The 25th Annual Report

OF

The Anjuman-e-Mufid-e-Ahl-e-Islam,

MADRAS

In the name of God, the Merciful, the Compassionate.

We have great pleasure to submit to you this 25th Annual Report of the Anjuman for the year 1908, (from 1st April 1908 to 31st December 1908.)

The last Annual General Meeting of the Anjuman was held at the Anjuman premises on Wednesday the 22nd April 1908 at 5-30 P.M., with the late Mr. Justice Boddam in the chair. There was a large gathering of Mohamedans and several non-Mohamedans were also present. It was the last meeting of the Anjuman at which Mr. Boddam presided on the eve of his retirement from the Bench of Madras High Court. The Office-bearers and the Standing and Executive Committees were elected on that occasion. The Hon'ble Mr. Justice J. E. P. Wallis was elected the President and Col. Formby, S. D. Pears, Esq., and Dr. Edgar Thurston as Vice-Presidents.

Khan Bahadur Waljee Laljee Sait and Mr. A. Hameed Hasan, B.A., LL. B., (Alig.) were re-elected as Joint Secretaries.

Dr. Thurston resigned his office in December last on his proceeding to England and the vacancy was filled up by the appointment of the Hon'ble Mr. Justice Abdur Raheem.

Committee Meetings

During the year 1908 there were 16 meetings of the Standing Committee and one meeting of the Executive Committee. The attendance of members at the meetings has been satisfactory.

New Rules

The rules of the Anjuman were revised and improved upon by a Sub-Committee which was presided over by Mr. S. D. Pears. The Standing Committee has approved of them and lays them before you for final adoption.

Strength of the School

The year opened with 130 boys on the roll. For some cause or other as many as 66 boys left the Anjuman with their course of instruction uncompleted and an equally large number of new boys were admitted during the year, so that the strength of the school at the end of the year remained the same as it was at the beginning, i.e., 130.

A word with regard to the large number of boys that left the school in the course of last year. As the members are aware, the Anjuman boys come from the poorest section of the Musalman community who cannot afford to send them to school. The Anjuman was intended to do, and we venture to think, does a great deal that could be desired to attract these boys to the Technical School. In addition to the free instruction they receive they also receive two meals morning and noon. Many of them, however, are too poor to provide themselves with the third or evening meal. And many of them have mothers, sisters or other relatives depending upon their earnings. These considerations may explain why in some cases they leave the Anjuman and seek immediate employment elsewhere to the prejudice of their future prospects.

Technical Education

The Anjuman has turned out good work in the Carpentry and Carpet Departments. Strict discipline was maintained in the school and the average daily attendance of pupils was consequently very satisfactory. There was only one change in the staff of the school; the Mohamedan Maistry in charge of the D. Standard was dismissed for his disobedience and impudence. His place was filled up from amongst the senior boys of the Carpentry Department who have

passed the Advanced Examination in Carpentry and are receiving higher scholarships for the amount of work turned out by them.

Government Examination Results

The results for the year in the Government Examinations, though not so good as those of the previous year, are satisfactory except in Drawing. Two boys appeared for Cabinet making Intermediate and both passed; out of seven who appeared for Elementary Grade Examination, four came out successful. Four went up for the Examination in Carpet weaving, Elementary Grade, and two passed. But in Drawing only one boy passed out of eight. The results of the Drawing Examinations are disappointing throughout the Presidency.

Workshop

Carpentry Department :—From 1st April to 31st December 1908 a sum of Rs. 2,375-3-6 was realised by sale in the Carpentry Department. The cost of materials including tools purchased for Carpentry work and outside labour, etc., paid for up to the end of December 1908, amounted to Rs. 1,698-12-7. The cost of unfinished work on 1st January 1909 was Rs. 554-12-0.

Carpet Department :—Carpets made during the year were of the value of Rs. 1,625-1-8. The receipts by sale of carpets up to the end of December 1908 were Rs. 1,553-1-8 as compared with Rs. 1,195-8 of the previous year.

Old Students. During the last year seven of our successful students obtained employment in workshops and firms as carpenters. It is gratifying to note that some of our past students are in a prosperous condition. One of them, we learn, is drawing Rs. 70 per month at Vizagapatam and another Rs. 50 at Rajahmundry.

