To The Secretary to the Government of Madras,
Educational Department.
Sir,

I have the honor to forward for the favorable consideration of Your Honor, copy of a letter received from the Honorary Treasurer, Madras Dramatic Society, requesting permission to lay a temporary overhead electrical service from the Madras Electrical Supply Corporation's main in the Pantheon Road into the Museum Theatre. There does not seem to be any reasonable objection to the scheme in so far as the interests of the Museum are concerned.

Madras.

Sir,

I have the honour to request that you
will grant permission to the Society to lay a
temporary overhead electrical service from the
Madras Electrical Supply Corporation's main
in the Pantheon Road into the Theatre, to connect
with the present installation on the stage.

It will only be necessary to make use of two poles,
one to be planted in the compound, just inside
the wall running along the road, and the
other close to the building itself.

Insulated cables will be taken from this
hole into the building on the south side through
an open window, thus avoiding any damage
being done to the masonry or woodwork of
the building.

The whole work will be done by competent
workmen under the personal supervision, and

at the direction of Mr. J. Scott Mackenzie, Second Engineer to the Madras Electrical Supply Corporation, who also holds the position of Hony. Electrical Engineer to the Society.

Mr. Scott Mackenzie has tested the present installation in the building, and has ascertained that the wiring passes the full test as to efficiency and safety.

Provided the necessary permission is obtained, it is proposed to lay the service about the second or third week in November; and to maintain it until about the end of February, the whole cost to be borne by the Society.

I have the honour to be,

Sir,

Your obedient servant,

H. G. Ogden Esquire
Honorary Treasurer

Sir,

With reference to my letter of 11 instant, I have the honour to advise you that the scheme I then proposed is merely an alternative to the more complete scheme for a permanent electrical installation originally submitted.

The Committee are very strongly of the opinion that the permanent installation would be more satisfactory. I submitted the cheaper alternative only in the event of it being found impossible to carry through the original.

As the Committee is very anxious to have the installation ready by November 15th, the matter is becoming urgent, and they would esteem it a favour if definite orders could be passed soon.

I have,

Imperary Electric
Installation, Museum Theatre

NOTES.

C. No. 1911 From the Superintendent, Govt. Museum No. 560, dated 14-10-1909.

SUBJECT: Temporary electric installation of the Museum Theatre.

Pages 3 & 4 of C.F.

* from about the middle of November to end of February next.

The Superintendent, Govt. Museum, forwards for the favourable consideration of Government a copy of a letter from the Honorary Treasurer to the Madras Dramatic Society in which the latter requests that the Society may be permitted to lay ^(at its own cost) a temporary* overhead electrical service from the Madras electrical supply Corporation's Mains in the Pantheon Road into the Museum Theatre.

2. The question of supplying the theatre with electric light at the expense of Government is now under consideration in the Public Works Department. The proposal was approved in this department and the file was transferred to the P. W. D. with this department's U.O. No. 1004-2 of 21st September 1909 for the preparation of plans & estimates. As these papers are required for the disposal of the current letter from the S. G. M. the P. W. D. may be requested to furnish them.

3. The P. W. D. may, at the same time, be requested to offer their remarks on the proposal now made by the Honary Treasurer Madras Dramatic Society.
