To

C.W. Wood Esquire,
Superintending Engineer, I Circle.

Thro'

The Manager.

Respected sir,

I respectfully beg to lay the following few lines for your kind consideration and sincerely hope that the same may receive your favourable orders.

I am a Eurasian and had served in the late East Coast State Railway in different capacities from 1895 to 1904, but owing to the reduction of staff when the Railway was handed over to the Company, I was thrown out of employment in October 1904. Then in January 1905 I entered this Department with hopes of securing a permanent footing, and ever since that time I have been working as an acting and temporary clerk in several grades and in every branch of your Office, and also worked in the Office of the Executive Engineer, Vizagapatam Division, and have given entire satisfaction in the discharge of my duties. But I having passed only the late Lower Secondary Examination and as such I am not allowed in the Public Service as per Public Service notification, my chances of confirmation have all been lost. Very recently the Government were pleased to withdraw such restriction for the V class, I grade and so I have, no doubt, chances of entering the permanent service starting with Rs. 15/-. But this meagre pay is quite inadequate to meet my ends and therefore I am so unfortunate as not to take it up.

Considering therefore the cost of food stuff and -- living, I respectfully beg that I may be exempted permanently from the operation of the Examination Rules for a clerk's post IV class, III grade which alone will give me some chances of success in life. My service under Government is about 13 years including the period I worked in the State Railway Department. I humbly beg to point out

that there are many precedents wherein Government were --
pleased to exempt unpassed men whenever their cases are --
brought forward by their officers. 5

I beg to submit herein certificates for your kind --
perusal and return.

For which act of extreme kindness, I shall ever feel
grateful.

I beg to remain,

Respected Sir,

Your most obedient servant

Southwell

Mr. F. Southwell worked in my office for 6 months as an acting
clerk and gave me entire satisfaction. Owing to the reduction of one
of the hands in the office he had to look after both receipt and --
despatch work of the office which is generally heavy. He always
worked very willingly and without allowing the work to fall into --
arrears. I consider him to be hard-working and a diligent hand.
He is leaving office on promotion.

Petition dated 20th March 1901 to the Examiner of Accounts, East Coast Railway Waltair, through the Head Clerk for increase of pay

While I was acting as Head Clerk, I stated my grievances to you, and you were kind to promise that you will pen a few lines to Auditor Bengal Nagpur Railway on my behalf requesting him to increase my pay.

My relief date falls on 31st March 1901 and I am to join the -- appointment on that railway on Rs. 27/- per mensem which will hardly suffice me to maintain myself with a family of 9 members (all grown up girls) in such a dear place as Calcutta.

May I therefore approach you with the fervent hope that you will graciously be pleased to write to him about me.

For which act of kindness, I shall as in duty bound ever pray for your long life and prosperity.

I beg &c.,

Sd/- F. Southwell.

Endt. thereon by the Suptg. Engr., I Circle,
No. 645 W/G1, d/- 21-7-09.

D.W.

The Superintending Engineer, First Circle, submits with a strong recommendation an application from a Mr. Southwell for exemption from the Examination rules for permanent appointment to a clerkship in the IV Class 3rd grade (Rs. 20-30). It is not stated whether any such post is vacant. This man has been employed in acting and temporary posts in the I Circle for "nearly four years", according to the Superintending Engineer (Mr. Wood), who certifies that he has given entire satisfaction and that he deserves encouragement. The man's testimonials show that he was employed in the late East Coast Railway prior to entering the P.W.D. The application is addressed to the Chief Engineer. It is not based on the ground of any inherent difficulty in obtaining duly qualified men for the post of clerk IV Class 3rd grade and as such may be rejected by the Chief Engineer. It is however for consideration whether having in view the condition of the race (Eurasian) to which the applicant belongs and the service he appears already to have put in under the Railway, his application may not be forwarded to Educational for consideration.
