STATEMENT OF THE OBJECT, AND AN APPEAL ON BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS CIVIL ORPHAN ASYLUMS were founded ninety-nine years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency. They have thus stood the test of time, and continue to retain public confidence.

It is no easy task to feed, clothe, and educate one hundred and fifty orphans. It is a still more difficult matter to successfully launch out in life these children, educated up to the Lower Secondary Standard, to make their way through the ever-increasing crowd of better educated competitors.

The necessity, character and scope of the work done in these Institutions are well known to the general public in Madras, and the help received is practically confined to the residents in this city. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the Mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the Mofussil, for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

These Institutions are managed in an admirable manner by a particularly strong Directorate, who are elected by the subscribers.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-President, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. Though the religious instruction imparted here is in accordance with the tenets of the Church of England, destitute orphans of all denominations are admitted.

The Directors, therefore, earnestly request the Clergy in the Presidency and Mofussil, either to make regular periodical collections in their Churches in behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of Institutions which provide such efficient relief for the destitute and distressed members of their own community.

The establishment charges for 1907 show a marked increase over those of the previous year. With a view to avoid frequent changes in the teaching staff, a fact which was commented upon by the Inspector of Schools, the salaries of the junior teachers were raised from the beginning of the year. The appointment of a Superintending Mistress added further to the cost of the establishment.

The effect of the rapid rise in the prices of food-stuffs is being felt, and the Directors are faced with the probability of a large deficit in 1908. It is earnestly hoped that friends and well-wishers will come forward to assist in maintaining the Institutions in an efficient condition, and in providing for the comfort and welfare of the orphans. While any appeal for a special object meets with ready response from the public, the amount of regular subscriptions has, with slight fluctuations, remained practically stationary for many years past, and it is in this direction that the Directors would like to see a steady and substantial improvement.

CONCLUSION.

The Directors tender their best thanks to all donors and subscribers towards the funds of these Institutions, to the Garrison Chaplain, the Honorary Secretary to the Ladies' Committee, the Honorary Secretary, the Treasurer and the Auditor, who have ungrudgingly devoted so much of their valuable time during the year towards the furtherance of the welfare of these Asylums.

(By order),

W. D. ST. LEGER,

Honorary Secretary.

APPENDIX A.

The Garrison Chaplain's Report.

On July 6th, 1907, I took over from the Rev. W. G. Barry, who, with Mrs. Barry, left for England, to the regret of all the staff and children. Mrs. Barry devoted much time and care as Honorary Secretary of the Ladies' Committee and her departure was a great loss to the Civil Orphan Asylums. Her place was most kindly taken up by Mrs. Stanley, who has given untiring devotion to, and has been able to carry out various improvements in, the Female Asylum. The foremost of these has been the establishment of a common room for the lady teachers of the school. Formerly they had to make separate arrangements for their messing, and had to take their meals in their own private rooms. Now they all mess together in the new common room and Mrs. Drinkwater arranges for the catering and ordering of the meals. This has proved, far more satisfactory and comfortable to those concerned, and more sociable. Through the exertions of Lady King, an entertainment was got up to provide the common room and the Asylums with a piano, and so successful was it that a good deal more was realised than was necessary for the purchase of a piano; so some of the remaining balance was devoted to furnishing the lady teachers' rooms. Formerly each teacher on appointment had to provide, either by hire or purchase, all the furniture necessary for her own room. Now each room is well furnished with everything which may be necessary, and in future each teacher, on appointment, will find rooms properly furnished on arrival, which is both an improvement and a great boon. The common room was also furnished, mainly by the gifts of ladies and other kind friends, and pictures, books, and magazines have also been most kindly sent.

I need hardly say that since I have been in charge I have had the greatest assistance and willing co-operation of the Secretary and Treasurer, and I accord my sincere thanks to both these gentlemen. The staff, in my opinion, have worked consistently well during the past year.

To go on to details—first of all to the changes on the staff. Much to my regret, Mr. Stooke resigned the post of second assistant master. During the three years he was in the school, he discharged his duties to the satisfaction of all his superiors, and in connection with his resignation, I should like once more to draw attention to what has been referred to over and over again by my predecessors as to the difficulty of obtaining male teachers: to a man of attainments suitable to such a post as that vacated by Mr. Stooke there is no sufficient prospect for the future and no hope of preferment; while in other departments, such as the Police or the Salt Department, he has a prospect of increase of pay in the future. I hope some day that it may be possible for Government to establish what I may call a Subordinate Educational Department, such as the Indian Subordinate Medical Department, where there is a graded service which would attract the men we want. To my advertisements for the post vacated by Mr. Stooke I got no reply whatever. In the place vacated by Mr. Stooke, Mr. R. Kernot was appointed; he holds an Army School-master's certificate and Drill certificate. He took up his duties at the beginning of this term.

