READ—the following papers:—

I

Letter—from FRANCIS DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 30th April 1909.
No.—1613.

I have the honour, by direction, to inform His Excellency the Governor in Council that, on the recommendation of the Syndicate, the Honourable the Vice-Chancellor has selected Mr. Sonti Venkataramamurti, B.A., for the Government of India scholarship placed this year at the disposal of this University.

2. Mr. Venkataramamurti is a Hindu Brahman and is 20 years old. He was born at Vizagapatam. His father, M.R.Ry. Sonti Venkataramanayya Pantulu Garu, B.A., B.C.E., served as an Assistant Engineer in the Public Works Department for about 23 years and died in 1900. The father's native place was Cocanada, but since his death in 1900 the family has been residing at Vizagapatam, the native place of his wife's family, under the guardianship of Mr. Venkataramamurti's maternal uncle M.R.Ry. Vepa Lakshminarasimham Pantulu Garu, a retired District Munsif.

3. He passed the Matriculation examination in 1903 from the London Mission High school, Vizagapatam, being placed first in the first class. He joined the Mrs. A. V. Narasinga Rao College, Vizagapatam, and passed the F.A. examination in 1905 again taking the first place in the first class. In January 1906, he joined the Presidency College, Madras, and appeared for the B.A. Degree examination in December 1907 with Mathematics as his Science branch. He took the third place in the first class in English, the first place in the first class in Mathematics, and the first place in the second class in Telugu. In Mathematics, he passed the most brilliant examination recorded by this University obtaining almost the maximum number of marks in that branch with a wide difference between him and the candidate who passed second in the first class. Since graduating he has been continuing his studies in the Presidency College for the M.A. Degree examination in Mathematics. All the four years of the F.A. and B.A. courses he was holding a Government scholarship. During his academic career he obtained the following prizes and medals:—

Thomson Gold Medal	...	...	For standing first in F.A. from the Northern Circars (awarded by a gentleman of the Ganjam district).
Thomson Scholarship	...	...	For standing first in English in the Junior B.A. annual examination in the Presidency College.
Thomson Prize	...	...	For standing first in Mathematics in B.A. from the Presidency College.
Bourdillon Prize	...	...	For proficiency in Telugu in the Presidency College.
Lord Elphinstone Prize	...	...	For an English essay on "Literature and Ethics," the competition being open to the Presidency College graduates of 1907.
Marsh Prize (University)	...	...	For standing first in Mathematics in B.A.
Pitti Muniswami Chetty Gold Medal (University).	...	...	For standing first in Mathematics in B.A.

4. As regards the private means possessed by the scholar, the Syndicate is informed that he, together with three brothers, possesses landed property worth about thirty thousand rupees, and that his maternal uncle M.R.Ry. Vepa Lakshminarasimham Pantulu Garu is prepared to supplement his scholarship allowance, if required, to the extent of three or four thousand rupees.

5. A descriptive roll of the scholar in the form prescribed in G.O., No. 535, Educational, dated the 11th August 1906, is enclosed.

6. The scholar intends joining the University of Cambridge with the object of studying for the Mathematical Tripos. He has applied for a seat in the St. John's College, Cambridge. He has also the intention to compete for the Indian Civil Service.

7. The scholar's attention has been drawn to the rules framed by the Secretary of State for the guidance of Government scholars in England, and he has intimated in writing (*vide* his declaration enclosed) his willingness to abide by the rules. He is also prepared to provide two sureties and to comply with all the other formalities observed on previous occasions.

8. On receipt of an order from Government approving of Mr. Venkataramamurti's selection for the scholarship, I shall make the necessary arrangements for his passage to England so as to enable him to arrive there in September next.

9. I shall also address the Government Solicitor regarding the necessary bond to be executed by the candidate and his two sureties for the refund of his passage to England and the provision of the return passage to India in the event of his scholarship being forfeited.

ENCLOSURE.

I, Sonti Venkataramamurti who has been granted the Government of India scholarship to England, hereby declare that I am willing to abide by the rules laid down by the Secretary of State for the guidance of Government scholars in England (as given on page 82, Volume II, of the Madras University Calendar, 1908-1909).

Memorandum No. 913-1, Educational, dated 6th May 1909.

