*Letter*—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

*To*—the Secretary to Government, Educational Department.

*Dated*—Madras, the 26th November 1908.

*No.*—Cur. 7911.

I have the honour to submit proposals for the appointment of what I may call District Assistant Inspectors. The present number of Assistant Inspectors is twelve and the majority of them have charge of more than one district. My idea is to have one officer for each district who should be the chief educational adviser to the Local Boards and Municipal Councils in the district and in fact should be mainly responsible for the elementary education of that district. Of the twenty-three districts of the Presidency, Madras does not need such an officer nor the Nilgiris as the conditions obtaining there are simple and the Inspector should require no help to exercise the necessary control. For the remaining twenty-one districts, twenty-one officers are needed and the system may be given a trial by taking nine officers of the grade of Sub-Assistants and placing them on a level with Assistant Inspectors with regard to their work.

2. If the above scheme is approved, the offices of the nine Sub-Assistants, who are to do the duties of Assistant Inspectors, will have to be strengthened and this may be done by transferring to these offices the posts of second clerk of nine of the existing Assistant Inspectors' offices the work in which will be reduced by this arrangement, three\* of the heaviest districts retaining the present scale of establishment. Each of the old Assistant Inspectors, with the exception of the

three mentioned above, will then have two clerks on Rs. 30 and Rs. 15 and a temporary attender while the new officers will have two clerks on Rs. 20 and Rs. 15 and a permanent attender. An additional peon on Rs. 7 will also be desirable for these offices as their present scale contains only one peon.

3. At present Sub-Assistant Inspectors are allowed a fixed monthly travelling allowance: such of them as are placed in charge of the districts may be allowed to draw travelling allowance under the provisions of the Civil Service Regulations.

4. If these proposals meet with the approval of Government the necessary proposition and reappropriation statements will be submitted so that the scheme may come into force from the 1st March 1909.

Early orders are requested on the main feature of the scheme at any rate, viz., altering the charge of the existing Assistant Inspectors and the nine Sub-Assistant Inspectors, as the distribution of the provincialized Supervisors will be affected thereby. As this involves no financial question, I am submitting this letter direct in the first place instead of through the Accountant-General.

## Memorandum No. 2541-3, Educational, dated 9th January 1909.

In paragraph 4 of his letter, No. 7911 of the 26th November 1908, the Director of Public Instruction has proposed that such of the Sub-Assistant Inspectors as are placed in the charge of districts should be granted travelling allowance under the provisions of the Civil Service Regulations, in lieu apparently of the fixed travelling allowance of Rs. 25 per mensem now sanctioned for them.

2. The Director of Public Instruction is requested to give fully the reasons for the proposal.

*Letter*—from J. H. STONE, Esq., M.A., Acting Director of Public Instruction.

*To*—the Secretary to Government, Educational Department.

*Dated*—Madras, the 15th January 1909.

*No.*—Ref. on. Cur. 7911/08.

With reference to your Memorandum No. 2541-3, Educational, dated 9th January 1909, I have the honour to state that according to the proposal made by Dr. Bourne the Sub-Assistant Inspectors of Schools, who are to be placed in charge of districts, will be placed, with regard to their work, on a level with the Assistant Inspectors and will in fact be designated like them Assistant Inspectors so as to distinguish them from the Sub-Assistants in charge of ranges and working under them. There will thus be two classes of Assistant Inspectors, viz., those of the Provincial Educational Service and those of the Subordinate Educational Service. The duties of both these classes of officers will be—

(1) to assist the Inspectors as they tour through their district in their inspection and examination work and to inspect such incomplete secondary schools as may be transferred to them by the Inspectors;

(2) to generally supervise the work of the Sub-Assistants under them and specifically to check it by inspecting in each range a certain number of schools already examined by them;

(3) to act as the chief educational advisers to the Local Boards and Municipal Councils of their district in regard to the schools maintained by them; and

(4) to compile and furnish what statistical information in regard to education in their district may be required by the department and by the Local Boards and Municipal Councils. It is evident that the first three of the duties mentioned above will require, not a limited amount of travelling as in the case of the range Sub-Assistants, but travelling all through the district and sometimes long marches to be made for which the fixed travelling allowance of Rs. 25 now allowed to Sub-Assistant Inspectors of Schools will be quite insufficient. An incentive to travelling is also desirable in the interests of supervision and this will be given by allowing these officers to draw travelling allowance in proportion to the actual travelling they do. The Assistant Inspectors of the Provincial Educational Service are now allowed, irrespectively of their salaries, Rs. 3 daily allowance, double second-class railway fare and As. 4 a mile for mileage. The proposal is to give the Assistant Inspectors of the Subordinate Educational Service who will be appointed from Sub-Assistants of the first or second-class, i.e., drawing Rs. 175 or 150 of salary, not these high rates, but the rates ordinarily allowable to them in respect to their salaries under the Civil Service Regulations.

