G.O., No. 829, Educational, dated 21st December 1908.

ABSTRACT.—Returning to the Director of Public Instruction for revision the plans and estimates for the construction of a building for the accommodation of certain American Evangelical Lutheran Mission schools at Guntūr.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 11th September 1909.

No.—Ref. on C. 1252/08.

With reference to G.O., No. 829, Educational, dated 21st December 1908, returning for revision the plans and estimates for the construction of the "Fircb Memorial building", Guntūr, I have the honour to submit a revised estimate amounting to Rs. 68,400 together with two plans and a copy of the manager's letter, No. 8, dated 14th June 1909, stating that the name of the proposed building has been changed into the "Sylvanus Stall Memorial building" and requesting that a grant of Rs. 22,800, which is a third of the proposed expenditure, may be sanctioned.

2. The proposed building as I have already stated in my letter Ref. on Cur. No. 1252, dated 23rd October 1908, is for the accommodation of three institutions under the mission, viz., (1) the Training school for Mistresses, (2) the Girls' Boarding school, and (3) the Girls' Secondary school. Of these, the second is intended solely for the use of the Mission Congregation and the first, though now restricted to the same Congregation, may, perhaps, in course of time, be availed of by other classes of the community while the development of the third which is for the benefit of caste-Hindus is as yet only a matter for speculation. It was after taking these circumstances into consideration that I recommended in my letter Ref. on Cur. No. 1252, dated 23rd October 1908, a maximum grant of only Rs. 10,000, and though the revised estimate has increased I doubt whether more than that amount should be given as aid towards the cost of constructing the building in question.

3. I am unable to say whether the manager has correctly revised the plans and estimates in accordance with the instructions contained in the Chief Engineer's note, dated 17th November 1908, of which a copy was duly furnished to him for guidance.

ENCLOSURE.

Letter—from Miss J. BREWER, Manager, A.E.L.M. Girls' Boarding and Secondary Schools and Training School for Mistresses, Guntūr.

To—Mrs. CECIL RHENIUS, Inspectress of Girls' Schools, Northern Circle, Waltair.

Dated—the 14th June 1909.

No.—8.

In continuation of my letter No. 155, dated 28th January 1909, I have the honour to enclose a revised plan and estimate for the school building in question. You will notice that the name "Sylvanus Stall" is used instead of "Fircb". This is due to the fact that half of the money in hand for the building was contributed by Dr. Sylvanus Stall. Therefore the building will be known as "Sylvanus Stall" Memorial school, Guntūr.

In our first application for grant sent on 24th January 1908 we asked for Rs. 19,741-10-8 which was one-third of the estimated cost at that time. However, since the plan has been revised clerestory windows added, which required an elevation of the roof above that of the former plan, the cost is now estimated at Rs. 68,400 instead of Rs. 59,225. Consequently, I ask that you will kindly request the Director of Public Instruction to change on the application form which is in his office, column 9, namely, amount of grant applied for "from Rs. 19,741-10-8 to Rs. 22,800." I earnestly urge you to give this your expedite attention and recommend to the Director that he put it through as quickly as possible because you are aware of how much we are in need of the new building.

III

Note by the Chief Engineer, Public Works Department, dated 7th December 1909.

The Director of Public Instruction submits for sanction an estimate amounting to Rs. 68,400 for constructing the Sylvanus Stall Memorial school at Guntūr.

The estimate and designs have been scrutinised in the Chief Engineer's office and necessary alterations have been effected in steel beams and minor details. The estimates as altered by the Chief Engineer amounting to Rs. 68,460 an abstract of which is attached are recommended for sanction.
