts as presents.

(Owing to the very heavy work that has had to be done in the library itself, the members of the staff could not be sent out more frequently on tour. Nevertheless arrangements were made, not without some difficulty, to have manuscripts sent to us here at the head-quarters, and this fortunately enabled me to purchase a sufficiently large number of them for the library. As in the previous years, certain important manuscripts, which the owners would not part with, were transcribed at outside stations.

6. *Manuscripts acquired*.—During the year under report only 61 manuscripts were received as presents as against 110 manuscripts of the previous year. In spite of this, and in spite of the fact that the amount available for transcription was nearly Rs. 100 less than what was utilized for the same purpose last year, there has been an increase in the total number of manuscripts added to the library, as will be seen from statement No. IV appended to the report. This is obviously due to the fact that a larger number of manuscripts could be purchased in the course of the year under report than in the previous year. A detailed list giving particulars about the rarity, importance and usefulness of the manuscripts added to the library is given as usual in appendix B.

7. *Descriptive catalogues*.—(A) *Of the manuscripts acquired since 1899*.—The descriptive slips of the manuscripts acquired in the three years commencing from 1899, which were prepared in the year 1905–1906, have mostly been incorporated in the various parts of the catalogue already printed; and there remain only 23 slips out of them, relating to Tamil and Sanskrit works; and these have to be incorporated in the catalogue hereafter, when the subjects with which they deal come up to be printed. The manuscripts acquired during the three years 1902–1903, 1903–1904, 1904–1905 were also examined with a view to prepare the descriptive slips of such manuscripts as related to the subjects dealt with in the catalogue printed during the year; and a few slips relating to these manuscripts were also incorporated in the catalogue, so as to make it up to date as far as possible under the circumstances.

(B) *Of the Sanskrit manuscripts.*—During the year under report Volume IV, Part I of the descriptive catalogue treating about the Itihāsas and Purāṇas and covering about 354 pages of printed matter, has been published; and 832 old slips have had to be revised and 324 new slips have also had to be prepared. Out of these 1,156 slips, 1,068 slips relating to as many works from No. 3415 to No. 4512 as against 1,079 slips of the previous year, have been printed during the year under report. The index and the table of contents of Volume IV, Part II of the descriptive catalogue, which treats about the *Upapurāṇas* and *Shālamāhāmyas*, have also been sent to the press; and this part of the catalogue will therefore be issued very shortly from the press.

(C) *Of the Vernacular manuscripts.—Tamil manuscripts.*—In connection with the Tamil manuscripts in the library, 107 descriptive slips were revised and printed during the year as against 93 printed in the previous year. In addition to this it was found to be possible to revise 109 more slips and to send them to the press before the close of the official year.

The number of the descriptive catalogue slips printed altogether during the year—including both Sanskrit and Tamil slips—is 1,175 as against 1,172 of the previous year.

(2) *Telugu manuscripts.*—During the year under report, 559 manuscripts have been examined, so as to have the needed descriptive slips prepared for them; and there remain still 989 works for which descriptive slips have to be prepared, exclusive of the manuscripts recently acquired.

8. *Publication of works.*—The whole of the Sanskrit original of the *Sarvasiddhānta-sāgraha* was revised and sent to the press with the order to strike; and more than two-thirds of the translation was also sent to the press. It is hoped that the work may be soon published. Some progress has been made with regard to the printing of the *Gaṇitasārasaṅgraha* and its translation. As it appeared desirable to expedite the publication of the former work, I was not able to devote more time to the printing of this latter mathematical work and its translation. The work of comparing, collating and correcting has been finished in connection with the *Padyaśūdhāmaṇi*; and the work is now ready to be sent to the press.

9. *Preservation of manuscripts.*—Special care has been taken in this matter of the preservation of manuscripts this year. The glass almirahs were in bad condition owing to want of repair; and their shutters did not easily slide, so that it became hard to take out the manuscripts for the purpose of cleaning them, and applying oil to them, and exposing them to the sun. Accordingly Mr. E. Thurston, the Superintendent of the Museum, was addressed on the subject, and the almirahs were all repaired as required. In all 209 manuscripts were coated with naphtha oil in the course of the year. Most of these manuscripts happen to be voluminous ones, and consequently their mere number does not give a true measure of the quantity of work done in this direction. The whole collection of the Sanskrit manuscripts in the library, and all the printed books have been dusted and cleaned; and Rs. 44-14-0 have been spent during the year to prevent the ravages of book worms, as against Rs. 24-10-0 utilized for this purpose during the previous year.

10. *Printed books.*—A fairly large number of printed books have been added to the library at a cost of Rs. 498-10-0. In addition to this, five books have been received as presents to the library from three persons. The printed books continue to be much appreciated even by those, who come here in search of manuscripts, and are being constantly consulted by the office staff as well as by the public. A list of the printed books purchased and presented during the year is given in appendix A of the report.

11. On the whole I feel satisfied that the working of the library has been maintained at a high level of efficiency, and that the members on the staff thereof have all discharged their duties with intelligence and with an appropriate sense of responsibility.

Proceedings, Dis. No. 4472 of 1908.

Recorded.

2. There was a fall in the number of visitors to the library during the year, but the institution continued to be popular as was evidenced by the increase in the number of manuscripts consulted. Fair progress was made in the preparation of the Descriptive Catalogue, though the number of Telugu works for which Descriptive slips were prepared was less than in the previous year.

3. Arrangements should have been made to submit the report to this office by the prescribed date, viz., the 1st May.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 497, EDUCATIONAL,
DATED 3RD JULY 1908.

[SUBJECT.—*Report on the working of the Oriental Manuscripts Library during*
1907-1908.]

From the Director of Public Instruction, dated 22nd June 1908, No. 3399.

There seems to have been no slackness in the work of the Library and the report calls for no remarks.

2. A draft order recording the report is placed below for approval.

3. The report is usually placed on Editor's Table.

T.K.—29-6-08.

Please see the tabular statement showing the outturn of work in the Library on page 1 of the notes connected with G.O., No. 421, Educational, dated 3rd July 1907. The corresponding figures for 1907-1908 have been added at the end of the statement in red ink. Fair progress appears to have been made in the preparation of the descriptive catalogue—*vide* paragraph 7 (B) of the report, page 4.

K. RANGASWAMI AIYANGAR—29-6-08.

C. A. SOUTER—30-6-08.

There has been a steady decline in the number of manuscripts copied since 1905-1906, the number having fallen from 123 to 54. May be recorded.

H. D. TAYLOR—1-7-08.

Yes. Recorded.

M. H[AMMICK]—2-7-08.
