I am directed to state, for the information of the Secretary of State for India, that the Board of Education have been in communication with the Lords Commissioners of His Majesty's Treasury on the subject of the recognition of service completed in State and State aided schools in India as discharging the undertaking which is executed by teachers trained under the Board's regulations for the training of teachers for elementary schools, which came into force in August 1908.

2. In these regulations it is laid down that a candidate, before he or she is admitted as a recognised student to a training college, must give an undertaking to the Board that, in return for the grants paid under the Board's regulations on his or her account he or she will serve as a teacher in an approved school for a specified period. Men students undertake to complete seven years' service within a period of ten years, and women students undertake to complete five years' service within a period of eight years, after finishing their courses of training.

3. I am to state that the Board of Education is empowered by the Lords Commissioners of His Majesty's Treasury to accept, for the purpose of the undertaking above referred to, service in India in schools, whether elementary schools or secondary schools or other schools of types now accepted for the purpose of the undertaking in England, provided (a) that the schools are either maintained or aided and inspected by the provincial Government and (b) that the service is such as to occupy the whole working time of the teacher.

4. The Board do not propose to consider applications from teachers for recognition of service in India as discharging the undertaking, unless such applications are made through the Education Department of the province in which the teacher proposes to serve.

The Board of Education, London, propose to recognize teaching service rendered in Government or Aided schools in India as discharging the obligation of the students of a training college in England to render a specified period of service, after training, in an approved school.

2. The Government of India are disposed to welcome the suggestion and, subject to any remarks which this Government may have to make, propose to inform the Secretary of State that the Provincial Education Department will forward to the Board of Education any application for the proposed concession which it may receive from teachers who have been trained in England and will certify as to the correctness of the statements made in the application.

3. The letter from the Government of India may, it is submitted, be sent to the Director of Public Instruction for remarks as to whether there is any objection to the proposal of the Government of India.

The letter was circulated to His Excellency and Honourable Members on 14th August 1909.

T.K.—19-8-09.

Please see the letter from the Secretary to the Board of Education to the Under Secretary of State, which gives the details of the proposal made by the Board of Education. The Director of Public Instruction may be consulted *u.o.* before replying to India.