Primary Education

Of these 130 boys on the roll, 107 only received Primary Education in the School Department, as boys in the advance course and boys above fourteen years of age are

made to work full time in the Technical Branch as advised by Mr. A. Chatterton, Inspector of Technical School. These figures are also supported by the report of the Sub-Inspector of Mohamedan Schools who put down 95 as the number of pupils actually present at the time of Inspection in January 1909, and observed that the strength of the school has increased by 30 as compared with 77 on the rolls last year. The Inspector also notes that the average attendance has increased a little. In these circumstances it is somewhat surprising to find that the last Administration Report of the Director of Public Instruction shows only 86 boys in the Anjuman School whereas there were 107 in the School Department on the roll at the beginning of the last year.

The Last Inspection

The Sub-Assistant Inspector of Mohamedan Schools examined the Anjuman School on 16th January 1909 and remarked as follows :—

"Strength increased since last Inspection by 30. Average attendance also increased a little. All the pupils belong as last year to the poorer classes. Children of traders and artisans take better advantage of the school as expected.Staff though efficient continued to be insufficient—one more teacher is necessary. All the defects pointed out last year were remedied. Discipline improved.....work on the whole satisfactory, dress and manners of pupils improved. The Institution is really doing a great deal of good to the Mohamedan community." With reference to the remark of the Sub-Assistant Inspector regarding two teachers to teach 107 boys not being sufficient, the Manager informs the Committee that there are only about 22 or 24 boys with each teacher at one time as the day is divided into 3 periods of 2 hours each whereas the Education Rules allow 30 boys to each teacher.

Finance

The chief sources of income during the year were the same as before, *viz.*, Subscriptions including donations, Government Grant, receipts from sale of articles made,

commission for the sale of other's carpets and the interest on Government Securities held by the Anjuman.

DONATIONS :—The thanks of the Anjuman are specially due to H. H. the Nizam of Hyderabad for the generous donation of Rs. 1,000 to its funds in response to an appeal made to him last year. The Committee is also thankful to an anonymous friend of the community for a handsome donation of Rs. 500 sent through Khan Bahadur Walji Lalji Sait Saheb, to Major Glyn for a sum of Rs. 100 and to Mr. Ismail Sait Saheb "Magmoom" for a sum of Rs. 100 given on the occasion of the marriage of his niece.

RECEIPTS :—Subscriptions and donations during the nine months of the year amount to Rs. 3,531-13-5. We received Government Grant of Rs. 5,000 and are thankful to Government for its kind renewal of the same for another period of 3 years. A sum of Rs. 3,928-5-2 was realised from Carpentry and Carpet sales. Miscellaneous receipts from rent of the second compound of the Anjuman buildings and interest on Government Securities amounted to Rs. 756-0-2.

CHARGES :—The General Education cost Rs. 225 the office establishment including the Manager and Technical Education, Rs. 3,414-7-2. The loan of Rs. 1,000 borrowed from the Association was repaid. Feeding of the boys cost Rs. 1,342-5-9. This year 1909 opened with a balance of Rs. 2,799-15-1 at our Bankers and Rs. 96-13-5 in the hands of the Manager. This shows that the financial position of the Anjuman has improved although it is as yet by no means fully assured. We regret to record here the want of promptness on the part of a large number of members in the payment of subscriptions and outstandings Appendix E will show the monthly subscriptions of members of the Anjuman.

Account Books

The Standing Committee requested Mr. Pears to examine thoroughly the accounts of the Anjuman and to report whether the accounts were properly kept and whether

the financial position of the Anjuman was sound. Mr. Pears reported that the new set of books introduced by Mr. Brand *"are still kept up without exception; they are kept neatly, and are up-to-date."*

He recommended the re-opening of a Stock book such as was kept in the Anjuman until Mr. Brand abolished it at the end of the year 1907. This stock book has accordingly been opened again from January 1909. It will enable the Management to price the finished articles on a more scientific method than was done formerly.

