To

The Director of Public Instruction
Madras.

Sir,

With reference to your Proceedings No. 5916 of 1906 dated 11-7-1908 sanctioning the plans & estimates for providing additional accommodation for the Orphans of the San Thomé Convent, I have the honour to state that no contractor would undertake to execute the work at the sanctioned rates, which at the current rate of materials are said to be too low.

only comparative estimate
This estimate for Rs 13330 (raised by Chief Engineer to 14180 Rs) was prepared about 2 1/2 years ago, allowing rates prevalent at the time. The prices of materials I am informed, have since risen considerably, especially bricks, lime & teak wood. I am therefore submitting herewith a revised Abstract estimate for Rs 15735, providing the correct quantities as per corrections made by the Chief Engineer of certain items of work, principally "teak wood wrought & put up" and steel rolled girders with rates now said to be prevalent - And request that the same may be forwarded to the Executive Engineer Presidency for remarks as to whether the rates are reasonable, if so to accord your early sanction to the same.

I have the honour to be
Sir

Your most obedient servant.

Marie Alberte

In February 1908 the S.P. 9 submitted an estimate amounting to Rs 13,330 for providing extra accommodation for the orphans of St. Thome's Convent Girls' Orphanage. The estimate was scrutinized by the Chief Engineer and recommended for sanction. In G.O. 385 dt 19. 5. 08 a half grant of Rs 6,600 was sanctioned under Art 57 of the Code of Regulations for European Schools.

2. The Correspondent of the Orphanage now states that the original estimate for Rs 13,300 was prepared about 2 1/2 years ago allowing for the rates prevalent at the time & that prices of materials have since risen considerably. The Correspondent therefore submits a revised estimate amounting to Rs 15,735 according to the rates now prevalent and requests that the same may be forwarded to the Executive Engineer for remarks as to whether the rates are reasonable and if that officer agrees that they are, to accord sanction to the estimate.

3. It is submitted that the remarks of the Chief Engineer may be obtained u.o. as to whether the rates allowed in the estimate are reasonable and whether the suggestions of the Chief Engineer in his note dt 28th April 1908 have been carried out in the revised estimate.

It is for consideration whether a grant of one-half of Rs. 15,735, the amount of the revised estimate, may be sanctioned under Article 57 of the Code of Regulations for European Schools. The Chief Engineer, P.W.D., thinks that the revised estimate provides for the alterations suggested by him in the original estimate and for subsequent increases in rates.

2. In the P.W.D. note dated 12th May 1908, on page 2 of G.O.No.385, Edl., dated 19th May 1908, it was stated that the work could be carried out in about a year. The same period may, it is submitted, be now allowed for the completion of the work.

3. The grant Sanctioned in G.O. No. 385 Edl. of 19th May 1908, was Rs. 6,600 or one-half of the original estimate of Rs. 13,330. If a grant equal to one-half of the present estimate (Rs. 15,735) is sanctioned, it will amount to Rs. 7,867 or say Rs. 7,800, an increase of Rs. 1,200 over the grant originally sanctioned.

We are only asked to sanction
the revised ~~draft~~ estimate & this
may be done. Nothing hard to be
said about an increased grant.
It will be time enough to consider that if
