GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

G.O., No. 64, Educational, dated 7th February 1889.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 7th August 1908.
No.—Ref. on Cur. 3777.

I have the honour to submit the enclosed plan with estimate, amounting to Rs. 18,800, for providing additional accommodation required for the Madura College and to recommend that, under rule 51 of the Grant-in-Aid Code, a grant of Rs. 6,267 or one-third of the cost, whichever may be less, may be sanctioned with the additional condition that, in the event of the building ever being resumed by Government, the management shall have no claims of any kind whatever on the buildings which it is now proposed to add.

2. The present building, which is the property of Government, was handed over to the present college authorities under G.O., No. 64, Educational, dated 7th February 1889, and was subsequently extended at Government expense amounting to Rs. 11,750—G.O., No. 1404 W., dated 23rd May 1891.

3. The present building is quite insufficient for the growing needs of the college. There is no accommodation —

- (1) for laboratory and museum;
- (2) for practical work in Science of the pupils of the high school classes; and
- (3) for Physical and Natural Science laboratories required for the intermediate classes.

The proposed extension is, therefore, a real necessity.

4. A copy of the application for aid in the prescribed form with the covering letter from the management is, herewith, submitted.

ENCLOSURE.

Letter—from M.R.Ry. M. VENKATARAMA AIYAR Avargal, B.A., B.L., Secretary, Madura College Board.
To—the Director of Public Instruction, Madras.
Dated—Madura, the 11th May 1908.
No.—249.

I have the honour to submit that a further extension of the college buildings has become an imperative necessity for the following among other reasons.

As noted by the Inspector of Schools in his last inspection report on the college, "although a new block of buildings was constructed at a cost of Rs. 1,050, the accommodation is yet not quite sufficient for the growing needs of the college. A separate block of buildings may be constructed to accommodate the laboratory and a museum.

Additional accommodation is also required for providing for the practical work of the pupils of the high school classes in Science.

Physical and Natural Science laboratories have to be erected to meet the requirements of the intermediate examination.

It is hardly necessary to dwell here on the financial burdens that have been cast upon the College Board by the new University Regulations, the Educational rules and the Grant-in-Aid Code. You may not be unaware of the efforts that are being made by the Board to place the institution on a sound financial footing by providing it with an adequate endowment.

Last year there was a deficit of Rs. 1,106-1-1 which was met from subscriptions and donations collected by the Board. This year also special monthly subscriptions aggregating Rs. 3,000 for the year, irrespective of donations towards the Endowment fund, are being secured to satisfy the principles of rules 32 and 33 of the Grant-in-Aid Code. In these circumstances, the College Board would esteem it a great favour if the required extension be made at Government cost as was done in 1892 on the recommendation of Mr. Grigg, the then Director of Public Instruction.

The following is an extract from his letter to Government, No. 3638, dated 4th April 1891:—

"As there is no Government College in the Presidency to the south of Kumbakonam, I think it in the interests of the State to make such an institution as the Madura Native College as efficient as possible. The Committee has no funds to undertake the enlargement and considering that the building belongs to Government, I am of opinion that provision should be made from Provincial funds for the work. Had the institution remained under the department, a proposal for its enlargement would long since have been submitted to Government. There can be no risk in spending this money on the building, although now in the custody of a Committee, because if the Committee proved inefficient or withdrew from higher education, there can be little question that public expediency would demand that the building be resumed and the institution maintained as a college under the department. I beg accordingly to request that the Government would be pleased to sanction the estimate for Rs. 11,750."

If, however, the Government are not prepared to carry out the extension at their cost, I request that permission may be granted to the College Board to enlarge the buildings out of its funds supplemented by a grant from the department. As the extension has to be ready for occupation in January next, I send herewith a plan and an estimate as also the formal application for a grant of Rs. 6,267 being a third of the cost of the proposed extension.

In conclusion I pray that early and favourable orders may be passed on this application.

III

Note by the Chief Engineer, Public Works Department,
dated 1st March 1909.

The Director of Public Instruction submits an estimate, amounting to Rupees 18,800, for additions and improvements to the Madura College.

The pressure on the brick in mortar basement below the cut-stone columns at the point marked X in the plan works out to 6.30 tons per square foot, which is excessive. A slip tracing has been prepared in the Chief Engineer's office and attached to the plan showing an alteration of this design by which the pressure will be reduced to 3.20 tons per square foot. This should be adopted. With this alteration the pressure in the concrete will be 1 ton per square foot and on the soil 1.11 tons per square foot. The pressure on the soil below the point marked Y in the plan will be 1.26 tons per square foot. The nature of the soil is not stated.

