G. No. 1923 From the Director of Public Instruction No. 8296, dated 30-9-1909.

SUBJECT. Payment of an advance of Rs 4,000 to the authorities of the St. Philomena's High School, Bellary and the extension of the time for the completion of the building.

D. In G.O. No. 97 Ed. dt 16th February 1909, the Govt. sanctioned a grant of Rs 6,700 or one half of the actual expenditure, which is less, towards the cost of extensions of and improvements to the building occupied by the St. Philomena's High School, Bellary subject to the following among other conditions, namely,

(1) that the work should be completed before the 31st October 1909, and

(2) that a certificate of actual expenditure incurred on the work should be submitted before the 31st December 1909.

2. The Correspondent of the School now applies for an advance of Rs 4466-10-8 out of the grant of Rs 6,700 on the ground that two-thirds of the work has already been completed and requests that the time for the completion of the building may be extended up to 31st December 1909. It was not possible to complete the work before the 31st October 1909, on account of certain unforeseen circumstances.

3. The Superintending Engineer, III Circle, certifies that only one-third of the work remains and that the materials required for completion are at site. The advance asked for is admissible under Art. 61 of the European Code.

D.P. I recommends that both the requests of the Correspondent may be complied with, the amount of the advance being fixed at Rs 4,000.

4. The draft order placed below is submitted for approval.

D. Being $\frac{2}{3}$ of 6,700 = Rs 4466-10-8.

And D.P. I's letter says that one-third of the work remains to be completed.

Art. 61 of the Code of Regulations for European Schools says

"Advances may be made from time to time out of the Sanctioned building grant on receipt of a report from the Public works Department that the work is proceeding satisfactorily."

2. From the D.P.'s Current letter, it is observed that the Correspondent of the School has submitted a D.O. letter from the Superintendent Engineer, III Circle, in which it is stated that only one-third of the work remains to be completed, and that the materials required for completion are at site. It is for consideration whether this D.O. letter may be accepted as the report from the P.W. Department, required under Art. 61. If it is accepted, the D.P.'s recommendations that an advance of Rs 4000 may be granted and that the time for the completion of the work may be extended to 31st December 1904 may be approved.

Perhaps the D.P.'s statement that a copy of the D.O. was received by him is sufficient guarantee that $\frac{2}{3}$ rd of the work has been finished. He might have sent a copy of it. The draft is for approval.