With reference to their Registrar's letter, No. 1613, dated 30th April 1909, recommending M.R.Ry. Sonti Venkataramamurti for the Government of India scholarship placed this year at the disposal of the University of Madras, the Syndicate of the University are requested to subject their nominee to a careful medical examination with special reference to the probability of his being able to stand the English climate and to obtain and forward at an early date a medical certificate as to his physical fitness to undergo the course of life and study which he proposes to pursue in England—*vide* G.O., No. 253, Educational, dated 29th April 1909.

It is understood that the father (or guardian) of the young man has consented to his going to England.

Letter—from FRANCIS DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 14th May 1909.
No.—1736.

With reference to Government Memorandum No. 913-1, dated the 6th instant, requesting the Syndicate to subject Mr. Sonti Venkataramamurti to a careful medical examination and to obtain and forward a medical certificate as to his physical fitness to undergo a course of life and study in England, I have the honour to draw your attention to my letter No. 1650, dated the 7th idem, and to request that early orders may be issued to the Madras Medical Board for the examination of Mr. Venkataramamurti.

The Order of Government, No. 253, Educational, dated the 29th April last, was received after the Vice-Chancellor had made the selection and the candidate had been informed of the same. As stated in my letter No. 1613, dated the 30th April last, the Government Solicitor had also been instructed to prepare a bond to be executed by him and his sureties, which, I understand, is now ready for execution.

The scholar who is now in his native place, Vizagapatam, having proceeded there apparently to make the necessary arrangements for his departure to England, will presumably be required to proceed to Madras to undergo the medical examination desired by Government if that examination is to be conducted by the Medical Board. I have the honour to inquire whether, in these circumstances, if a claim therefor be made by the scholar, the Government will be prepared to pay his travelling charges and (in the case of the result of the medical examination being unsatisfactory) the legal and other expenses incurred on his behalf.

I have the honour to request the favour of very early instructions in the matter.

IV

Memorandum No. 1011-1, Educational, dated 19th May 1909.

With reference to his letter No. 1736, dated 14th May 1909, the Registrar of the University of Madras will be referred to G.O., No. 288, Educational, dated 14th May 1909, in which orders were passed on his letter No. 1650, dated 7th idem.

2. As regards travelling allowance to M.R.Ry. Sonti Venkataramamurti from Vizagapatam to Madras in order to appear before the Medical Board, the Government do not consider that he has any claim for such allowance, especially as his place of residence is given in his descriptive roll as Madras, and as the production of a certificate of physical fitness is absolutely necessary before he can get the scholarship.

3. The Government do not consider it necessary to pass orders on the question of the payment of the legal expenses incurred on behalf of the candidate, until the contingency anticipated by the University has actually arisen.

Ag. Secretary to Government.

Letter—From FRANCIS DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 8th June 1909.
No.—1865.

With reference to my letter No. 1613, dated the 30th April 1909, and Government Memorandum No. 913-1, dated the 6th May last, I have the honour to forward herewith a copy of the proceedings of the Civil Medical Board pronouncing Mr. Sonti Venkataramamurti physically fit to undergo a course of life and study in England.

The guardian of the young man has consented to his going to England.

The scholar reports that he finds it necessary to leave for England this month since, having taken Telugu as his second language for the B.A. Degree examination, he should pass "the little go" at Cambridge before going into the College to study for the Tripos. He has accordingly already booked his passage by the P. & O. steamer *Oceania* which sails from Bombay on the 19th instant. The scholar will be informed that until September he should be prepared to undertake his own maintenance in England. I have to request that, if his selection for the scholarship is approved, the Government will be pleased also to accord sanction to his proceeding to England this month instead of in August as usual.

The Government usually pays its scholars only the second-class fare to London all the way by sea by the British India line, which is Rs. 462; and I request that the Accountant-General be requested to pay him without delay this amount *minus* the discount allowed to Government.

The favour of very early orders on the subject is requested.

ENCLOSURE.

*Proceedings of the Civil Medical Board held at the General Hospital, Madras,
on Saturday the 29th May 1909.*

We do hereby certify that we have examined M.R.Ry. Sonti Venkataramamurti, a selected Government scholar, and cannot discover that he has any disease, constitutional affection or bodily infirmity. His age is, according to his own statement, 20 years, and, by appearance, about 21 years. He has marks of ^{small-pox} vaccination.

Personal marks for identification.—Brown mole at back of left shoulder joint; small black mole at outer end of right collar bone.