The soil should be examined by such officer of the Public Works Department as the Superintending Engineer may select and a certificate as to the suitability of the foundations with regard to the nature of the soil, obtained before the foundations are put in. Similar supervision should be exercised with regard to the suitability of the old trusses and other timber work as to the condition of which no report has been made, and which it is proposed to utilise in the new structure.

Necessary alterations in timber scantlings and rolled steel beams have been made in the Chief Engineer's office. The estimate as altered by the Chief Engineer amounting to Rs. 20,200 is recommended for sanction.

Order—No. 171, Educational, dated 19th March 1909.

The Government are pleased to sanction a grant of one-third of the actual expenditure but not exceeding Rs. 6,700 towards the cost of providing additional accommodation required for the Madura College, subject to the following conditions:—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;

(2) that the work is completed before the 30th November 1909;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st December 1909;

(4) that the amount expended on the work does not fall short of Rs. 20,200 as actually verified;

(5) that all other conditions prescribed in the Grant-in-Aid Code have been duly complied with; and

(6) that in the event of the resumption of the building by Government the management shall have no claim of any kind to or in respect of the buildings which it is now proposed to add.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 171, EDUCATIONAL,
DATED 19TH MARCH 1909.

[SUBJECT.—Building grant of Rs. 6,267 for providing additional accommodation for the Madura College.]

From the Director of Public Instruction, dated 7th August 1908, No. 3777.

The Director of Public Instruction submits plan and estimates, amounting to Rs. 18,800, for providing additional accommodation required for the Madura College* and recommends that, under article 51 of the Grant-in-Aid Code, a grant of Rs. 6,267 or one-third of the cost, whichever may be less, may be sanctioned with the additional condition that “in the event of the building ever being resumed by Government, the management shall have no claims of any kind whatever on the buildings which it is now proposed to add.”

2. The building in which the Madura College is now held belongs to Government. In G.O., No. 64, Educational, dated 7th February 1889, the Government permitted the Committee of the College to use the building, library and apparatus pertaining to the late Government College, Madura, subject to the conditions (1) that the building should be kept in good and thorough repair and (2) that it should be returned to Government with the library and apparatus in good condition on six months' notice, if at any time the same should be required by them (Government) for educational purposes. Subsequent extensions to the building costing Rs. 11,750 were also carried out at Government expense—vide G.O., No. 1404 W., dated 23rd May 1891.

3. In G.O., No. 810, Educational, dated 3rd December 1907, the Government sanctioned a grant of Rs. 13,500 to the Madura College, out of the special grant placed at the disposal of this Government by the Government of India in aid of University education. It was given for the following objects:—

	Rs.
(1) For maps, appliances, history and library ..	1,000
(2) For Physics and Chemistry	10,000
(3) For natural science	2,500
Total ..	13,500

The College then applied for a grant of Rs. 24,000, but the Director of Public Instruction recommended only a grant of Rs. 13,500, which was sanctioned. It is not known whether the cost of providing the additional accommodation for which a grant is now applied for was included in the Rs. 24,000 originally applied for by the College authorities.

4. It is for consideration whether the grant of Rs. 6,267 now recommended by the Director of Public Instruction may be sanctioned. If it may be sanctioned the plan and estimates may, it is submitted, be forwarded to the Public Works Department, for scrutiny.

P.R.—18-8-08.

The building occupied by the Madura College is the property of Government and is liable to be resumed by Government at six months' notice whenever required by them for educational purposes. There appears to be no objection to making a grant equal to one-third of the cost of the proposed extensions, subject to the further condition now suggested by the Director of Public Instruction, namely, that in the event of the buildings being resumed by Government, the College authorities shall have "no claims of any kind whatever on the buildings which it is now proposed to add".

2. In G.O., No. 753, Educational, dated 13th November 1907, the Government stated that they would not object to the Director's sanctioning a grant of Rs. 750 or one-third of the estimated cost of the extension of the building occupied by the Mahajana High School, Erode, which is a Government building. Attention is solicited to the notes on pages 2 and 3 of the notes with that Government Order in which it was decided that such a grant was unobjectionable although it was for the extension of a Government building.

3. The Director of Public Instruction points out that the proposed extension is "a real necessity" the present building being "quite insufficient for the growing needs of the College".