**Order—No. 35, Educational, dated 19th January 1909.**

The proposal of the Director of Public Instruction to place each district in this Presidency, except Madras and the Nilgiris, in the charge of an Assistant Inspector or Sub-Assistant Inspector of Schools, who would be mainly responsible for the elementary education of that district, is approved as an experimental measure. The scheme may be brought into force with effect from 1st March 1909.

2. The Government of India will be addressed for sanction to permit the Sub-Assistant Inspectors in charge of districts to draw travelling allowance in accordance with the provisions of the Civil Service Regulations, in lieu of the fixed travelling allowance of Rs. 25 per mensem. But the operation of the scheme should not be deferred until this question is settled.

3. The alterations proposed in the clerical and menial establishments of the Assistant Inspectors and of the Sub-Assistant Inspectors concerned are also approved. The Director of Public Instruction is requested to submit proposition and reappropriation statements for the sanction of Government.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,  
HOME DEPARTMENT.

*Dated Fort St. George, the 19th January 1909.*

SIR,

I am directed to address you on the subject of the payment to certain Sub-Assistant Inspectors of Schools in this Presidency of travelling allowances in accordance with the rates laid down in the Civil Service Regulations.

2. It is proposed to place each district in this Presidency, except Madras and the Nilgiris, in the charge of a District Assistant Inspector of Schools, who would be held mainly responsible for the elementary education of the district and who would be the chief educational adviser to the Local Boards and Municipal Councils in the district. Excluding Madras and the Nilgiris, there are twenty-one districts which will under this scheme require each to be placed in the charge of an Assistant Inspector; but, as there are only twelve officers of this class, the Governor in Council proposes, as a commencement, to place nine of the districts in the charge of nine selected Sub-Assistant Inspectors of Schools, and to allow them to draw travelling allowances in accordance with the rates laid down in the Civil Service Regulations for officers of the class to which they belong, in lieu of the permanent monthly travelling allowance of Rs. 25 fixed for them in entry 70 of appendix 22 to the Civil Service Regulations. This allowance will, it is considered, be inadequate to meet the cost of travelling when the charge is extended as proposed, while the concession of mileage rates will also prove an incentive to inspection.

3. I am therefore directed to request that the Government of India will be pleased to sanction the proposal to allow the Sub-Assistant Inspectors of Schools who are to be placed in charge of districts to draw travelling allowances in accordance with the provisions of the Civil Service Regulations and to modify entry No. 70 in appendix 22 to the Civil Service Regulations by the addition of the words "and those placed in charge of districts as District Assistant Inspectors," after the words "entries 67 and 69".

I have the honour to be,

Sir,

Your most obedient servant,

A. BUTTERWORTH,  
*Ag. Secretary to Government.*

NOTES CONNECTED WITH G.O., No. 35, EDUCATIONAL,  
DATED 19TH JANUARY 1909.

[SUBJECT.—*Proposals for the appointment of District Assistant Inspectors.*]

*From the Director of Public Instruction, dated 23th November 1908, No. 7911.*

The Director of Public Instruction (the Hon'ble Dr. A. G. Bourne) submits proposals for the appointment of what he styles "District Assistant Inspectors." There are at present twelve Assistant Inspectors and the majority of them have charge of more than one district as will be seen from paragraph 2 *infra*. Dr. Bourne's idea is "to have one officer for each district, who should be the chief Educational adviser to the Local Boards and Municipal Councils in the district and in fact should be mainly responsible for the elementary education of the district." He observes that no such officer would be required for Madras and the Nilgiris, as the conditions obtaining there are simple and the Inspector should require no help to exercise the necessary control, and that for the remaining 21 districts, 21 officers are needed. He therefore proposes that the system may be given a trial by taking nine officers of the grade of Sub-Assistant Inspectors and placing them on a level with Assistant Inspectors with regard to this work.

2. There are at present twelve Assistant Inspectors' divisions. They are as shown below :—

3. According to the proposed arrangement, each district is to be in charge of a separate officer. This proposal is in accordance with the views of the Government of India. In paragraph 9 of their letter No. 748, Educational, dated 16th September 1907, dealing with the scheme for the provincialization of the agency of Supervisors of Primary schools, the Government of India observed that—

"... in their opinion, it appears to be desirable to create eventually a suitable inspecting staff for each district under a district inspecting officer and competent assistants, who would remain in the district, acquire a thorough knowledge of its conditions and needs, and assist and co-operate with the revenue authorities, under whom they would indirectly serve, and with the local bodies who would look to them for advice in the exercise of their educational functions."

