EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from the Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., C.I.E., Director of Public Instruction.
To—the Secretary to Government, Educational Department (through the Accountant-General).
Dated—the 25th October 1909.
No.—Ref. C. 6971 of 1908.

I have the honour to request you will be so good as to obtain the sanction of Government, with effect from the 1st March 1910, to the enclosed proposition statement for the revision of establishment of the Government Elementary schools in the Ganjám, Vizagapatam and Gódávari districts and for the establishment of three new elementary schools in the first district.

2. In their Order No. 614, Educational, dated 28th August 1908, Government sanctioned the raising of the minimum scale of salaries of the teachers employed in the elementary schools to Rs. 8, and in that connection I mentioned in my letter R. C. No. 1559 of 08, dated 28th July 1908, that a general revision of the scales of salaries of the staffs in those schools was necessary. The necessity for the revision is explained by the fact that the teachers employed in them continue to receive results stipends annually in addition to their salaries, while the system of paying such stipends elsewhere in boys' schools under public management has been altogether abolished and the scales of salaries recommended in rule 82 of the Madras Educational Rules have been generally adopted.

In making my present proposals the following facts have been kept in view :—

(1) the number of teachers in each school is proposed in accordance with rule 81 of the Madras Educational Rules;

(2) the salaries proposed are slightly in excess of the scales recommended in rule 82 of the Madras Educational Rules, in view of the general unhealthiness of the localities; and

(3) it is proposed to extend the payment of the capitation allowance to elementary schools containing the fourth and higher standards.

The proposals which have the approval of the Agents concerned are detailed in the accompanying statement, which furnishes information regarding the strength, present scale of salaries, results stipends paid, the proposed scale of salaries, and the approximate capitation allowance that will have to be paid.

3. The Government Agent, Ganjám, proposes the opening of three new schools at Kutikya, Masekya and Sendarigam with a teacher on Rs. 10 in each of them and states that the starting of Government schools at these places is necessary as they are situated in the remote Agency tracts and the schools are mainly intended for Khonds who are too poor to educate their children. The proposal which has the strong support of the inspecting officers has therefore been included in the proposition statement.

4. In G.O., No. 553, Financial, dated 21st November 1908, it was ordered that the proposals regarding the educational establishments in the Bhadráchalam taluk which I submitted with my letter Ref. on C. No. 5090 of 1908, dated 15th October 1908, should be submitted separately. These have all been included in the present proposals with the exception of those relating to the Government school, Bhadráchalam. As it has been decided in G.O., No. 433, Educational, dated 23rd July 1909, to work this as a complete Elementary school rather than as an incomplete Secondary school, I beg to recommend, in lieu of the scale of salaries proposed for this school in my letter quoted above, the following revised scale of salaries :—

	Rs.
Headmaster	40
First Assistant	30
Second Assistant	25
Third Assistant	20
Fourth Assistant	15
Fifth Assistant	12
Sixth Assistant	10

A separate drawing master and a gymnastic instructor are now unnecessary and I beg to propose that a common instructor on Rs. 25 be entertained. The school will, according to the above proposals, cost Rs. 182 per mensem or Rs. 27 more than the present average cost which comes to Rs. 155 per mensem.

	Rs.
*Ganjám agency	3,343
Vizagapatam agency	496
Gódávari	783
	2,622

5. The above proposals involve a net increased cost of Rs. 2,622 * or Rs. 2,700 in round sum and the extra expenditure can be met from the lump provision of Rs. 2,700 made for the purpose in the budget estimate for 1910–1911.

6. In this connection I beg to submit that the Government Agent, Gódávari, reports that the school at Edugurallapalli in the Bhadráchalam taluk, which was opened on 1st March 1908, has now been practically closed for want of attendance, and that on the recommendation of the Educational and Revenue officers the school has, in anticipation of sanction, been transferred to Pedarkur, another big Koya village in the interior of Bhadráchalam taluk, with a population of 517 and where the villagers are anxious to have a school for their children.

From the Director of Public Instruction, dated 25th October 1909, *No.* 6971.

The Director of Public Instruction requests the sanction of Government for (1) revising the establishments of the Government elementary schools in the Ganjám, Vizagapatam and Gódávari districts and for (2) establishing three new elementary schools in the Ganjám district.

