ABSTRACT.—Submitting application for grant from Provincial funds on behalf of the Board Lower Secondary School, Angadipuram.

ENCLOSURE.

APPENDIX M.

CHAPTER VIII, RULE 50.

APPLICATION for grant for school building.

1. Name of Institution.	Board Lower Secondary School, Angadipuram.
2. Society, Association, or person owning the Institution.	President, Taluk Board, Malappuram.
3. Correspondent.	Headmaster, Board Lower Secondary School, Angadipuram.
4. Number and date of Proceedings or Memorandum recognising the school under the Educational rules.	Proceedings of the Director of Public Instruction, No. 10181, dated 11th September 1893.
5. Number of Forms or classes with average strength of each.	III Form 14.5; II Form 20.5; I Form 24; IV class 21.4; III class 25.75.
6. Existing accommodation (number of rooms and size of each).	The present building in which the school is held is a Local Fund chattram and the Board proposes to erect a pukka tiled building to accommodate its school leaving the chattram to its legitimate use.
7. Proposed additions (number of rooms and size of each).	
8. Estimated cost.	School building Rs. 3,000; gymnastic shed Rs. 380. Total Rs. 3,380.

9. Amount of grant applied for.	$\frac{1}{3}$ of Rs. 3,380 = Rs. 1,126-10-8.		
10. Inspecting officers' remarks regarding accommodation in the last report on the school.	"The new building is the first and principal need." 12th March 1908. P. P. BRAITHWAITE, <i>Insp. of Schools, VI Circle.</i> 1904. "Accommodation neither good nor sufficient." "This remark was made last year." A. S. VAIDYANADHAIYAR, <i>Asst. Insp. of Schools, Malabar Dn.</i> 1905. "Not sufficient." T. J. VENKATACHALA AIYAR, <i>Asst. Insp. of Schools, Malabar Dn.</i> 1906. "Not suitable for a Lower Secondary School." P. G. VANCHI AIYAR, <i>Ag. Asst. Insp. of Schools, Malabar Division.</i>		
11. Amount of building grants drawn by the school in previous years with number and date of the order sanctioning the same.	Year.	Amount.	No. and date of order.
		Nil.	
12. Remarks (Necessity for the proposed accommodation).	The school is at present held in the Local Fund chattram. The building is not only dark and gloomy and quite unsuited for a school; but it now stands in need of urgent and thorough repair. The Inspector of Schools, VI Circle, in his last inspection report has made the following remarks:—"The new building is the first and principal need."		

Declaration.—On behalf of the management of the school, I hereby declare that the property is unencumbered and that it will not be alienated or encumbered without the consent of Government within twenty years and that the conditions of recognition and aid laid down in the Madras Educational rules and in the Grant-in-aid Code, are being and will continue to be fully observed excepting those rules from which the institution has been specially exempted by the Director's proceedings, No. , dated and that I am prepared to subject the institution together with its current endowment and trust accounts, its establishment, time-table and registers to inspection and to furnish such returns as may be required by the department and that I shall abide by the provisions of rule 54 of the Grant-in-aid Code in the event of the building being diverted, prior to the lapse of twenty years after the date of payment of grant, to other than educational purposes approved by Government.

D. No. 373/L.F., dated 4th June 1908.

Submitted through the President, District Board, Malabar, with reference to his letter D. No. 457/L.F., dated 20th May 1908.

The present school building was first a hospital and then a chattram before it was finally used to accommodate the school. It is dark and gloomy and quite unsuited for a school building. It was condemned some years ago and provision has been made in the Taluk Board's budget for the last three years, to provide a new building, but for want of funds, the amount has had to be struck out. A new building is really necessary. Without a grant from Government it is hopeless for this Board in the present state of its finances, to think of providing one.

R. H. ELLIS,
President, Malappuram Taluk Board.

D. No. 547-L.F., dated 13th June 1908.

Forwarded to the Director of Public Instruction through the Assistant Inspector of Schools for very favourable consideration, even though it is late.

2. This Angadipuram school building is the worst Lower Secondary school building in this district, which is saying a good deal. The Board is quite unable to find funds for a new one, and year after year the provision entered for this purpose has had to be struck out.

W. FRANCIS,
President, District Board.

No. 2858, dated 26th June 1908.

Submitted to the Inspector of Schools, VI Circle.

2. The school stands in urgent need of a good building; but as it is a Board institution it cannot apply for a grant under the Grant-in-aid Code. As the Board appears to be ready to spend two-thirds of the total cost of the building it is suggested that the lump Provincial grant to the Board for building purposes be raised by Rs. 1,125 during the current year, so that the additional amount might be utilized for providing a suitable building for the school.

M. RAGHUNATHA RAO,
Ag. Asst. Inspector of Schools, Malabar Division.

No. 1489-M., dated 6th July 1908.

Submitted to the Director of Public Instruction and recommended.

V. R. VENKATARAMA AIYAR,
Ag. Inspector of Schools, VI Circle.

N. Ref. on Cur. No. 4717, dated 22nd July 1908.

Submitted to Government.

2. Board schools are not eligible for building grants under the Grant-in-aid Code, and what is really wanted is a Provincial contribution of Rs. 1,126 towards the cost of the buildings.

3. In the budget estimate of the Malabar District Board for the current year, a sum of Rs. 89,000 has been provisionally entered as Provincial contribution for education. As the whole amount available for contribution for the current year has already been distributed among the District Boards by Government, I am not able to point to any funds from which the contribution now asked for can be paid, nor is it possible for me at present to say whether there will be savings in the amount of contribution sanctioned for other districts from which the contribution can be paid.

