I have the honour to submit herewith a copy of the resolution passed at the meeting of the College Board held on the 2nd instant *in re* the G.O., No. 171, Educational, dated 19th March 1909, sanctioning a grant-in-aid of Rs. 6,700 towards the extension of the college building.

2. In this connection I may be permitted to bring to your notice the heavy financial burdens that have been laid upon the College Board by the new University Regulations, the Educational Rules and the Grant-in-Aid Code. Great efforts are being made by the Board to place the college on a sound financial basis by providing it with an adequate endowment.

3. Last year there was a deficit of about Rs. 2,400 and the year before one of over Rs. 1,000, which the College Board made good by raising special monthly subscriptions irrespective of donations towards the endowment fund. The monthly subscriptions are being continued this year also, as a similar deficit is again anticipated.

4. The College Board, when it made its application last May for financial assistance towards the cost of the much-needed extension of the buildings, hoped that the additional accommodation would be provided by Government at its cost as it generously did on a former occasion in May 1891 upon the recommendation of the then Director of Public Instruction, the late lamented Mr. H. B. Grigg, in the following terms :—

* * * * *

“2. When the Government College at Madura was abolished and the Native High School Committee offered to avail themselves of the Government building, three important circumstances influenced me in making the recommendation in their favour :

“(1) That the Collector had certified that the members of the Committee were men of high intelligence and public spirit.

“(2) That as the Native High School was purely the outcome of indigenous efforts the Committee should be encouraged to develop it into a second-grade college and for that purpose a suitable building was needed.

“(3) That the public of Madura had subscribed over Rs. 3,000 towards the construction of the building.

* * * * *

“5. As there is no Government College in the Presidency to the south of Kumbakonam, I think it in the interests of the State to make such an institution as the Madura Native College as efficient as possible. The Committee has no funds to undertake the enlargement and considering that the building belongs to Government, I am of opinion that provision should be made from Provincial funds for the work. Had the institution remained under the department, a proposal for its enlargement would long since have been submitted to Government. There can be no risk in spending this money on the building, although now in the custody of a Committee, because if the committee proved inefficient or withdrew from higher education, there can be little question that public expediency would demand that the building be resumed and the institution maintained as a college under the department. I beg accordingly to request that the Government would be pleased to sanction the estimate for Rs. 11,750”—*vide* letter No. 3688, dated 4th April 1891, from the Director of Public Instruction to the Chief Secretary to Government, Fort St. George.

5. The college has been maintained in an efficient state from the date of its establishment; and this has been testified to by successive Inspectors of Schools and Directors of Public Instruction.

6. The University Commission for the inspection of the affiliated colleges have in their report placed this college in the first of the three groups into which they have classified the second-grade colleges according to their different degrees of merit.

7. The Committee has been incorporated under the Indian Companies Act.

8. In these circumstances I request that the prayer of the College Board contained in the resolution herein enclosed may be granted at an early date.

Read G.O., No. 171, Educational, dated 19th March 1909, sanctioning, subject to certain conditions, a building grant of Rs. 6,700 towards the cost of providing additional accommodation for the college.

Resolution No. 1.—The Madura College Board has considered G.O., No. 171, Educational, dated 19th March 1909, sanctioning a grant of Rs. 6,700 towards the cost of extension of the college building.

The Board ventures to submit that condition 6 of paragraph 1 of the said Government Order is not in accord with the policy underlying the Grant-in-Aid Code as well as with the general educational policy of the Government to encourage indigenous effort;

and requests that the said condition be so altered as to make it clear that, in the event of the Government's resuming the buildings, the sum contributed by the Board towards the cost of the extension will be refunded to the Board.

The Board also requests that the time granted for the completion of the extension be one year from the date of the receipt by the College Board of the final order of Government on the subject.

From the Director of Public Instruction, dated 28th May 1909, No. 3369.

The Director of Public Instruction submits, for the orders of Government, a letter from the Secretary to the Board of Management of the Madura College, in which that Board requests—

(1) that the time granted in G.O., No. 171, Educational, dated 19th March 1909, for the completion of the extensions to the college building may be so modified as to make it one year from the date of the receipt by the Board of the final order of Government on the subject; and

(2) that the condition specified in clause (6) of the order, namely, that in the event of the resumption of the building by Government the management should have no claim of any kind to or in respect of the buildings which it is proposed to add, may be so altered as to make it clear that in the event of the Government's resuming the buildings, the sum contributed by the Board towards the cost of the extension will be refunded to the Board.

2. The building in which the Madura College is now held belongs to Government. It formerly belonged to the Government College at Madura and towards its construction the public of Madura appears to have subscribed Rs. 3,000—*vide* paragraph 2 of Mr. Grigg's letter No. 3688, dated 4th April 1891, on page 22 of G.O., No. 297, Educational, dated 23rd April 1891. After the abolition of the Government College at Madura in 1889, the Native High School Committee at Madura applied for the transfer of the Government College building to them and on the recommendation of the Director of Public Instruction the Government sanctioned the transfer of the building as well as the library and apparatus on the conditions—

"(1) that it is kept in good and thorough repair, and

"(2) that it is returned to Government with the library and apparatus in "good condition, on six months' notice, if at any time the building is required by "Government for educational purposes"—*vide* paragraph 2 of G.O., No. 64, Educational, dated 7th February 1889.