As regards the question "whether the Anjuman is financially going downhill" Mr. Pears remarked:— "The present accounts exhibit very clearly the total receipts and the total expenditure under carpets and under carpentry respectively, and in future years it will be easy to compare the finances of each branch between one and another. But in past years these finances were not accurately exhibited. No comparison, is, therefore, possible and it cannot be said that either the carpets or the carpentry department is being conducted more or less profitably than say 3 years ago. The only comparison that can be made is between the total position now and the total position then, including receipts and expenses and stocks under all heads. Even this comparison is difficult owing to the balance sheets being drawn up in a different form in '06-07 and '07-08 from that adopted in the previous few years. But from the accompanying analysis which Mr. Brand has been good enough to make for me, it would appear that on the whole the position is improving rather than otherwise."

Our Obligations

THE LATE MR. BODDAM :—It is our melancholy duty to refer to the sudden and sad death of our late President, Mr. Justice Boddam. Last year when we bade good bye to him with hearts heavy with grief and wished him a long lease of life and useful career at home, none apprehended that his end was so near. In the late Mr. Boddam the Mohamedan community of this Presidency has lost a real friend and guide who stood by them through thick and thin. He had

been the mainstay of this Anjuman for several years and devoted most of his spare time and attention to its affairs. His was a remarkable personality and the valuable qualities of head and heart were always brought to bear on the solution of the problem of Mohamedan regeneration. His courteous and winning manners, his genial disposition and liberal sympathies had endeared him to the public at large.

We are extremely grateful to our Patron, His Excellency Sir Arthur Lawley, who has been uniformly sympathetic towards the Anjuman. Her Excellency Lady Lawley was gracious enough to pay three private visits to the Anjuman and gave various orders the execution of which, we have reason to believe, must have given her every satisfaction. The Hon'ble Mr. Murray Hammik visited the Anjuman in the beginning of this year and has given orders for furniture. Mr. Justice Abdur Rahim also gave large orders amounting to a thousand rupees.

Our President, The Hon'ble Mr. Justice J. E. P. Wallis, has evinced warm interest in the affairs of the Anjuman and is keenly desirous of seeing the Anjuman flourishing and prosperous. The Committee feels proud that its President was appointed in May last as Vice-Chancellor of the University. Our old friend, Col. Formby, has invariably extended to us his kind advice and co-operation. The aims and objects of the Anjuman have always appealed to his heart and he has been ever ready to forward those objects by every means at his command. In Mr. Pears the Anjuman has gained an active and energetic sympathiser who has espoused its cause so zealously. He has carefully studied the financial aspect of the Anjuman and has revised the accounts keeping as mentioned elsewhere. As Chairman of the Sub-Committee to frame the new rules of the Anjuman he threw himself heart and soul into the work and prepared a workable constitution which will be placed before you this evening for approval and sanction.

The Committee cannot let this opportunity pass without mentioning the great interest taken by the Hon'ble Mr. Justice Abdur Rahim in the affairs of the Anjuman. He has

been manifesting his sympathy in various ways. The Anjuman feels proud of the title of K. C. I. E., lately conferred by His Majesty the King Emperor on the Prince of Arcot who is the most liberal supporter of the Anjuman.

APPENDIX A

II, MOUNT ROAD,
MADRAS 19th January. 1909.

HONORARY JOINT SECRETARY,

The Anjuman,

Mount Road, Madras.

I am favoured with your letter of the 7th instant and as requested therein have prepared Balance Sheet, Profit and Loss Account and Carpentry and Carpet Departmental Statements from July 1st to 31st December 1908 showing a nett profit of Rs. 3,594-12-9. It must not be overlooked that from this sum the loss for the first quarter (April to June) Rs. 805-12-4 has to be deducted making the nett profit of the 9 months (April to December 1908) Rs. 2,789-10-5.

As I stated in my previous letter I should have been only too pleased to have prepared a statement for the quarter ending 30th September similar to that for June, if I had been supplied with the necessary figures but as these were not obtainable I could not do so.

Kindly convey my thanks to the Accountant for his assistance during the course of the audit and oblige.

Yours faithfully,
(Sd.) A. SALANSON,

Luchmi Das, Ahmed Mohiyuddin Khan Bahadur, Khan Bahadur Walji Lalji Sait and A. Hameed Hasan, (Joint Secretaries).

In the absence of the Hon'ble Mr. Justice J. E. P., Wallis, the President, who was indisposed, Mr. Justice Abdur Rahim was voted to the Chair.