K. RANGASWAMI AIYANGAR—18-8-08.

Submitted that the grant may be given. Government cannot lose by it if the College is taken over by them.

C. A. SOUTER—19-8-08.

I see no objection to a one-third grant in this case. The condition suggested by the Director of Public Instruction seems rather stringent, but I do not see how it is to be avoided.

H. D. TAYLOR—19-8-08.

Director of Public Instruction's proposal approved.

G. S. F[ORBES]—20-8-08.

Draft please.

H. D. TAYLOR—21-8-08.

The draft order placed below is submitted for approval. If approved, the file may, it is submitted, be forwarded to the Public Works Department, who will be requested to state whether the plans and estimates may be approved.

P.R.—24-8-08.

The estimated cost of the proposed additional buildings is Rs. 18,800, and one-third of this sum, or Rs. 6,267 has been entered in the draft order as the amount of grant to be sanctioned. This figure will be subject to alteration with reference to the cost according to the estimates as revised by the Public Works Department. Before issuing the order, it seems to be necessary to have the plans and estimates scrutinized by the Public Works Department. The date of completion of the building has to be fixed by that department.

K. RANGASWAMI AIYANGAR—24-8-08.

C. A. SOUTER—24-8-08.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Returned with Chief Engineer's note on the plans and estimates. Seven months may be allowed for completion, after the work has started.

P. HAWKINS—1-3-09.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The estimates as submitted by the authorities of the Madura College amounted to Rs. 18,800. It was then decided to grant a sum of Rs. 6,267 or one-third of the actual expenditure, whichever was less. The amount of the estimate, as now revised by the Chief Engineer, is Rs. 20,200—*vide* Chief Engineer's note on page 22 of current file.

2. It is for consideration whether the amount of grant may be correspondingly increased, or whether the draft order already in the file may now issue.

P.R.—9-3-09

Under article 51 of the Grant-in-Aid Code, the maximum building grant which may be sanctioned is one equal to one-third of the total cost. If it is decided to sanction a grant of one-third of the revised estimate (Rs. 20,200), the amount of grant entered in paragraph 1 draft order will have to be altered from Rs. 6,267 to Rs. 6,733.

K. RANGASWAMI AIYANGAR—9-3-09.

For orders.

C. A. SOUTER—10-3-09.

The difference is trifling and may be passed, but it seems absurd to say that we give Rs. 6,733 or one-third of actual expenditure whichever is less and then go on to say that the expenditure is *not* to be less than Rs. 20,200. I have therefore revised the first part.

A. BUTTERWORTH—11-3-09.

The wording of the first part of paragraph 1 of the draft order is in accordance with orders—*vide* Mr. Taylor's note, dated 17th August 1908, and the Honourable Member's marginal note on page 4 of K.W. G.O., No. 600, Educational, dated 18th August 1908. Perhaps the first part of the draft may be retained and clause (4) may be omitted.

2. As regards clause (6) of the draft order, the Secretary noted:

"But this seems contrary to article 54 of the Grant-in-Aid Code."

Article 54 of the Grant-in-Aid Code provides for cases in which the manager of a school diverts the building for other than educational purposes approved by Government. As the building under reference belongs to Government and not to the manager, the latter cannot, if a grant is given towards the cost of extending the building, execute a mortgage of the property as required by article 53 (ii) of the Grant-in-Aid Code. In the case of the Mahajana High School, Erode, which is also a

Government building, it was held that the execution of a mortgage deed was unnecessary, but that the grant should

be subject to the condition that, if the school were closed, no claim should be preferred against Government for the outlay incurred on the extension, that being one of the original conditions on which the loan of the Government building was granted to the manager of the school.

This is the point.

C. A. SOUTER—15-3-09.

3. In the present case, the building, which belongs to Government, was handed over to the Committee of the Madura College, one of the conditions of the transfer being that it "should be

'returned to Government with the library and apparatus in good condition on six months' notice, if at any time, the same should be required by Government for educational purposes'. Clause (6) of the draft order has been put in on the recommendation of the Director of Public Instruction and, in the circumstances of the case, does not appear to be inconsistent with article 54 of the Code.

K. RANGASWAMI AIYANGAR—13-3-09.

Submitted that the condition is not inconsistent with article 54. It has already been imposed on the Erode school. On any dereliction on the part of the management under article 54 the Government can demand any portion of the grant they like and the condition as laid down in the draft merely gives the management no claim to anything.