4. *Cost.*—The proposal does not involve any increased expenditure on account of the inspecting staff, as it is not proposed to increase the number of Assistant Inspectors or of Sub-Assistant Inspectors. As regards the clerical and menial staff, the present office and menial establishment of each Assistant Inspector generally consists of—

Page 167 of Establishment list of the Educational Department.

Each Sub-Assistant Inspector has a clerk on Rs. 15, an attender on Rs. 10 and a peon on Rs. 6.

5 No change is to be made in the present staff of the Assistant Inspectors of the Kistna, Gódvári and Vizagapatam divisions, but from the remaining nine Assistant Inspectors' offices the Director of Public Instruction proposes to transfer the second clerk on Rs. 20 to the offices of the nine Sub-Assistants, who are to be placed in charge of districts. He also proposes to allow each of these Sub-Assistants an additional peon on Rs. 7. The office and menial establishments of the twelve Assistant Inspectors and of the nine Sub-Assistants, who are to be placed in charge of districts, will then be as follows:—

Assistant Inspectors.

The extra cost will be only on account of the additional peon to be allowed to each of the nine Sub-Assistant Inspectors and will be Rs. 63 per mensem or Rs. 756 per annum.

6. *Travelling allowance.*—The Assistant Inspectors of Schools, who are in the Provincial Educational Service, draw travelling allowance at the rates prescribed for officers of the second class or a daily allowance of Rs. 3.\* The Sub-Assistants are given a fixed monthly travelling allowance of Rs. 25 per mensem. The Director of Public Instruction now proposes that the nine Sub-Assistants who are to be placed in charge of districts should be allowed to draw travelling allowance under the provisions of the Civil Service Regulations. This proposal may, it is submitted, be accepted.

7. The Director of Public Instruction proposes that the scheme shall be brought into force from 1st March 1909 and requests early orders, as the distribution of the provincialized supervisors depends on the proposals now made.

K. RANGASWAMI AIYANGAR—9-12-08.

There seems one objection to the scheme and that is that the Sub-Assistants will probably grumble at having to do Assistant's work on the same pay. The scheme however is tentative and it may be introduced. It seems a likely method of starting a scheme whereby every district will have an inspecting officer for itself and the cost is not great.

C. A. SOUTER—9-12-08.

The proposal is experimental and, as such, may be adopted. It is presumed that the Sub-Assistants selected for district charge will be men specially selected for the purpose, and who may reasonably expect to succeed to Assistant Inspectors' posts, but I should prefer to see the number of Assistant Inspectors increased to 21 with pay in proportion, by the addition of nine posts to the cadre of the Provincial Educational Service.

2. This question can however be considered when detailed proposals are put forward for grouping the Provincial Educational Service as contemplated on pages 4, 13 and 17 of K.W. G.O., No. 531, dated 13th July 1908. If new posts were at once created in the Provincial Educational Service as at present contemplated, the men so appointed might subsequently consider themselves to have a grievance\*

\* Never mind that at present.

G. S. F[ORBES.]

if they were excluded, in consequence of the proposed grouping, from the higher grades of the Provincial Educational Service. The question of reorganization and regrouping of that service can be taken up only on receipt of detailed proposals from the Director of Public Instruction—now awaited—on the subject of model High schools. Meanwhile I would suggest that, as a temporary measure, a charge allowance of Rs. 25 per mensem should be given to the Sub-Assistant Inspectors selected for district charge. The extra cost would be Rs. 225 per mensem or Rs. 2,700 per annum.

The pay of the 9th grade Provincial Educational Service is Rs. 200 and of the highest grade of Sub-Assistant Inspectors Rs. 175. If such a charge allowance were granted, the men selected would have no cause for complaint either now or on future reorganization of the Provincial Educational Service.

H. D. TAYLOR—10-12-08.

The scheme is fundamentally good and provides a long-felt want. It need be considered tentative only in so far as the question of manning it is concerned. The reorganization of the Provincial Service will give opportunity for considering the question.

The Director of Public Instruction does not ask, so far as I can see, for a "charge allowance" and I see no justification for it: and it is a pity currency should be given to the idea. We may trust the Director of Public Instruction to select suitable men.

The proposals of the Director of Public Instruction are approved.

## FINANCIAL DEPARTMENT.

The extra cost involved in the proposal to allow an additional peon on Rs. 7 per mensem to each of the nine Sub-Assistant Inspectors of Schools is Rs. 63 per mensem or Rs. 756 per annum. It is not possible to estimate the additional expenditure entailed in the proposal to allow the nine Sub-Assistant Inspectors to draw travelling allowance in accordance with the provisions of the Civil Service Regulations in lieu of the fixed travelling allowance of Rs. 25 per mensem.