MOHAMED MAHMOOD KHAN BAHADUR'S SPEECH.—In proposing the Chairman of the evening, Mohamed Mahmood Khan Bahadur, the Persian Consul, said that the pleasant duty which was entrusted to him in that day's programme reminded him of the day, 25 years ago, when at the suggestion of Col. Underwood, he and the late Moulavi Nizamuddin Saheb took preliminary steps to bring into existence this Anjuman. Col. Underwood also succeeded in securing the help of the late Nawab Khairunnisa Began Saheb through the co-operation of Firoz Hussain Khan Bahadur and the first meeting was held at the Shadi Mahal. It was he who proposed Col. Underwood to be the first President of the Anjuman and it was a happy coincidence that on this 25th Annual meeting,—in fact the Silver Jubilee of the Anjuman—he, the only survivor in India of the founders of this Anjuman, should be asked to propose the chairman of this evening. He attributed the phenomenal success of the Institution to the fact that it has always remained under the guidance of kind-hearted Europeans.

Col. Underwood, Major Lawley and Justice Boddam, had made the Anjuman what it was at present. The last named gentleman had specially laid the community under great obligations. It was owing to his personal interest shown in our behalf that the All-India Mohamedan Educational Conference Sittings at Madras proved a success and that an useful Institution, the Mohamedan Educational Association of Southern India was created. We can never forget his kindness to us. Our present President, Mr. Justice Wallis, was a worthy successor of our late friend, Mr. Boddam, who in the short period of one year has endeared himself to us with his zeal for our cause. The acquisition of Mr. Justice Abdur Rahim has Strengthened the hands of the community whom he had much pleasure to propose to the chair.

KHAN BAHADUR WALJEE LALJEE SAIT SECONDED THE PROPOSAL.

Mr. A. Hameed Hasan, Honorary Joint Secretary, read the Annual Report of the Anjuman and the Auditor's Statement of Accounts for the year ending on 31st December 1908.

On the motion of Khan Bahadur Gulam Mahmood Sahib Mahajir, seconded by Moulvi Auzam Husain Sahib, the report was adopted.

Mr. Yakub Hasan proposed and Mr. S. D. Pears seconded that the New Rules of the Anjuman as approved by the Standing Committee be passed in the General meeting. After some discussion on the strength of the Standing Committee the new Rules were finally passed.

The following gentlemen were then elected as office-bearers and members of the Standing Committee for the current year :—

Mr. Mir Sultan Mohiuddin proposed and Abdul Kuddus Badshah Sahib, seconded the election of office-bearers and Ravooof Ahmed Khan Bahadur "Perthou" and Mir Abbas Ali Sahib, the election of Committees.

An Executive Committee also was unanimously elected.

The Chairman's Speech

Mr. Justice Abdur Rahim regretted that the President of the Anjuman, Mr. Justice Wallis, was unable to take chair that evening owing to indisposition. If Mr. Justice Wallis was present that evening, he would have been able to make useful observations on the working of the Society and in his absence he wished that the task had fallen to his friend, Mr. Pears, who also had devoted so much attention and energy to the affairs of the Anjuman. He would just mention one or two of the more noticeable facts in connection with the Society. It was a most satisfactory feature of their work that a number of gentlemen who did not belong to the Mohamedan community and specially Englishmen of high position and influence evinced real sympathy with them and gave them their valuable co-operation. They not only rendered pecuniary aid to the Society but did the lion's share of its business. Mohamed Mahmood Khan Bahadur, one of the

founders of the Institution, had told them how Col. Underwood took a prominent part in bringing this Anjuman into existence. Then it was well known that were it not for the noble efforts of the late Mr. Justice Boddam, this Society would never have attained its present position. And as it was but truly stated in the Report that the Mohamedan community of this Presidency never had another such well-wisher and benefactor.

The Chairman was very glad to welcome Col. Lowry as one of the Vice—Presidents of the Anjuman. It was a matter of great satisfaction that the financial position of the Anjuman was quite sound and as remarked by Mr. Pears in his report its affairs have shown great improvement. Its prosperity was greatly due to the generous grant of Rs. 5,000 which they received from the Government and it was necessary to remember that they would be entitled to this sum only if they realised the stipulated amount of subscriptions. It had been noticed that some of the members were not so prompt in paying their subscriptions as they should be. He would request those gentlemen to bear in mind that such carelessness on their part might prove very detrimental to the prosperity of the Society.