C. A. SOUTER—15-3-09.

Paragraph 1 of the order may stand as altered by me. Government promise one-third subject to a maximum of Rs. 6,733. Paragraph 1 will thus be in harmony with condition (4)

Under the terms of G.O., No. 64, Educational, dated 7th February 1889, Government may call upon the committee to surrender the building at any time on six months' notice. But, as the committee will find two-thirds of the cost of the new block out of school receipts presumably and not out of private funds, there is no objection to condition (6).

The order may issue?

A. BUTTERWORTH—18-3-09.

Yes with slight verbal alteration.

G. S. F[ORBES]—18-3-09.

Issue.

A. BUTTERWORTH—19-3-09.

[G.O., No. 171, Educational, dated 19th March 1909.]

Ref on Cur No. 3777/08

Station Madras, Dated the 7th August 1908.

From (Name) The Hon'ble Mr. A. G. Bourne, D.Sc., F.R.C., C.I.E.

(Designation) Director of Public Instruction,

Madras

To the Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to submit the enclosed plan with estimate amounting to Rs 18,800/- for providing additional accommodation required for the Madura College and to recommend that, under Rule 51 of the Grant-in-Aid Code, a grant of Rs 6267 or one-third of the cost, whichever may be less, may be sanctioned with the additional condition that in the event of the building ever being resumed by Government, the management shall have no claims of any kind whatever on the buildings which it is now proposed to add.

2. The present building, which is the property of Government, was handed over to the present college authorities under G.O. No. 64 Educational dated 7th February 1889 and was subsequently extended at Government expense amounting to Rs 11,750/- /G.O. No. 1404 W dated 23rd May 1891/.

3. The present building is quite insufficient for the growing needs of the college. There is no accommodation

- (1) for laboratory and Museum
- (2) for practical work in Science of the pupils of the High school classes

a n d

- (3) for Physical and Natural Science laboratories required for the Intermediate classes. The proposed extension is, therefore, a real necessity.

4. A copy of the application for aid in the prescribed form with the covering letter from the management is herewith submitted.

I have the honour to be,

8

From

M.R.Ry M. Venkatarama Aiyar Avergal, B.A.B.L.,
Secretary, Madura College Board,

M a d u r a .

To

The Director of Public Instruction,

M a d r a s .

S i r ,

I have the honour to submit that a further extension of the college buildings has become an imperative necessity for the following among other reasons:-

As noted by the Inspector of Schools, in his last inspection report on the college, "although a new block of buildings was constructed at a cost of Rs 1050/- the accommodation is yet not quite sufficient for the growing needs of the college. A separate block of buildings may be constructed to accommodate the laboratory and a museum.

Additional accommodation is also required for providing for the practical work of the pupils of the High School classes in Science.

Physical and natural science laboratories have to be erected to meet the requirements of the Intermediate Examination.

It is hardly necessary to dwell here on the financial burdens that have been cast upon the college board by the new University Regulations, the Educational Rules and the Grant-in-Aid Code. You may not be unaware of the efforts that are being made by the Board to place the Institution on a sound financial

4
9 5-5.8

footing by providing it with an adequate endowment.

Last year there was a deficit of Rs 1106-1-1 which was met from subscriptions and donations collected by the Board. This year also special monthly subscriptions aggregating Rs 3000 for the year, irrespective of donations towards the Endowment Fund, are being secured to satisfy the principles of Rules 32 and 33 of the Grant-in-Aid Code. In these circumstances the College Board would esteem it a great favour if the required extension be made at Government cost as was done in 1892 on the recommendation of Mr. Grigg, the then Director of Public Instruction.

The following is an extract from his letter to Government No. 3688 dated 4th April 1891:-

"As there is no Government College in the Presidency to the south of Kumbakonam, I think it in the interests of the State to make such an institution as the Madura Native College as efficient as possible. The Committee has no funds to undertake the enlargement and considering that the building belongs to Government, I am of opinion that provision should be made from Provincial funds for the work. Had the Institution remained under the Department, a proposal for its enlargement would long since have been submitted to Government. There can be no risk in spending this money on the building, although now in the custody of a Committee, because if the Committee proved inefficient or withdrew from higher education, there can be little question that public expediency would demand that the building be resumed and the institution maintained as a college under the department. I beg accordingly to request that the Government would be pleased to sanction the estimate for Rs 11,750".

