Sir,

With reference to Official memorandum
No. 1478-1. Educational dated the 12th Instant
calling for a statement of my touring on
the Palni hills, I have the honour to report
as follows:—

2. The tour was undertaken at the
Suggestion of the permanent Superin-
tendent, Mr. Thurston, in order to collect
natural history specimens in general,

which is at present being arranged. I reached the Palni hills on the 17th May last and stayed there till the 13th July. The greater part of the time was spent at Kodaikanal as it is the most convenient centre for reaching the best collecting grounds. While Kodaikanal was my headquarters, I made constant trips into the surrounding country, some of them even extending to the foot of the hills where it is impracticable to spend the night. On the 1st June I paid a visit to Neutral saddle (7 miles from Kodaikanal) and stayed there till the 4th idem, a longer stay being rendered impossible by my contracting malaria. I visited this locality a second time on the 30th June, when a stay of four days was made.

5. I beg to state that during the whole period of the tour my time as well as that of a taxidermist and peon who accompanied me was fully occupied in collecting, and that, as a result, considerable additions have been made to the museum collections, particularly in groups which required to be supplemented. I would also mention in this connection that the season

during which the tour was made is the only during which my duties as a Professor at the Christian College permit of being away from Madras for a prolonged period.

I have the honour to be,

Sir,

7-8-09 When Mr. Henderson reported in May last that
he was proceeding on tour to the Palmi Hills, he did
not say that he proposed to stay there for so
long a time as two months. Perhaps he may be asked
in future, to send up to Govt., a regular programme,
whenever he proceeds on tour for the collection of
Natural History specimens.

Rec.

It does not seem advisable
to restrict the S. G. M. movements
as suggested. He can't collect specimens
in a few weeks.