3. Subsequently on the recommendation of the Director of Public Instruction (Mr. Grigg), the Government also sanctioned the construction from Provincial funds of certain additions to the College building at an estimated cost of Rs. 11,750—*vide* G.O., No. 1404 W., dated 23rd May 1891. Latterly the College Board also seems to have constructed a new block of buildings at their own cost. Please see paragraph 1 of the letter from the Secretary to the College Board on page 2 of G.O., No. 171, Educational, dated 19th March 1909.

4. Last year the College Board found that a further extension of the College building was necessary in order to meet the requirements of the new University Regulations in respect of the Intermediate Examination. They then requested that the Government would be pleased to carry out the extensions at their own cost or that permission might be granted to them (the College Board) to enlarge the building out of their funds supplemented by a grant from the Government. Please see the letter of the Secretary to the College Board on pages 2 and 3 of G.O., No. 171, Educational, dated 19th March 1909.

5. The Director of Public Instruction, Dr. Bourne, thereupon recommended that a grant of one-third of the cost of the extensions, which were estimated to cost Rs. 18,800, might be sanctioned on the condition that "in the event of the building ever being resumed by Government, the management should have no claims of any kind whatever on the buildings which it was proposed to add"—*vide* paragraph 1 of the Director's letter on page 2 of G.O., No. 171, Educational, dated 19th March 1909. The Government accepted the Director's recommendation and sanctioned a grant of Rs. 6,700 towards the proposed

additions to the college building on the following conditions:—

"(1) that in carrying out the work the suggestions of the Chief Engineer in his note, dated 1st March 1909, are adopted;

"(2) that the work is completed before the 30th November 1909;

"(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st December 1909;

"(4) that the amount expended on the work does not fall short of Rs. 20,200 as actually verified;

"(5) that all other conditions prescribed in the Grant-in-Aid Code have been duly complied with; and

"(6) that in the event of the resumption of the building by Government the management shall have no claim of any kind to or in respect of the buildings which it is now proposed to add."

6. The College Board now request that in modification of condition No. (2) above they may be given one year's time from the receipt of the order of Government to carry out the proposed extensions, and that condition (6) may be altogether omitted and that in its place it may be provided that in the event of the Government's resuming the building the sum contributed by the Board towards the cost of the extensions will be refunded to the Board.

7. The College Board advances the following grounds in support of their request for the alteration of condition 6:—

(1) The new University Regulations, the Educational Rules and the Grant-in-Aid Code have laid a heavy financial burden on them (the College Board) and great efforts are being made to place the college on a sound financial basis by providing it with an adequate endowment.

(2) Last year there was a deficit of about Rs. 2,400 and, the year before, one of over Rs. 1,000. These deficits were met by raising special monthly subscriptions, irrespective of the donations towards the endowment fund.

(3) A similar deficit is again anticipated this year and the special monthly subscriptions are being continued.

8. The Director of Public Instruction recommends that the extension of the time required by the Board may be granted but not the alteration of condition (6).

9. It is for consideration whether the recommendations of the Director of Public Instruction may be accepted.

T. KANAKASUNDARAM PILLAI—14-6-09.

L. M. WYNCH—16-6-09.

The extension of the time within which the buildings must be completed may be granted.

2. As to the other condition to which the Board objects, *viz.*, that the management shall have no claim to or in respect of the buildings if they are resumed by Government, submitted that it should be retained.

L. M. WYNCH.

The Government will resume only for educational purposes. Therefore any money that the management puts into the college will continue to be used for the purposes of the college. If the management got any compensation for resumption they would use the money otherwise in all probability.

C. A. SOUTER—15-6-09.

The extension of time asked for may be granted.

In the event of Government's ever resuming the building (and they can only do so on the ground of its being required for educational purposes), the College Board of Management would have no '*raison d'être*' and there would be no more ground for refunding to them contributions made towards extension of buildings out of funds raised or collected by them whether as school fees or as subscriptions from the public than any other contributions from the same source towards the maintenance of the College. The Director of Public Instruction does not support their request and condition 6 should remain as it is.

Proceedings of the Madras College Board.
Passed at the meeting held on the 2nd May, 1909.

Present:-

1. The Board of Madras College, established in 1863, is a body of gentlemen, subject to certain conditions, a building grant of Rs. 5,000 towards the cost of providing additional accommodation for the College.

The Madras College Board has considered G.O. No. 171 Educational, dated 19th March, 1909, sanctioning a grant of Rs. 5,000 towards the cost of extension of the College buildings.