If, however, the Government are not prepared to carry out the extension at their cost, I request that permission may be granted to the College Board to enlarge the buildings out of its funds supplemented by a grant from the department. As the extension has to be ready for occupation in January next, I send herewith a plan and an estimate as also the formal application for a grant of Rs 6267/- being a third of the cost of the

proposed

5
10 681P.
proposed extension.

In conclusion I pray that early and favourable orders
may be passed on this application.

I have the honour to be,

S i r ,

Your most obedient servant,

/S i g n e d / M. Venkatarama Aiyar,

Secretary, Madura College Board.

PUBLIC WORKS DEPARTMENT.

The Dir. of Public Works
submits an estimate amounting
to Rs 18,100 for additions and
improvements to the Madras
College.

The pressure on the brick in
under the basement below
the cut stone columns at the
portal marked X in the plan
works out to 6.30 tons per
sq. ft., which is excessive.

A slip showing a section has been
prepared in the office &
attached to the plan, showing
an alteration of plan design by
which the pressure will be
reduced to 3.20 tons per sq. ft.
This may be adopted.

With this alteration the
pressure on the concrete will be
1 ton per sq. ft. & ~~the~~ in
the soil 1.11 tons per sq. ft.

The pressure on the soil below
the portal marked Y in the
plan will be 1.26 tons per
sq. ft. The nature of the
soil is not stated.

Submitted to
Board

3-3-09

The ^{soil} foundation should be examined and carefully made the ~~integrity~~ ^{integrity} of the foundation with regard to the nature of the soil by means of the ~~flow~~ ^{flow} of the flood, as the ~~the~~ ^{the} way about, & a certificate as to the ~~integrity~~ ^{integrity} of the ~~soil~~ ^{soil} foundation with regard to the nature of the soil, obtained ~~of the~~ ^{of the} before the foundations are put in. Similar supervision should be exercised ^{with regard} ~~to~~ ^{to} the ~~integrity~~ ^{integrity} of the ~~existing~~ ^{existing} timber and the timber work as to the condition of which no report has been made, & which is in progress to replace in the new structure.

Money alterations in timber scullings and rolled steel beams have been made in the C.E. office. The estimate as altered by the C.E. amounting to Rs. 20,200 is recommended for sanction.

Note connects with go. No. 171 Ed. 8/19-3-09.
C.No.1767, From the D.P.I. No.3777, dated 7th August 1908. 13

S u b j e c t.

Recommending a building grant of Rs.6,267 for providing additional accommodation for the Madura College.

Page 20 of cf.

* A private institution under the management of a Committee.

The D.P.I. submits plan and estimates amounting to Rs.18,800 for providing additional accommodation required for the Madura College and recommends that under article 51 of the Grant-in-aid Code, a grant of Rs.6,267 or one-third of the cost, whichever may be less, may be sanctioned with the additional condition that "in the event of the building ever "being resumed by Government, the management shall "have no claims of any kind whatever on the buildings "which it is now proposed to add".

Para. 1 of D.P.'s letter, pages 9 of cf.

Vide D.P.'s letter - Page 1 of G.O. No. 64 7.2.89.

C.

2. The building in which the Madura College is now held belongs to Government. In G.O. No.64 Edl., dated 7th February 1889, the Government permitted the Committee of the College to use the building, library and apparatus pertaining to the late Government College, Madura, subject to the conditions (1) that the building should be kept in good and thorough repair and (2) that it should be returned to Government with the library and apparatus in good condition on six months' notice, if at any time the same should be required by them, ^(Government) for educational purposes.

Subsequent extensions to the building costing Rs.11,750 were also carried out at Government expense - Vide D. G.O.No.1404 W., dated 23rd May 1891.

Vide page 5 of the G.O.

F.

3. In G.O.No.810 Edl., dated 3rd December 1907, the Government sanctioned a grant of Rs.13,500 to the Madura College, out of the special grant placed at the disposal of this Government by the Government of India in aid of University education. It was given for the following objects :-

Do..... Do.

	Rs.
(1) For maps, appliances, history and library	1,000
(2) For Physics and Chemistry	10,000
(3) For natural Science ...	2,500
Total ...	13,500

Page 4 of G.O.No.810
3-12-07.

F. The College then applied for a grant of Rs.24,000, but the D.P.I. recommended only a grant of Rs.13,500, which was sanctioned. It is not known whether the cost of providing the additional accommodation for which a grant ~~was~~ is now applied for, was included in the Rs.24,000 originally applied for by the College authorities.

