GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 26th May 1908.

No.—Ref. on Cur. No. 4871/07.

In continuation of my letter Ref. on Cur. No. 4871 of 1907, dated 24th March 1908 (*vide* paragraph 7), I have the honour to submit that, under the old rules (rule 98) of the College of Engineering, a student who failed to obtain a certificate from the Board of Examiners at the final examination could appear before the Board for examination in any subsequent year on certain conditions. Candidates who qualified themselves in this way were termed "independent candidates". But the new rules of the college do not recognize these candidates. Under rules 14, 20 and 25, a student who fails to obtain qualifying marks at a sessional or final examination cannot be promoted or pass out, but must either leave the college or join the class division next below his own. The Principal states that if, in accordance with the old rules, the principle of re-examination in the case of these candidates is to be followed, it will be necessary to continue to provide complete sets of papers under the old syllabuses so long as any of them choose to apply. This, however, will not be practicable considering the difficulties that present themselves in the matter of financing even the ordinary college examinations; but some consideration should be shown to failed candidates who originally joined the college under the old rules and who may, therefore, claim to be re-examined under rule 98. I have ascertained the number of such candidates and they are approximately as follows :—

Engineer candidates	..	..	..	..	..	..	..	6
Do. subordinates	..	..	..	..	..	..	..	20
Sub-overseers	..	..	..	..	..	..	..	30
Draughtsmen	..	..	..	..	..	..	..	30

I beg to propose that all these candidates may be warned that they should appear for the respective examinations this year, as they will have no opportunity of appearing for special examinations thereafter but that they will receive certificates stating, as nearly as possible, the value of their college work, and that for posts for which no better qualified applicants may be forthcoming, applications for exemption will be made on behalf of the holders of these certificates. I may add that only the Engineer and Engineer-subordinate students are likely to apply for Government posts.

Order—No. 556, Educational, dated 22nd July 1908.

The Government sanction the proposal of the Director of Public Instruction that students of the College of Engineering who joined the college under the old rules and who have as yet failed to obtain a certificate from the Board of Examiners by passing the final examination should be given a further opportunity to pass the examination according to the standard prescribed by the old rules. A re-examination

may accordingly be held in the current year and the candidates should be warned that all of them should appear at this examination and that no further re-examination will be held. The Director of Public Instruction should, however, understand that no hope of exemption or of appointment should be held out to such of these students as may fail to qualify at the examination.

NOTES CONNECTED WITH G.O., No. 556, EDUCATIONAL,
DATED 22ND JULY 1908.

[SUBJECT.—*Proposals for the examination of the students of the College of Engineering who have failed to obtain a certificate under the old rules.*]

From the Director of Public Instruction, dated 26th May 1908, No. 4871.

Under the new rules of the College of Engineering, which were approved in G.O., No. 159, Educational, dated 20th March 1907, a student who fails to obtain qualifying marks at a sessional or final examination will not be promoted or pass out, but must either leave the college or join the class division next below his own—*vide* rules 14, 20 and 25. But under the old rules which were in force till the 31st March 1907, this was not so. On the contrary, under those rules—*vide* rule 98 of the rules printed with G.O., No. 37, Educational, dated 20th January 1906—a student who had failed to obtain a certificate from the Board of Examiners at the final examination might appear before the Board for examination in any subsequent year, provided he was certified to have put in the necessary attendance at the college and paid the prescribed fee.

2. The Director of Public Instruction states that there are at present about * 86 students who have failed to obtain a certificate under the old rules and who may claim to be re-examined in accordance with the provision of rule 98 of the old rules. Dr. Bourne is of opinion that some consideration should be shown to these students, but that, in view of the difficulties that present themselves in the matter of financing the college examinations, it will not be practicable to arrange for the re-examination of these students for so long as any of them choose to apply, as this will involve the provision of a complete set of papers under the old syllabuses.

Page 14 of G.O., No. 37, Educational, dated 20th January 1906.

3. Dr. Bourne accordingly proposes that all these old students of the college, who have not yet obtained a certificate from the Board, may be warned that they should appear for their re-examination this year, as they will have no opportunity of appearing for special examinations thereafter, but that they will be given certificates, stating as nearly as possible, the value of their college work, and that for posts for which qualified candidates may not be forthcoming, applications for exemption will be made on behalf of the holders of such certificates.

4. It is for consideration whether the proposals of the Director of Public Instruction may be approved.

T. KANAKASUNDARAM PILLAI—2-6-08.

There seems no harm in approving the proposal to allow these students to appear for the next examination, but it seems inadvisable to say anything about exemptions. Dr. Bourne says that only 26 of them are likely to apply for posts in the public service, but even so, no hope should be given that exemptions will be granted.

I agree. The Public Works Department and Local Fund Department do not presumably want a lot of incompetents.

H. D. TAYLOR.

Certainly not.

H. D. TAYLOR.

C. A. SOUTER—3-6-08.

The old rules having been superseded, they cannot, I submit, remain in force as regards a class of inefficients. The reorganization of the college under the new rules was designed to improve the qualifications of men turned out by the college.

2. The Director of Public Instruction's proposal that they should be allowed to appear for re-examination under the old rules for this year only may be approved.

3. I am not in favour of giving any certificates except as to *attendance* as apart from *value* or of holding out any special hopes of exemption.

4. The rule is that application for exemption should be made through the head of the department who, in the absence of passed candidates, fails to secure a qualified man. These applications are sufficiently frequent as it is.
