EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 392, EDUCATIONAL, DATED
2ND JULY 1909.

[SUBJECT.—*Dates for the submission of nominations for the State scholarships tenable in Europe.*]

There are at present three scholarships tenable in England or other western countries which are awarded annually by the Government of India—

- (1) State Technical scholarships,
- (2) Scholarship for Europeans and Eurasians, and
- (3) Scholarships for the study of Sanskrit and Arabic.

2. The nominations of the Local Governments and Administrations for these scholarships should reach the Government of India by the following dates, at the latest, every year:—

Paragraph 6 of India's letter on page 3 of G.O., No. 103, dated 10th February 1908.	(1) State Technical Scholarships.	15th April.
Paragraph 2 of India's Resolution on page 2 of G.O., No. 200, dated 5th April 1907.	(2) Scholarship for Europeans and Eurasians	31st March.
Paragraph 3 of India's Resolution on page 2 of G.O., No. 666, dated 19th September 1908.	(3) Scholarships for the study of Sanskrit and Arabic	31st March.

3. Recommendations in respect of all these three scholarships have, in the first instance, to be submitted by the Director of Public Instruction to this Government, but no dates have been prescribed in any case for the submission of the Director's recommendations. As a consequence of this, the Director had to be specially reminded of his recommendations during the current year and they were not received in time to admit of their submission to the Government of India within the prescribed dates. It is therefore submitted that a date may now be fixed for the submission of the Director's recommendation for each of these scholarships.

4. (1) *State Technical Scholarships.*—With regard to this the Government of India state that “in order to afford sufficient time for the consideration of applications, the Local Government should proceed, in the autumn of each year, to consult local bodies, leading firms and selected individuals as to the industry which is to be encouraged, etc., and to issue a notification containing full particulars of the scholarship to be awarded not later than December. It should then be possible for it to make its final selection of candidates by the end of March and to forward its recommendation so as to reach the Government of India by the 15th April at latest.” If, in accordance with the above instruction, the industry to be encouraged by the award of scholarship were selected in December, candidates might be required to submit their applications to the Director of Public Instruction so as to reach him before the 1st February, and the Director might be required to submit his recommendation to Government by the 10th of March at latest. This would afford Government sufficient time for considering the applications and make their final selection by the end of March as required by the Government of India.

5. (2) *Scholarship for Europeans and Eurasians*.—In their letter No. 812, dated 11th October 1907, the Government of India state that the application for this scholarship should be submitted to the

Director of Public Instruction of the province who should personally interview those applicants whose names he thinks worthy of submission to Government and that if personal interview is impossible the Director of Public Instruction should obtain the fullest possible information as to the physique and character of the candidate. When the Director of Public Instruction has submitted his recommendation, the Local Government shall, if more than one name is sent up, make a final selection for submission to the Government of India and the Secretary to the Local Government should, if possible, also see the candidates (if more than one name is sent in). In these circumstances, the Government should have sufficient time to make their final selection and as their nomination should be submitted to the Government of India by the 31st March

of each year, the date for the submission of the Director's recommendation may be fixed at 1st March.

6. (3) *Scholarships for the study of Sanskrit and Arabic*.—The power of selection for these scholarships rests with the Government of India who will award them to the candidates who are selected.

to hold them. Local Governments and Administrations are requested to submit their recommendations so as to reach the Government of India by the 31st March of each year at latest and their recommendations should be accompanied by a full description of the qualifications of the candidates. In this case the Local Government have not much to do, and the Director of Public Instruction may be required to submit his