The Governor in Council approves of the selection of Sonti Venkataramamurti for the Government scholarship tenable in England by Natives of India which has been placed this year at the disposal of the University of Madras.

2. The scholar will be permitted to proceed to England during the current month but he must, on reaching England, at once present himself at the India Office and follow such instructions as he may receive from the Secretary of State. He will be furnished with the accompanying letter of identification.

3. As the scholar is reported to have already engaged a passage, the Accountant-General will be instructed to pay him the amount required to secure a passage by the British India line *minus* the discount allowed to Government.

4. The Secretary of State will be acquainted with the selection.

From the Registrar, Madras University, dated 30th April 1909, No. 1613.

The Syndicate of the Madras University recommend Mr. Sonti Venkataramamurti, B.A., for the Government of India scholarship placed this year at the disposal of the University.

2. The rules regulating the grant of this scholarship are given on pages 81 and 82 of Volume II of the Madras University Calendar for 1908-1909.

3. The candidate to be selected for the scholarship should satisfy the following conditions:—

- (1) that he is a native of India within the meaning of the Statute;
- (2) that he is under 22 years of age on the 31st day of March in the year in which the selection is made;
- (3) that he has the consent of his family (*i.e.*, of his father, if alive, if deceased, of his guardian) to proceed to England;
- (4) that his conduct has been good;
- (5) that he has sufficient knowledge of the English language; and
- (6) the physical capacity to undergo the course of life and study he will have to follow in England.

4. The Government of India have recently laid great stress on the last condition and have requested that all students nominated for Government scholarships, which are tenable in England, should be subjected to a careful medical examination and that special attention should be paid to the probability of their being able to stand the English climate—*vide* Home Department letter No. 285, dated 16th April 1909, with G.O., No. 253, Educational, dated 29th April 1909.

5. The Syndicate have not submitted a medical certificate as to Venkataramamurti's physical capacity to undergo the course of study he proposes to pursue in England, as required by G.O., No. 253, Educational, dated 29th April 1909. They may, it is submitted, be required to subject the candidate to a careful medical examination and to forward a medical certificate as to the candidate's physical capacity at a very early date.

6. The draft placed below is for approval.

T. KANAKASUNDARAM PILLAI—4-5-09.

Under Home Department letter No. 8-466, dated 17th October 1889, the scholar, if his selection is approved, should reach England in September next.

K. RANGASWAMI AIYANGAR—4-5-09.

[Memorandum No. 913-1, dated 6th May 1909.]

From the Registrar, Madras University, dated 14th May 1909, No. 1736.

In his letter No. 1736, dated 14th May 1909, the Registrar of the Madras University deals with three points—

(1) Firstly, he requests early orders on his letter No. 1650, dated 7th instant, regarding the examination by a Medical Board of S. Venkataramamurti, the candidate selected by the University for the Government scholarship tenable in England;

(2) Secondly, he states that the candidate has now gone to Vizagapatam, his native place, and he enquires whether, if the candidate claims travelling allowance for appearing before the Medical Board at Madras, the Government will pay it; and

(3) Thirdly, he states that a bond has been prepared to be executed by the candidate and his sureties and enquires whether, in case the medical examination of the candidate is unsatisfactory, the Government will pay the legal and other expenses incurred on behalf of the candidate by the University.

2. *First point—Examination of the candidate by a Medical Board.*—Orders have already been passed on the Registrar's letter No. 1650, dated 7th May 1909, for the examination of the candidate by a Medical Board—*vide* G.O., No. 288, Educational, dated 14th May 1909.

3. *Second point—Payment of travelling allowance.*—In the descriptive roll of the candidate, the place of residence of the candidate is given as Madras. He has now gone to Vizagapatam on his own business. He cannot therefore claim travelling allowance for returning to Madras to appear before the Medical Board. Moreover, if he wishes to have the Government scholarship, he must produce a medical certificate as to his physical capacity to undergo the course of life and study he will have to follow in England, which is one of the conditions for the grant of the scholarship.

L. M. WYNCH—18-5-09.

The claim is outrageous.

G. S. F[ORBES].

In these circumstances, the candidate seems to have absolutely no claim for any travelling allowance for appearing before a Medical Board.

