GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O., No. 291, Educational, dated 21st April 1908.

ABSTRACT.—Declining to sanction a grant-in-aid towards the cost of construction of a building for the Wardlaw College, Bellary.

II

Letter—from J. P. COTELINGAM, Esq., Principal, Wardlaw College, Bellary.
To—the Director of Public Instruction (through the Inspector of Schools, II Circle).
Dated—the 22nd September 1908.
No.—146.

Adverting to your Proceedings, dated 10th January 1908, Ref. on Cur. No. 1104 of 1907 and Proceedings, dated 5th May 1908, No. 3382 of 1908, and in continuation of my letter, dated 20th August 1908, No. 134, I have the honour to resubmit the plans and estimates of the proposed new building.

2. No alterations have been made in the plan of the building although the two college classes will be discontinued after the end of the year.

Ref. on Cur. No. 8634/08, dated 28th January 1909.

Submitted to Government, with reference to G.O., No. 291, Educational, dated 21st April 1908, and recommended that a grant not exceeding Rs. 10,000 referred to in Memorandum No. 2646-2, Educational, dated 7th January 1908, may be sanctioned now that the management is prepared to discontinue the college classes as required in the above memorandum. The abolition of the college classes will not make the accommodation proposed in the plans too much for the needs of the High school.

2. Copies of the Proceedings referred to in the Principal's letter are enclosed.

J. H. STONE,
Ag. Director of Public Instruction.

ENCLOSURES.

Proceedings of the Director of Public Instruction, dated 5th May 1908, Dis. No. 3382.

With reference to his letter No. 11, dated 24th January 1908, the Principal, Wardlaw College, Bellary, is informed that in the absence of further information regarding the future of the college department, the Government are not prepared to make any grant-in-aid towards the cost of construction of the proposed buildings.

2. All the plans and estimates received from the Principal are returned.

Proceedings of the Director of Public Instruction, dated 10th January 1908, Ref. on Cur. No. 1104 of 1907.

With reference to his application for aid towards the cost of constructing a building for the institution, the Principal, Wardlaw College, is requested to be good enough to report whether in the event of a third grant not exceeding Rs. 10,000 being promised, the college authorities will be prepared to discontinue the college classes.

III

Note by the Chief Engineer, Public Works Department, dated 3rd June 1909.

The Director of Public Instruction submits an estimate amounting to Rs. 36,661 for constructing additions for the Wardlaw College at Bellary.

2. Certain necessary structural alterations have been made in the Chief Engineer's office, by which the estimate has been increased to Rs. 38,100.

3. The foundations provided in the design are of burnt stone in mortar without concrete and the pressure on the soil works out to 0.84 ton per square foot. The nature of the soil is not reported.

The Superintending Engineer should satisfy himself that the foundations are suitable and sufficient with reference to the nature of the soil before they are built—it may be desirable to put in concrete foundations.

4. The gable as designed is unstable, as against wind pressure. The side elevations and front elevations do not agree but the thickness is taken to be 2 feet.

If the design be altered as shown in green ink on the plan submitted, the gable will be safe.

The Superintending Engineer will satisfy himself that the design of this gable is so modified as to be stable against a wind pressure of not less than 40 lb. per square foot in some such manner as indicated, before it is built.

5. With these remarks the estimate as altered by the Chief Engineer amounting to Rs. 38,100 is recommended for sanction.

F. J. WILSON,
Chief Engineer, P.W.D.

Order—No. 378, Educational, dated 29th June 1909.

The Government are pleased to sanction a grant not exceeding one-third of the actual expenditure or Rs. 10,000 whichever may be less towards the cost of constructing a building for the Wardlaw College, Bellary, subject to the following conditions :—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ;

(2) that the work is completed before the end of June 1910 ;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st August 1910 ;

(4) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

(True Extract.)

L. M. WYNCH,
Ag. Secretary to Government.

To the Director of Public Instruction.
,, Accountant-General.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 378, EDUCATIONAL,
DATED 29TH JUNE 1909.

