Letter—from J. H. STONE, Esq., M.A., Acting Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 2nd February 1909.

No.—Ref. on Cur. No. 2792/1908.

With reference to paragraph 2 of G.O., No. 22, Educational, dated 12th January 1909, I have the honour to submit herewith an application for building grant on behalf of the Stanes' High School, Coonoor. In this application, the total cost is given as Rs. 17,740—Rs. 14,740 being the cost of construction and Rs. 3,000 that of site. A sum of Rs. 8,000 having been realized by the sale of the old buildings and a further sum of Rs. 5,240 by subscriptions, the management request that the balance Rs. 4,500 required to meet the total cost of building and site may be paid from Government. The revised plan and estimate which were submitted to Government for being scrutinized in the Public Works Department have been returned with the Government Order under reference in which Government have communicated the Chief Engineer's note, dated 17th December 1908, recommending for sanction an estimate amounting to Rs. 15,200 for the construction of the building.

2. This is a European high school with a strength of 50 pupils in June 1908, and it gets a fixed grant of Rs. 1,600 a year. Considering the size of the school and the fact that the plan of the building has been largely determined by the intention of using it on Sundays for the Union Church, I think that a building grant not exceeding Rs. 2,000 should be sufficient. If grant is sanctioned, it may be paid when funds are available after the execution of the trust-deed and after all the conditions of the Code of Regulations for European Schools have been satisfied.

3. The approved plan and estimates are resubmitted herewith.

Order—No. 99, Educational, dated 17th February 1909.

As recommended by the Director of Public Instruction, a grant of Rs. 2,000 will be now sanctioned under article 57 of the Code of Regulations for European Schools, subject to the following conditions :—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note communicated with G.O., No. 22, Educational, dated 12th January 1909, are adopted ;

(2) that the work is completed before the 30th June 1909 ;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st July 1909 ;

(4) that the amount expended on the work does not fall short of Rs. 15,200 as actually verified ;

(5) that a trust-deed is executed as required by article 56 of the Code ;

(6) that all other conditions prescribed in the Code have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid as funds become available.

NOTES CONNECTED WITH G.O., No. 99, EDUCATIONAL, DATED
17TH FEBRUARY 1909.

EFFECT.—Application for a grant of Rs. 4,500 on behalf of the Stanes' High School,
Coonoor.]

From the Director of Public Instruction, dated 2nd February 1909, No. 2792.

This permission did not carry with it any guarantee that any particular amount of grant or that any grant would be sanctioned towards the cost of the work.

K.R.—12-2-09.

Pages 5 and 6 of G.O., No. 470, Educational, dated 22nd June 1908.

Vide Chief Engineer's note on page 3 of G.O., No. 22, Educational, dated 12th January 1909.

In G.O., No. 470, Educational, dated 22nd June 1908, the Government permitted the management of the Stanes' High School, Coonoor, to commence the work of constructing a building for the school on condition that the estimate was revised in accordance with the Chief Engineer's note, dated 13th June 1908. The management then submitted revised estimates. These were scrutinized by the Chief Engineer who recommended, for sanction, an estimate as revised by him, amounting to Rs. 15,200.

2. The authorities of the Stanes' High School now submit an application for a grant of Rs. 4,500 with reference to an estimated cost of Rs. 17,740, made up of Rs. 14,740, the cost of the building, and Rs. 3,000, the cost of the site. It is also stated that the grant of Rs. 4,500 now applied for is the balance required to meet the cost of the building and site after deducting the sum of Rs. 13,240 already realized by the sale of the old buildings and by subscriptions.

3. Under article 50 of the Code of Regulations for European Schools, grants may be given in aid of erecting school buildings and of acquiring lands for school purposes; and under article 57 of the Code such grants shall not ordinarily exceed one-half of the total cost. A grant of half of Rs. 15,200 (estimate as recommended by the Chief Engineer) or Rs. 7,600 is thus admissible to the school. But the Acting Director of Public Instruction (Mr. Stone) considers that a grant not exceeding Rs. 2,000 should be sufficient for the following reasons:—

- (1) the strength of the school in June 1908 was 50;
- (2) the school gets a fixed grant of Rs. 1,600 a year;
- (3) the plan of the building has been largely determined by the intention of using it on Sundays for the Union Church.

4. The recommendation of the Director of Public Instruction may, it is submitted, be accepted. The draft order placed below is submitted for approval.

No. 99, EDUCATIONAL, 17TH FEBRUARY 1909.

I am not sure what total cost in article 57 means. In this case the management have realized Rs. 13,240 and the total cost to them comes only to Rs. 4,500.

It does not matter for the amount is discretionary.
A.B. If Government grant this sum, the management will have built the school for nothing. A grant of Rs. 2,000 seems ample.
But they are the poorer by the money laid out on the building.
A.B.

C. A. SOUTER—12-2-09.

For the reasons given by the Director of Public Instruction, the grant may be put at Rs. 2,000.