4. *Third point—Payment of legal expenses.*—The execution of a bond by the candidate is required with reference to paragraph 5 of Home Department Resolution No. 1—45 to 57, dated 12th February 1886, which says that "each scholar will be required to bind himself by a written engagement to submit to such regulations as may from time to time be framed by the Secretary of State for the guidance of the scholars." The bond in this case has not yet been executed, but it is stated that it is ready for execution. If the Medical Board rejects the candidate as not possessing the required physical capacity, the bond prepared for him will become useless and a fresh bond will have to be engrossed on stamp paper for execution by the candidate who may be ultimately selected. As the bond is to be executed in the name of the Secretary of State, no fee is apparently payable to the Government Solicitor for his services in connection with its execution, and the only expense will be that of the stamp paper. The condition that the candidate selected should be physically fit to stand the English climate is not new, having been imposed as far back as 1886 (*vide* paragraph 7 of Home Department Resolution No. 1—45 to 57, dated 12th February 1886), and the Government of India in their recent resolution have only drawn attention to the requirement in this respect already laid down. If the University had, before submitting their nomination, obtained this certificate, the difficulty now anticipated by them would not arise. It is however submitted that no orders seem to be called for at present on this point, which is only hypothetical. When the question actually arises, that is, if the candidate is rejected by the Medical Board, it will then be time for the University to raise the point and for the Government to pass orders on it.

L. M. WYNCH.

T.K.—18-5-09.

K. RANGASWAMI AIYANGAR—18-5-09.

The candidate has no claim at all for his travelling expenses. Nor I submit should the Government be liable for any other expenses connected with the deed and so on. However, this last matter need not be discussed and it will be enough to tell the University that the Government will consider the matter if and when a case actually arises.

Of course not.

G. S. F[ORBES].

The University might have been told at once that Government can go to no expense in regard to a candidate's qualifying himself. Nothing can be disbursed but the scholarship and the expense of journey.

G. S. F[ORBES]—10-6-09.

[Memorandum No. 1011-1, dated 19th May 1909.]

From the Registrar, Madras University, dated 8th June 1909, No. 1865.

The Registrar of the Madras University forwards a certificate from the Civil Medical Board as to Sonti Venkataramamurti's physical fitness to undergo a course of life and study in England.

2. The Registrar states that Sonti Venkataramamurti desires to go to England during this month as he wants to pass the "little go" at Cambridge before going into St. John's College to study for the Mathematical Tripos and that he will maintain himself in England until September next, when payment of the scholarship will begin.

In 1907, B. Narasinga Rao was permitted to go to England in June and before him C. Ramalinga Reddi was similarly permitted to go to England. S. Venkataramamurti may, it is submitted, be given the required permission.

3. As the candidate has already engaged a passage by the P. & O. steamer *Oceania* which sails from Bombay on the 19th instant, the Registrar requests that the Accountant-General may be authorized to pay the value of the passage allowed by Government. This was also done in the case of B. Narasinga Rao in 1907—*vide* G.O., No. 299, Educational, dated 18th May 1907.

4. The drafts placed below are for approval.

T. KANAKASUNDARAM PILLAI—10-6-09.

The drafts are for approval.

2. It must be pointed out that in the cases of Ramalinga Reddi and Narasinga Rao, Mr. Skinner and Mr. Jones undertook to be responsible for them until they entered the University. In this case there is no sponsor. However, the candidate must present himself before the Secretary of State and obey instructions, so perhaps there is little objection to his going now.

No. 4 of 14-6-09 JF

To

The Secretary of State for India,

B

Draft with description
16-6-9

My Lord,

We have the honour to inform you that the University of Madras has selected Senti Venkataramamurti for the Government scholarship tenable in England by Natives of India, which has been placed this year at the disposal of the University.

2. Particulars of the scholar's parentage and place of origin and a summary statement of his University career are given in paragraphs 2 and 3 of the letter from the Registrar of the Madras University, No. 1613, dated 30th April 1909, of which a copy is appended.

3. It is stated that the scholar intends joining the University of Cambridge with the object of studying for the Mathematical Tripos.

4. The scholar is proceeding to England by the P & O Steamer "Oceania" which sails from Bombay on the 19th instant, as he wishes to pass the "little ^{external} ~~ge~~" at Cambridge before ^{his} ~~going~~ into the College to study for the Tripos. He will maintain himself in England until September next, when ~~the~~