[SUBJECT.—*Application for a building grant towards the cost of improving
the Wardlaw College, Bellary.*]

From the Director of Public Instruction, dated 28th January 1909, No. 8634.

Please see G.O., No. 291, Educational, dated 21st April 1908, and the notes therewith.

2. In that order the Government returned the application for a building grant received from the management of the Wardlaw College, Bellary, as the management was not then in a position to state definitely whether they would discontinue the College classes—*vide* Honourable Member's remarks, dated 4th January 1908, on page 3 of K.W. G.O., No. 291, Educational, dated 21st April 1908.

3. The Director of Public Instruction now resubmits the application with the remark that the management is prepared to discontinue the College classes and recommends that a grant of Rs. 10,000 may be sanctioned.

4. It is submitted that the plan and estimate may, in the first instance, be forwarded *u.o.* to the Public Works Department for scrutiny.

T.K.—5-2-09.

K. RANGASWAMI AIYANGAR—5-2-09.

C. A. SOUTER—6-2-09.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The plan and estimate have been scrutinised by the Chief Engineer, whose remarks thereon are embodied in a separate note.

Submitted that this file may now be returned *u.o.* to Educational with the Chief Engineer's note.

P.V.—4-6-09.

P. HAWKINS—8-6-09.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

A draft order sanctioning a grant not exceeding one-third of the actual expenditure, nor exceeding Rs. 10,000, is submitted for approval. Please see Memorandum No. 2646-2, dated 7th January 1908, on page 3 of G.O., No. 291, Educational, dated 21st April 1908, in which the Government promised to make a grant not exceeding Rs. 10,000, if the management were prepared to discontinue the College classes.

2. The amount of the estimate as submitted by the College authorities is Rs. 36,661. The estimate as revised by the Chief Engineer has been increased to Rs. 38,100. The grant of Rs. 10,000 recommended by the Director of Public Instruction is within the limit admissible under article 51 (i) of the Grant-in-aid Code.

3. The Public Works Department may be requested to specify the time within which the work may be completed.

P.R.—9-6-09.

T. KANAKASUNDARAM PILLAI—9-6-09.

Please see K.W. G.O., No. 291, Educational, dated 21st April 1908. The Government made no promise of a grant but the notes seem to suggest that a grant of Rs. 10,000 would be given if the school discontinued the College classes. A grant may therefore now be given and the draft is for approval.

C. A. SOUTER—10-6-09.

L. M. WYNCH—11-6-09.

When a work is constructed to which we give a grant such as this does an officer of the Public Works Department inspect the building to see whether the conditions have been complied with. This should certainly be done as a matter of elementary business?

G. S. F[ORRES]—12-6-09.

To the Public Works Department.

L. M. WYNCH—14-6-09.

PUBLIC WORKS DEPARTMENT.

The rules regulating grants-in-aid for school buildings are contained in chapter VIII of the Grant-in-aid Code. These rules provide among others that when a grant-in-aid has been promised in respect of any building, the management shall, prior to the commencement of work thereon, give fifteen days' notice in writing to the Executive Engineer in charge of the division where it is proposed to construct the building; that during the progress of the work, access thereto and every reasonable opportunity to inspect and examine materials and take measurements shall be afforded by the management to the officers of the Public Works Department; and that before the grant is paid it shall be certified in the prescribed form by the Engineer or other responsible officer deputed to examine the building, that the work has been completed in accordance with the approved plan and estimate or that the building is worth the amount on which the grant is claimed. It will thus be seen that when a building is constructed to which the Government give a grant, the Public Works Department officers have to examine the building to see whether the conditions in regard to work have been complied with.

2. Information has also to be furnished as to the date when the work may be expected to be completed. The amount of the estimate being Rs. 36,000 and odd, one year's time may be allowed from the date of receipt of sanction.

P. K. SUBBA AIYAR—21-6-09.

A year may be allowed for construction.

P. HAWKINS—23-6-09.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on..... (Press Clerk.)

† Copies distributed on..... (Despatcher.)

* To be initialled and dated.
