I am a native of Periya Agraharam, Erode, Coimbatore District, at present a student in the Herald's Institute, Drummond Rd., Bermondsey, London, S. E.

My qualifications for such a scholarship are,-

(b) I have been awarded a first class Certificate in the dressing of skins by the City and Guilds of London Institute.

(4) I have a strong and healthy constitution and am physically fit to undergo the course of life and study that I will have to undergo.

It is respectfully submitted that the delay noticed by the Secretary was due to the pressure of work in the office caused by the accumulation of currents received during the Christmas holidays and by many applications from the D.P.I. for the employment from the beginning of 1909 of additional teachers in Govt institutions, which had to be dealt with immediately. From P.R. Ghulam Qadir - D. 15-1-09.

From the Collector of Coimbatore. no 839 - dated. 3-3-09.

In Memo. no. 4-1 - dated 8th Feb. 1909

the Collector of Coimbatore was requested to report
on the status and means of Ghulam Qadir's family -

2. The Collector reports: -

" Ghulam Qadir's father was not a leather merchant
" but a Schoolmaster in the village of Brahmana
" Peria Agraharam in Erode Taluk in which several
" members of the Labbai Community, to which
" Ghulam Qadir belongs, carry on petty trade in
" leather."

" Ghulam Qadir's father died 15 years ago
" leaving Ghulam Qadir, a brother and three
" step-brothers. All these are living separately.
" Of these, the eldest member is Saïyid Mira
" Sahib. He is a step brother of Ghulam Qadir
" and is the head master of the Board's School
" in the village on a monthly salary of Rs 15.
" He has a house worth about Rs 500, besides
" moveable property valued at Rs 500. The other

"members including Ghulam Qadir have
"neither ancestral nor self acquired property."

Page 7 of C.F.

R.

3. In a subsequent communication, Ghulam Qadir requests that a scholarship may be granted to him from August 1909.

4. In G.O. no. 125 Bdl dated 5th March 1909, the Govt. have decided that the State Technical Scholarship during the current year should be awarded for the study of the Chemistry of Soap-making and the use of native oils. Ghulam Qadir wants a scholarship to study the scientific principles underlying Tanning and Dyeing. He cannot therefore be nominated for the State Technical Scholarship to be given during the current year.

B.

5. But if the Govt desire to assist Ghulam Qadir, he may be recommended to the Govt of D, under para 5 of Mr. Fells' letter on page 3 of G.O. no. 103 Bdl & 10-2-08, for the grant of an additional scholarship for the study of Tanning and Dyeing.

6. It is for consideration whether such a recommendation may be made on behalf of Ghulam Qadir.

7A.

12309

The applicant is already in England, and his attainments & training as evidenced by the certificates submitted by him seem to be

R. be sufficient qualification for the study of the scientific principles underlying the art of tanning and dressing of skins, which Gulam Hadi proposes to prosecute, in the event of his being granted a Govt. Scholarship. The subject for the award of the State Technical Scholarship in the current year, which has been selected in G.O. No. 125 Ed. dated 5th March 1909, is the chemistry of soapmaking, and it does not appear that the applicant's knowledge of Chemistry ~~is~~ is sufficiently wide to enable him to take up this subject.

Page 3 of 80. 103 Ed. 10.2.08 B 30th November 1907. In paragraph 5 of their letter No. 1000 dated the Government of India observed

"It may however happen that owing to the dearth of eligible candidates in certain provinces, two or more Scholarships may on occasion be available for allotment to other provinces. If therefore the Local Govt. is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Govt. of India. In such cases, the candidates need not necessarily be selected for the same industry."

3. If the Govt. consider the ~~applicant~~ ^{applicant} to be deserving of encouragement then

then, he may ^{also} be recommended for a Scholarship for the study of the art of tanning and dressing of skins, in the event of eligible candidates not being available in other provinces, with reference to the remarks of the Govt of India extracted above.

The applicant's educational qualifications are not high but he has had the advantage of a considerable amount of training in England which ought to be a good foundation for further study.
