G.O., No. 703, Educational, dated 9th October 1908.

ABSTRACT.—Approving the revised curriculum of studies for Hospital Assistant pupils submitted by the Director of Public Instruction and stating that a tabular statement of results as revised in accordance with the alterations now approved should be submitted to Government for sanction.

II

Letter—from J. H. STONE, Esq., M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 6th January 1909.
No.—Ref. on Cur. No. 5295.

With reference to paragraph 2 of G.O., No. 703, Educational, dated 9th October 1908, I have the honour to submit for sanction the tabular statements of results of the annual examination of the Hospital Assistant pupils revised in accordance with the alterations in the new curriculum of studies. The marks allotted to some of the subjects in each year's course have been rearranged by the President, Board of Examiners, Medical College, in consultation with the Superintendent of the Medical School, Ráyapuram. The Surgeon-General who has been consulted in the matter says as follows :—

"It will be noted that the marks allotted to some of the subjects in each year's course have been rearranged by the Principal, Medical College, in conjunction with the Superintendent, Ráyapuram School. As I do not see the force in altering the maximum marks from 150 to 120 as has been done by the Principal, Medical College, the matter was referred back to him. As, however, these officers are still of opinion that the marks should stand as revised by them, I am disinclined to advise the retention of what seemed to me a better mark, namely, a maximum of 150 for Anatomy Skeleton in the first year's course and 150 also for Anatomy in the second year."

In the circumstances stated, I recommend that the revised statements may be approved.

NOTES CONNECTED WITH G.O., No. 66, EDUCATIONAL, DATED
2ND FEBRUARY 1909.

[SUBJECT.—*Revised tabular statements of results of the annual examination of Hospital Assistant pupils.*]

Previous papers.

G.O., No. 654, Edl., dated 22nd September 1896.
" " 703 " " 9th October 1908.

From the Director of Public Instruction, dated 6th January 1909, No. 5295.

Please see G.O., No. 703, Educational, dated 9th October 1908, and the notes therewith.

2. In that order, the Government sanctioned a revised curriculum of studies for Hospital Assistant pupils and stated that the tabular statement of results which was to be revised in accordance with the altered curriculum then approved, should be submitted to Government for sanction.

3. In accordance with these orders, the Director of Public Instruction now submits for sanction the revised tabular statement of results. The existing tabular statement will be found on pages 13 and 14 of G.O., No. 654, Educational, dated 22nd September 1896.

4. The marks assigned for the several subjects in the revised and the existing tabular statements of results compare as follows:—

Subjects.	Revised tabular statement.	Existing tabular statement.	Difference.
Anatomy (Skeleton)	120	150	—30
Physiology	100	100	..
Chemistry	50	50	..
Materia Medica	150	150	..
Hygiene	125	75	+50
Anatomy (general and practical)	210	{ 100 60	+50
Medical Jurisprudence	75	75	..
Ophthalmology	50	50	..
Lunacy	150	150	..
Medicine	100	100	..
Midwifery	150	150	..
Surgery	60	60	..
Clinical Medicine	60	60	..
Clinical Surgery	60	60	..
Minor and Operative Surgery	..	60	—60
Materia Medica (oral)	..	..	..
Total	1,510	1,500	+10

5. Only a few changes have been made. The marks for Anatomy (Skeleton), (Anatomy of bones, muscles, joints, internal organs and of eye, ear and larynx) have been reduced from 150 to 120, while the marks for Anatomy (General and Practical) have been raised from 160 to 210. The marks for Hygiene have been raised from 75 to 125 and the oral examination in Materia Medica which carried 60 marks has been done away with as a separate subject.

No. 66, EDUCATIONAL, 2ND FEBRUARY 1909.

6. The Surgeon-General, whom the Director of Public Instruction consulted in the matter, considers that the marks for Anatomy (Skeleton) in the first year's course may stand as originally at 150 but does not press the point. It is submitted that as the marks for Anatomy as a whole (Skeleton, general and practical) have been raised from 310 to 330, there seems to be little necessity to retain the marks for Anatomy (Skeleton) at the original figure of 150.

7. A draft order approving the revised tabular statement is submitted for approval.

T.K.—27-1-09.

K. RANGASWAMI AYYANGAR—27-1-09.

May issue. The changes seem quite unimportant.

C. A. SOUTER—28-1-09.

It seems doubtful whether Hygiene should carry more marks than Physiology and Midwifery, and the important subject Ophthalmology is marked very low; but, as Surgeon-General approves, the statements may be accepted.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(c) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished ; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
