Letter from C. A. D. Stuart Esq., I. C. S. Special Settlement Officer, Saidapet.
Dated 8th September 1908.
No. 1761

I have the honour to state that my office is now located in a private building within Saidapet town at a monthly rental of Rs. 25 sanctioned in Board's Proceedings No. 5453 M.S., dated 14th November 1907. The Agricultural College here is now vacant. The Executive Engineer, Presidency Division, says, in reply to a reference made to him, that the sanction of the Government should be obtained for the

the occupation of the vacant buildings by this office.

2. The Agricultural College building would afford much better accommodation for my office than its present cramped and somewhat insanitary quarters. There would also be a saving in rent. If, therefore, there is no immediate prospect of the main building of the Agricultural College being used for any other purpose, I respectfully request that the Board will be pleased to obtain the sanction of the Government for its occupation by this office for about 2½ years. The small building is now occupied by the Inam Deputy Collector's office and it is not sufficient to accommodate this office.

C 4 The Board submits for the orders of Government. Mr. Stuart's request that he may be permitted to accommodate the office of Settlement Party No. I in the main buildings of the College of Agri. at Saidapet. temporarily for a period of $2\frac{1}{2}$ years. The office is now located in a private building in the Saidapet town at a monthly rental of Rs 25/- and Mr. Stuart states that the main building will afford better accommodation for his office than its present cramped and somewhat insanitary quarters.

2 There have been numerous applications for the use of the Agricultural College buildings. The Board proposed to locate temporarily the proposed new M. Forest College (Order No 22637 (17. 8. 08); and the Collector of Chingleput wanted them for his office accommodation (dubbed file). The proposal was to transfer the Engineering College to these buildings, but this question has been held over pending the

result of the Industrial Conference.

The recommendations of the Industrial Conference on the future of the Engineering College are contained in Resolutions Nos. 28 and

- J. 29 which were carried out with some opposition. For the names of the members who dissented please see page 3 of the Proceedings of the Conference held on 19. 9. 08. The Govt. have yet to pass orders on the recommendations of the Conference.

3. Apart from the objection that the future use of the buildings has not yet been decided, it is for consideration whether Mr. Stuart's ~~suggestion~~ request should be overruled. It is not because that Mr. Stuart has no accommodation at present ^{that he asks to use the buildings} but that which he has is "cramped and somewhat insanitary" It is doubtful if the claims of the Left Party No. 1 are not inferior to those at any rate of the new Forest College.

The Board requests early orders on the proposal that Mr. Stuart, Special Settlement Officer, No. I Party, may be permitted to accommodate his office in the main buildings of the Agricultural College, Sridhapet. 2. Mr. Stuart's application for the Agricultural College buildings has been ordered to lie over until settling the building site of this College for the question of the Engineering College was settled. In the meanwhile permission has been granted for the temporary accommodation of the ^{Forest} College in the Agricultural College buildings on the understanding that

In connection with the question of locating the proposed secondary training school at Saidapet in the buildings formerly occupied by the College of Agriculture, the Hon'ble Mr. Hammick noted:-

"I should say if the Educational Department can use these buildings with advantage for the training college and school accommodation they require, that would be the best use to put them to.

"The existing Collector's office is no doubt not very satisfactory, but when I acted as Collector for six months as far as I remember the office was good enough. I do not see any pressing necessity to move it. If the College buildings are not required for any thing else we might move the Collector's office in them as apparently they would suit for the purpose well enough and the existing site of the Collector's office is apparently wanted ~~ex~~ by the Military Department or could be sold for a good price, I should think.

"As to the Settlement office if the College building is not likely to be required for another couple of years, we may just as well use it now for the Settlement office and save house-rent. We do not want it for the Forest College which cannot be started just yet.

"My view therefore is - use the College buildings for an educational purpose in preference to any thing else. If it is not required for that, use it for the Collector's office. In any case use it now for the

"Settlement party if it is likely to be vacant
"for the next 12 months or so. The Settlement
"office could clear out when the building was
"wanted."

2. The Hon'ble Mr. Forbes thereupon noted:-

"I agree as to the utilization of the
"Agriculture College at Saidapet as a Secondary
"Training School.

"As to the adaptation of the teachers'
"residences, which will not be wanted, I think
"the D.P.W. may report on this. In any case
"it is a detail".

3. His Excellency the Governor then noted:-

"I accept the proposal to utilize the old
"Agricultural College for the purposes of the
"Educational Department. They may be handed
"over to the D.P.I. There is no reason why
"the settlement office should not occupy
"temporarily, at all events, those buildings
"which are not required at once by the Director
"of Public Instruction."
