GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Commissioner for Government Examinations, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 5th December 1908.

No.—693/4 D.

I have the honour to state that the usual notice inviting applications for admission to the December Technical Examinations in the nine subjects prescribed for the diploma in Agriculture was published in the Gazette. In response to this, only eight (8) candidates applied to be examined, all of them being ex-students of the late Madras College of Agriculture (Saidapet). The number of applications received being very small, it was thought that there might be other ex-students willing to appear to complete the test and qualify for a diploma. The Principal of the Agricultural College, Coimbatore, was accordingly requested to furnish me with a list of all such ex-students. In the final list received from him, the names of as many as 91 ex-students (including eight who sent in their applications) were given.

2. The Director of Agriculture, Madras, to whom a reference was made, has written to say that no students of the Coimbatore College will appear for the examinations. The only candidates, therefore, for the examinations will hereafter be the ex-students referred to. Of these only eight have applied. I consider the holding of an examination for so small a number of candidates unnecessary involving, as it would, a great deal of expense. I therefore submit that the examinations in the nine subjects for the Agricultural diploma be held once only and for the last time in April 1909 along with the April Technical Examinations (as they used to be prior to 1902), so that the several candidates who have already achieved partial success may have sufficient time to prepare the remaining subjects which they have yet to pass in. In the meantime a notice in the Gazettes (Fort St. George and District) might warn the candidates concerned that no exemption can be granted to such of them as may fail to qualify for a diploma at the examination of April 1909.

3. Under G.O., No. 429, Educational, dated the 24th July 1902, the examinations have been held in December, but I trust the change I propose will meet with the approval of Government.

4. Many of the candidates who may wish to appear will be hampered by the restriction (imposed since 1902) requiring them to pass in general chemistry and five other subjects before proceeding to agriculture and agricultural chemistry (*vide* note under the heading "Diploma in Agriculture", in paragraph 16 of the notification). I have to request, therefore, that Government will be pleased to relax this restriction.

5. There are already a few candidates who have passed in all the subjects required for the diploma, but not in the order required under the restriction, and no diplomas have been granted them. I take this opportunity of requesting that Government will be pleased to allow me to issue diplomas to them, as they will be on a level with the candidates above referred to, if the restriction in their case is relaxed.

Order—No. 24, Educational, dated 15th January 1909.

In the special circumstances stated, the Government sanction the proposals of the Commissioner for Government Examinations that the examinations in the nine subjects prescribed for the diploma in Agriculture should be held once only and for the last time in April 1909 and that the rule requiring candidates for the examinations in agriculture and agricultural chemistry to have passed previously in general chemistry, botany, meteorology, geology, anatomy and physiology be relaxed in the case of candidates entering for that examination. The students of the College of Agriculture who have yet to qualify for the diploma in Agriculture should be warned as proposed that all of them should appear at the examination to be held in April 1909, that no further examinations will be held, and that no exemption will be granted to such of them as may fail to qualify for the diploma at that examination.

2. The Commissioner is also authorised to grant diplomas in Agriculture to candidates who have passed in all the subjects prescribed therefor though not in the order laid down in paragraph 2 (3) of G.O., No. 429, Educational, dated 24th July 1902.

2. The Commissioner for Government Examinations states that for the examin-
ations to be held in December 1908 there were only eight applicants and that all

of an examination for so small a number of candidates is, the Commissioner considers,

Paragraph 2 of the Commissioner's letter. Agriculture who would be willing to appear to complete the test and qualify for a
diploma. The Commissioner states that he has ascertained from the Director of
Agriculture that no students of the Agricultural College at Coimbatore will appear
for the examinations prescribed for the Diploma in Agriculture. The only candi-
dates for the examinations will therefore be the 91 ex-students of the late College of
Agriculture at Saidapet, above referred to.

3. The Commissioner suggests that the examinations in the nine subjects
prescribed for the Diploma in Agriculture
should be held once only and for the last
time in April 1909, so that the several candidates who have already achieved partial
success may have sufficient time to pre-
pare the remaining subjects which they
have yet to pass in. He also proposes to warn the ex-students by a notification in
the Gazette that no exemption will be granted to such of them as may fail to qualify
for the diploma at the examination to be held in April 1909.

4. It is for consideration whether these proposals of the Commissioner may be approved. In G.O., No. 556, Educational, dated 22nd July 1908, the Government approved a similar proposal of the Director of Public Instruction in respect of the old students of the College of Engineering. In that order the Government directed that the students of the College of Engineering who joined the college under the old rules and who had failed to obtain a certificate from the Board of Examiners by passing the final examination should be given one opportunity to pass the examinations according to the standard prescribed by the old rules, and that they should be warned that all of them should appear at that examination and that no further examination would be held. The Government further directed that no hope of exemption should be held out to the students who might fail to qualify at that examination.

5. Under paragraph 2 (3) of G.O., No. 429, Educational, dated 24th July 1902, candidates for the examinations in Agriculture and Agricultural Chemistry are, required to have passed previously in General Chemistry, Botany, Meteorology and Geology, and Anatomy and Physiology.

Paragraph 4 of the Commissioner's letter. The Commissioner states that this rule will hamper many of the candidates who may wish to appear for the examination he proposes to hold in April 1909 and requests that the Government will be pleased to relax the rule in their case.

6. It is for consideration whether this request of the Commissioner may be granted.

7. The Commissioner further states that there are already a few candidates who have passed in all the subjects prescribed for the Diploma in Agriculture but not in the order required by the rule referred to in paragraph 5 *supra*. These candidates have not been granted any diploma, but as they will be on a level with the candidates for the examination of April 1909, if the rule referred to in paragraph 5 *supra* were relaxed as recommended, the Commissioner requests that he may be authorised to grant diplomas to them, *i.e.*, to the few candidates who have already passed in *all* the subjects prescribed for the Diploma in Agriculture, although not in the order quoted above.

It is for consideration whether this request may also be granted.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
