GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 10th December 1908.

No.—Ref. on C. 7682.

I have the honour to submit the enclosed plans with estimates amounting to Rs. 8,010 for the construction of a building for the Hindu Incomplete Secondary school, Palacole, and to recommend that a grant of Rs. 2,670 be sanctioned to be paid when funds become available. The school is in need of better accommodation than it now has which is an unsatisfactory rented building.

II

Note by the Chief Engineer, Public Works Department.

The Director of Public Instruction submits an estimate, amounting to Rs. 8,010, for constructing a building for the Hindu Incomplete Secondary school at Palacole in the Kistna district.

In the Chief Engineer's office the timber scantlings, doors and windows and other structural details have been altered, effecting a saving on these items of Rs. 862.

The roof provided in the estimate is of pan tiles on bamboo hurdles. A more permanent roof of flat and pan tiles on teak rafters and reapers has now been provided for together with brick in lime mortar instead of in mud, round the doors and windows and at the top of the walls.

The estimate, as altered by the Chief Engineer, amounting to Rs. 7,825, is recommended for sanction.

12th February 1909.

F. J. WILSON,
Chief Engineer, P.W.D.

Order—No. 197, Educational, dated 29th March 1909.

The Government are pleased to sanction, as a special case, a grant not exceeding one-third of the actual expenditure nor exceeding Rs. 2,600 towards the cost of constructing a building for the Hindu Incomplete Secondary school, Palacole. This grant is sanctioned on the understanding that every endeavour will be made to convert the school at an early date into a complete elementary school, if it is found impracticable to convert it into a complete secondary school.

2. The grant will be subject to the following further conditions :—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;

(2) that the work is completed before the 31st August 1909;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 30th November 1909;

(4) that all other conditions prescribed in the Grant-in-Aid Code have been duly complied with.

3. On the above conditions being fulfilled, the grant will be paid as funds become available.

(True Extract.)

A. BUTTERWORTH,
Ag. Secretary to Government.

To the Director of Public Instruction, with plans and estimates.
“ „ Accountant-General.
Editors' Table (order only).

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 197, EDUCATIONAL,
DATED 29TH MARCH 1909.

[SUBJECT.—*Payment of a grant of Rs. 8,010 in aid of constructing a building
for the Hindu Incomplete Secondary School, Palacole.*]

From the Director of Public Instruction, dated 10th December 1908, No. 7682.

The plans and estimate may, it is submitted, be forwarded to the Public Works
Department u.o. for scrutiny.

P.R.—23-12-08.

K. RANGASWAMI AIYANGAR—23-12-08.

C. A. SOUTER—24-12-08.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The plans and estimate have been scrutinised and the results embodied in the
accompanying Chief Engineer's note.

C.V.G.—13-2-09.

P. HAWKINS—16-2-09.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The estimate, as submitted by the Director of Public Instruction, amounted to
Rs. 8,010. A grant of one-third of this amount, namely, Rs. 2,670 has been recom-
mended by the Director of Public Instruction. The estimate as revised by the Chief
Engineer amounts to Rs. 7,825. A grant not exceeding one-third of this amount,
namely, Rs. 2,608½ or 2,600 in round figures may be sanctioned under article 51 of
the Grant-in-Aid Code.

2. The draft order placed below is submitted for approval. If approved, it may
be sent to the Public Works Department with the request that the time required for
the completion of the work may be specified.

P.R.—20-2-09.

K. RANGASWAMI AIYANGAR—20-2-09.

Please see the last sentence of Dr. Bourne's letter at page 1. A building
seems necessary.

C. A. SOUTER—20-2-09.

For approval.

A. BUTTERWORTH—24-2-09.

Why should we encourage the building of "incomplete secondary schools" when
it is our object to do away with them and convert them into primary schools? If we
do give a grant should it not be with a warning that it is given on the understanding
that the school is converted with as little delay as possible into a complete primary
school or a complete secondary school.

Better send u.o. to Director of Public Instruction.