As the services of the late Mr. Boddam to the Mohamedan community had been referred to, he took this opportunity of reminding the Mahomedan gentlemen present that a Mahomedan Boddam Memorial Fund had been set on foot and fair progress made with it. But it could not be said that sufficient funds had yet been collected. And it was hardly necessary to point out that it was the duty of the Mohamedans not to be content with merely expressing their sorrow in words but to show in a practical form their appreciation of his great services. He begged of one and all, present at the meeting, to exert their best to help this Fund.

With a hearty vote of thanks to the chair proposed by Mohamed Mahmood Khan Bahadur and seconded by Hajee Moulvi Ziauddin Moudvi Sahib the meeting terminated.

The Anjuman-e-Mufid-e-Ahl-e-Islam

The Institution known as the "Anjuman" was started in 1884 with the object of giving poor Mohamedan boys a sound, general and technical education.

The Anjuman's School and Workshops are situated at 2-190, Mount Road, Madras, and are open daily excepting Sundays from 7-30 A. M. to 5-30 P. M.

Carpet-weaving, carpentry, turning, cabinet-making and polishing are taught at the Institution; well-trained Maistris and Instructors are employed, so that excellent work is turned out. A small stock of furniture and carpets may be seen on the premises. Estimates will be furnished and orders executed without delay. It should be borne in mind that articles are not made and sold with a view of making a large profit, but with the sole object of teaching boys a trade. As an aid to the scholars, a breakfast of hoppers and a substantial dinner are given to all. Scholarships are given according to attainments, and these increase as the lads progress in knowledge of their trades.

The Institution is supported by the leading Mohamedans in Madras and by many other gentlemen interested in the community and in technical education. It is managed by an English Manager who has an expert knowledge of the trades taught in the Institution; the whole of the work and accounts are controlled by thoroughly representative Standing and Executive Committees. The accounts are under the strict supervision of the Committees, of the Public Auditor and of Government in the Educational Department, so that subscribers may feel satisfied that their money is expended with care and economy.

Residents of the Madras Presidency and others are earnestly requested to contribute towards the support of this useful Institution, which has already turned out more than 600 boys able to earn their living; 130 boys are now being educated and trained.

J. E. P. WALLIS,

President.

[Translation of a Sunnad given by the Chief Ulama of
Madras to the Anjuman-e-Mufid-e-Ahl-e-Islam,
Madras, and its Schools and Workshops.]

In the Name of the Almighty and Omnipotent

Know All Men by these presents that the business transactions of the Anjuman-e-Mufid-e-Ahl-e-Islam have been minutely observed, scrutinized, and approved by us. Undoubtedly it is a very useful institution, and it is mainly owing to the exertions of its Office-bearers that this Association has done, and is doing, a great deal of good to a very large number of Mohamedans. For instance, in so short a period, as it is from the time that this Anjuman was started, many of the ignorant and indolent persons of our religion have been taught to read and write and to work for their livelihood by legitimate means. Great care is also being taken to avoid such things as are against our religion. It is under consideration to start an Arabic School in connection with this Anjuman. The boys are now receiving lessons in religious and general subjects and in the following trades; carpentry, turning, embroidery, carpet-manufacturing, etc. To encourage these students in their several industries, a suitable breakfast is given every morning to every one of them, and daily wages are given according to their attainments; and, in addition to these, a substantial dinner is also given to all the boys that are engaged in the carpet, and advanced boys in other departments. By doing so, many illiterates have been made to study, and many poor and needy that were found starving here some years ago have now acquired the means of earning their bread. As the object of this Association is to increase the number of students and to help the needy as much as it lies in its power, pecuniary aid from various sources is indispensably needed, and without it the Anjuman can do nothing. We therefore recommend rich, well-to-do and benevolent gentlemen to try as much as they can to help this Association, so that it may be able to aim at higher objects of charity which it has in

view. Oh! Mohamedans, assist, mutually, towards good and charity, and remember the saying of the Prophet that the faithful is for the faithful, as one brick is for the other in strengthening the foundation. We have nothing more than this to bring to the notice of the public.
