In Government order No. 2535 M. dated 24th December 1907 the Municipal council was allowed to take credit of a subsidy of Rs. 1808/- on account of the Municipal Elementary schools but the bill for the payment of the amount was returned by the Accountant-General on the ground that "no orders of Government fixing the amount actually payable and authorising its payment have as

T.

In G.O. no 2535 M. & 24th Decr
certain municipal councils were requested
to take credit provisionally in their budgets
1908-09 for the subsidies from Provincial
funds shown against them. The Govt. also asked
that the amounts had been determined approxi-
mately with reference to the revised scale
of establishments sanctioned by Govt. for
elementary schools maintained by the Councils.
but that they would be subject to
adjustment when the actual expenditure
of the Councils on account of these schools
was known.

To answer the question with regard
to Com. annuance I ought to see the
Revised Estimate. This has not yet
reached me. Unless the amount for
establishment in the R.E. is less
than that in the B.E. for current
year the contribution may be paid.
This will be known when the budget
reaches Govt. in L.M. on or after
1st January. Is it necessary that
the Council should draw the money
before that?

The general question is governed

3

(is governed) by the same consideration
 I can do nothing until I see the
 revised estimates sent in by the
 Board & Councils. I then have
 to deal with this question as well
 as with the budget for next year.
 I suppose it will be the ^{middle} of
 February before they are all finished
 up to yesterday no budgets had
 reached me - 3 came yesterday
