ORDER:-

In G.O. No. 222 L., dated 12th February 1908, the
Government declined to approve of the action of the
Taluk Board of Tellicherry in transferring to the Basel
German Mission the building and furniture of the Board
Secondary school at Badagara, and in G.O. No. 614 L.,
dated 27th April 1908, the Taluk Board was permitted
either to lease the building and furniture of the school

or

or sell them to the highest bidder or at a reasonable valuation.

2. The District Board, Malabar now points out that the building in question with the furniture, apparatus and school books was transferred free of charge to the District Board of Malabar by Government under G.O. No. 1869 Financial, dated 13th August 1884, on condition that should the school be closed, these should be returned to Government or the value refunded and that the buildings would be kept in repair by Government. The Government are therefore unable to comply with the request of the Taluk Board that the building and furniture should be handed over to the Basel German Mission. But in view of the fact that the Government have not carried out the repairs of the building and that the Taluk Board has spent Rs. 3,738-13-11 on this account and on extensions, the Government will now be prepared to refund this amount to the Taluk Board, and permit the Board to retain or dispose of the books and furniture of the school. The proposal of the President of the Taluk Board that the amount refunded to the Board should be paid over to the Mission to enable it to house its Secondary school properly cannot be approved. The Government are unable to recognise that any obligation exists on the part of the Taluk Board to reimburse the Mission in connection with an arrangement which it was not competent to carry out and at a time when the Mission had not even obtained the consent of the Educational authorities to the recognition of a Secondary school at Badagara under its management.

3. The Taluk Board is requested to make over the building to the Educational Department at a very early date for the purpose of accommodating the Government Training School at Badagara.

4. Further orders will issue in the Educational Department in regard to the refund of Rs.3,738-12-11 to the Taluk Board of Tellicherry referred to in paragraph 2 supra.

C O P Y of letter from the Director of Public Instruction to the Secretary to the Government of Madras, Educational Department, Ref on current No. 3617, dated 27th August 1908.

The Inspector of European and Training Schools, reports that additional accommodation is urgently required for the Government Training School at Badagara as the rented building in which the school is now located is ~~now~~ inadequate, and he proposes that the building occupied by the Late Local Fund School there ^{be} transferred to this Department so that the model school may be conveniently located in it. Government in their order No. 614 L.Mis., dated 27th April 1908 have ordered that the Taluk Board of Tellicherry should either lease the building and furniture of the late secondary school at Badagara or sell them to the highest bidder or at a reasonable valuation. But as I understand from the ~~Pres~~ President, District Board, Malabar, that this building belongs to Government, I have the honour to request you will be so good as to issue necessary orders for the retransfer of the building to this department.

Copy of letter from the President, Taluk Board,
Tellicherry, Ref on C.No. 1722/L.F., dated 6th October
1908.

In reply to Government Memorandum No. 281-1 L/O,
dated 16th September 1908, regarding the building,
furniture, apparatus and school books of the late
Secondary school at Badagara, I have the honour to
state that there appears to be no objection to their
transfer to the Educational Department. The matter
will be placed before the Taluk Board at its next
meeting on the 21st Instant. I venture to add that
the Board had no knowledge of G.O. No. 1869 Financial,
dated 13th August 1884, referred to in the Memorandum.
The order does not appear to have been communicated to
this Office, which was established in 1886.

Copy of letter from the President, Taluk Board,
Tellicherry, Ref on C.No. 1722/L.F., dated 20th November
1908.

In continuation of my letter Ref on C.No. 1722/L.F.
dated 6th October 1908, regarding the retransfer of the
school house, furniture, apparatus and school books of
the late Secondary school at Badagara to the Educational
Department, I have the honour to report that Government
Memorandum No. 281-1 L/O, dated 16th September 1908,
was laid before this Board at its meeting on 21st
October last. Some of the members then brought to
notice the fact that the Board had at various times
spent considerable amounts of money on the school-house,
and the land attached to it and suggested that this
gave the Board a reasonable ground for requesting
either compensation for the amount so spent, if the
school-house were to be taken back by the Educational
Department, or permission to carry out its original
intention to hand over the building to the Basel German
Mission to which the Secondary school has been trans-
ferred. The consideration of the matter was adjourned
in order that an inquiry might be made as to the amount
expended by the Board on the school-house and the land
since the school-house was handed over to the Board in
1886. This inquiry shows that the Board since that
time has sanctioned the expenditure of Rs.3,488-5-0 on
additions and improvements to the buildings and Rs.250-8-11
on the purchase of additional land and on fencing the
play ground, or Rs.3,738-13-11 in all, as shown in the
statement appended. From this amount is excluded all
expenditure on ordinary repairs and upon the purchase
of furniture, books and apparatus. At its meeting on
the 11th instant the Board passed a resolution, a copy
of which is enclosed, to the effect that an application
should

7 8

should be made to ^{the} Government for the refund of Rs. 3,738-18-// spent upon the school-house and land or for permission to hand over the buildings and furniture to the Basel German Mission on such conditions as the Government may think fit.

2. It was part of the agreement between the Board and the Basel German Mission when the school was transferred ~~to~~ that the school-house, furniture and apparatus should be handed over to the Mission free of charge. The Board feels that the Mission, having taken over the school, has a serious grievance in that the Board has not been able to carry out its part of the agreement in regard to the building, furniture and apparatus. The Board entered into this agreement in ignorance of the terms of G.O. No. 1869 Financial, dated 13th August 1884, by which the building ~~and~~ were transferred to the District Board by the Government, and so exceeded its powers; but none the less the grievance of the Mission, which finds itself unexpectedly without accommodation for the pupils whose education it has undertaken, is a real one. The Board therefore hopes that on consideration of all the circumstances the Government will be pleased to permit the school-building, if not the furniture and apparatus, to be handed over to the Mission or will refund to the Board the amount spent on improvements and additions to the building and play ground, which would enable the Board to contribute to the cost of a new school-house for the Mission and so make some amends for the breach of the agreement in regard to the transfer of the school. I venture to submit that in deciding whether the amount spent on improvements and additions should be refunded to the Board, if that question arises the fact that the Board sanctioned the expenditure in ignorance of G.O. No. 1869 Financial, dated 13th August 1884, by which the building was to be returned to the

Government

Government if the school were closed, as that order was not communicated to this office when the school was transferred from the District Board to this Board, may be taken into consideration. Had this Board been aware of the order, it is very doubtful whether the expenditure would have been ~~underaken~~ undertaken. It may be observed too, I submit, that the order directed that the building &c., should be returned to the Government if the school were closed. Although technically the Board's school has been closed, practically it is still in existence and in a more flourishing condition than ~~than~~^{when} under the Board's management. If the object of the Government's order was merely to ensure that the school building &c., should be devoted to secondary education and its terms were intended to prevent them from being diverted to other uses, then that object can be secured by transferring them to the Mission, which now has charge of Secondary ~~sex~~ education in Badagara.