2. *Revision of establishment of the Government elementary schools in Ganjám, Vizagapatam and Gódávari districts.*—All the Government elementary schools in the agency tracts of Ganjám, Vizagapatam and Gódávari are "result stipend schools", that is, schools in which the teachers are paid, in addition to a small monthly pay, a stipend annually on the results of their annual examinations.

Vide paragraph 1 of the Director of Public Instruction's letter on page 2 of G.O., No. 614, Educational, dated 28th August 1908, and paragraph 2 of the current letter.

Since the introduction of the new Educational Rules in 1906, the system of paying results stipends to teachers in schools under public management has been altogether abolished in all other parts of the Presidency and the pay of the teachers has been revised in accordance with the scale of salaries recommended in Rule 82 of the Educational Rules. The Director of Public Instruction now proposes to extend this revised system to the schools in the Agency tracts, that is, to abolish the payment of results stipends to teachers and to raise their monthly pay so as to compensate them for the loss of their results stipends.

3. The Director of Public Instruction states that the proposals which he now submits for raising the establishments of the agency schools have the approval of the Agents concerned. These proposals are shown in detail in the following statement which gives the number of standards in each school, their strength, the existing scale

of pay of teachers, the amount of results stipends paid, the total present cost, the proposed scale of pay, the amount of capitation allowance which will be payable, and the total cost of the proposals :—

Total ..	24,570	26,508	1,938

These schools now cost Rs. 24,570 *per annum*. The present proposals involve an increase of Rs. 1,938 over this amount and will cost Rs. 26,508 *per annum* in future.

4. In the proposal now submitted—

(1) the number of teachers in each school is fixed in accordance with Rule 81 of the Educational Rules;

(2) the salaries are fixed slightly in excess of the scales recommended in Rule 82 of the Educational Rules, in view of the general unhealthiness of the localities; and

(3) it is proposed to extend the payment of the capitation allowance to elementary schools containing the fourth and higher standards.

Vide Rule 83 of the Educational Rules, page 17.

5. In the Budget Conference held in February 1908, the question was raised by the Raja of Kollengode that the minimum pay of a teacher in elementary schools should be raised to Rs. 8 *per mensem*.

Vide notes with G.O., No. 614, Educational, dated 28th August 1908.

In pursuance of this suggestion, the minimum salary of all teachers in schools in the Agency tracts of Ganjám, Vizagapatam and Bhadráchalam was raised to Rs. 8 in G.O., No. 614, Educational, dated 28th August 1908. In submitting the proposals for the increase of the minimum pay to Rs. 8, the Director of Public Instruction (Dr. Bourne) pointed out that the teachers in the schools in the Agency tracts above referred to received results stipends in addition to their pay and that if the stipends were to be discontinued a further increase in their pay would be necessary in order to compensate the teachers for the loss of the stipends. The Director of Public Instruction now proposes to raise the pay of all the teachers in the Agency tracts to Rs. 10, except in the case of one of the teachers in the school at Marrigudem in the Bhadráchalam Agency, which he has put down at Rs. 8. In view of the discontinuance of the results stipends, of the backwardness of the Agency tracts and of the difficulty of getting teachers in consequence of the unhealthiness of the locality, the proposal of the Director of Public Instruction to revise the salaries of the teachers, as shown in the proposition statement may be approved. There is no special reason why an exception should be made in the case of the teacher of the Marrigudem school and it is submitted that his salary also may be fixed at Rs. 10 per mensem.

Vide paragraph 1 of his letter on page 2 of G.O., No. 614, Educational, dated 28th August 1908.

The extra cost is small, and the proposal may be approved. There seems no very special reason for treating these teachers differently from other teachers in the Presidency.

C. A. Souter—26-11-09.

C. A. Souter—26-11-09.

6. As to the payment of capitation allowance to these teachers, Rule 83 of the Educational Rules provides for the payment of capitation allowance to teachers of elementary schools containing the four lower standards only. The Director of Public Instruction proposes to extend the payment of these allowances to the elementary schools in the Agency tracts containing the fourth and higher standards. The statistics furnished by the Director of Public Instruction do not show what is the extra cost which would be involved by the proposed extension of the capitation allowance, but in view of the paucity of teachers in these Agency tracts, the proposal may perhaps be approved, as a temporary measure. In the case of the Muhammadan schools in the Madras City, a similar concession was allowed (*vide* G.O., No. 605, Educational, dated 16th September 1907) as a special case.