Miss Turnbull resigned owing to ill-health. Miss Hogg and Miss Webber left at the close of the term to take up other appointments. They were replaced by Miss Holman, Miss Long and Miss Wilkins, from the Presidency Training College for Mistresses.

The Inspector of European Schools paid his annual visit in December. He concludes his Report, which has been circulated to the Directorate, with the following general impressions:—

“In spite of certain defects which I have pointed out, the school strikes me as providing a good education for the class of children committed to its care. The discipline is strict but not repressive and to judge from the expression and behaviour of the pupils, I do not think it bears hardly on them.”

“The school is weakest on the scholastic side, but the defects there, which are due, not to a want of training, can be remedied, if my suggestions are carried out.”

Gymnastics were carried on throughout the year and the general appearance and ‘set up’ of the boys speaks for itself. It is gratifying to observe that 85 boys in the school hold certificates for proficiency in swimming, as the test is by no means an easy one. In the *Diocesan Prayer-Book Examination* all the children taught were sent in: 16 appeared for the Intermediate grade, of whom 9 succeeded in passing, one gaining a certificate of merit. In the Elementary grade, 18 entered and 16 succeeded in passing, one gaining the bronze medal—the second prize in the Presidency—3 first class book prizes, 6 certificates of merit and 6 pass certificates: one was sick in hospital and one failed.

In December, the Rev. H. E. M. Atkins, Senior Joint Chaplain of Vepery, kindly examined the school in Religious Knowledge. His report is appended. I hope to send up 8 children this year for the Peter Cator Examination, 5 for the Middle School Examination and ten for the Primary Examination. This shows development in a new direction.

The sewing, under Mrs. Drinkwater, has greatly improved, many of the girls being able to make their own dresses.

Report on Religious Knowledge.

At the request of the Garrison Chaplain, I assisted to examine the C. O. A. in Religious Knowledge. As one would expect in an institution of this kind, the children varied very much in intellectual capacity; and consequently in every form the maximum and minimum marks were widely separated. But the teaching had evidently been careful and painstaking throughout and many of the children gave answers which showed thought and intelligence as well as book knowledge. The memoriter passages were well known.

H. E. M. ATKINS,

Senior Joint Chaplain of Vepery.

APPENDIX B.

Annual Medical Report of the Civil Orphan Asylums,
Madras, for the year 1907.

I.—GENERAL HEALTH.

Fairly satisfactory.

There were 290 admissions into hospital against 288 in 1906 and 414 in 1905. Many of the children suffered from fever of a mild, uncomplicated type, which yielded readily to ordinary treatment. It was possible to subject the blood to microscopic examination in only a few cases and in two of these (sisters) the malarial parasite (*malignant tertian*) was found.

II.—DEATHS.

A girl, Amelia Brammer, on return to school after the Midsummer holidays was found to have developed symptoms of tubercle of the right lung, and was sent to the General Hospital, where she was admitted and eventually died of the disease. Her previous medical history was good as her name does not appear as an in-patient after March, 1905, when she had measles.

III.—DIET.

Cocotine was substituted for gingelly oil, and tinned, for fresh butter; but this comes into operation only after the completion of the contract for 1907. Otherwise the diet remained unaltered. Owing to the prevalence of spongy gums among several of the children, fresh lime-juice has been issued to them regularly since November last.

IV.—CONSERVANCY AND BATHING.

Satisfactory. The conservancy has been handed over to a contractor and the plan works well.

V.—EPIDEMICS.

There was an outbreak of measles during October, when, in all, 23 cases occurred. The disease was, on the whole, mild and was attended with no fatalities.

VI.—HOSPITAL BUILDINGS.

The boys' contagious sheds referred to in the previous Annual Report were completed in the early part of the year. Accommodation for isolation cases is now adequate. The main building is infested with bugs and palliative measures for the mitigation of this pest are being adopted till some radical method can be settled upon by the Directorate.

VII.—COST OF MEDICINES, Rs. 106-1-8.

VIII.—THE MEASLES EPIDEMIC.

During the epidemic of measles the work was rather heavy for one nurse and the Honorary Secretary, when applied to, very readily sanctioned an additional nurse temporarily. Mrs. Arnold, the permanent nurse, was given a month's leave on full pay during the year.

IX.—STAFF.

Civil Apothecary H. Wale was in sub-charge till 22nd April, when he was transferred and replaced by Civil Apothecary B. de-Prazer.

X.—GENERAL REMARKS.

Many of the ladies take a kindly interest in the little ones while in hospital and some have supplied them with toys, &c., and Mr. St. Leger has provided picture-books. Only one boy and one girl were sent to the General Hospital during the year for admission as in-patients.

Several cases requiring special opinions were also referred to the General Hospital authorities, who readily rendered help.

Two children were sent to the Ophthalmic hospital, one for glasses and the other for a slight operation. The hospital has been empty for 23 days during the year.

It is gratifying to note that there have been no admissions of skin disease (due to dirt) since 18th July last. The Civil Apothecary has done excellent work, and taken a great interest in the health of the children.