2. The draft may, it is submitted, be accepted.

V.G.K.—16-12-08.

Paragraph 2 of the draft order.—Sub-Assistant Inspectors of Schools now draw fixed travelling allowance under article 1048, Civil Service Regulations, and appendix 22 (items 67, 69 and 70). Additions to appendix 22 can only be made with the sanction of the Government of India. Can an officer already in appendix 22 be removed from that appendix without India's sanction? I think this point has been discussed before.

C. M. SCHMIDT—17-12-08.

Submitted that the sanction of the Government of India appears to be necessary for the removal of an item from appendix 22 to the Civil Service Regulations. Attention is solicited to letter to the Government of India, No. 646, Financial, dated the 3rd October 1903, and to letter from the Government of India (Home), No. 1721, dated 25th November 1903, in which India sanctioned the deletion of the entry "Deputy Inspector of Vaccination, Rajahmundry range, and his peon when touring in the Agency tracts" from appendix \* 29 to the Civil Service Regulations.

\* This relates to special rates of travelling allowance.

V.G.K.—17-12-08.

The sanction of the Government of India would appear to be necessary to the alteration of the method of treating a Sub-Assistant Inspector of Schools for purpose of travelling allowance as proposed in paragraph 2 of the draft order.

Very well.

A. BUTTERWORTH—7-1-09.

What is the necessity of substituting travelling allowance for the fixed allowance? My note of 10th December had reference to the general scheme and I did not give attention to the detail of travelling allowances. Is the idea that it will encourage inspection by giving payment by results as it were, or that the fixed allowance is inadequate?

G. S. F[ORBES]—8-1-09.

The Director of Public Instruction has given no reasons. Ask him by Official Memorandum what his reasons are.

[Memorandum No. 2541-3, dated 9th January 1909.]

From the Director of Public Instruction, dated 15th January 1909,  
R.O.C. No. 7911.

The reasons for the proposal to grant the Sub-Assistant Inspectors who are to be placed in charge of districts, travelling allowances according to the provisions of the Civil Service Regulations, are explained by the Acting Director of Public Instruction to be as given below :—

(1) The Sub-Assistants in charge of districts will not have a limited amount of travelling like the Sub-Assistants in charge of ranges, but will have to travel through the whole district and the fixed travelling allowance of Rs. 25 per mensem now allowed to Sub-Assistant Inspectors will be quite insufficient in their case.

(2) The grant of travelling allowance in proportion to the actual travelling done will be an incentive to inspection.

2. The Director of Public Instruction (Mr. Stone) points out that even if these Sub-Assistants are granted travelling allowances as proposed above, they will get much less than what Assistant Inspectors in the Provincial Educational Service would get, as shown below :—

The Secretary to the

Government of India,

HOME DEPARTMENT.

Sir,

I am directed to address you on the subject of the payment to certain Sub-assistant Inspectors of Schools in this Presidency of travelling allowances in accordance with the rates laid down in the Civil Service Regulations.

2. ~~A proposal has been made by the Director of Public Instruction~~ *It is proposed eventually,* to place each district in this Presidency, except Madras and the Nilgiris, in charge of a district Assistant Inspector of Schools, who would be held mainly responsible for the elementary education of the district and who would be the chief educational adviser to the local boards and Municipal Councils in the district. Excluding Madras and the Nilgiris, there <sup>are</sup> will be 21 districts which will under this scheme require <sup>each</sup> to be placed in charge of an Assistant Inspector; but as there are only 12 officers of this class, the Governor in Council proposes, as <sup>a commencement</sup> an experimental measure, to place nine of the districts in charge of nine selected Sub-assistant Inspectors of Schools, and to allow them to draw travelling allowances in accordance

accordance with the rates laid down in the Civil Service Regulations for officers of the class to which they belong, in lieu of the permanent monthly travelling allowance of Rs 25/- fixed for them in ~~entry~~ 70 of appendix 22 to the Civil Service Regulations.

3. I am therefore directed to request that the Government of India will be pleased to sanction the proposal to allow the Sub-assistant Inspectors of Schools who are to be placed in charge of districts to draw travelling allowances in accordance with the provisions of the Civil Service Regulations and to modify entry No. 70 in appendix 22 to the Civil Service Regulations by the addition of the words "and those placed in charge of districts as district assistant Inspectors," after the words "entries 67 and 69."

*This allowance will, it is considered, be inadequate to meet the cost of travel when the charge is extended as proposed, <sup>while</sup> the concession of mileage rates will also prove an incentive to inspection.*

INSTRUCTIONS FOR THE SECRETARIAT.

- (a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.
- (b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.
- (b1) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.
- (c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.
- (d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.
- (e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

- (a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.
- (b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.
- (c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.
- (d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.
- (e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