G. S. F[ORBES]—25-2-09.

Is it advisable to encourage the building of incomplete secondary schools? If a grant is given, should it not be on the understanding that the school is converted with as little delay as possible into a complete elementary or complete secondary School?

A. BUTTERWORTH—28-2-09.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

This is of course a very big question. No one is more anxious to check incomplete secondary schools than I am. I try and get them to be elementary, but I do not encourage them to become complete. I always ascertain among other things that the majority of the pupils will move on to a "High" school. It seems impossible to avoid having them however and I try and make them as good as may be.

* Perhaps—but is it wise to encourage an earnest running after what is not *ῥῶ ἀγαθόν*?

G. S. [FORBES].

Hence an application like this. They must be very much in earnest * to spend two-thirds of Rs. 7,825.

A. G. BOURNE—3-3-09.

Please see the Director of Public Instruction's u.o. note above which is an answer to the Honourable Member's questions on page 1 *supra*.

K. RANGASWAMI AYYANGAR—5-3-09.

C. A. SOUTER—5-3-09.

A. BUTTERWORTH—7-3-09.

May as a special case be sanctioned with the remark that every endeavour will be made to convert the school at an early date into a complete elementary school, if it is found impracticable to convert it into a complete secondary school.

G. S. F[ORBES]—10-3-09.

Draft please.

A. BUTTERWORTH—11-3-09.

Please see draft already in the file, as revised with reference to Honourable Member's remarks above.

K. RANGASWAMI AYYANGAR—11-3-09.

Will Public Works Department please give the information required for conditions 2 and 3?

C. A. SOUTER—12-3-09.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Submitted. The time required for carrying out the work has to be fixed. The amount of the estimate is Rs. 7,825.

P. K. SUBBA AYYAR—15-3-09.

We may allow four months' actual work from date of starting work for completion, assuming the timber work is ordered promptly and obtained without undue delay—five months would give a good margin.

P. HAWKINS—26-3-09.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

With reference to the Public Works Department note above, the date for the completion of the work is fixed as 31st August 1909 and for the submission of the certificate of expenditure as 30th November 1909.

2. In another case, the Secretary suggested, and the Honourable Member approved, certain alterations in the form of the order sanctioning building grants. These alterations have been carried out in the form submitted. It is for consideration whether that form may be adopted in the draft order already in this file or whether it may issue as it is.

P.R.—29-3-09.

The draft as altered in pencil, is submitted for approval.

K. RANGASWAMI AYYANGAR—29-3-09.

Issue as altered.

C. A. SOUTER—29-3-09.

[G.O., No. 197, Educational, dated 29th March 1909.]

190

C. No. 2632, From the S.P.I. No. 7682, dated 10.12.1908

[illegible]

Note by the Chief Engineer, 12-2-1909

No. 197, dated 29.3.190

THE Government are pleased to sanction a grant of

Rs. 2,600 ^{not exceeding} one-third of the actual

not exceeding Rs 26 00
expenditure, whichever is less, towards the cost of

Constructing a Building for the Hindu
Incomplete Secondary School, Palacole,

subject to the following ^{further} conditions:—

- (1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;
- (2) that the work is completed before the 31st August 1949
- (3) that a certificate of the actual expenditure incurred on the work is submitted before the 30th November 1949
- (4) that the amount expended on the work does not fall short of Rs. 7,825 as actually verified;
- (5) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with.

3.2 On the above conditions being fulfilled the grant will be paid as funds become available.

$\frac{0.02}{10.2.09}$
 $\frac{20}{20.2.09}$
 $\frac{cas}{20.2.09}$
 $\frac{ms}{m/z}$

2. His grant is sanctimonious
on the understanding that
every endeavour will be made
to convert the School at an
early date into a complete
elementary school. It is found
impracticable to convert it into
a complete secondary school
3. The grant will be

To
The Director of Public Instruction. *with the plans and*
„ Accountant-General. *estimates.*