K. Rangaswami Aiyangar—24-11-09.

The proposals may be approved. The results stipend system is open to much objection and there seems to be no reason why it should prevail in the Agency more than anywhere else. The increase in pay is justified by the unhealthy climate and remoteness of the Agency.

C. A. Souter—26-11-09.

7. *The establishment of three new schools in the Ganjám district.*—The Director of Public Instruction proposes to open three new schools at Kuttikya, Masekya and Sendarigam in the Ganjám district, with a teacher on Rs. 10 *per mensem* in each of them. He states that the Government Agent, Ganjám, considers the opening of Government schools in these places to be necessary as they are situated in remote parts of the Agency tracts. The cost of these three new schools is Rs. 360 *per annum*. The Director submits no separate proposition statement for the opening of these three new schools, but has made provision for it in the proposition statement which he has submitted for revising the establishments of the elementary schools in Ganjám.

This proposal may be approved.

K. Rangaswami Aiyangar—24-11-09.

This is a matter on which the Director of Public Instruction and Agent should know best.

C. A. Souter—26-11-09.

8. *Government school, Bhadráchalam.*—As the Government have decided in G.O., No. 433, Educational, dated 23rd July 1909, that the Government Lower Secondary School at Bhadráchalam should be organised as a complete elementary school, the Director now submits proposals for revising the establishment of this school. The present and proposed scales of establishment of this school are compared below :—

Present.		Average.	Proposed.
	Rs.	Rs.	Rs.
Headmaster	40—2—50	46 2/3	40
First Assistant	30—1—35	33 1/3	30
Second do.	20—1—25	23 1/3	25
Third do.	15—½—17½	16 2/3	20
Fourth do.	15—0—0	15	15
Fifth do.	..	..	12
Sixth do.	..	..	10
Gymnastic Instructor.	15—0—0	15	Drawing and Gymnastic Instructor. 25
Peon ..	5—0—0	5	5
Total (average) ..		155	182

9. The revised scale recommended for this school thus costs Rs. 27 more *per mensem* or Rs. 324 more *per annum* and may be approved.

C. A. Souter—26-11-09.

10. The three proposals of the Director of Public Instruction referred to above as modified by the suggestion in paragraph 6 of the office note involve a net increased cost of Rs. 2,646 *per annum* as shown below :—

	Rs.
Revision of establishment of Bhadráchalam school	324
Revision of establishment of all other elementary schools	1,962
Opening of the new schools	360
Total ..	2,646

The increased cost can be met from the lump provision of Rs. 2,700 entered in the budget estimate for 1910–1911.

11. The Director of Public Instruction further reports that the school newly opened at Edugurallapalli under G.O., No. 703, Educational, dated 17th October 1907, has been transferred for want of pupils to Pedarkur, another Koya village with a population of 517, where the villagers are anxious to have a school and requests the sanction of Government to the transfer. The transfer has already been effected and it may be approved.

C. A. Souter—26-11-09.

12. The draft order placed below is for approval. If approved, it may be forwarded to the Financial Department for acceptance.

The proposals are—

(1) to raise the pay of the establishment in the Government elementary schools of the Agency tracts at an increased cost of Rs. 531½ *per mensem* or Rs. 6,378 *per annum* ;

	Rs.
Ganjám	432
Vizagapatam	36
Gódávari	63½
Total ..	531½ *per mensem.*

(2) to rise the pay of the establishment of the elementary school at Bhadráchalam at an increased cost of Rs. 27 *per mensem* or Rs. 324 *per annum*;

(3) to establish three new schools at Kutikya, Masekya and Sendarigam, at a cost of Rs. 30 *per mensem* or Rs. 360 *per annum*; and

(4) to abolish the system of result stipends, and grant capitation allowances instead, at a reduced cost of Rs. 4,416 *per annum.*

2. The net additional cost of the proposals is Rs. 2,646 *per annum.* The proposals are to take effect from the 1st March 1910. The Director of Public Instruction has entered a lump provision of Rs. 2,700 in the budget estimate for 1910–1911 under "22. Education" for revision of establishments in the Agency schools.

3. The pay of the second masters in the schools at Chantrapeta, Alwarpeta, etc., in the Gódávari Agency is still kept at Rs. 8 presumably because they are rural vernacular *primary* schools, and not *elementary* schools with which alone the present proposals are concerned.

Cf. paragraph 5 on page 5 *ante*, latter portion of paragraph 1 of the draft.

4. The draft may be accepted in Financial, the sanction being registered as No. 7 of 1910–1911.