A. G. BOURNE,
Director of Public Instruction.

Order—No. 587, Educational, dated 8th August 1908.

The Government cannot sanction a special subsidy to the Taluk Board of Malappuram towards the cost of the proposed building for the Lower Secondary school at Angadipuram.

2. It is, however, observed that out of the Provincial grant of Rs. 14,738 made to the District Board of Malabar in 1907-1908 towards the cost of revising the establishments in Board Elementary schools and of maintaining rural schools, a sum of Rs. 2,980-12-10 remained unspent at the close of the year. The President of the District Board of Malabar will be informed that the cost of the school building at Angadipuram may be met out of this unexpended balance unless it is required for expenditure on purposes connected with elementary education.

NOTES CONNECTED WITH G.O., No. 587, EDUCATIONAL,
DATED 8TH AUGUST 1908.

[SUBJECT.—Application for a building grant of Rs. 1,126-10-8 on behalf of the Board
Lower Secondary school, Angadipuram, Malabar district.]

" " 308 L. " 27th Feb. 1908.
" " 946 L. " 2nd July "

From the Director of Public Instruction, dated 22nd July 1908, No. 4717.

The Director of Public Instruction submits an application from the Correspondent of the Lower Secondary school, Angadipuram, maintained by the Taluk Board of Malappuram, Malabar district, for a third grant of Rs. 1,126-10-8 towards the cost of constructing a new building for the school.

2. The President, Taluk Board, Malappuram (Mr. Ellis), states that "a new building is really necessary", but that "without a grant from Government it is hopeless for this Board in the present state of its finances to think of providing one". The President, District Board, Malabar (Mr. Francis), observes that it "is the worst Lower Secondary school building in this district" and that the Board is quite unable to find funds for a new one.

3. Dr. Bourne states that Board schools are not eligible for building grants under the Grant-in-Aid Code, that what is really required is a Provincial contribution of Rs. 1,126 towards the cost of the buildings, but that he is unable to point to any funds from which the contribution now asked for can be paid, or to say whether there will be savings in the amounts of contributions distributed among the other District Boards from which it can be paid.

4. In Memorandum No. 510-3, dated 10th March 1908, a subsidy of Rupees 89,000 (Rs. 19,140 for revision of establishments and Rs. 69,860 for teaching grants and other purposes) has been sanctioned for the District Board of Malabar, and this sum of Rs. 89,000 has been entered provisionally in the District Board's budget for 1908-1909 as contribution from Provincial funds for education. In these circumstances, it does not appear possible to make the contribution of Rs. 1,126 now asked for by the Taluk Board of Malappuram.

P.R.—30-7-08.

It is not likely. It is probable that even more may be required for elementary education for which alone the subsidies are granted.

H. D. TAYLOR.

It is now too soon to say whether there will be any savings in the subsidies provisionally allotted to the other District Boards from which the additional contribution of Rs. 1,126 asked for by

the District Board of Malabar may be met. It is, however, observed that out of the Provincial grant of Rs. 14,738 sanctioned for the Malabar District Board in 1907-1908 towards the cost of revising the establishments of Board Elementary schools and the cost of maintaining rural schools, a sum of Rs. 2,980-12-10 * remained unexpended at the close of the year. The President of the District Board may, with the concurrence of the Local and Municipal Department, be told that the cost of the school building at Angadipuram may be met out of this unexpended balance, unless it is required for expenditure on purposes connected with elementary education. No promise can at present be held out of a further subsidy to the District Board on account of the proposed school building.

K. RANGASWAMI AIYANGAR—31-7-08.

The above note is correct.

C. A. SOUTER—31-7-08.

The provision under subsidies is intended purely for maintenance of Board schools up to an efficient standard and for grants-in-aid, through Local Bodies, to *Elementary* schools. No portion of the provision under subsidy is intended to be diverted to Secondary Board schools. Local Boards should not ordinarily maintain Secondary schools unless their funds are sufficient after providing for elementary education to maintain Secondary schools, unless the particular school is self-supporting.

2. In the circumstances, Government may decline to make any special grant. At the same time, in the matter of *building grants*, I think that Local Boards are, as regards secondary institutions, entitled to the same considerations as private individuals or associations. The revision of the Grant-in-Aid Code excluded Local Bodies from the ordinary scope of chapter IX of the Code. Contributions to Local Bodies are included in the budget under "subsidy" and not under "building grants".

Orders may perhaps issue as at A above with the remark that the Government are unable to sanction any special contribution.

H. D. TAYLOR—31-7-08.

Yes. Issue as at A. Government cannot sanction a special subsidy. I think it is quite suitable that Board schools should not be eligible for building grants proper. The rules as regards these building grants are clearly intended for genuine private not Board schools.

The Govt. Cannot Sanction
a special subsidy to the taluk
Board of Malappuram towards
the cost of the ^{proposed} building ~~which~~
for the Lower Secondary School
at Angadipuram.

2. It is however observed that out of the Provincial grant of Rs 14,738 made to the S^t. Board of Malabar in 1907-08 towards the cost of revising the establishments of in Board elementary schools an

of maintaining rural schools, a sum of Rs 2980-12-10, remained unspent at the close of the year. The President of the D. Board of Malabar will be informed that the cost of the school building at Angadipuram may be met out of this unexpended balance unless it is required for expenditure on purposes connected with elementary education.

The Government cannot sanction a grant of Rs 1000 towards the cost of the building of the school at Angadipuram. It is however observed that out of the Rs 2980-12-10, a sum of Rs 1980-12-10 has been expended on the building of the school at Angadipuram. The balance of Rs 1000 is available for the purpose of the grant.
