GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 27th August 1908.

No.—Ref. on Cur. 8296/07.

I have the honour to submit the accompanying plans and estimates for certain extensions and improvements including the addition of four class rooms, two music rooms and a drawing class room (estimate Rs. 11,300) and for the construction of four bath rooms (estimate Rs. 1,404) in connection with St. Philomena's High school, Bellary, and an application for grant, and to recommend that, under article 56 of the Code of Regulations for European schools, a half-grant not exceeding Rs. 6,352 may be sanctioned, if the plans and estimates are approved by the Chief Engineer.

2. The school is a European High school and receives Boarding grants and a fixed grant of Rs. 3,000 a year. Its present building was constructed 23 years ago with a Government contribution of Rs. 2,316. In March 1908, there were 121 pupils on the rolls of whom 117 were Europeans as defined in the Code of Regulations for European schools. The present accommodation both for class work and sanitary purposes is reported by the Inspectress to be inadequate for the needs of the school. The management were advised to improve it, but it was reported that they could not afford to carry out the improvements at their own cost without assistance from Government, nor could they apply for a grant for the purpose owing to the difficulty of executing a trust deed required under article 56. I beg to invite the attention of Government to my letter R. C. No. 8296/07, dated 12th December 1907, in which the above facts have been brought to notice. As Government have since, in G.O., No. 445, Educational, dated 9th June 1908, delegated to me the power of exempting managers from the execution of the trust deed, I shall deal with the question of exemption in the case of this school if the grant is sanctioned.

3. It will be seen from the application that the management have applied for a two-thirds grant. I do not think that Bellary is a place where the concession of a two-thirds grant contemplated in article 57 can be given, and I already informed the management that I was not prepared to recommend more than a half-grant. The correspondent of the school has reported that the management have sufficient funds to complete the works if only a half-grant is sanctioned. If the grant recommended by me is sanctioned, it may be paid when funds are available. Out of the current year's allotment of Rs. 20,000 for building grants to European schools, a sum of Rs. 412 only has been paid up to date but a sum of Rs. 28,186 has been promised.

4. All the conditions of the Code are satisfied.

II

Note by the Chief Engineer, Public Works Department, dated 14th December 1908.

The Director of Public Instruction submits plans and estimates amounting to Rs. 12,704 for improvements to St. Philomena's High school at Bellary. The timber specified as "country wood" should be Vengai Pillamorudu, Kurremerudu or other wood of equal strength and stiffness. A staircase is shown in Section A. B. for which the estimate does not provide. The staircase appears to be unnecessary, as the existing stairs suffice for the extension proposed. The design of the verandah roof on the upper floor has been modified in this office, as shown in the tracing attached to the plan.

2. By these and other necessary alterations made in this office the estimate has been increased to Rs. 13,445. The nature of the surface and sub-soils is not stated. The pressure on the foundations works out to 1.32 tons per square foot.

3. The Superintending Engineer should satisfy himself, after such inspection as he may direct, that the soil will bear this pressure, before the foundations are constructed.

4. With these remarks the estimate as altered by the Chief Engineer is recommended for sanction.

F. J. WILSON,
Chief Engineer, P.W.D.

Order—No. 97, Educational, dated 16th February 1909.

The Government are pleased to sanction a grant of Rs. 6,700 or one-half of the actual expenditure, whichever is less, towards the cost of extensions of and improvements to the building occupied by the St. Philomena's High school, Bellary, subject to the following conditions:—

(1) That in carrying out the work, the suggestions of the Chief Engineer in his note read above are adopted;

(2) that the work is completed before the 31st October 1909;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st December 1909;

(4) that the amount expended on the work does not fall short of Rs. 13,400 as actually verified;

(5) that all other conditions prescribed in the Code of Regulations for European schools have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid as funds become available.

NOTES CONNECTED WITH G.O., No. 97, EDUCATIONAL,
DATED 16TH FEBRUARY 1909.

[SUBJECT.—*Recommending a half-grant of Rs. 6,352 towards the cost of carrying out certain improvements to the St. Phelomena's High School, Bellary, under article 56 of the Code of Regulations for European Schools.*]

From the Director of Public Instruction, dated 27th August 1908, No. 8296.

It is submitted that the plans and estimates may be forwarded to the Public Works Department for scrutiny.

PUBLIC WORKS DEPARTMENT.

Submitted.

P. K. SUBBA AIYAR—18-12-08.

We may say eight months for completion from date of starting work.

P. HAWKINS—11-2-09.

To the Educational Department.

The draft order placed below is submitted for approval.

2. The original estimate amounted to Rs. 12,704; and the Director of Public Instruction recommended a half-grant of Rs. 6,352. The amount of the estimate as altered by the Chief Engineer has now been raised to Rs. 13,445. One-half of the latter amount, namely, Rs. 6,722-8-0, *i.e.*, Rs. 6,700 in round figures is entered in the draft order as the maximum amount of grant, subject to approval.

P.R.—13-2-09.

Under article 57 of the Code of Regulations for European schools, grants for buildings shall not ordinarily exceed one-half of the total cost, and in places where there is a small or poor European population, shall not exceed two-thirds of the total cost. The Director of Public Instruction does not consider that there are sufficient grounds for the payment of two-thirds grant in this case and recommends only a half-grant.

2. The Director of Public Instruction says that he will deal with the question of exempting the managers from the execution of a trust deed under article 56 with reference to the power delegated to him by G.O., No. 445, Educational, dated 9th June 1908.