4. It is for consideration whether the grant of Rs.6,267 now recommended by the D.P.I. may be sanctioned. ~~the plans and estimates may~~ ^{If it may be sanctioned,} it is submitted, be forwarded to the Public Works Department, for scrutiny.

P.R.

24-8-08

The Estimated Cost of the proposed additional buildings is Rs 18,800, and one third of this sum, or Rs 6,267 has been entered in the draft order as the amount of grant to be sanctioned. This figure will be subject to alteration with reference to the Cost according to the estimates as revised by the P.W.D. Before issuing the order, it seems to be necessary to have the plans and estimates scrutinized by the P.W.D. The date of completion of building has to be fixed by that Department.

Estimated -

Educational Department.

The estimates as submitted by the authorities of
the Madura College
amounted to Rs 18,800. It was then decided to grant
a sum of Rs 6,267 or one-third of the actual expenditure,
whichever is less. The amount of the estimate, as now
revised by the Chief Engineer, ~~has been revised~~
is Rs 20,200 - vide Chief Engineer's note on page 22 of
Cfile.

2. It is for consideration whether the amount of grant
may be correspondingly increased, or ^{whether} the draft ~~order~~
already in the file may now issue.

PR
9.3.09 Under Art. 51 of the Grant in aid Code,
the maximum building grant which may be
sanctioned is ^{one equal to} one third of the total cost.
If it is decided to sanction a grant of
one third of the revised estimate (Rs 20,200),
the amount of grant entered in paragraph 1 of
the draft order will have to be altered
from Rs 6,267 to Rs 6,733. See

NOTES.

Page

The difference is trifling & may be
passed but it seems absurd to
say that we give R6733 or one-third
of actual Expenditure whichever
is less & then go on to say that
the Expenditure is not to be less
than R20,200. I have therefore
revised the first part

Ans
11/3

A Bontem A

The wording of the first part of paragraph 1. of the draft order is in accordance with the orders — Vide Mr. Taylor's note dated 17th August 1908 and the Hon'ble member's marginal note on page 4 of His. Govt. Secy. to Govt. No. 19. 8. 08. Perhaps the first part of the draft may be retained and clause (4) may be omitted.

2. As regards clause (6) of the draft order,
the Secretary noted,

"But this seems contrary to article 54 of the
"Grant-in-Aid Code". / Article 54 of the Grant-in-
-Aid Code provides for cases in which the manager
of a school diverts the building for other than
educational purposes ^{approved by Govt.} As the building under
reference belongs to Government and not to the
manager, the latter cannot, if a grant is given towards
the cost of extending the building, execute a mortgage
of the property as required by Article 53 (ii) of
the Grant-in-Aid Code. ~~Article 54 does not therefore~~
~~seem to be applicable to this case.~~
~~concerning.~~ In the Case of the Mahajana High Sch

Go

Erode School. On any deviation on the part of the management under Art. 54 the pt. can demand any portion of the grant they like & the condition as laid down in the draft merely gives the management no claim to anything.

Am

Para 1 of the order may stand as altered by me. Govt. promises one-third subject to a maximum of R6733. Para 1 will thus be in harmony with condition (4).

~~Issue order under that condition as in~~
reference. Under the terms of P.O. of 7/2/89, No. 64, 22., Govt. may call upon the Committee to surrender the building at any time on 6 months' notice. But, as the Committee will find two-thirds of the cost of the new block out of school-receipts presumably & not out of private funds, there is no objection to condition (6).

The order may issue?

As 18/3 A. Bonthorn

ORDER

No. 171, dated 19-3-1909

The Government are pleased to sanction a ~~maximum~~
(of the actual expenditure) ~~of Rs. 1000~~
grant of Rs. ~~1000~~ ^{not one third} towards the cost of
providing additional accommodation
required for the Madura College
subject to the following conditions:—

- (1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;
 - (2) that the work is completed before the 30th November, 1909;
 - (3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st December, 1909;
 - (4) that the amount expended on the work does not fall short of Rs. ~~168 3 8~~ 22 2 8 as actually verified;
 - (5) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with, and
2. On the above conditions being fulfilled the grant will be paid as funds become available.

ORDINARY.

PREFERENCE.

EDUCATIONAL
LEGISLATIVE DEPARTMENT.

URGENT (a).

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