The Board ventures to submit that condition 6 of para. 1 of the said G.O. is not in accord with the policy underlying the grant-in-aid code as well as with the general educational policy of the Government to encourage indigenous efforts.

and requests that the said condition be so altered as to make it clear that, in the event of the Government's resuming the buildings, the sum contributed by the Board towards the cost of the extension will be returned to the Board.

The Board also requests that the time granted for the completion of the extension be one year from the date of the receipt by the College Board of the final order of Government on the subject.

SUBJECT.

Modification of
Requesting that some of the condi-
tions attached to the grant sanc-
tioned towards the construction
of certain extensions to the Madura
College may be modified.

The Director of Public Instruction submits for the orders of Government a letter from the Secretary to the Board of Management of the Madura College, in which that Board requests,

(1) that the time granted in G.O.No.171, Educational, dated 19th March 1909, for the completion of the extensions to the College building may be so modified as to make it one year from the date of the receipt by the Board of the final order of Government on the subject; and

(2) that the condition specified in clause (6) of the order, namely, that in the event of the resumption of the building by Government the management should have no claim of any kind to or in respect of the buildings which it is proposed to add, may be so altered as to make it clear that in the event of the Government's resuming the buildings, the sum contributed by the Board towards the cost of the extension will be refunded to the Board.

2. The building in which the Madura College is now held belongs to Government. It formerly belonged to the Government College at Madura and towards its construction the public of Madura appears to have subscribed Rs3,000 - vide para.2 of Mr. Grigg's letter No.3688, dated 4th April 1891, on page 22 of G.O.No.297, Edl., dated 23rd April 1891.

After the abolition of the Government College at Madura in 1889, the Native High School Committee at Madura applied for the transfer of the Government College building to them and on the recommendation of the Director of Public Instruction the Government sanctioned the transfer of the building as well as the library and apparatus on the conditions,

the extensions at their own cost or that permission might be granted to them (the College Board) to enlarge the building out of their funds supplemented by a grant from the Government - Please see the letter of the Secretary to the College Board on pages 2 and 3 of G.O.No.171, Edl., dated 19th March 1909.

5. The D.P.I., Dr. Bourne, thereupon recommended that a grant of one-third of the cost of the extensions which were estimated to cost Rs.18,800, might be sanctioned on the condition that "in the event of the building ever being resumed by Government, the management should have no claims of any kinds whatever on the buildings which it was proposed to add" - vide para.1 of the Director's letter on page 2 of G.O.No.171, Educational, dated 19th March 1909. The Government accepted the Director's recommendation and sanctioned a grant of Rs.6,700 towards the proposed additions to the College building on the following conditions:--

- "(1) That in carrying out the work the suggestions of the Chief Engineer in his note dated 1st March 1909 are adopted;
- "(2) that the work is completed before the 30th November 1909;
- "(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st December 1909;

"(6) that in the event of the resumption of the building by Government the management shall have no claim of any kindth or in respect of the buildings which it is now proposed to add."

6. The College Board now request that in modification of condition No.(2) above they may be given one year's time from the receipt of the order of Government to carry out the proposed extensions, and that condition (6) may be altogether omitted and that in its place it may be provided that in the event of the Government's resuming the building the sum contributed by the Board towards the cost of the extensions will be refunded to the Board.

7. The College Board advances the following grounds in support of their request for the alteration of condition 6:--

(1) The new University Regulations, the Educational Rules and the Grant in aid Code have laid a heavy financial burden on them (the College Board) and great efforts are being made to place the college on a sound financial basis by providing it with an adequate endowment.

(2) Last year there was a deficit of about Rs.2,400 and, the year before, one of over Rs.1,000. These deficits were met by raising special monthly subscriptions, irrespective of the donations towards the endowment fund.

(3) A similar deficit is again anticipated this year and the special monthly subscriptions are being continued.

8. The D.P.I. recommends that the extension of the time required by the Board may be granted but not the alteration of condition (6).

9. It is for consideration whether the recommendations of the D.P.I. may be accepted.

The extension of the time within which the buildings must be completed may be granted.

2. As to the other condition to which the Board objects viz. that the ~~to~~ management shall have no claim to or in respect of the buildings if they are resumed by Govt., submits that it should be retained. The

Govt. will resume only for educational purposes. Therefore any money that the management puts into the College will ~~be~~ continue to be used for the purposes of the College. If the management fit any compensation for resumption they would use the money otherwise in all probability.

H.M.

The extension of time asked for may be granted.

In the event of Govt. resuming the building (& that can only do so on the ground of its being required for Educational purposes).

NOTES.

IX 6P Page 6

The College Board of Management would have no 'raison d'être' and there would be no more ground for repudiating to them contributions made towards extension of buildings out of funds raised or collected from whether as school fees or as subscriptions from the public than any other contributions from the same source towards the maintenance of the College.

The B.P.I. does not support their request & cord. 6 should remain as it is.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
