Application for exemption from the Examination Rules of an unpassed candidate for employment in the office of Kistna Central

What steps have been taken to procure the services of a passed candidate and with what result.	Passed Candidates with technical knowledge of Stores have been sought but are not available and hence this man is preferred to other Candidates. Was selected by the Superintending Engineer II Circle in D ^o 829Kc dated 2-2-1909.
Recommendation of the Head of the Department.	The man has been selected as being the most suitable so far as his experience in Stores is concerned. He was an issuing clerk in P. W. Stores, Madras, previous to this appointment.

From (Name) S. R. Murray Esq., A.M.I.C.E.,

(Designation) Superintending Engineer, II Circle.

To The Chief Engineer
The Secretary to the Government of Madras,

Public Works Department.

Sir,

With reference to your Memo No. 2577-C, dated 2-6-09,
I have the honour to inform you that technical training is
essential for the making of a successful Store-keeper. For
the proper receipt and issue of stores on a large scale, and
the consequent accounts, a very thorough training in some
large shops is necessary.

Educational qualifications without experience would
be of no use whatever. A good Store-keeper is a successful
specialist, and ~~he is~~ very hard to get.

2. The present Store-keeper at Bezwada - T. Rajagopal Naidu - about whom your reference has been made, served for some years in the P.W.D. Stores at Madras. Since he has been at Bezwada, he has done very well.

3. I would invite your notice to P.W.D. Code para 52.

I have the honour to be,

Sir,

Your most obedient servant,

The S.E. D. & L. applies for the temporary exemption ^{for 1 year} for one year of one Rajappa Narayan, for appointment as a Divisional Engineer on Rs 60-2-80. It is apparent from the Suppy. Engineer's Endorsement that if he then gives satisfaction during the period of his probation in which he is at present he would be confirmed in the appointment. There will in that case be a fresh application for permanent exemption - The application has to go to the Educational Dept.

As the pay of the post, namely, Rs 60-2-80, is attractive enough for a fully qualified person and as the vacancy is a permanent one, it is not unlikely that an advertisement will fail to secure qualified Candidates. The statement in Col. 8 of the application is very vague and does not show what steps, if any, have been taken to procure the services of a passed Candidate.

2. It is for orders whether the P. W. D. may be asked to obtain information as to what steps have actually

A been taken by the Superintending Engineer to secure the services of a passed Candidate, or whether the temporary exemption for one year now applied for may be sanctioned. If the temporary exemption is sanctioned the Superintending Engineer is sure to come up for Rajagopal Nayudu's permanent exemption on the ground that the man has been working satisfactorily for a year and that it is hard to turn him out then.

Sec.

This application reaches the Dept. over 2 months after the date from which exemption is sought.

It seems clear that there will be no lack of Candidates for a post carrying a salary of Rs. 60-2-0 p.m. if only effort is made & I submit that the exemption should be refused.

A knowledge of stores is required, so the Engrs say, if this man was an issuing clerk in the P.W. Stores Madras. On this ground perhaps exemption may be granted.

Will P.W.D. kindly say whether any technical knowledge is really required for such an appointment & whether there is a difficulty in getting passed men with such knowledge

There is nothing in the application to throw light on the kind of technical knowledge required for the appointment. Experience in Store is indicated in Cl. 9 of the application, Education have seen his information. Perhaps the Supply Engineer may be asked. In his turn a draft return is submitted.

Memo No. 2577C of 2.6.09
Cn. 5942 from the S. & II circle No 100W of 12.6.09

D.W.
The Superintending Engineer says that technical training is essential for the making of a successful Store-keeper, and that a very thorough training in some large shops is necessary. Educational qualifications, technical experience, would, it is stated, be of no use without.

The present Store-keeper served, it would appear, for -
some years in the P.W.D. Stores.

The Superintending Engineer in this connection
also invites attention to para. 52 of the P.W.D. Code ---
under which Executive Engineers are at liberty to select
such persons as they consider qualified for the situations
of Cashiers and Store-keepers - on their furnishing ade-
quate security. This provision does not, it is submitted,
over ride the rules of the Local Government in respect of
qualifications for appointments.

The papers may be returned to Educational.

It will be seen that this man has
had previous training in the
Madras Stores. There is no doubt
whatever that such training is very
valuable & that a man without previous
experience wd have to be taught his
work. The ordinary educated man of
this class without experience, takes
some time to learn the names &
uses of various tools & other items
& I have had personal experience of the
muddle which a well intentioned but
inexperienced man can make of a store
account.

No. 4 does not
affect the question
of educational
test.

He has had orders to take a passed man, but in his reply ignored the question. A passed man with experience is: presumably do better than an unpassed one. Submitted that there is no case for ^{this temporary} exemption, which will surely result, if granted, in a further application for permanent exemption.

W. F. 31/7

I suppose if a receipt of stores in P.W.D. is much like if a receipt of stores in the Police and elsewhere & requires a man like a campfire accountant. Mr Murray has clearly made no attempt whatever - after the manner of most South Engineers - to check the South rules in this matter - Refer examples & tell the Engineer to advertise at once for a duly qualified person -
